CONGRESSIONAL.

SENATE.

WASHINGTON, 30.—Christiancy read a lengthy argument in support of his substitute, and said that he was not opposed to the introduction of silver coin into our currency, neither was he opposed to making it a legal tender so as to be just to both creditor and debtor, but he did not want to have a recoinage of silver so that it would repel other coin from the country. He could not approve of the remonetization of silver in homœopathic doses of 412½ grains, but was willing to have it in allopathic doses of 534 grains. The passage of the bill now before the House was in plain English debasing our coin, and all such expedients had, by the verdict of history, debased the debaser more than the coin.

Allison said he would insist upon the disposition of the bill to-morrow or Friday.

Salisbury thought that a full discussion ought to be allowed.

After an executive session the Senate adjourned.

HOUSE.

WASHINGTON, 30.—Hayes introduced a bill prohibiting any further destruction of legal tender notes, and making such notes a legal tender for custom duties.

Davis (N. C.) introduced a bill respecting the section of the Revised Statutes forbidding the payment of pensions to any person, or widow, children or heirs of any deceased person who, in any manner, voluntarily engaged in or aided or abetted the late rebellion.

Butler's amendment providing that when spirits are withdrawn from bond, the tax shall be collected at the rate required by the law at the time of its entry into bond, was adopted, 108 against 81.

Foster's substitute for the original proposition declaring a reduction of the tax on whisky expedient, was adopted.

After discussion, the House sustained the action of the committee in adopting the substitute declaring it inexpedient to reduce the tax on whisky, yeas 146, nays 112, and the title was changed accordingly. Adjourned.

EASTERN.

Woman Tax-Payer.

WASHINGTON, 30. — Isabella Beecher Hooker was before the House judiciary committee to-day, in behalf of the tax-payers of the United States. Her argument was to the effect that every woman who was a tax-payer was entitled to vote.

The Second Mexican Installment.

Señor Zamicona, special agent of Mexico, to-day, paid the second installment of $300,000 on account of the award made by the joint American and Mexican commission in favor of American citizens.

The Northern Pacific Railroad.

The House public lands committee to day agreed to recommend the passage of a bill providing that in all cases where the Northern Pacific Railroad Company relinquishes to settlers any lands which have been settled upon in good faith and without the knowledge of their having been granted the company shall be entitled to take lien lands to equal the amount within its indemnity limits.

The Four Per Cent. Loan.

Arrangements have been made by the Secretary of the Treasury to receive in payment of subscription to the 4 per cent. loan coin or currency checks drawn on bankers in New York. The currency checks will be converted into coin at current rates, without expense to the owner, and the excess over the amount due on the subscriptions will be returned to the subscribers. Similar arrangements for collecting drafts will be made if found necessary in other cities having subtreasury offices.

Appointments.

The President has appointed the following gentlemen commissioners to test the gold and silver coinage of the United States for the year 1877: Professor Charles W. Elliot, Mass.; Prof. Thomas Egleston, Jr., N. Y.; Prof. Robert G. Rogers, Penn.; A. Louder Snowden, Penn.; Hon. J. B. L. Curry, Va.; Rev. S. A. Bronson, Ohio; Charles M. Walker, Ind.; Hon. Newton Bateman, Ill.; Charles Beardsley, Iowa; Hon. John W. Twigg, Cal. The ex officio commissioners are the judge of the United States district court for the eastern district of Pennsylvania, the comptroller of currency and assayer of the assay office at New York. The commission will assemble at the mint at Philadelphia on the 13th of February next.

Charges Against Postmaster Coey, San Francisco.

The Post Office Department has sent to its special agent a statement in certain San Francisco affidavits filed by John Allman, making charges against Postmaster Coey, which are to the following effect:

First—That he refused to certify the sufficiency of bonds submitted with blank bids for mail service, unless the bonds should be filled up.

Second that he took memoranda of the amounts of bids, the names of bidders, etc., with a view, as Allman charges, of furnishing such information to competing bidders.

Third—That he told certain parties there was no use in their bidding, as the Washington postal ring would be sure to get the contracts, and in this connection spoke with disrespect and contumely about the Postmaster General and several prominent officers of the department.

Fourth—That Coey has taken receipts of clerks and other employes for larger amounts of money than he paid for them.

The department has ordered its special agent to make a full investigation of these charges, because they are presented in regular form, and are upon their face of a serious character, but nobody in the department believes that there will result in the establishment of anything disgraceful or even prejudicial to Coey.

Death From a Gunshot—Suicide.

DEADWOOD, 30. — A Russian, name unknown, died in the Deadwood hospital to-day from the effects of a gunshot wound received last Saturday, near Lead City. The deceased refused to reveal who fired the shot or any circumstances connected with the affair.

Otto A. Tierback committed suicide to-day by shooting. The motive for the deed unknown.

Wool Market.

BOSTON, 30.—The wool market is unchanged but steady, a fair demand from manufacturers and prices continue the same as last reported. Fine fleeces are very little inquired for, and when forced upon the market would have to be sold quite low; in fact, it is difficult to obtain more for XX and XXX Ohio and Pennsylvania than for good No. 1 and X. Prices range from 43 to 45½. Michigan, Wisconsin and New Hampshire, and other fleeces range from 38 to 42, and combing and delaine fleeces at 45 @ 53 for low and fine. California wool has been in demand. Sales at 14 @ 28 for fall, and 30 @ 33 for spring. Super and X pulled are in demand. Sales at 32 @ 46.

Frank Leslie Held to Bail.

PHILADELPHIA, 30.—After a preliminary hearing, to-day, Frank Leslie was held to bail in $2,500.

Trial of Returning Board Andersons.

NEW ORLEANS, 30.—In the Anderson trial, to-day, Clerk Smart, of the Vernon parish court, testified to the identity of the election returns and his signature.

Mr. Ray, counsel for the defense, objected that this document was not the one set forth in the charge, and was not properly before the court.

The court, however, decided that this was a technical objection.

A bill of exceptions was filed, counsel contending that this document produced by the prosecution was a forgery, and that consequently the indictment was null and void.

The information was, after some discussion, amended in a few particulars, and the trial proceeded.

Thomas Franklin, supervisor of registration of Vernon parish, testified that the parish returns were altered in favor of the republicans after he signed them.

No news of Governor Wells.

WESTERN.

The Silver Question.

SAN FRANCISCO, 30.—The modification in the view of the silver men, tending to a substitution of the trade dollars as a compromise coin, instead of the dollar of 412½ grains, has led to considerable eastern inquiry in this market to-day, for trades and bar silver.

China and Japan Items.

Hong Kong, January 4th, Shanghai 5th.—A Canadian missionary named Mackay was attacked by mobs in Tarsuil, Formosa, and threatened with death if he remained on the island. He refuses to withdraw, although the officials say they cannot protect him. The result is not yet known.

It is reported in Shanghai that the former consul, General Myers, is to be immediately reinstated. This, if true, is regarded as a severe blow to United States Minister Seward.

G. Wiley Wells has been appointed inspector of consulates, etc., and is about to commence a course of general investigation.

The conflict continues between Governor Hennessy and the Hong Kong community, the governor insisting upon an absolute reform in the treatment of Chinese inhabitants, which has hitherto been scandalous.

Yokohama, January 14.—The annual report of the minister of finance shows the total expenditure on account of the rebellion last year to be $42,000,000. To meet this, reserve funds will be applied, also $27,000,000 of new paper currency will be issued. Retrenchment is counselled in all the government offices.

The estimated revenue for the current fiscal year is a little over $51,000,000; estimated expenditure, the same amount, a decrease of nearly $12,000 from last year.

The decrease in the revenue is chiefly owing to the reduction of land taxes and the abolition of numerous stamp duties.

The national liabilities are about $350,000,000, of which $13,000,000 is foreign debt. Of the balance, $219,000,000 are bonds given in exchange for pensions to nobles and gentry, which pensions were formerly interminable, whereas the bonds expire within 30 years. The remainder is paper money, circulating or presently to be circulated.

The finance minister receives universal congratulation for his success in providing for the difficult year.

The annual report of the postmaster general shows great progress in his department. The revenue for the last fiscal year was about $700,000, $100,000 more than the previous year. The expenses were about $800,000. The excess of expenditure is lessening each year. The postal service is now perfected throughout the empire and extended to all ports in China. Postal savings banks and money order bureaux are in general use. The abolition of foreign postal agencies, desired by all nationalities, is opposed by the British minister alone, who regards it as part of a political scheme to hold Japan in restraint.

An extraordinary rumor has been received from China, that Mori, Japanese minister, formerly charge d'affairs in Washington, has been assassinated by a mob. There is no telegraphic communication with Pekin, therefore the report cannot be investigated promptly.

Two new foreign weeklies have been established this year, both English, one in Yokohama, called the Japan Times, the other in Nagasaki, called the Kiushu Times. Japan now has eleven foreign journals—nine English, one American and one French.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 30.—The Agence Russe, contradicting the report mentioned by Sir Stafford Northcote, in his last speech, says the question of appointing a foreign prince to rule Bulgaria is not even mentioned in the peace conditions, which only speaks of a Christian governor.

A telegram from Vienna confirms the report that Austria has addressed a note to Russia, resolutely upholding the interests of Austria and Europe. The note already forms the subject of diplomatic comments.

The Globe alleges, on the authority of Russian newspapers, that typhus prevails among the Russian troops in the Caucasus and Armenia to such an extent that it might be called a plague.

The Vienna Presse says Servia demands, as the conditions of peace, all of old Servia except that part comprised in Bosnia; 150,000 Turkish pounds of war indemnity, and the immediate appointment of a special commission to examine the respective claims of Roumania and Servia to the Pashalic of Widdin.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class," by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the renewed competition by the best makers, before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so this is will be easy for many makers to advertise that they have received "first medals."

The differences in connection, articulation, and their comparative excellences, are recognized in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Harmoniums shows instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Smoothness and equal distribution of force, range of expression, promptness and singing quality, adaptation to the action of the large dried bellows, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned this rank. This strength was not expected, but the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competition in America, these having been secondary or exceptional in Europe on competition. They were awarded highest honors and

FIRST MEDALS

PARIS, 1867; VIENNA 1873; SANTIAGO, 1875

PHILADELPHIA, 1876;

and have thus been awarded highest honors at

Every World's Exposition!

at which they have been exhibited; being the Only American Organs which have ever obtained ANY Award at any competition with best European makers, or at any European World's Exposition!

Organs sold for cash or on installments, or rented until rent pays. Every Organ warranted to give entire satisfaction in every respect, or THE MONEY REFUNDED. ILLUSTRATED CATALOGUES sent free.
