

JAILER PROTECTED NEGRO PRISONER.

He Warned a Mob of Fifty Masked Men That He Would Shoot if Necessary.

FIRST HE TRIED REASONING.

In Spite of all This Would-be Lynchers Attacked the Jail but Unsuccessfully.

Shawneetown, Ill., Sept. 1.—A mob of 50 masked men went to the jail here early this morning and demanded that Jailer Galloway turn over to them John Griffin, colored, who was under arrest for an attempted assault on Mrs. Joseph Hobbs, white, near her own home. Griffin had been frightened away by the woman's screams and had been arrested a short while afterward.

When the mob demanded that Jailer Galloway turn the negro over to them, Galloway armed himself, and, after reasoning with the men from the jail door, he warned them that any effort to force the jail would be at their own peril. The mob, in spite of the jailer's words, made several ineffectual attempts to break down the jail doors, finally dispersing about daylight.

Many of the colored people are taking sides with Griffin, though some of them have, in fear of a race riot, left the town.

No trouble has followed the visit of the mob to the jail this morning, but preparations are making to take the negro to Carmi for safe keeping.

NO FOOTBALL TACTICS.

Dancing Masters Say They Must Not be Allowed in Ballroom.

New York, Sept. 2.—Football tactics on the ballroom floor must stop. No more "Yale glides" or "Harvard dips" or distorted attempts to tread a measure in two-four time when the music calls for three beats in a bar.

Such is the ultimatum of the American Society of Professors of Dancing now in session here. War has been declared by the professors on what they call the invasion of their special field by college students. The dancing of the two-step to waltz time and the grotesque positions assumed by the dancers are evils attributed to the college fads that vitiate the public taste. "Some of these students," said a pro-

fessor from Terre Haute, Ind., "invent a series of Simian contortions and football tactics and give it a college name and the public thinks it is all right because the college men do it."
"Now, we want to stop this and bring dancing back to the old style of graceful carriage that enabled the dancers to express the beauty of motion to music."
"A majority of the people now seem to dance a two-step to waltz music. This is not right. The two-step is easier to teach, as it is in common time, and dancing it to waltz music is not a correct movement."
Attention was also drawn to the neglect in the large cities of the old square dances, which are still taught in the smaller cities.

Delegates are attending the convention from all leading cities of the United States.

FOUND MURKED.

Mr. and Mrs. Yeater of Warren-

ton, Mo., by Mail Carrier.

Warrenton, Mo., Sept. 1.—Mr. and Mrs. Yeater, aged respectively 60 and 61, were found murdered at their home on a farm a few miles out by officers and neighbors who went to the house today. Information of the murder was found by the rural mail carrier in an anonymous letter left in a box in front of the farm house. The carrier at first thought the letter a hoax and did not investigate at once. The bodies when found were badly mutilated and indicated that there had been a fearful struggle between the couple and their assassin. Suspicion is directed against William B. Church, an adopted son of the murdered couple, and a most diligent search has failed to disclose any trace of him. All his personal effects have been removed from the house. The handwriting on the anonymous note is believed to be his.

CAUGHT A BURGLAR.

Mrs. Richardson Shut Him Up in Closet in Her Room.

Berkeley, Cal., Sept. 1.—Mrs. Leon J. Richardson, wife of Prof. Richardson of the university, caught a burglar this morning by shutting the man up in the closet in her room. She then notified the officers by telephone and the man was put under arrest.

MANY MURDERS IN PENNSYLVANIA.

Authorities Are Puzzled and People in Poorly Protected Districts Much Alarmed.

MOLLY MACUIRE BROTHERHOOD

In Some Localities as Strong as in Early Seventies, Say Police and Detectives.

New York, Sept. 2.—Continued criminality in the anthracite coal fields of northern Pennsylvania has not only aroused a feeling of insecurity among the residents of the poorly protected mountain districts, but the authorities are becoming very much puzzled over the mystery surrounding the numerous murders committed here, according to special dispatches from Tanawqua.

The coal and iron police and detectives declare that the spirit of the Molly Maguire brotherhood is as strong in certain localities as during the early seventies, when crime was rampant throughout the coal fields.

The local authorities of Scranton county have endeavored to ferret out and hunt down the murderers, but all efforts have proved futile. Five men killed recently are asserted to have received missiles bearing the suggestive skull and cross-bones but paid no attention to them.

From the mystery surrounding several unprovoked and bloody tragedies in Luzerne, Columbia and Lackawanna counties, it is believed that some oath-bound organization is responsible for the crimes. The police of Columbia county have already arrested several suspects.

London's Hottest Day.

New York, Sept. 2.—Tuesday proved one of the hottest of the year in London, says a dispatch from that city to the Herald. The maximum was only two degrees under the highest point reached this year. Only a few days ago the temperature fell to within an approachable distance of the freezing point, so that the sudden change was felt to an exceptional degree. Many cases of prostration were reported.

Bronze Statue of McKinley.

New York, Sept. 2.—A bronze statue of President McKinley which was successfully cast here a few days ago,

will be shipped today to Ohio. It will be unveiled at Toledo, Sept. 14, the anniversary of President McKinley's death, and will stand in a park in front of the courthouse. The statue, which is 16 feet high, represents President McKinley standing in a characteristic attitude and his left arm behind his back and right hand holding a manuscript waiting for the applause to cease. The amount subscribed for the statue, \$15,000, was raised by citizens of Toledo the week after President McKinley's death.

A DARING THIEF.

Stole \$500 While Teller Was at The Telephone.

Milwaukee, Sept. 1.—The German National bank was robbed of \$500 today by a daring thief who gave his name as George P. Johnson. The money was extracted from the paying teller's desk with the aid of a short piece of copper wire, while the teller was engaged at the telephone.

The thief was captured and the money recovered in a few minutes. Johnson tonight acknowledged that his name was Joe Shea, and the Bertillon measure established this fact. He is credited in police circles with having robbed the Metropolitan bank of New York of \$10,000.

buenced the woman in the matter of willing \$4,000 to the order and Father Murphy is said to have been accused of arming the woman's relatives to bring suit to recover the property.

RATHBONE IS A PRISONER.

Supposed to be One of Gang that Planned a Train Hold-up.

Havre, Mont., Sept. 2.—Sheriff Harry Comer passed through here at 6 o'clock last night having in custody a prisoner who is supposed to be one of the gang of alleged train robbers who planned to hold up the flyer at Malta on Sunday morning. The prisoner's name is Rathbone and he was arrested at Big Sandy. Nothing further could be learned here regarding the arrest.

FOR A LARGE NAVY.

Dead Johnny Bears

GONE TO BEAR HEAVEN BY THE MUSHY FOOD ROUTE.

Some little Johnny bears ate too freely of pasty, undercooked oats and wheat—got more starchy food than they could digest.

One had appendicitis and the other bowel trouble. They learned too late that pasty, starchy and half cooked cereals, added to white bread, potatoes and other starch food, makes more starch than the average man or woman can digest. Then follows "starch indigestion," well-known to physicians and a very common complaint.

If the food is not changed, serious bowel complaints set up and all too often appendicitis follows, directly traceable to irritation and disease caused by undigested starch.

These facts caused the invention of

GRAPE-NUTS

In which the starch of Wheat and Barley is transformed by scientific cooking into sugar (shining on the outside of each little granule of Grape-Nuts).

One can have the delicious ready cooked food, enjoy it, obtain the value and energy of the carbohydrates and yet not in the least tax the digestive organs.

Don't let any one deceive you by saying the stomach and bowels need hard and indigestible oats and wheat to give them exercise!!!!

They get too much exercise usually with the other foot.

Never fear that the organs of digestion will get weak from lack of exercise.

Tax them a little further than you are doing at present and you may join the Johnny bears, with ears in the daisies and feet to the stars.

There is sober fact worth careful thought in the tremendous mistake made in the selection and use of indigestible food.

Bodily health and increased strength follow the use of

GRAPE-NUTS

Solid proof of its value. There's a reason.

GENERAL LUKE E. WRIGHT, WHO WILL BE GOVERNOR OF THE PHILIPPINES.

General Luke E. Wright, who has been selected to succeed Judge W. H. Taft as governor of the Philippines upon the latter's retirement to assume the office of secretary of war, is one of the ablest lawyers in the south. He was born in Tennessee fifty-six years ago and at the age of fifteen entered the Confederate army as a private. After the war he studied law, became prominent in Democratic politics and was eventually elected attorney general of Tennessee. General Wright was appointed by President McKinley a member of the Philippine commission and by President Roosevelt vice governor of the islands.

On July 28, 1899, for which he served a term of two and a half years in Sing Sing, and was identified at that time by Capt. Collier of Chicago as Philip Bailey, who, several years before, had been under indictment for stealing a \$10,000 diamond pin from a jeweler in Chicago.

Rev. J. L. Corning Dead.

New York, Sept. 2.—The Rev. Dr. James Leonard Corning, the celebrated pulpit orator and historian and diplomat, is dead in Munich, according to a private dispatch just received here. Dr. Corning, who was 72 years old, had been active as a minister for the last 20 years, was one of the most celebrated art historians of the present age, and has lectured both here and abroad on his favorite subject.

He was at one time American consul at Munich. He was an intimate friend of President Lincoln. General U. S. Grant, and Henry Ward Beecher.

CASE OF DRIGGS.

His Counsel Wants Statute of Limitation Liberally Construed.

New York, Sept. 2.—Counsel for ex-Congressman Edmund H. Driggs, who is under indictment in connection with the postoffice frauds has filed in the United States circuit court, Brooklyn, a brief as to the constitutionality under which the indictments were found. The point is made that the statute of limitations shall be liberally construed in favor of his client. The contention is that Driggs did not qualify as member of Congress until Dec. 4, 1893, while the money or check from the cash register company mentioned in the case was given in May of that year.

NEW STEAMSHIP CO.

Will Run Between Peru and Panama, Under Peru's Flag.

New York, Sept. 2.—A new steamship company has been organized to engage in coastwise trade between this country and Panama, under the Peruvian flag, says a cable dispatch to the Herald from Lima, Peru. Nearly all the stock has been subscribed for and directors have been elected. The company is negotiating in Europe for a steamship of 1,500 tons and a speed of 13 knots.

REV. P. J. MURPHY RESIGNS.

Severs His Relations with the Paulist Fathers.

New York, Sept. 2.—The Rev. Patrick J. Murphy, C. S. P., has resigned from the Paulist order in this city. Having been released from the obligations of the New York archdiocese by permission of Father Deshon, superior of the Paulist order, and Archbishop Farley, Father Murphy has affiliated with the Davenport, Iowa, diocese, and Bishop Cosgrove of that see has appointed him professor of history in his diocesan theological seminary.

Father Murphy's resignation is the culmination of a controversy which has lasted more than a year. It is said to have been brought about finally by the part Father Murphy took in the Jane Morris will case.

John Hughes, a nephew of the Rev. John Hughes, superior of the Paulist order, was alleged to have in-

fleet assembled at Bar Harbor. "Our immense coast line and our rapidly increasing world trade," says the admiral, "demand a navy. We must have it for our own protection; and it rests with the Navy league to instill this idea into the minds of all classes of citizens until the pressure of public opinion gives us such a navy as is needed for the country's prestige or safety."

The British fleet—this which is in home waters alone, forming but a fraction of the British navy—which would be available as an evolutionary squadron includes 20 battleships and 30 cruisers. The home French fleet includes 16 battleships and 11 cruisers; the home fleet of Germany eight battleships and five cruisers.

A DEAF MUTE'S CRIME.

Wm. Sipes, After a Quarrel in Writing, Shot His Wife.

Chicago, Sept. 2.—William Sipes, a deaf mute, had a quarrel in written conversation with his wife last night, and at its climax shot her five times, inflicting wounds from which she probably will die.

When the police arrived Sipes attempted to escape and while climbing on the roof of his house was dragged back by detectives. He pointed his revolver in their faces and pulled the trigger, but all the bullets had been discharged at his wife.

In the house the police found roughly written notes which had made up the conversation of the deaf man and his wife, and which apparently had led to the attempted murder.

BOLIVIAN CONGRESS.

Pando's Message to It Deals with Relations with United States.

New York, Sept. 2.—President Pando's message, read at the opening of the Bolivian congress, gives considerable prominence to the relations between this country and Brazil, the latter being the only nation with which Bolivia is not now in perfect accord, says a La Paz dispatch to the Herald.

The president says that Brazil's demand to acquire the Acre territory still holds good, and as the only means of establishing order among the Brazilians and avoiding international complications, Bolivia has agreed to enter into new negotiations.

TROUBLE AT CRIPPLE CREEK

State Troops to be Ready to Turn Out at a Moment's Notice.

Denver, Colo., Sept. 2.—Adjt.-Gen. Sherman Bell is quoted as saying that orders have been issued for the state troops to hold themselves in readiness to turn out at a moment's notice should the strike situation in the Cripple Creek district demand their presence. Several rumors gained circulation to the effect that Sheriff Robertson of Teller county had requested Gov. Peabody to send troops to his assistance, but both the sheriff and Gen. Bell deny the truth of the stories. The Mine Owners' association of the Cripple Creek district has offered rewards for the conviction of the persons guilty of the assaults yesterday and also for the arrest and conviction of the men who burned the shafthouse of the Sunset-Eclipse mine recently.
