MINING, BUSINESS AND STOCKS.

WILD DAY ON THE OLD EXCHANGE.

Northern Light Suffers Another Heavy Fall.

BEAR ASSAULT ON PETRO.

Nearly Fifteen Thousand Shares Sold at a Marked Decline—Same Much Still Strong.

TODAY'S METALS:
SILVER 69 9-16
LEAD $4.40
CASTING COPPER 17.

Business was transacted on the Salt Lake exchange this morning with a vim that has seen the brokers busy. The boom made two records, smashing first upon Northern Light and then upon Petro, and in both cases were successful, carrying everything before them, the Lion Hill stock selling as low as 34 cents, selling, in white Petro, which sold as high yesterday at 74 cents, touched 14 cents.

Outside of these two stocks, which made the nature of the call, prices were generally good. Daly West selling at $2.05, the Marsyas closed at bed-bid this $2.15. One lot of Ontario was sold at $7.35 a share.

There was a good deal of excitement when Northern Light was called, and it plunged back early in the game at 9cents. This is broken, however, by a strong call for the broken and selling orders and it rebounded. All reported 12.000 shares of the stock changed hands. Strong efforts were made by some brokers to stem the tide by selling time offers, but the orders wanted cash and the stock could not be carried on the call, it closed very weak at 10½ cents bid, with ask sellers of it at 11 cents.

The scene in the pit had a breathing spell until Petro was reached. After another short struggle, Bear Assault Petro selling to sell 15,000 shares had her a call. James A. Pollock had the bulls and he defended his end of the stock and, finally bringing the price up to 74 cents bid. The bear movement against Petro was unexpected and resulted in a panic which resulted off of Pollock's purchases to overcome but he succeeded in doing it.
