Burning of the "Mary E. Poe"

MEMPHIS, 18.—Ten miles above Osceola, Arkansas, on the Mississippi River, yesterday, the *Mary E. Poe* was discovered to be on fire. The flames gained such headway that the boat was run on the bar, but the deck passengers were forced to swim to save their lives. The clerk reports sixty-five passengers on board, of whom one cabin boy, one cabin passenger, two female and one male deck passengers are missing. The pilot Hans Cowan, was badly burned before he left his post. Several passengers were badly burned, none are reported serious. The *Poe* was a large stern wheeler, of the St. Louis and Red River line. The freight train *City of Helena*, arrived at the scene soon after and rendered all the assistance possible, and brought the survivors to this city. The clerk of the *Poe*, John W. Poe, leaves for St. Louis this p. m. The *Poe* was on her down trip.

Sacrilege and Murder—Transportation Committee—Export Trade—George Francis Train Disgusted.

NEW YORK, 18.—In the Stokes trial the evidence of the different persons given at former trials was read, to show that Stokes had made preparations to be at the meeting of the National Trotting Association in Rhode Island, July 4th, 1872. The court was then adjourned to Monday, and the jury sent to a hotel in charge of the officers.

Private advices from the French settlement of St. Pierre give information of the assassination of Monsignour Devere, the first bishop of that diocese. The bishop was murdered in the sacristy of the chapel of St. Jean De Dieu, having been stabbed in the heart and lungs while at prayer. Two dirks were found on the floor, and one Mil Pettiturs, cousin of the bishop, was charged with the crime and arrested. It is said that the crime was incited by the fact that Bishop Devere inherited all the fortune of Pettiturs father, a wealthy Frenchman and once an extensive stockholder in the Messagerie Imperial Steamship Company. The murdered bishop was consecrated in August last by Archbishop Dupanloup, at Orleans, France.

Senator Windom, of the Senate committee on transportation, will leave to-night for Washington, and on Monday the other members of the committee will follow. From Washington the committee will proceed to Richmond, and thence to Cincinnati, stopping at intermediate shipping points, and returning by the 17th of November when it will take the southern coast direction, stopping at important cities, until reaching New Orleans. The committee will return by way of the Mississippi. At its session to-day the committee listened to suggestions respecting terminal facilities for grain destined for foreign ports, and the construction of a canal from the Ohio to James River, to be of sufficient capacity to pass wide flat boats, such as could navigate the Mississippi and its tributaries, so that shipments at the western depots could be carried to the Atlantic without handling, these water ways to be constructed by the government. The committee brought its labors to a close in this city by a trip down the bay and an inspection of the harbor and of the railroad terminus.

Enquiry at the offices of the principal steamship lines shows that the foreign export trade, at one time seriously broken by the financial panic, is in a healthy condition, and that large shipments are made by every out-going steamer without material alteration in trade.

George Francis Train, who arrived only last week from Europe, having become disgusted with the country, its politics and people, sailed away again to-day, leaving, he says, forever. Colonel Blanton Duncan also sailed to-day for Europe.

Funeral of Louise Muhlbach.

A letter from Berlin, of the 2nd instant, gives a brief account of the funeral of Clara Mundt, better known as Louise Muhlbach, which took place Sept. 30. The funeral service was very impressive. It was attended by the prominent literary men and publishers of the city, Baron Von Hulzen, the Royal impressari, Baron Von Korff, son-in-law of Meyerbeer, and other distinguished persons. The large front half of the dwelling so recently occupied by the deceased was decorated with plants and shrubs in its centre, and on a platform draped in black stood the coffin, almost hidden by flowers and wreaths of evergreens and laurels. Rev. Mr. Sydow delivered a touching sermon. He said that though deceased had her own religious conceptions she expressed to him, twelve years ago, at the deathbed of her husband, Professor Theo. Mundt, with whom for twenty-five years she lived in the most happy wedlock, her firm conviction of the existence of a future life; then she exclaimed in the depth of her grief—"It cannot be otherwise, a mind like his, which originated so many sterling worths, cannot pass away to nothingness."

Suspended—Discontinued.

On account of financial affairs the Ivanhoe Paper Mills at Patterson, N. J., have suspended, and work on the Easton and Omry Railway is discontinued.

The Phelps Case, Sherwin Committed.

ALBANY, N. Y., 18.—At the Phelps examination this afternoon, Charles Hudson, cashier for Sherwin & Co., bankers, 80 Broadway, testified that since July 14, Phelps had deposited with his concern $150,000, and he recollected him drawing sums of from ten to forty thousand dollars.

Frank R. Sherwin, who for some six months past has been doing business at 80 Broadway, ostensibly as a banker and broker, but mainly in what he calls in Lennox syndicate stock operations, was arrested, and his bail fixed at thirty thousand dollars, but being unable to furnish the amount he was committed to jail.

WESTERN.

The Races.

SAN FRANCISCO, 18.—The attendance at the great four mile running race at Oakland, was very large, fully six thousand people being present. In the first heat Target had the pole, Kate Gift second, Ballot Box third, Joe Daniels fourth, Thad Stevens fifth, Irene Harding sixth. Hardwood Nettie and George Boulta were withdrawn. At a quarter to three, the horses got a good send off, and for the first four miles as the out come they ran in the following order: Joe Daniels, Ballot Box, Target, Thad Stevens, Irene Harding, Kate Gift. The unnexed is the time for each mile—1st 1 58, 2nd 1 59, 3d 1 58½, 4th 1 48½, total time 7 45½. In the second heat the horses got a good start. Joe Daniels won the first mile in 1 51. Thad Stevens took the next three miles and heat, time 7 30. Ballot Box came in second, and Joe Daniels third. Irene Harding, Target and Kate Gift were distanced. The Stevens victory was received with tumultuous cheers. Thad Stevens won the third heat and took the first money, time 7 45, Joe Daniels second and Ballot Box third.

CENTRAL AMERICA.

Fighting—Fire—Killed—Credentials Presented.

PANAMA, Oct. 8.—Hostilities have broken out between Nerra, the present president, and Gen. Corrozo, recently deposed from that office. On the 24th the rebels, having emerged from the woods, opened fire on this city, which they kept up with slight intermission till the 6th inst., when they entered the woods. They were armed with rifles. The government troops had the advantage of cannon, and did considerable damage to suburban dwellings. While the firing was going on, Admiral Almy, of the U. S. navy, arrived, and landed a hundred and fifty men at the railroad station at the request of the government, and placed sixty men in the city square. The government having ordered all trains approaching the city to stop and the passengers to be searched, Admiral Almy placed a guard of U. S. marines on the trains, with orders to shoot down all armed men who should attempt any interference, thus relieving the passengers of annoyance and interruption. The troops assigned by the government of Columbia to protect transit across the isthmus have joined the rebels. A constituent assembly is in session, endeavoring to make peace, but those in arms outside the city do not recognize its authority, and have ordered a forced loan of twenty thousand dollars on the city and forty thousand on the provinces. It is hoped that Admiral Almy will continue to give protection to noncombatants, and that the U. S. and Columbia authorities will come to some understanding whereby a repetition of outrages may be prevented.

Blanche Brothers & Company, of Lima, have failed, with liabilities stated to be about one million dollars. The senior member of the firm fled the city. A steamer was sent in pursuit, and he was induced to return, when his friends furnished him the means necessary to resume business.

A fire occurred in Valparaiso, in Juime St., between Maypu and Victoria. Two buildings were burned with their contents. They were insured for $77,000. Ten persons were killed by falling walls.

Mr. Williamson presented his credentials to the President of Guatemala on the 9th inst., and was formally received. Williamson will reside in the capital of Guatemala.

FOREIGN.

SPAIN.

Present to Gen. Sickles.

MADRID, 18.—The Minister of War, to-day, presented General Sickles, U. S. Minister, with a sword made expressly for him at Toledo. The hilt is ornamented with the arms of the U. S., and on the blade is inscribed the names of the battles in which Gen. Sickles was distinguished.

Complaint.

The Spanish government has made a complaint to the government of France, that the French consul in Carthagena afforded protection to the insurgents. A reply has been recived, promising an inquiry into the matter.

FRANCE.

Bazaine Court Martial.

VERSAILLES, 18.—The trial of Marshal Bazaine was resumed to-day. In reply to the inquiry why he did not destroy the forts and war material before surrendering to the Germans, the Marshal said he feared the enemy would take revenge, and besides the labor would have been too great. The Duke d'Aumale, President of the Court, asked what greater rigor could the enemy have shown than was imposed. Bazaine, evading the question, answered such destruction was unexampled, and he thought Metz would revert to France. In reply to other questions in relation to the flags, the Marshal maintained that he publicly and distinctly ordered them to be destroyed. His orders were to have them all brought to the arsenal for immediate destruction. This concluded the examination of the Marshal by the President. Bazaine afterwards made a statement complaining of his book on Metz being treated as a justification memoir, when the truth was it had been written from memory only, without consulting documents. The government commission interrogated him as to his knowledge of his wife's whereabouts, and asked him how he knew that her address in September was Tours? Bazaine answered that he ascertained from a German newspaper, and subsequently from a German officer.
