MINING, BUSINESS AND STOCKS.

LIGHT BUSINESS ON EXCHANGE

Transactions of the Day Aggregated Less Than $5,500

BROKERS GO TO ELK'S SHOW

At Salt Palace—Abandoned the After-Noon Calls—Sacramento Higher—New York on Toboggan.

The day's business on the Salt Lake Stock & Mining Exchange consisted of the sale of 14,550 shares, which brought the sum of $5,540.87. Sacramento and New York were stronger, also Con. Mercur; but New York Bonanza's reported strike failed to strengthen that stock, and it took to the toboggan, it selling as low as 24½ on the open board. Star Con. opened with a sale at 20 cents, followed by a drop of half cent a share. Yankee Con. remained practically unchanged.

Owing to the Elks' day festivities at the Salt Palace the brokers took a vacation this afternoon; but the calls will be held as usual tomorrow.

The quotations and sales posted this forenoon were as follows:

FORENOON QUOTATIONS.

	Bid.	Asked.

CONGESTED LABOR MARKET.

Has Interfered With Building of the Yampa Smelter.

Manager George H. Robinson, of the Tintic company, complained this forenoon that not as good progress is being made with the work of construction at the Yampa smelter at Bingham, as he would like to see, owing to the congested condition of the labor market.

It has been almost impossible, Mr. Robinson says, to get the class of men needed for the particular work required to be done.

Mr Robinson and President Henry Stern, who arrived in the city yesterday, are scheduled to depart for British Columbia this evening.

MINING CONCENTRATES.

Silver is quoted higher today.

Manager Tony Jacobson went up to the Columbus Consolidated mine at Alta again this forenoon.

Another shipment of ore from the Utah mine of Fish Springs is en route. It left Oasis on the 11th inst.

Amos R. Boynton, of the McKinnon Gold Mines company, operating at Silver City, Idaho, has returned to his home in Chicago.

A car of ore from the Century mine of Park Valley is en route to the samplers.

Three cars of ore from Eureka, Nev., are at the samplers today.

Col. S. F. Mount, who is exploiting the L. & N. mine near Marysvale, is up from camp.

David Evans has returned from a trip of inspection to the Black Jack mine of Tintic.

Ore and bullion settlements yesterday were reported as follows: Crude ores and concentrates, $21,800; base bullion, $22,200. Total, $44,000.

Manager G. D. B. Turner of the J. I. C. mine of Park City, has returned from a trip to Scotland and is now making an inventory of work performed during his absence.

To-day's Metals:

SILVER, Bar, 55 1-8 cents

LEAD, $3.50.

CASTING COPPER, 12 1-4 cents a lb.

ALONG THE NEW SALT LAKE ROUTE

An Arizona Newspaper Man Visits Nevada Mining Regions.

DISTRICTS TO BE OPENED.

Was Favorably Impressed With Good Springs—Declares it to be a Very Favorable Section.

M. M. Rice, a well known Arizona newspaper man recently made a tour of southern Nevada, visiting the mining districts to be penetrated by the San Pedro, Los Angeles & Salt Lake railroad between Calientes and Daggett.

Mr. Rice continued his journey to Tonopah and made the following contribution to the Bonanza:

Ever since the discovery of Pioche and El Dorado canyon prospectors have periodically penetrated the almost unapproachable section lying south of Austin and Eureka and east of the Panamint range to the borders of Arizona and Utah. Many mining properties have been discovered, located and worked in a desultory manner in the past few years by the poor owners, but owing to the inaccessibility to market and lack of transportation facilities, little has been accomplished in attracting the attention of capital to a section of country larger than the New England states and containing mineralized zones of every conceivable class and character.

For years past Senator W. A. Clark of Montana has had his agents through this section of the west and with a thorough knowledge of the resources and conditions of the desert has determined that its undeveloped riches shall no longer remain dormant. His faith is exemplified by his acquisition of the best properties on the route and by the amount of money invested in his railroad enterprise.

To those unacquainted with the country through which the Clark road passes, it might be of interest to state that from Calientes south to Daggett, a distance of some 300 miles, camps will be opened up containing vast deposits of gold, silver, copper, lead, iron, turquoise, salt, borax, nitre and gypsum.

Taking the line south of Calientes the road traverses the Meadow Valley wash to Manaa; on the east of this valley lies the "Mormon" range, where many fine undeveloped gold properties exist on the west is the Meadow Valley range, as yet but partially explored, but known to contain valuable deposits of low grade silver ores.

From Manaa to Las Vegas the road crosses an undulating mesa country, bounded east and west by the Muddy and Vegas ranges containing inexhaustable deposits of rock salt and gypsum. From Las Vegas to the state line at Dry lake the road passes between El Dorado range and the Potosi mountains.

El Dorado canyon range is one of the richest gold belts on the American continent. The ledges are large and carry values that in a more accessible country would add materially to the mintage of the nation. From Stone's Ferry on the Colorado to Fort Mohave, the range is a network of gold bearing ledges, and where capital has interested itself the results have been phenomenal. Sarchlight district is proof of this.

One of the most favorable sections in the state is that part of Lincoln and Nye counties which includes Good Springs Yellow Pine, Timber Mountain and Montgomery districts. At Good Springs is located the Campbell group of silver-lead mines. Were they situated in Colorado, Utah or Arizona they would have great reduction works employing thousands of men and supporting a prosperous community.

When the Good Springs is a gold belt containing many promising mines; the Keystone is the only property developed to any great extent. Here is a mill and cyanide plant, turning out large monthly shipments of gold bullion.

North of Keystone is the old Potosi mine, worked in the old days, but of late years idle. There are a number of very fine copper-silver-lead mines in this vicinity, and an abundance of water and fuel for working purposes.

Montgomery district, in the southeast corner of Nye county, is rich in the quantity and quality of its gold ores. All of these camps are tributary to the Clark railroad and vary in distance from the main line from six to thirty miles.

Passing into the state of California at Dry Lake the road opens up equally as good a mining country in San Bernardino county. Ivanpah has produced in the past the richest silver ore ever extracted from the earth, and it has been only partially developed. The Copper World mine has produced $750,000 in the two years' operation of a little 20-ton smelter. Vanderbilt is a rich gold belt; Crescent has the richest deposit of turquoise on the continent, and these gems are also found in paying quantities in Shadow Mountain range, 2 miles north of the San ePdro route.

New York district, 12 miles south, and Providence mountain contain rich mines and along the line to old Camp Cady, in the sink of the Mojave river are valleys containing nitre and borax and hills containing gold, silver and copper.

ONTARIO'S NEW MILL.

Management Has Decided on a Plant Of 125 Tons Daily Capacity.

The management of the Ontario mine at Park City has concluded to construct the proposed concentrator with a capacity for handling 125 tons of ore every 24 hours. This decision was arrived at this week, during the visit of Superintendent C. L. Rood to the big Summit county mining camp.

There is no doubt but that the Ontario contains ore reserves of dimensions sufficient to keep a plant many times the size of this one engaged for many years to come; but the management is playing safe, beginning in a small way and gradually increasing the capacity whenever the adjustments to the ores become better understood.

The Keith-Kearns Mill.

Work is being hurriedly pushed on the construction of the new mill at the Keith-Kearns property at Park City, and unless the unforeseen happens the plant will be ready to go into commission about Oct. 1. The building is fast nearing completion and the first carload of machinery has arrived at the property.

DISTRICT ATTY. IS SUSPENDED

Judge Owers Has Taken Summary Proceedings.

MANES SPECIAL PROSECUTOR

Lectures Sheriff Sandberg for His Laxity in an Official Way—All Over Trouble at Colorado Springs.

Georgetown, Colo., Aug. 12.—Judge Owers today suspended Horace G. Thurman as district attorney in the First judicial district from further service in the investigation of the blowing up of the Sun & Moon transfer house and the expulsion from Idaho Springs of 14 members of the Miners' union by members of the Citizens' Protective league.

Fifteen members of the league who were arrested waived examination today and were released on bonds.

Judge Owers appointed as a special prosecutor in the Idaho Springs cases Willis V. Elliott of Denver. Judge Owers then lectured the sheriff, Andrew Sandberg, for his laxity in an official way and condemned his appointment of men as deputies who had not been in the county exceeding 48 hours.

Ralph Talbot, who was understood to represent the Citizens' league of Idaho Springs gave notice that he would apply for a writ of prohibition in the superior court in order to test the court's right to suspend the district attorney, and expressed the opinion that the court had exceeded his authority and gone beyond the law. He asked Judge Owers to reserve the naming of his appointee until the supreme court could pass upon the application for a writ of prohibition. Judge Owers refused, and made the appointment at once.

Mob Hangs a Negro.

Whitesboro, Tex., Aug. 12.—An attempted assault today on Mrs. Hart caused the arrest of eight negroes, seven of whom were released. The other was held for identification. About 8 o'clock tonight a mob took possession of him and hanged him to the limb of a tree. He had not become unconscious when officers arrived from Sherman, and, making their way through the mob with a rush, cut the negro down, and hurried him to Sherman. After the negro had been forcibly taken from the mob its members began terrifying the colored residents of the town. Guns were fired promiscuously in the negro section. The terror-stricken negroes were ordered to get out of town at once, and outgoing trains on all roads were filled with negroes.

Restored Jade Tablets.

San Francisco, Aug. 13.—Capt. A. V. P. Anderson of the 15th cavalry, who arrived from the orient on the transport Logan, is in possession of three jade tablets on which is written a part of the history of the Flowery Kingdom.

The three tablets, inscribed in Manchu and Mandarin, are from two books of six tablets each, the other "leaves" being now in St. Petersburg in the possession of a Russian officer.

The tablets were taken by the Russians from the forbidden city of Pekin. At Yung Tsun the Russian officer gave three of the tablets to Capt. Anderson, who will present them to the Chinese consul-general in this city. In his letter accompanying the gift Capt. Anderson states that, although the tablets are valuable to him as curios, yet he knows that they are held sacred by the Chinese government. He therefor restores them to their rightful owner.

DANVILLE LYNCHING.

Grand Jury Returns True Bills Against Eighteen of the Mob.

Danville, Aug. 13.—The grand jury investigating the recent lynching has reported true bills against 18 men and one woman.

There are three counts against each: defacing public property, attempting to enter a building with intent to murder the sheriff and three prisoners, riot and unlawful assemblage. All are under arrest and will be arraigned Saturday morning.

DR. E. F. ADAMS ARRESTED,

In San Francisco at Request of St. Louis Police.

San Francisco, Aug. 13.—Dr. E. F. Adams has been arrested here at the request of the St. Louis police department on the charge of obtaining money by false pretenses. The complainant is Charles Evans of St. Louis and the amount involved is a few hundred dollars. Adams was released on $2,000 bail. He says he is anxious to face the charge against him in court.

Chinese Imperial Troops Defeated

Hongkong, Aug. 13.—The Chinese imperial troops have been defeated by rebels at Hwei-Chou-Fu, in the southern province of Kwang Tung. Imperial reinforcements consisting of 3,000 German-drilled troops have arrived at Canton.

Cervera Resigns as Naval Chief.

Madrid, Aug. 13.—Vice Admiral Cervera, who surrendered to the American fleet off Santiago de Cuba, has resigned the position of chief of staff in the navy, to which he was appointed in December, 1902.

Teamsters' Union Formed.

Niagara Falls, Aug. 13.—The Amalgamated Brotherhood of Teamsters and Helpers, newly formed here, and representing 150,000 teamsters in the United States, have selected Indianapolis as permanent headquarters and Cincinnati as the meeting place next August.

Dr. W. S. Playfair Dead.

London, Aug. 13.—Dr. W. S. Playfair, the noted specialist in women's diseases and authority on obstetric medicine, died at St. Andrews, Scotland, today.

He was defendant in a slander suit which created some stir several years ago, when he was mulcted in $10,000 damages. The plaintiff, named Kitson, was the brother-in-law of Dr. Playfair, who was alleged to have slandered the plaintiff's wife.

NEW YORK METAL PRICES

Lead, quiet, 4.20.
Copper, quiet, 12.75.

MARKET NOW IS BOOMING

Opening Saw a Vigorous Advance All Around.

ONLY ONE LOSS RECORDED.

Buying Orders Were Well Distributed And of Large Volume—Purchasing Was Most Animated for Weeks.

New York, Aug. 13.—Opening prices advanced vigorously all round on a large volume of well distributed buying orders. Rock Island and Union Pacific opened wide. There were 4,500 shares of Rock Island sold at 24½ down to 24¼, compared with 25⅝ last night, and 2,500 shares of Union Pacific sold at 72¾ and 72⅝, compared with 72 last night. A decline of a point in Republic Steel preferred, was the only loss recorded. There was an appearance of profit taking among some of the grangers, Pacifics and the United States Steel stocks, but the market as a whole rose strongly on the most animated buying seen for many weeks. The active list rose generally from 1 to 2 points over last night. Urgent bidding for Reading carried the price up 4¾. Amongst the specialties, New York Air Brake jumped 6½, General Electric 5½, Consolidated Gas 4½ and American Linseed Oil 3½. Lackawanna dropped 6 but rallied 3. There were some slight recessions before the end of the hour and the market quicted slightly. The tide of buying turned into the western stocks and St. Paul and Illinois Central were rushed up 3½, Missouri Pacific 2¾, Amalgamated 2⅜, Chicago & Eastern Illinois certificates 5¼, Toledo, St. Louis & Western preferred 3, and Union Pacific, Rock Island, Louisville, Wabash and Atchison 2 or over. Profit taking in Reading under cover of the shift in the buying was detected and prices ran off, Reading and St. Paul yielding 1¾ and Rock Island and Illinois Central a point.

Bonds were strong at noon.

Offerings of stock fell away to nominal proportions at the lower level and the market became dull. At the end of the second hour Reading was rushed again to 74¾ and the whole market responded. Brooklyn Union Gas jumped 15 points on one transaction.

Reading touched 57¼, then fell back nearly 2 points again. St. Paul rose a fraction higher than before and Baltimore & Ohio, Ontario & Western, Northwestern and Manhattan were added to the 2 to 3½ points gains. The response elsewhere was less general and a moderate reaction followed.

LIVE STOCK.

CHICAGO.

Chicago, Aug. 13.—Cattle—Receipts, 6,500. Steady. Good to prime steers, 5.10@5.60; poor to medium, 3.75@4.80; stockers and feeders, 2.50@4.20; cows, 1.50@4.50; heifers, 2.00@4.75; canners, 1.50@2.80; bulls, 2.00@4.25; calves, 2.50@6.85; Texas fed steers, 3.25@4.75, western steers, 3.50@4.65.

St. Louis, Aug. 13.—Wool—Firm; territory and western mediums, 16@18½; medium, 14@16; fine, 13@16.

GENERAL MILES AFTER PRESIDENCY.

Colorado Springs, Colo., Aug. 12.—Gen. Nelson A. Miles, on his way to the national encampment, stopped over at Colorado Springs for several hours this afternoon. He was tendered a reception by a great crowd of veterans and afterward by the citizens. He was repeatedly cheered. Some veterans cheered him as "our next Democratic president." He was asked the question if he would consent to any movement to place his name before the next national Democratic convention. He replied:

"That is a subject, of course, on which I have nothing to say."

Norman B. Mack, member of the National Democratic committee, who is spending the summer here, and Mrs. Mack entertained Gen. Miles at dinner. After the dinner a reception was tendered Gen. Miles at the Antlers hotel by the citizens of Colorado Springs. At the reception was Gov. Cummins of Iowa.

Mr. Mack, when asked his opinion of the movement, said:

"Gen. Miles can be looked upon as a formidable candidate and would make a good president if elected."

A Young Boy Suicides.

Butte, Mont., Aug. 12.—A Miner special from Havre says that Wm. Chester, a 10-year-old boy, committed suicide on a ranch near Wild Horse lake, just across the Canadian line, by blowing off the top of his head with a 30-30 rifle. Young Chester lay down and pulled the trigger of his rifle with his toe. The act was done while other members of the family were greeting the return of his father, who had just come home from a journey.

Fighting for Range Cattle Exhibit

Denver, Colo., Aug. 12.—A meeting is being held in this city for the purpose of making an active fight to secure the rescinding of the order prohibiting the exhibition of range cattle at the St. Louis world's fair. The campaign was started in July by the Colorado Cattle and Horse Growers' association when notices were mailed to all the states within the boundaries of the Louisiana purchase calling for a conference of cattle raisers and at tomorrow's session it is expected that representatives from all these states will be in attendance. The plan is to appoint a committee to meet with Chief Commissioner Coburn of St. Louis, to urge him to cancel the order against range cattle. If the committee is unsuccessful in this regard, the members will wait upon President Roosevelt and urge him to give his aid to the proposition. It is announced that replies have been received from every state to which notices of the meeting were mailed and that the purpose of the meeting has been unanimously endorsed.

Will Fight Federal Fence Law.

Topeka, Kan., Aug. 12.—United States Dist. Atty. Dean said tonight that he expected a very determined resistance from the cattlemen of northwest Kansas against the enforcement of the federal statute preventing the fencing of government land. Nearly 15 suits are in preparation to be brought in the United States court by Mr. Dean. In these suits every conceivable method of enclosing government land is included. It is the purpose of the district attorney to make all the government land in the state free range and to permit no person to have any advantage in its use.

Tolstoi's Pamphlet to be Destroyed

Leipsic, Aug. 12.—The provincial court here today concluded the trial of the German publisher of Tolstoi's pamphlet "Thou Shalt Not Kill," which was seized by the police July 4, on the ground that it contained statements against Emperor William which were classed as high treason. The court decided that the charge of lese majeste had been proved, and ordered that the unsold copies of the pamphlet and the plates be destroyed.

THE FORD HOTEL.
JOHN R. NORRIS, Proprietor.
Hot and cold running water in every room. European plan, $1.00. American plan, $2.00. Special monthly rates to families.
114 W. First South Street.

UTAH FUEL COMPANY.

Burlington Route
BURLINGTON EQUIPMENT
The Burlington has the best equipment made on all its through trains. The strongest cars, the biggest cars, the safest cars. It doesn't make any difference what kind of cars—coaches, chair-cars, tourist-cars, palace sleeping-cars—they're the best that money can buy.
It's the cheapest plan. We don't have break-downs from poor equipment, and our patrons are pleased.
Chicago flyers leave Denver 4:15 p. m. and 10 p. m.; to St. Joseph, Kansas City and St. Louis 2:30 p. m. and 10 p. m.
