Got an Idaho Mail Contract.

Boise Statesman: H. H. Beggs, agent for W. E. Travis of Salt Lake, who recently received the contract for carrying the mail from Boise to Quartzburg and intermediate points, is at the Overland. Mr. Beggs states that the service between here and Quartzburg will be under the immediate supervision of Mr. Travis, whose headquarters are at Salt Lake and who has a large number of mail contracts in the Western states. While the new contract does not take effect until next July, Mr. Beggs is now looking over the ground to determine the requirements of the service. He says they expect to put on a 4-horse team between Boise and Idaho City and will thoroughly equip the line for mail and passenger service.

SCHOOL BOARD MATTERS.

Washington Memorial Collection to be Taken Up Among the Children on February 22.

At the meeting of the board of education last night permission was given to take up a collection in the public schools on Feb. 22 for the George Washington Memorial association. The proposition required the alteration of a rigid rule of school government, as heretofore collections and announcements of all kinds have been strictly prohibited.

President Baldwin and Mr. Glasgow were absent. The members who hadered and voted for the collection were Cotton, Young, Nesbett, Burton and Wilson. Those who opposed and voted against the resolution were Goodwin, Mayo and Newman.

The board was petitioned on behalf of the Memorial association by Antoinette B. Rooney and Margaret A. Dyer. The former said:

Soliciting gratuitous contributions from the pupils ranging from one to twenty-five cents each. They further asked that the collections be under the supervision of Superintendent Allen-bough. Mrs. C. E. Allen outlined the work in hand and sited the history of the impost of $25,000 by the George Washington for the funding of a national university which would avoid the necessity of the American youth going abroad for the finishing touches to education. The bequest disappeared and the matter was forgotten for fifty years. Since then repeated efforts to get Congress to carry out the intention of Washington had failed, and finally the Memorial association had taken up the work under the direction of ex-Gov. Pillsbury of Montana. A committee of 100 including the presidents of nearly all the colleges in America, had been appointed, and all the great woman's organizations in the country had taken an active interest in the plan. In Ohio, Mrs. Calvin S. Hayes was at the head of the work, and Mrs. Phebe Hearst was the president for California. These two women were equal to furnish the funds for the memorial building, but the idea was far upon of asking the school children of the country to give their mites, and to file the names of the donors in the archives of the institution.

The committee on buildings and grounds submitted the following resolution, which was adopted:

That the committee on buildings and grounds be authorized to notify the lessees of the Clayton and Richards building that a reduction in the monthly rental of said buildings must be made immediately and if no reduction is offered that the committee on buildings and grounds be instructed to investigate with a view to securing new quarters for the accommodation of the high school and report their action to the board.

About one hundred and fifty of the Hamilton school met in the following communication which was referred to the committee on teachers and school work.

"We respectfully represent to your honorable body, that in our opinion the present hours for opening and closing schools are not so advantageous and beneficial to the progress and health of the pupils as the hours which formerly obtained for the following reasons:

"First—The pupils gather at the school house at the time that the morning session previously opened i. e., 8 o'clock, indicating that the earlier hour is the proper one for the pupils, and also that it is suited to the convenience of the majority of the families of the school district.

"Second—The pupils waste in play the best half hour of the day and exhaust the energies which should be utilized for study.

"Third—The afternoon hour for closing is, in these shortened days, too late to allow the pupils the out-door exercise necessary for the preservation of health and the accumulation of energy.

"Fourth—There are quite a number of pupils in attendance at the Hamilton who depend daily upon the 'Pentelitary' car to carry them to their homes. The present hour of closing 2:30 o'clock, necessitates either that these pupils be allowed to leave the school room five minutes earlier than the fixed hour, causing confusion to the room and loss of time to all, or they must wait about after dismissal for one hour.

"We asked that the hours for opening in the morning and for closing in the afternoon be fixed at 8 a. m. and 2:30 p. m.

General Superintendent Murray of Rocky Mountain Bell Telephone company, submitted a proposition for placing telephones in twenty-six schools. Four telephones, he said, can be grouped on each pair of wires and not interfere with each other in the ringing. The company offered the rate of $20 per annum for each instrument. The arrangement would be to have a switchboard in the superintendent's office with instruments from it to the school houses in groups of four. There would be one trunk line between the local switch-board and the central office, and a telephone on the wall of the superintendent's office for which the rate of $36 would be charged. Committee on buildings and grounds.

The clerk reported the receipt of $125.00 from the sale of text-books during the month of January. The committee on teachers and school work reported the receipt of $100 for tuition of non-resident pupils.

Treasurer Hayner's report for the month of January showed:

Amount on hand January 1st	$ 87,246.22
Received from Jos. Chipman, treasurer, State fund	28,432.22
From school bonds	11.40
From R. H. Peters, county treasurer, city tax	25,818.66
Total	$141,508.50
Paid warrants	28,336.23
Balance	$ 86,749.27

The sum of $29,844.18 was appropriated to payment of divers demands, including $20,000 for the two-mills tax for January and $1,152.56 for janitor's payroll.

Applications to teach were received from Margaret Foster, Washington, D. C.; Janet H. Nomp, Winona, Minn.; Mertie E. Christensen, Lincoln, Neb.; Sidney Deaner, Jonesboro, Ark.; Lydia A. McGeorge, Jennie E. Hodgson, Jonesboro, Ark.; Anna M. Ford, Ann Arbor, Mich. Committee on teachers and school work.

On recommendation of the committee on teachers and school work the superintendent of schools was authorized to have printed the necessary forms of school blanks for the use of teachers in monthly and quarterly reports to parents and principals for the second half year.

Priesthood Meeting.

The regular monthly meeting of the Priesthood of the Salt Lake Stake of Zion will convene in the Assembly Hall on Saturday, February 5, at 11 a. m. The Bishops who have not as yet sent in the statistical report of their wards for the year ending December 31, 1897, are respectfully requested to bring and report with them to the meeting. The new books for making out the ward reports, and furnished all the Bishops at the last Priesthood meeting, can be made complete and correct in a few minutes.

JAMES H. STRIDING, Clerk of Stake.

Grand Six Days' Sale —OF— Muslin Underwear

The Underwear Event of the season far surpassing all former years. We will show thousands of dollars worth of the most exquisite Ladies' Lingerie ever placed before the Salt Lake people. Our Underwear sales have become famous throughout this city and state—because of the immense stocks shown, the excellent qualities carried and the incomparable Low Prices asked. Attend this great sale and your greatest expectations will be realized. We are showing these four lines and a vast assortment of finer qualities at equally low prices.
