BATTERY C FILLED UP.

Conditions Which Have Made it Difficult to Get the Necessary Men.

TWO RECRUITS ABSENT WITHOUT LEAVE.

First Heavy Reports There to Return—Willie McCornick Returns—The Foot, Mouth Fever Bills.

Capt. Jennings has completed his recruiting for Battery C and the organization is now complete as to numbers. He has had considerable difficulty in filling up the ranks from the fact that the number of men in this State who desired to enlist in a heavy organization and have really the needed sound eye for Batteries A and B, notwithstanding this condition, however, the new union Capt. Jennings has secured are of the physical build, and in his view he secures men of this class the capital has made it the duty of the authorities to enlist their battery as ready for service as possible. Some of the men have been drawn from the State of Utah for the volunteer service and besides those there have been in the neighborhood of a dozen enlisted in the regular service since the war commenced. These are not considered men who would be a great loss to the infantry service and consequently in this time of the National Guard's need, a call from this arm of the service would make it appear that there could be no difficulty whatever in filling up the companies. The present status of the war, however, does not give much encouragement to the hope that there will be such a call will be made. No one knows how others will turn out so far as the Utah Guard is concerned and a call for infantry is certainly not among the impossibilities.

JUMPED THEIR JOB.

Two of the recruits for Battery C are reported to have taken French leave of their command, one of them, James F. Roberts, coming from Fort Douglas Green, left early without leave on Saturday last, and Nels N. Olsen, enrolled at Provo, left camp the same day from where Monday afternoon, Lieut. Stacey, who commed the new battery, has sent out the word to the effect that they will show up immediately.

NOTES.

The boys are going through the "Bay foot, stand fast" drill in the absence of equipments.

Corpl. Hanley is acting as quartermaster sergeant.

It is probable that Battery C will be mustered into Uncle Sam's service tomorrow.

Willie McCornick, a son of Hankie McCornick of this city, has enlisted in the regular service and is in Tennessee.

Henry Sorrell, has been appointed first sergeant in Battery C.

Guy Verhoek, a young miner at the San Juan placers, rode to Richfield, in order to be enrolled in Battery C but from some reason informed there that the battery was filled he successfully competed to his home.

Cache Sunday School Conference.

Large and Interesting Gathering at Which Apostle Lyman was Present.

The Sunday school conference held in the large tabernacle in Paris, Idaho, on Saturday and Sunday, July 9th and 10th, was a grand success.

Apostle F. M. Lyman and Elder Joseph W. Summerhays of the Apostles, whose Union board were present, also President Wm. Budge and counselors, of the Bear River stake, Pres. John W. Hickman and other prominent local officers. Superintendent Anthon Ottesen and his assistants, John Sorensen and Lewis Hodges, conducted the meetings in a very pleasant manner. Prayer by Elder Ottesen. The meetings on the first day were merely attended, owing to the fact that the people were busy in the fields, and were unable to make full use of the occasion. The schools were generally represented, however, and the meetings were very interesting. The meeting on the second day was very numerously attended, and the spirit of the Lord was manifested in a marked degree. The speaking of President Budge, President Hickman, President Lyman and President Summerhays, was very instructive and interesting. The meeting closed with a grand testimony meeting, at which President Lyman bore testimony to the work of God, and the divine mission of the Prophet Joseph Smith. The conference was adjourned to meet with a special conference in the Logan tabernacle, on the second day of the Bear River stake quarterly conference, which will be held in Logan, on the 24th and 25th of September. The conference was very successful. The attendance was good, and the spirit of the meeting was very spiritual. The people are well pleased with the visit of President Lyman.
