MINING, BUSINESS AND STOCKS

BUSINESS STAYS FAIRLY LIVELY

Stocks Firm in Face of Unsatisfactory Conditions Prevalent Outside.

TINTICS STILL FAVORITES.

Consolidation of May Day and Uncle Sam, Being Closed Today, Creates Good Impression.

Business appears to be fairly good in the local mining stock exchange despite the feeling of depression on the outside. The brace is the excellent condition in which Utah's mines are now in. Were it not for the good work going on in the various camps about the state there would be little doing as a combination of circumstanceshas made the stock game none too popular. Nevada stocks are suffering from some strange, mysterious cause, the good ones being down with the unproved offerings; the east has not forgotten the recent flurry and spring is here. While the poets sing of spring, etc., brokers prepare for a long, dull season. Yet in face of all this the local market is fairly lively and Utah offerings remain firm. The two calls this morning for instance saw 17,800 shares transferred, representing $14,651. The Atlas and Tintics are in the limelight, where they were at the close of last week. May Day sold today for 31½, 31 and 30½; 1,000 moving at the first price, buyer 30; 500 at the second price and 500 at the third figure. Uncle Sam sold at 68 and 69. A meeting is being held in the Uncle Sam offices today to ratify the consolidation arrangement which will join the May Day and Uncle Sam. This merger is satisfactory to the stockholders and from the way the two stocks held firm, it is evidently in favor to those who are in the market.

South Columbus Con. passed at $2 but closed at $2.05, 1,700 shares changing hands. Wabash continues to keep in evidence, 100 shares going at 30 this morning. The forenoon totals sales and closing quotations follow:

RICH ORE FOUND.

Ogden-Buckhorn Company Exhibits Rock Going Away up in Copper.

(Special to the "News.")

Ogden, June 3.—The Ogden Buckhorn Mining company of Ogden, which is doing some extensive work on properties in Ogden canyon, has placed on exhibition in a local jeweler's show window some very fine ore taken from the shaft. The ore in the rock is 30½ per cent copper, valued at $148 per ton in copper alone and it shows also a small percentage of silver and gold. The company is spending a great deal of money in developing the property, but is more than pleased with the showing made. To have such rich mining property within three miles of the center of Ogden, means much for the city.

HECLA HAS GOOD CARBONATE VEIN

Find Made in Tunnel—Greater Width Expected as Development Progresses.

EASTERNERS VISIT MINE.

Kansans Are Surprised at What They See—May Get in With Local Mine Makers.

J. M. Reynolds returned from the Bradshaw district in Beaver county this morning with F. O. Davis and C. U. Heuser in tow. Messrs. Davis and Heuser are prominent contractors of Hutchinson, Kansas, who are visiting Utah at the earnest solicitation of Ernest Drake. Both were more than pleased with what they saw; especially with the showings in the Hecla. This is the property which Mr. Reynolds and associates are proving up. As a result of their trip the Kansans will probably do some business, but are not ready just yet to make any predictions or pr promises.

Manager Reynolds reports the Hecla's showing improving steadily. Thirty tons of ore are on the dump ready for shipping. This would have been shipped before, but haulers could not be obtained.

In a stope in the Hecla's tunnel a vein of lead carbonate has been uncovered. This is a foot and a half wide, carries values in gold, silver and lead, and indications point to greater width with additional development. Manager Reynolds has been in the mining game a long while and does not enthuse unless there is some call for it so when he reports a good find there need be no doubt of it being a good find, and most times a little better. Work is progressing in good shape, and while the Hecla is one of Beaver county's prospects yet, it promises to more than reward its owners for their confidence.

DAKOTANS IN PARK.

Easterners to Develop Promising Ground Adjoining American Flag.

L. J. Walker and D. D. Baldwin, two moneyed men of Carthage, South Dakota, were in camp the first of the week in the interests of an incorporation to be known as the South Dakota Mining company, which will prospect and develop the five claims adjoining the American Flag property, which were located by John R. Funk of this city, who is heavily interested in the new incorporation. The officers of the new concern are L. J. Walker, president; John R. Funk, vice president; E. P. Patten, secretary; D. D. Baldwin, treasurer, and the office of the company will be in Carthage, S. D. The incorporation is for 300,000 shares of the par value of $1.00 each. There will be kept in the treasury 100,000 shares of stock. The ground has been surveyed and application for patent will be made. The first of the claims which adjoin the north end lines of the Flag property was located by Mr. Funk in 1888 and adjoined to thereafter. A tunnel 200 fett long and some surface work shows on the ground. It is the intention of the new company to sink on the property, work to be commenced within two months. The ground of the new company is certainly very desirably located and development work will doubtless prove it up big. The first thousand shares of stock are to be sold at 10 cents, the remainder at 25.—Park City Record.

COPPER ITEMS.

The following copper items were received by James A. Pollock & Co.: Boston writes: London—The foreign visible copper supply on June 1, 1907, was 10,374 tons, a decrease of 1,229 tons within the past two weeks. New York writes: All grades of copper today were reduced ¼ cent in the asking price, making Lake 24@25¾, Electrolytic, 23@23½, Castings, 22@22¼.

CONCENTRATES.

The Secret Mining and Milling company will hold its annual meeting next Saturday. This was decided upon at a meeting held in the company offices, 315, D. F. Walker building last Saturday evening. Officers will be elected; reports read and future development discussed at the coming gathering. The property is in Alta.

Fred Peterson, E. Linkel, W. H. Hurd, W. P. Read, E. A. Wedgewood and Claude Erskine are suing the Lyon Mining company through M. T. Lyon, as president, C. L. West, secretary; and M. H. Knebel and F. C. Robinson, directors for an accounting of its affairs. The trouble arose over a one-cent assessment.

The Grand Victor of Nevada Mining company was incorporated by articles filed with the county clerk Saturday. This company will also do business in Lander county, Nevada, where it owns several claims in the Bullion mining district. The capital stock is $1,000,000, in dollar shares, of which 400,000 shares are treasury stock. The officers are: John T. Hodson, president; J. A. Cunningham, vice president; W. S. Crismon, secretary; H. P. Clark, treasurer, and these, with W. H. Dickson, W. J. Craig, T. R. Jones and Solon Spiro, are the directors.

MERGER SHAPING UP.

The Uncle Sam Meeting adjourned today after the stockholders had agreed unanimously to accept the terms of consolidation proposed for the Sam-May Day merger. The Sam will take 400,000 shares of May Day stock in exchange for its claims. This stock is to be withheld from sale, making the Uncle Sam, the holding company. The May Day will hold its ratification meeting this afternoon and then the formal portion of the merger proceedings will be concluded.

NEW CORPORATIONS.

Among the new companies that have filed their articles of incorporation with the county clerk are the following:

The Florence Gold, Silver and Copper Mining company, with a capital stock of $125,000, divided into shares of the par value of 25 cents each. F. L. Parker is president; L. G. Skliris, vice president; S. L. Billings, secretary and treasurer. The company owns the Florence group of four claims located in Beaver county.

Windsor & Co., of this city, with a capital stock of $50,000, divided into shares of the par value of $1 each. H. B. Windsor is president; W. G. Tuttle, vice president; V. S. Anderson, secretary and treasurer. The company will engage in a general insurance, real estate and brokerage business.

The Bullion Transportation company of this city, capitalized at $25,000, divided into shares of the par value of $10 ach. P. B. Locker is president; George Rust, vice president; John Janney, secretary; N. B. Robertson, treasurer. The company will construct and operate a road for the transportation of ores and other freight and also passengers from Beowawe to Tenoba and Lander, Lander county, Nev.

The Anderson-Callister Investment company of this city, with a capital stock of $20,000, divided into shares of the par value of $100 each. E. H. Callister is president; William Spry, vice president; W. D. Callister, secretary and treasurer. These, with Jas. H. Anderson and T. A. Callister, constitute the board of directors. The company will engage in a general investment business.

MILL MEN'S STRIKE.

They Assert That it is Not a Question Of Wages.

The committee representing the local Mill Men's union, No. 725, assert that the wage question does not enter into the controversy. It is stated that the men refused to work with non-union men on and after June 1.

The Taylor-Armstrong company's employes are composed of both classes, and it is said today that all the union men are out of that institution.

A similar condition exists in the Salt Lake Mill and Building company, and there five men are on strike. Matthew Noall company employs none but non-union men, or at least their men all belong to that class, and they are working without interruption. All the other shops in the city are composed of union employes, and they, too, are being conducted as usual.

ANNAPOLIS GRADUATES.

Midshipman Reuben R. Smith of Salt Lake City on List.

(Special to the "News.")

Annapolis, Md., June 3.—The relative merit standing of the midshipmen who will graduate from the naval academy on Thursday has been decided by final examinations. There are 78 in the class, Reuben R. Smith, Salt Lake City, graduates as No. 25.

POSTOFFICE BREAKS RECORD.

The business of the Salt Lake postoffice for May was the largest in the history of the office for this month. The proceeds from the sale of stamps were $17,907.60; for cards, $520; for envelopes, $6,655.04; total, $25,082.64. For 1906, the corresponding figures are, stamps, $15,076.10; cards, $450; envelopes, $3,687.80; total, $19,213.90. Increase, $5,868.74, or 30½ per cent.

SHARP BREAK IN PRICES OF STOCKS

Pacifics and Copper Industrials Suffered Losses of About Three Points.

EVERYTHING UNFAVORABLE.

Second Hour Was Worse Than First And Efforts to Support With Buying Orders Met With Small Success.

New York, June 3.—There was a sharp break in prices of stocks in the early dealings today which was particularly severe in the Pacific railroads and the copper industrials. These stocks suffered losses of between 2 and 3 points and sold at lower prices than in the break of a week ago. The discouraged tone of public utterances by the head of the Harriman system, unseasonable weather for crops and business, intimations of contraction in various branches of industry, lower prices for copper and additional exports of gold combined to affect the market unfavorably. Smelting ran off 2½, Reading 2⅜, Union Pacific 1⅝, Amalgamated Copper 1¼, Northern Pacific, Great Northern preferred, Canadian Pacific, Atchison and Southern Pacific a point, and Pennsylvania, New York Central, Anaconda and Colorado Fuel large fractions.

After the first violent decline some endeavor was made to support prices and Reading and Smelting rallied 1¼. The recovery, however, in other stocks was small and liquidation was resumed. Large blocks of all the active stocks were thrown upon the market and a few of the leaders established losses of a point or more. Union Pacific lost 2⅝, North American 2⅝, Northwestern and Amalgamated Copper 2¼, Great Northern prefered and Southern Pacific 2½, and Atchison and Anaconda 2. Liquidation diminished for a time but there were no substantial rallies and prices fell back again before the end of the hour. Additional gold exports were an unfavorable influence. Wells-Fargo sold at an advance of 50 points and Adams 5.

Stocks sold lower during the second hour than during the first. Offerings were not very large, but the buying was too feeble to check the declines. Union Pacific fell an extreme 3¼, Southern Pacific 2⅞, Amalgamated Copper 2⅝, Northern Pacific 2, Canadian Pacific 1¾ and Pennsylvania 1⅝.

Bonds were heavy.

The market closed steady but very dull. There was general covering by shorts in the final hour, causing rallies of 2 in Union Pacific, Great Northern preferred and Reading and between 1 and 2 in the other Pacifics and Copper. The local tractions broke violently, Metropolitan Street Railway dropping 8.

PRODUCE.

CHICAGO.

Chicago, June 3.—The wheat market today opened easier on scattered selling and a slack demand. All offerings, however, were taken at the lower prices. It was believed that the weather conditions throughout the west and northwest would improve and this had some effect in softening the market. July opened ⅝ to ¾ cent lower at 96⅝ to 97, and sold at 97¼. September opened ⅝ to ⅞ cent lower at 98⅝ and sold at 99⅝.

Corn opened easier because of fine weather throughout the corn belt and lower cables. The demand was fair and absorbed the offerings. July corn opened ¼ cent lower at 53⅝ and sold at 53⅞.

Oats opened a shade easier on reports of damage by the greenbug from Illinois. The demand was good, however, and all offerings were promptly picked up upon the decline. July oats opened ⅛ cent lower at 48⅞ and sold at 49.

Provisions were fairly steady, with the exception of lard, which broke on selling based upon the monthly report of Saturday, which showed that local stocks had more than doubled during May. July pork opened unchanged at 16.20; lard was down 7½@10 cents at 9.07½ to 9.10, and ribs were 5 cents lower at 8.72½.

Close: Wheat—July, 97½@97¾; Sept., 99⅝ @99½.
Corn—July, 53⅝@54; Sept., 53⅞@54.
Oats—July, 49⅝; Sept., 39⅛.

WIFE BEATER ARRESTED.

Drunken Swede Miner Creates Disturbance on Second and O Streets.

Charles Hansen, a Swedish miner, was arrested yesterday morning, at O and Second avenue for being drunk and creating a disturbance. His wife is a domestic in a family there, and according to her statement he has been in the habit of beating her whenever he got drunk. Hansen demanded of his wife that she come with him yesterday, and when she refused, he knocked her down, making her nose bleed. The unfortunate woman sought refuge in a neighbor's house, where Hansen tried to beat the door down in order to reach his wife, and threatened the people there with bodily harm. The police were 'phoned for, and but for the timely arrival of the patrol wagon, there is no telling what damage the drunken miner might have done. Mrs. Hansen said she had had six years of just such treatment, and was advised that the best thing she would do would be to get a divorce. Hansen's case is up this afternoon before the police court. He is said to be a graduate of Michigan university.
