Flattering Business Prospects.—A Load of Chinese.—Newsy Notes.

From our Regular Correspondent.

OGDEN, May 1.—Since the adjournment of the Trans-Mississippi congress Ogden has resumed its usual quiet state, but every one is looking for lively times this summer. The prospects are certainly bright. A number of excavations are being made for business blocks and dwelling houses are in course of erection in various parts of the city. Those together with the Southern Pacific and Rio Grande Western shops, which are to be established here, will give employment to several hundred men during the entire summer and be the means of putting a large amount of money in circulation, which is at present a very scarce article in this vicinity.

May day will be observed in this city today. The schools will be closed and the little folks together with some of the big ones will enjoy themselves at the pleasure gardens and other places.

The plasterers are at work in the Utah Loan and Trust company building, which was recently damaged by fire, and it will soon be ready for occupancy again.

Eighty Chinamen, in bond, bound for Cuba and Panama, passed through Ogden yesterday in charge of four deputy marshals. They have been employed to work on plantations in the above named countries.

City Marshal Metcalf is expected to start for Chicago today to attend a convention of chiefs of police which convenes on May 15th at that place.

On Saturday $100,000 of Ogden city bonds were sold to N. W. Harris & Co. of Chicago. This firm already has a number of issues of Ogden and Weber county bonds. The price paid was $102,178.10.

The grand jury for the May term of the Fourth district court will be drawn today. The petit jury begins work next Monday.

A party of ten or twelve men from Brigham City passed through here on Saturday on their way to Rock Springs to begin sheep shearing.

Corbett played to a packed house on Saturday night.

Primrose & West minstrels on Thursday evening next.

Today is warm and clear and more like a summer day than any we have had thus far this year, although it rained and hailed during the night.

Business men say that Saturday was the dullest day they have seen in Ogden for a long time.

Legal Happenings.—Death of a U. S. Commissioner.—Notes

Regular Correspondence.

PROVO, May 1.—The case of the Rio Grande Western Railway Co. vs J. M. Dalton; a suit to recover $877 damages, alleged to have been sustained through defendant preventing the railroad company from making an excavation at the side of their track southeast of Springville, on land claimed by both parties; came up for trial on Saturday, but after a jury had been empanelled, was continued for the term at cost of plaintiff, who was not prepared with the necessary testimony.

The Consolidated Implement Co. obtained judgment on an account of $377.13 against J. C. Moss, W. Babcock and C. S. Thompson.

The First National Bank has filed a suit to recover from Louisa McBride and N. E. Noyes $983 principal and $96 interest, the amounts alleged to be due on a note.

Licenses to marry have been issued to William Ferguson and Nora Ballow, and Lorenzo S. Alcock and Ina Ballow, all of Eureka.

J. E. Hills, U. S. commissioner, died of heart disease on Friday morning. He was 59 years of age, and was an old resident of this city. He has never been married, but has always resided with his brother's family. His brother, Robert Hills, died but two weeks before of complications arising from the heart. Both died very suddenly and unexpectedly. The funeral services of J. E. Hills will be held at 1 o'clock today.

At the session of the Utah County Teachers' association, held last Saturday, Mr. John Wood regaled the pedagogues with a most excellent saxaphone solo. The treat was greatly appreciated.

Mrs. Lois Harrington, relict of the late Bishop Harrington of American Fork, is dangerously ill. Her daughter, Mrs. J. M. Tanner, who is at Cambridge, has been sent for.

LOGAN.

Cache Stake Conference.—Elder Moses Thatcher's Illness.—A Brown Bear Killed and Her Cubs Captured.

Correspondence Deseret News.

LOGAN, May 1.—The Phœnix pharmacy changed hands on Friday last. Roberts & Nelden of Salt Lake are the new proprietors. Mr. Bell, the former proprietor, will probably locate at some point in Idaho.

The quarterly conference of the Cache Stake convened yesterday morning, and will be in session until this evening. The attendance yesterday was very large. There was scarcely standing room in the Tabernacle.

Elder Thatcher's health is steadily improving, and his complete recovery within a short time is deemed certain.

The Thatcher Mill & Elevating Co. has just completed one of the finest mills in the Territory. It has a capacity of 150 barrels, or 30,000 pounds per day.

A. B. Irvine, one of the students of the Brigham Young college, had hemorrhage of the lungs while attending school on Thursday, and was taken to his home in a very critical condition.

On Saturday next Logan will have a horse fair. All the best horses in the county will be there. Cache county is already noted for its fine horses, and the stock is being added to each year.

A large and very fat brown bear was killed in Logan canyon a few days ago by Dean and Herbert Fullmer. The brute had some cubs with it, but they escaped. They went back to look for the cubs next day, and were fortunate enough to find them in the den which the old one had occupied during the winter. There were three of them, and the boys took them home. Though small, the cubs know how to show fight when offended.

Wonderland.

Another good show is promised by the management of this place of amusement for the week commencing May 4th.

"Dangalia" will remain for another week. In the theoderium will be presented for the first time in this city the London success the comedy, The Boomerang, or Caught in the Trap. In the curio hall, in addition to Rosair's beautiful illusions, Professor Angel will exhibit his Diorama, presenting many beautiful spots in this and foreign countries.

The Ideal opera company will, commencing next week, present all the latest comic operas.

Thomas Mack and James Burns, under arrest at Oregon City, for the murder of Chin Li, a Chinaman, near here April 16th, have confessed to having committed the crime. They went to the Chinaman's cabin during the night for the purpose of robbery. Burns covered the Chinaman with a revolver, but the latter attempted to reach for his weapon, when Mack shot him. They shot the Chinaman a second time, then beat his brains out.
