EPHRAIM.

EPHRAIM, - - APRIL 23, 1894.

Sanpete Stake Academy.

The Sanpete Stake Academy completes the sixth scholastic year this week. Monday, Tuesday and Wednesday written examinations have been held, and tomorrow (Friday) is commencement day, for which a very nice program of public exercises is prepared. Arrangements are made to spend Field day at Funk's Lake, where swinging, dancing, boating and fishing will occupy the attention of the students and their friends.

For the past two years the school has been presided over by Elder Newton E. Noyes, who, with an able corps of teachers, has been doing much for the advancement of the institution and its patrons. Brother Noyes has been twitting in his labors for the academy and we think the people appreciate his efforts. The faithfulness and efficiency of Brother John Peterson has added much to the advancement of the school. Brother C. C. A. Christensen, teacher of drawing, painting and Danish; Sister Christina Williansen, lady superintendent, and Misses Sophia Jensen and Ella Dorius have been earnest and efficient in their labors, and each has "preached without purse or scrip," so to speak, but may feel amply paid in the appreciation shown them by their pupils.

The people of the Stake cannot well overestimate the value of an institution of this kind. Its influence is being felt throughout the county, and we trust it will continue to grow until every Latter-day Saint's home shall have been blessed by the Sanpete Stake academy.

FRUIT TREE INSPECTORS.

Sanpete county has been districted for the inspecting of fruit trees, and the following inspectors appointed: District No. 1, C. A. Madsen, of Gunnison; No. 2, Joseph Braithwait, of Manti; No. 3, A. C. Nielsen, of Ephraim; No. 4, Edward Cluff, of Mount Pleasant; No. 5, E. P. Lotten, of Moroni. Said inspectors are allowed three weeks in which to perform all the duties pertaining to their office.

WORKS OF THEIR OWN.

The beautiful piece of land in the south part of Ephraim commonly known as the "Brick Farm" will now be transferred with a clear title to its rightful owners, the Women's Relief Society, at least such was the the majority vote of the city council last Monday evening. The society held the land undisputed for many years, but through the neglect or mismanagement of some one, the title to it has been rightfully acquired, and of late years considerable trouble has been met with in straightening things out. The city council are now in a position to take action in the matter with the result above stated.

ROADS AND TERRIBLES.

The matter of grading E West street, Ephraim, has been before the city authorities for some time, and today County Surveyor Hagaard is here establishing the line of grade, etc., which the railroad companies, as per their franchises, must establish.

Charles Lundgreen left Maybell for a mission to Scandinavia last Thursday.

Manti will do considerable building this summer.

The teachers' institute will be held at Fairview Saturday, the 28th. A splendid program is promised.

The Danish class at the academy has made much progress during its short session.

The football match between the Manti and the Park City teams will be played at the Heber race track, southwest of town, next Saturday, as we are informed.

Rain has been threatening for a long time, but only winds come to further dry the already very dry ground.

The Sunday schools of town will hold their annual picnic next Sunday in the Tabernacle.

Major Peter Thompson has gone to Wayne county to look after his sheep interests there. He will be gone two weeks.

Prof. B. Cluff Jr. of the B. Y. Academy was seen on our streets last Monday.

Twenty-five of our boys left for Hill Top, on the R. G. W., to shear sheep last Saturday. Another crowd went to Gunnison reservoir for the same purpose Monday.

The base ball boys were beaten at Mount Pleasant Saturday. A return game will be played here soon.

Some enterprising breezes have been anchoring off Barricadier here the past few days, and they seem to find money where none was supposed to be. WILDERNESS.

Edward Weiger, a porter at the Pacific Union club at San Francisco, was so badly crushed by a sidewalk elevator on Monday that he will probably die. While being in some boxes on the club's freight elevator he was caught between the platform and the sidewalk and nearly all his ribs were broken and his spine was probably fractured.

RACING MEN

Think twice before deciding to ride another wheel than the "Yellow Fellow." A man here wrote to his college mate in Ohio, who is now in the bicycle business, telling a wheel will' known here but not the "Sterns," as to what wheel he should get for his last season. His friend replied, saying, "Get the 'Sterns,' it is unquestionably the greatest and most attractive bicycle made today, and if there is a 'Stearns' on the track and you can not get it you won't be in it." No man can drive an "ice wagon" to the front, and what will it matter to you, my boy, whether you have the good will or the ill will of the interested "Bicycle agent." What salary will you find in the spectacular promotion of a man with a wheel to sell, the promoter of the man who get his "bread and butter" by trading up his wheel when you tag the other fellow in, particular though, it is the wheel that "Tackle-a-dress fellow" is now doing, in the races next Year? Think over it and you will ride the wheel to win, or at least you will have a fair chance to, you holds today (April 1st) World's records—the Jessup's "Yellow Fellow."

"GENDRON"

Cycles, suitable for medium weight and heavy riders, the best wheel that can be made. It is done at Gendron's highest reputation in the mechanical world, aided by one of the most perfectly equipped factories for the making of Cycles in the world. Only four more to sell in 1894. Then the price will be $100.00 for the "GENDRON," then $90.00 for the "GENDRON," then $75.00 for the year.

"WAVERLYS"

are going EASY PUSHERS, EASY TO MOUNT, EASY FELT, and these—cash, $50.

WESTERN HARDWARE COMPANY.

THE BEST NONE TOO GOOD FOR OUR PATRONS.

East Waterloo

THE CHOICE RESIDENCE PART OF

Salt Lake City.

Sixty new houses built on this beautiful property, and "THORNDYKE" adjoining, during the past ten months. No other part of the city improving so rapidly. Five foot cement walks to car line. Excellent car service; 5c fare. Beautiful shade trees. The purest water in the land. Everything that is desirable for a home. Eight lots at the remarkably low price of $275 per lot, one-half cash, if sold before Dec. 1st, after that time at the regular price of $325 each, on monthly payments. Also houses on the installment plan, $1,400 to $5,000.
