TODAY'S WEATHER REPORT.

Weather report showing observations at 6 a. m. today:

General and local forecast for 36 hours (forecast made at San Francisco.) Fair tonight and Friday. Stationary temperature.

For Salt Lake City and vicinity: Fair tonight and Friday. Stationary temperature.

J. H. SMITH,
Observer, Weather Bureau.

## LOCAL BRIEFS.

The Wednesday night dancing class had an exceedingly pleasant session at Christensen's hall last night.

The Omaha Exposition medals sent by Salt Lake exhibitors are being distributed by Sr. C. F. Whitaker of Omaha.

The members of the Twenty-second ward Relief Society will receive this afternoon and evening in the meeting house on Third North street.

Isaac Sears, the music merchant, has his left arm in a sling, the result of falling on the ice. The injured member is not a bad fracture of the wrist.

Committee Foreman says that the statement that he had ascertained from Engineer Kenny the probable expense of a preliminary water supply to a city lake is false. He has ascertained that commensurate large, brought it up to the City Council.

The Old Folks' committee of American Fork has extended invitations to Salt Lakers, interested in attending in the joy and comfort of the aforesaid veterans, to attend the celebration on Old Folks' day, to be held on the 26th inst. In the thriving Utah county town.

Among the local stocks but rarely quoted on the market, on account of its being so closely held is that of the Salt Lake Livery & Transfer company. Under Captain Paul's management it pays steady dividends at the rate of 12 per cent per annum. It is understood that no offer of $125 per share has been made but declined.

Several Salt Lake college men are considering the question of organizing a Pan-Hellenic society. It is believed by those that there are enough college scholars here to guarantee the success of the undertaking. A meeting to that end was held at the University club last evening and another one will be held in the course of a few days.

Elder Heber H. Davis of the Sixteenth Ward will leave unfortunately not on a mission to Great Britain, and on Thursday, 26, a concert and a complimentary entertainment will be given, Mrs. An excellent program, consisting of musical selections and recitations, has been arranged for the occasion, and a pleasant time is promised all who attend.

James Dewar, a gillard 41 years of age, was severely injured by a wheelbarrow last evening while passing the corner of First North and West Temple streets. The "wheelbarrow" was heavily loaded with rockers and came down the steep grade of the McCornick hill at a terrific speed, throwing Mr. Dewar to the ground with shocking force. He was conveyed to a small store near by where he received temporary attention. He was subsequently taken to his home near First South and called upon by Dr. Taylor.

Joseph Simpson, at one time president of the Salt Lake Newsboys' union, has returned home after an absence of several months. It appears that he was at the battle of San Juan, being at the time a member of company H of Seventy-first New York infantry. The lad, who is nineteen years of age, joined the New York regiment shortly after his arrival in Cuba. He says that the statement that the Seventy-first were all cowards is false. There may have been a few skulkers, but most of the command was in the fight. Simpson was mustered out with the regiment on November 15th. After being mustered out he went to Philadelphia, where he remained for some time. He reached home last night.

The aged father of Hon. B. T. Lord, is lying very ill at his home in this city at the corner of Kearsley Place and Eleventh South streets, with kidney trouble, with which he has been suffering severely since Christmas. The patient is a veteran of age and serious fears are entertained.

The exhibition in connection with the Tabernacle concert, which is to be given on the 26th inst., will be a very pretty affair. Some of the best talent in the Deseret Gymnasium, a lecture on Egypt, illustrated by the gymnasium class, and the ball talent have to show the effects of model and behavior from the studios. The concert will be given by the choir, and will include a number of pieces of music with which some special interest is for morning when the cause is made. The little girls present a very pretty picture in their dainty dresses of the danger of their lives. One of the little girls, whose lower extremities are in the grip of infantile paralysis, is a pathetic exception to caught, dressed with pathetic sincerity.

"Now, Margaret," the teacher said, "you have told us what you remember about Christ's love and what right being and tell us why it is important."

"Then we can be rewarded."

"Very good, Maggie," the teacher added, and the girl passed to her feet as she considered the more familiar question.

"Into nothing, sinner, is injurious, morally."

She hesitated and the teacher mulled encouragingly and said, "Go on."

"Yes, ma'am, it's liable to twist you up."
