TELEGRAPHIC.

TELLER WILL BOLT

If the Gold Standard Carries the Day at St. Louis.

THE BATTLE FOR FREE SILVER

Will Be Carried On to the Bitter End—The Day of Compromise Is Past.

CINCINNATI, June 12.—Senator and Mrs. Teller remained here tonight while en route from Washington to St. Louis. They resume their journey tomorrow. Senator Teller was interviewed by the Enquirer, the free silver organ, as follows:

"What do you think the Republicans will do at St. Louis, senator?"

"I think that McKinley will be the nominee on a gold standard platform."

"In that event what will you do?"

"I do not wish to make any statement further than that which is already on record. When the Republican state convention of Colorado was in session, I telegraphed that I did not desire to go to St. Louis, but that if my party sent me I would not support a gold standard candidate for President on a gold standard platform or on a platform of doubtful import, or, in other words, a straddle. Not only did the convention elect me, but instructed the other delegates to be governed by my action. I did not like that, because it is rather embarrassing that others should be forced to do as I might do."

"Then you will bolt the convention?"

"I did not say anything about that, but my declaration to the Republicans of Colorado is on record, and you can draw whatever conclusion you please from that."

"Will any of the other silver senators from the West refuse to support a gold standard man?"

"Certainly."

"You have an idea that Senator Carter of Montana, chairman of the Republican national committee, will refuse to support the ticket under such circumstances?"

"Yes, he will; and so will Dubois, Mantle and Cannon."

"Do you believe the Democrats will go for silver?"

"It looks very strongly that way."

"Would you support a free silver Democrat as against a gold Republican?"

"Really, I do not wish to be interviewed on that point now. I go to St. Louis as a Republican, representing the Republicans of my state. The Republican party has not as yet put itself on record as a gold standard party, and until that time I have nothing to say further than my record before the Colorado state convention."

The inevitable conclusion drawn from the talk with Senator Teller is that he will bolt if a gold standard ticket and platform are named. He was asked further:

"What figure will the tariff question cut in the campaign?"

"Not much. All the tariff in the world won't help this country without the free and unlimited coinage of silver. If the Republicans should elect McKinley on a tariff platform times would not improve, and in two years the discontent of the people would wipe the party out of existence."

SENATOR DUBOIS TALKS.

WASHINGTON, D. C., June 12.—"We will make the fight for silver," said Mr. Dubois tonight, "in the committee on resolutions. We believe a majority of the Republicans of the country believe in the coinage of silver on the same terms as gold, and that should have been the interpretation of the platform adopted at Minneapolis in 1892. If we fail, we shall go down with our colors flying."

"Would a compromise be acceptable to you?"

"The time for compromise is past," replied Mr. Dubois. "There can be no compromise out of the issue. It is plain and clear cut."

"In the event the convention adopts a platform unsatisfactory to you and the other silver Republicans, what will be your course?"

"What we will do if the platform does not declare for silver," responded Mr. Dubois, "is a matter for the future to determine. We will battle for our convictions to the bitter end. If the majority is against us, we will act as our best judgment dictates."

DIFFERENT REPRESENTATION.

National Committeeman Payne Has a New Plan.

ST. LOUIS, June 12.—National Committeeman Payne will press his resolution for a different representation in national conventions. He wants the national committee to recommend to the convention the following:

"Resolved, that the national committee recommend to the convention that hereafter the basis of representation of the several states shall be fixed at four delegates at large, with one additional delegate for each 7,000 votes or majority fraction thereof cast in each state for the Republican electoral ticket at the last preceding election, and that each territory and the District of Columbia be entitled to six delegates."

On the basis of the vote cast at the election of 1894 the representation would be as follows, as compared with the representation in the present convention:

State.	Present.	New.
Alabama	[illegible]	[illegible]
Arkansas	[illegible]	[illegible]
California	[illegible]	[illegible]
Colorado	[illegible]	[illegible]

Oklahoma	[illegible]	[illegible]
Indian Territory	[illegible]	[illegible]
District of Columbia	[illegible]	[illegible]
Alaska	[illegible]	[illegible]

The scenes through which the national committee has passed during the few days it has been considering contests will probably influence them to favorably consider Mr. Payne's resolution.

Treasury Statement.

WASHINGTON, June 12.—The treasury today lost $2,137,400 in gold coin and $3,400 in bars, making a total for the day of $2,136,800. This leaves the true amount of the gold reserve at $104,226,754. Of today's withdrawals $2,000,000 was for export.

Contests Decided.

ST. LOUIS, June 12.—Up to 11 o'clock tonight the Republican committee has taken actions upon contests involving 90 seats for the forthcoming National convention, leaving 70 still to be passed upon. Of these 90, 36 were disposed of today. These 36 included the contests on the delegates-at-large from Delaware, Louisiana and Arizona, and district delegates from Virginia, Mississippi and Louisiana. Of the sixteen delegates seated from Louisiana, five are for Reed and the others for McKinley. The committee voted to proceed tomorrow in the consideration of the other contests, whether the parties at interest are present or not.

Victim of Horse Racing.

KANSAS CITY, Mo., June 12.—The running races at Exposition park claimed another victim this afternoon. This time it was Johnny Millsap, a fifteen-year-old boy, who hails from Sulphur Springs, Tex. He had the mount on Harriet H. in the last race. At the first turn Harriet H., Sir Archer and Green Bay fell in a heap. When the horses regained their feet Jockeys Millsap and Weber lay unconscious on the ground. Millsap died within a few minutes, but Weber soon regained consciousness and appears not to have been seriously hurt.

West Point Graduates.

WEST POINT, N. Y., June 12.—Fully 10,000 persons witnessed the graduating exercises at the military academy today. The corps of cadets, consisting of four classes, marched across the plain to the front of the library building, where a large tent had been erected. Col. O. H. Ernst, superintendent of the military academy, Gen. Nelson A. Miles, Adjt. Gen. Ruggles, Col. Langdon of New York, Gen. Wood, Bundy and Wilson of Washington, and the academic board were on the platform.

The names of the graduates were called and Gen. Miles delivered the diplomas. All of the graduates were loudly applauded. After the close of the exercises the graduates left for their homes.

Important Factor in the Campaign.

ST. LOUIS, Mo., June 12.—The National Republican league will become a very important factor in this campaign if the plans of Secretary Dowling of Chicago and other officers of the league can be carried out. Mr. Dowling arrived in the city on Wednesday and at once set about to establish headquarters to receive the league members who will be here, four or five hundred strong Sunday night. An effort will be made in the decoration of the league headquarters to surpass that of any other organization that will come to St. Louis for the convention.

Damage by Grasshoppers.

SOUTH BEND, Ind., June 12.—Grasshoppers are doing immense damage in portions of this county. Alexander Smith of Center township has eighty acres of wheat from which every blade has been eaten. Another eighty acres is being eaten up entirely as well as fifteen acres of potatoes and a large field of oats.

Niles, Mich., June 12.—Reports from peppermint growers in all parts of southwestern Michigan say that grasshoppers are doing great injury to the crop.

MINERS ENTOMBED.

A Gasoline Explosion Causes the Accident.

TAYLORVILLE, June 12.—The Taylorville coal mining works were destroyed by fire yesterday and eighty-five men entombed. After hours of suffocation all but three were rescued alive.

The fire which was caused by an explosion of gasoline, spread rapidly through the mine, cutting off the men at work in the lower levels, those rescued were taken out through a shaft that the fire did not reach.

The flames were at a late hour last night raging below. The bodies of the three dead miners cannot yet be reached. Twenty mules also perished. The loss by fire will be $75,000.

Will Allow Them to Fight.

SAN FRANCISCO, June 12.—The Civic Federation has decided not to interfere with the Corbett-Sharkey exhibition on the 24th instant. The federation will have a committee at the ringside and if in the opinion of the members of the committee the anti-prize fighting law is violated, prosecution will follow.

OREGON IMPROVEMENT COMPANY

Report Compiled for the Reorganization Committee.

NEW YORK, June 12.—The Herald this morning says: The special report on the condition of Oregon Improvement company, which was compiled by Thomas L. Greene for the reorganization committee, has been issued. The report estimates the assets of the company in actual use at $9,455,254 and those with a contingent value at $2,123,725; while the book value is given as $17,154,035.

The approximate income from operations in 1895 was $140,000, but with the inauguration of a vigorous policy it should be possible to bring the net income up to $500 a year, applicable to fixed charge and dividends. He estimates the cash requirements at $1,500,000.

Mr. Greene says that the post Townsend Southern railroad never paid operating expenses, and that it was a wild scheme without any business foundations. He does not think that it will be self-supporting for several years. He says that the Seattle and Northern returns to the Oregon Improvement company some revenue, but there is no likelihood of its becoming valuable. These two roads cost the company $2,500,000 in consolidated bonds at a heavy discount, "upon which, as a whole, no income has been received."

The Pacific Coast Steamship company, which was originally purchased to stop competition, does not make a very favorable showing. While the gross earnings have been fairly maintained during the last six years, the net have dropped from $[illegible] in 1891 to $167,122 in 1895, and the result of the present year will be much worse on account of the rate war that has been in progress.

It is stated that owing to the pressure to pay interest on the Oregon Improvement 6 per cent bonds there has never been anything set aside out of the earnings for depreciation of steamers. A large sum of money is needed to put them in condition and new boats should be provided to take the place of the old fashioned ones.

With careful management the Pacific Steamship company will be profitable in the future. The Columbia and Puget Sound railroad is also a valuable feeder. The coal properties are valuable but expensive to work, the cost being on cars at the Franklin mines being $2.50 a ton. Nothing is said about improved profits on coal because the coal from British Columbia, which is cheaper to mine, readily competes with the domestic, notwithstanding the duty of 40 cents per ton.

Prohibition State Ticket.

SEATTLE, Wash., June 12.—The prohibition state convention has nominated the following ticket:

For Governor, Rev. R. E. Dunlap of Seattle; lieutenant governor, A. C. Dickinson; treasurer, John Robinson; auditor, C. C. Ordway; attorney general, A. E. Griffin; superintendent of public instruction, C. E. Newton; commissioner of public lands, J. P. Flagg; state printer, Homer Hill; presidential electors, D. T. Denny of Seattle; J. J. Ashby of Pomeroy; A. J. Gay of Walla Walla, and H. F. Williams of Olympia.

Wanted for Embezzlement.

BUFFALO, N. Y., June 12.—Henry Miller was today arrested at East Aurora on a telegram from the chief of police at Dayton, Ohio, stating that Miller was wanted there for embezzlement. Miller admits that he is the man wanted and will return to Ohio without extradition papers.

Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION whose labors so severely tax the nerve system as that of the ministry. The derangement of the nerve centers of the brain by over work, frequently brings on attacks of heart trouble, and nervous prostration. Rev. J. P. Rosers, M. D. Pastor C. E. church, London Mills, Ills., [illegible]
