OGDEN.

OGDEN, UTAH, NOV. 16, 1893.

[illegible]

City Council.

At the usual time last night the city fathers got down to work and transacted the following business:

On recommendation of the mayor the fine of $15 imposed on J. M. Thornton was remitted.

The committee on claims recommended the payment of bills amounting to $1365. Report adopted.

The fire committee reported that the walls of the central fire station towards the hose tower were settling and that a new foundation would necessarily have to be built if the settling continued, as the walls are now cracking.

Councilman Gill moved that the committee make inquiry as to the cost of laying a lot at Five Points to erect a fire station on, and merely save results. Carried.

The following letter to Chief Binford was read, and referred to the fire committee:

Dear Sir:—I understand there has been some effort made by yourself to secure the passage of an ordinance for the erection of fire escapes and ladders on buildings over two stories in height. This ordinance, it appears, is before the council of your city now.

I wish to state that in case this ordinance passes and the city will enforce it, the Pacific Insurance Union will make a reduction in the rates on all buildings and their contents where these fire escapes and stand pipes are located. It will be impossible for me to state exactly what reduction will be allowed without a personal survey of the premises. The grades allowed in this city for such improvements are 10 cents. I will be pleased to hear from you as to what action your city council will take at your earliest convenience. Yours very truly,

PAUL M. DONOHUE,
Surveyor.

The police commission recommended that the telephone at Globe Bros., Mound Fort, be kept there at the expense of the city for the benefit of the city and police officials. Adopted.

A rebate of $150 on the annual liquor license of Brig Robinson was allowed.

F. T. Ferris and Mark Fletcher were appointed policemen until January 1st.

The council was notified by Engineer Bethel that the last payment, amounting to about $2000, would soon be due Hobson & Wilkinson on sewer in district No. 7. On motion of Jones the recorder was authorized to draw a warrant for $2000 in favor of Hobson & Wilkinson on paving contract.

The road ordinance was laid over for one week, and council adjourned.

Painful Accident.

John W. Mcleod was rather badly hurt last night at the Southern Pacific depot. He was working one of the air brakes when the portion of the apparatus, broken by the high pressure, flew and struck the gentleman immediately over his eye with such force as to render him unconscious. He was hurriedly conveyed home and a doctor called, who dressed the wound. As he is badly injured, it is not thought that the injury will be permanent.

Fourth District Court.

At the opening of court yesterday morning, the case of the Ogden state banks against Sam Small was called, but, as the complaint had to be amended, the case went over for the term at plaintiff's cost.

The United States vs Robert Faulkner, larceny case, was called and attracted the usual crowd on such occasions. When the case was reached it was given to the jury. After being out two or three hours a verdict was rendered against young Faulkner.

A Case of Lock Jaw.

Yesterday a son of Deputy Sheriff Lampert had a tooth pulled, from the effect of which he was seized with lock jaw. For some time his condition was considered very serious, but by good medical attention he was feeling much improved last night.

Notes and Personals.

Prosecuting Attorney Winters, of Bingham county, with residence at Pocatello, Idaho, was in Ogden yesterday on legal business.

Dr. George F. Phillips lectures tomorrow evening in the Second ward meeting house on the interesting subject "The Idea of God."

Sheriff O. H. Rice, of Beaverhead county, Montana, is in this city.

A marriage license was issued yesterday to Hugh A. Freeland, age 19, and Mrs. Elizabeth Morton, aged 23, both of Ogden.

The Interesting.

O. Hood's Sarsaparilla is always within the reach of reason because it is true; it always appeals to the sober, common sense of thinking people, because it is true; and it is always fully substantiated by endorsements which, in the financial world would be accepted without a moment's hesitation.

Hood's Pills cure Liver Ills, constipation, biliousness, jaundice, sick headache, indigestion. 1

DR. SCHENCK'S

Mandrake Pills have a value as a household remedy far beyond the power of language to describe. The family can hardly be true to itself that does not keep them on hand for use in emergencies.

✻MANDRAKE✻

is the only vegetable substitute for that dangerous mineral, Mercury, and while its action is as active as fully equal, it possesses none of its perilous effects.

In Constipation, Mandrake acts upon the bowels without dispersing them to subsequent costiveness.

No remedy acts so directly on the liver, nothing so speedily cures Sick Headache, Sour Stomach and Biliousness as these

PILLS.

For sale by all Druggists. Price 25c per box. Five boxes for one dollar, or will be sent, postage free, on receipt of price. Dr. J. H. Schenck & Son, Philad'a.
