FREE SILVERITES.

Lafayette Holbrook Named For Congress by the Silver Republicans.

DEMOCRATIC ELECTORS ENDORSED

Party Will Use All Law at Its Command to Secure the Election of William J. Bryan as President.

The Independent or Free Silver Republicans in this city yesterday afternoon control the action of the Democratic convention in nominating H. C. Lund, Henry W. Lawrence and John J. Daly as presidential electors and also named Lafayette Holbrook for Congress. The following resolutions were adopted:

The Independent Republicans of Utah congratulate the people upon the issue presented by the Democratic for their determination during the campaign.

Emboldened by years of apparent success, the gold power at last has thrown off its mask, asserted its purpose, and bids defiance to the people.

Believing that there can be no protection to American industry and no prosperity for American homes until silver shall be restored to coinage, accepting the purposes of the national Republican party to surrender the prerogative of the people, and to accept the dictation of foreign money changers in matters most vital to national life and honor, and recognizing that the paramount issue of the hour is the restoration of silver to the right of coinage, we expressly declare that we will not support William McKinley for the presidency, but that we will use every lawful means to promote the election of William J. Bryan to that office. Believing in the justice of our cause, we submit to the electors of the State of Utah the following declaration of principles and pledge those candidates by us endorsed to abide by and support the same:

Irrespective of the action of any foreign nation, we demand the remonetization and free and unlimited coinage of silver at the ratio of 16 to 1 and as affording us the only present opportunity to carry our principles into effect at the polls, and into by national legislation, we hereby indorse the nominees tendered by the Democratic party of this state in convention assembled, and nominate as Free Coinage electors of the Independent Republican party, H. C. Lund, H. W. Lawrence and J. J. Daly. And we hereby authorize the following named persons, to-wit: Joseph Lippman, Frank R. Stephens and Cattle F. Mason to conference and be a committee whose duty it shall be to file the legal certificate of the candidates for the respective offices which this convention shall hereafter designate.

We endorse the action of the present national administration for issuing government bonds in time of peace to maintain the existing gold standard, and for refusing to exercise an option in the payment or demands against it, thereby depriving the people of the power to meet their public obligations.

We believe in and stand for bimetallism, reciprocity and protection.

We congratulate Republicans that the party is so far as it has had control in our State affairs has redeemed the pledges made the people in 1894.

We have abolished the fee system, reduced salaries of public officials so that they are no longer a burden, maintained the public school system, brought about economy in State administration, and carried into effect the provisions of the Constitution relating to the establishment of the eight-hour law.

We indorse the faithful and efficient labors of Heber M. Wells as Governor.

We indorse the action of Senator Cannon and Congressman Allen when they refused to stand upon the financial plank of the St. Louis platform and commend them for their courage and honesty in public affairs.

Whereas, It is the intention of the Independent Republicans, after designating candidates for Presidential electors and Representatives in Congress, who shall be in accord with the great majority of Utah Republicans upon the supreme issue of the hour, to participate in the selection of and to support for the various district and county offices throughout the State candidates chosen in the usual way by the will of the majority of the politicians voters in each district and county, therefore, be it

Resolved, That a committee on nomination certificates, consisting of Joseph Lippman, Frank R. Stephens and C. F. Mason, be and is hereby constituted, whose duty it shall be to ascertain the obtaining of the necessary pledges for those purposes, and to cause to be certified to be the necessary of those and the several county clerks throughout the State the names of the persons so chosen, to be placed upon the Independent Republican ticket, on the official ballot required by law, and such committee so hereby empowered and directed to take all necessary steps authorized and required by law to accomplish the object of this resolution.

Resolved, further, that in the Third judicial district the names of John A. Street and Morris L. Rhode, and in the Fourth judicial district the name of Abram C. Hall, already nominated, are hereby designated to be certified to the secretary of State as candidates for district judges in and districts, respectively, as stated, to be placed upon the Independent Republican ticket, on the official ballot.

Resolved, That the emblem of the Independent Republican party of the State of Utah shall be "10 to 1," with a bee-hive separating the words "16" and "1" and the word "to" printed upon the bee-hive.

State convention nominations were made as follows:

WILL INVESTIGATE.

Creditors of James H. Bacon are Determined on Fair Play.

The creditors of James H. Bacon and the interested Bank of Salt Lake held a meeting last night in the old city hall, there being upwards of 200 depositors present. The object of the meeting was to consider what future action should be taken by the depositors as creditors of the Bank of Salt Lake and James H. Bacon.

L. C. Trent was, on motion of Mr. Mulvey, elected chairman, and he called the meeting to order in a short address in which he stated that about $300,000 had been deposited in the Bank of Salt Lake by those present and that so far as could be learned, the assets are worth scarcely ten cents on the dollar and rumors were out to the effect that the proper assets belonging to the bank had been abstracted. If so, the depositors should know it; if not, Mr. Bacon should be exonerated. "Mr. Bacon," said Mr. Trent, "is a friend of mine, but I think that he should be investigated, and if the charges are true, he should be punished. The breaking of the bank caused widespread suffering in the community; it destroyed confidence when it was so necessary. We should fairly investigate the matter, and the only way to get at it is by laying it before the grand jury. In the bank's transactions all were not treated fairly, there being a favored few who had been easily dealt with. A committee therefore should be appointed to see to this matter. Mr. Mulvey and myself did not call this meeting for ourselves or any individual but for the benefit of poor and small depositors."

Mr. Mulvey then moved that the chair appoint a committee of three to call on the county attorney and urge him to convene the grand jury and to call for the books of the bank, the receivers and all other witnesses that would be necessary for a complete investigation.

Judges Colburn and Lochbower and Attorney Booth made a plea for Mr. Bacon, and Messrs. Mulvey, Ford, Trent, Keller and others made the legal gentlemen's "heads swim" with the torrent of knotty questions and symbolic declarations which they hurled forth.

William Beecher, addressing the chair, said:

"I have no investigation, sir. I am a stranger here and lost all I had. I have a sick wife and am sick myself, and I should like to know if I have to be an slave. They would not hesitate a moment to give me a grand jury investigation and it is time that we put some men through. All that is necessary is to catch a few whales as well as the little fishes as they pass up."

After a lively discussion the motion of Mr. Mulvey unanimously carried and the investigation will be had. Mr. Trent will name the committee today.
