A CLAIM PRESENTED.

A communication from Hassell Marshall & Hadley, attorneys-at-law as legal representatives of the Union Pacific company of Utah stated that the said company have placed in their hands for collection against the city and the Salt Lake Rapid Transit company their account of its balance due for snow shovelling and for the improvement of Second South and State streets amounting to $[illegible] with interest at the rate of 8 per cent per annum, making a total of $[illegible]. Referred to city attorney and city engineer.

REPRIMAND AND CONFIDENCE.

The following report was presented from the committee on public works in connection with the mudslinging.

Your committee respectfully that an oversight occurred whereby the Mayor was not informed that there are four vacancies on the board of public works to be filled. These whose duty it was to do so deserve a reprimand for failing to apprise the Mayor of that fact. However, we endorse the selection of Mr. Wells as one of the best that could be made for representation on the board, and cordially recommend that his nomination be confirmed. Adopted.

RAILROAD COSTS.

A statement was submitted by the street superintendent regarding the railroad crossings at the behest of the board of education in August, 1891, as follows: 304 rails, aggregating 1,014 yards in length, making 38,324 pounds at 71 cents per pound, total, $[illegible]. Laid over.

A PAVING BILL.

The Regal Tunnel company entered a protest against a bill introduced last night which will the city for the collection of $[illegible] for paving at the intersection of Second South and State streets on the ground that they have paved between the rails and two feet on each side of their tracks, and were not responsible for anything more than they ordered and paid for. Referred to the city engineer and city attorney.

WHERE HER'S WORK.

A motion was made by Harly that the chairman and members of the streets committee be authorized to investigate regarding certain work now being done on Eighth North street, between Seventh and Eighth West streets, alleging that so much work had been ordered at the point named. Carried. Committee to report at next meeting.

WATER SHORTY PER CENT.

The following was introduced by Wentland:

Resolved, That hereafter 20 per cent of the amount of time allowed in the payment for labor to be deducted in public country and amounts to be paid monthly—$[illegible] to the Rescue Mission and the remainder to the association of apprentice society now being formed in this city.

Rich opposed the resolution on the ground that it would attract to Salt Lake City all the tramps between Denver and San Francisco. The resolution was filed.

A motion was presented by Wentland recommending that the work of removing garbage in the business portion of the city and the cleaning of streets now paved be let by contract, and that the superintendent of streets and health commissioner be instructed to advertise for ten days for bids for the work and report same to the Council. The motion of Wentland was not acted upon.

Meeting adjourned at 9:25, to resume business on Wednesday next.

ELECTION SPARKS.

The dose of nerve sedative that will be administered to the Liberals on Tuesday next will be large, strong and accommodating in its character and will put them to sleep once and forever. May their dreams be happy.

Which they are wrapped in that slumber that knows no awakening Junior times will come to this city and Territory for it means the end of an organization that has had its existence in ruins and public plunder. The last men who have been identified with it believed it was founded for the promotion of freedom but instead of using such and a badge of honor it has become an emblem of disgrace.

Not a little fun has been said of late in the entrenched camp of the opposition in regard to petitioning Congress to increase our borrowing powers as a city so as to be able to get within the grasp another three quarters of a million dollars—that is to say get it within the grasp of the same class of men who have plunged the municipality into a condition worse almost than bankruptcy. May that day never come.

The reasons we manifold why such a state of affairs would prove calamitous. Already more than one-fifth of the entire revenue of the city is annually required to pay for interest on outstanding bonds. To incur a further indebtedness as proposed would go to more than one-tenth of the city's yearly income. Bonds in the hand future some of these bonds will have to be taken up and the expense of the numerous departments carried on. To use the language of a book-record saying, it will not do to borrow from Peter simply to pay Paul and that, too, to be encumbered with a round rate of interest.

The advocates of this proposition are of the class who believe in sing who go out to distribution and judges as long as money is available. It will not do for the Liberals to say that we have our money and we going back into office because they have to pay the same party and we know nothing about what we have done. The Liberal Mr. Dickson commenting his opponent, Mr. Castle, appeals with equal force to the whole school. "As I in my humanity have sworn to say, I only know that he voted for the employment of men that he said Cannon is and which have not by such an act of faith as to familiar to every well informed Mormon.

The Bill's deposits have not long been points of merit. The end must and will come soon. It may come one day on Tuesday next. And with the fall comes and to with the people's representatives. The time and there will be a cessation of imported votes who go in and out parts of our community, who come or who work since then the fall of Liberty whose wagons and never rail to our wagons whose habits and modes we are equipped to meet individual in our midst. Some who style themselves Liberals have to give those who are known free to their duties to say nothing of a written ballot to which they can be holders in secrecy. It is neither charity nor good nature. Irrespective of political feeling it is cruelty to compel a citizen to death among us.

UNIVERSITY THEOLOGY CLASS.

The Newsboys are in receipt of the change in the place of meeting of the Church University Theology class, which will be the Assembly hall, on the large auditorium, adjacent to court tomorrow at 2:00 in Assembly hall. The time of meeting remains unchanged—11:15 p. m. The President Charles Ashton generously offers the Assembly hall at the disposal of the University committee for the use of the class at the same designation, and there is no reason for any interesting student to miss attendance through lack of room. The class is open to all above 15 years of age, made up of students of the University of the Church of our youth. Judging by its best notable enrollment, the people will not be slow to take advantage of this opportunity. One officer, it is understood, that it is the intention of the class to invite prominent men as guests of each lesson, thus materially assisting students in their study. All are welcome, the outline of last Sunday's work, as well as that for the current lesson will be distributed.

IMPORTED LIBERAL VOTERS.

Persons Intending as Board Election Inspectors to Report Them at Citizens' Headquarters.

Citizens of Salt Lake: Information of importation manner reaches us from various parts of the city, especially from the Fifth and Second Precincts, that the herds of imported voters who whom the Liberal orders hope to carry the city are beginning to make their appearance with the intention of voting on Tuesday next. Empty houses are being filled up by small squeezed men who rent them for periods reaching just beyond election day. Those men will attempt to take the names of the 800 or more whom the various county registrars failed to find in making their canvass of the city, but who come in across in Registrar Walbach's lists and registered there, swearing that they live at various addresses in the First, Second and Fifth precincts. A second and third canvass has failed to find these men, many of the addresses given being on vacant lots, in stores, or residences of well known citizens.

We ask all people who wish to see a fair and honest election on Tuesday next to promptly report to Citizens' Headquarters, Hooper Block, any suspicious men coming under their notice where there are of men more than usual homes, or arrive at boarding houses or hotels within the next six days. Prompt reports will enable the committee to take steps for the detection of frauds, and aid in securing a fair and honest expression of honorable citizens and hope others at the coming momentous election.
