SEMI-ANNUAL CONFERENCE.

[CONTINUED FROM PAGE 585.]

the Holy Priesthood, were sent forth, the people knew the voice of the true shepherds, and obeyed it. Many of the ancient prophets appeared to and revealed the keys of their priesthood to Joseph Smith, to introduce the dispensation of the fulness of times, that God's people might be gathered in one. All the officers in the church and kingdom of God were entirely unknown by the religious world, until God revealed them through Joseph Smith. God could not build up his kingdom without an organization of willing subjects, yielding themselves to his government. Angels could communicate with such a people, and God could accomplish his purposes. Our marital relations were not confined to time, but were eternal in all their relationships, indissoluble, and would endure forever in this light. We so regarded them, and should never give them up. This was an earthly as well as a heavenly government, for this work never could have been accomplished thus far, unaided by the power and wisdom of God. He strongly denounced the evils in the community, especially those of Sabbath breaking, lying and swearing. This was a burning shame in the midst of the people, and would bring forth its terrible results among the offspring of those who indulged in them.

He exhorted to cease lying and every other sin, and keep the commandments of God, and Zion would soon arise and shine and the glory of God would rise upon her.

PRESIDENT B. YOUNG

addressed the Conference. He then adjourned the Conference until the 6th of April, 1876, at 10 o'clock a.m., in the New Tabernacle.

ELDER GEO. Q. CANNON

announced that the High Priests who desired to be re-baptized, would meet at the Endowment House at 8 o'clock on Thursday next. He then read the rules of the United Order.

The choir sang an anthem—

Comfort ye my people.

Benediction by Elder ERASTUS SNOW.

GEO. GODDARD,
Clerk of Conference.

THE CONFERENCE.

THE Conference, which closed on Sunday afternoon, was an unusually lengthy one, extending to five days. There was a large attendance all the week, which was increased to very large on Saturday and Sunday, there being no sitting room to spare in the body of the Tabernacle on Sunday afternoon and very little in the galleries. There was an excellent spirit in the Conference, and good instruction flowed copiously from the lips of the various speakers, who were more than ordinarily spirited in their remarks. The weather was superb, being uncommonly fine and quite warm every day of the conference. A finer time for Conference could hardly be, and one equally fine seldom occurs.

BY TELEGRAPH.

AMERICAN.

James T. Gardiner, chief geographer of the geological and geographic survey of the territories of the U. S., has, with his staff, established his headquarters here for the winter.

OTTAWA, Ont., 11.—The judges of the Supreme Court of Canada, as announced in the *Official Gazette*, are Chief Justice W. B. Richards, Puisne Judges S. H. Strong, from Ontario. J. T. Toschereau, from Quebec, T. Fourerier, from Quebec, W. A. Henry, from Nova Scotia, and Wm. J. Ritchie, from new Brunswick; Robt. Cassels, of Ottawa, is appointed registrar of the court.

FOREIGN.

LONDON, 9.—A dispatch from Montevideo announces that martial law has been proclaimed there.

The *Pall Mall Gazette* has a special from Berlin with the following—"It is now proposed, in the execution of the proposed reforms, that the administration of the disaffected provinces be entrusted to a governor general enjoying the confidence of the Christian subjects of the Sublime Porte. The proposal seems likely to succeed, though it is not at all likely that the great powers will guarantee the reforms, though the insurgents still insist on it. The consuls at Mostar are negotiating and endeavoring to pacify the insurgents through the medium of the clergy."

A Mostar dispatch says the consuls consider that unless Turkey determines on radical reforms in every department of Herzegovina, the latter will be lost to her.

The following are the particulars in regard to the differences between Holland and Venezuela, which asked to be indemnified for the expenses of suppressing a recent revolt, which, as was alleged, was to aid the inhabitants of Curacoa: Holland refused to enter into negotiations till Venezuela restored the Dutch ship *Midas* and agreed to open her ports to Dutch commerce; she agreed to restore the *Midas*, but desired the withdrawal, by Holland, of the second condition. Holland not agreeing to this in three days, diplomatic relations were ruptured. The Dutch representative at Carracas has retired.

ROME, 9.—Cardinal McCloskey, who is about to depart for America, bade farewell to day to the Pope and Cardinal Antonelli, with much emotion.

PARIS, 9.—M. Dezanneau, one of the deputies in the Assembly from the Loire Inferieure is dead.

THE HAGUE, 9.—The diplomatic relations between this country and Venezuela have been broken off, because Holland refused to indemnify the latter for alleged intervention, by Dutch subjects, at Curacca, in Venezuelan internal affairs.

CALCUTTA, 9.—It is confidently stated that General Sir Frederick P. Haines, commander of the troops in the government of Madras, will succeed Lord Napier, of Magdala, as commander-in-chief.

MADRID, 9.—Owing to the activity of the Carlists in enrolling troops and fortifying Somorrostrio, it is suspected that they contemplate another attack on Bilboa.

SHANGHAE, 11.—An edict has appeared in the *Gazette* at Pekin, enjoining proper treatment of foreigners; the important points that the English minister demands, however, including the punishment of the Margaray murderers, are still in abeyance, and prospects now are not so favorable for an ultimate settlement.

LONDON, 10.—Recent rains have swollen the rivers and streams and caused disastrous inundations in Leicestershire and Warwickshire; the destruction of property is very heavy, and some lives are reported lost. Railroad bridges are damaged and traffic generally is suspended.

According to a dispatch of the Press Association, it is reported in Portsmouth that all her majesty's ships in Japanese ports have been ordered to China.

The formation of a new ministry in Servia is confirmed.

MADRID, 10.—The *Imparcial* states that the government, in reply to the communications of the Vatican, declare that they will respect the Concordat except where it interferes with the internal affairs of Spain. The government, while admitting that the Concordat has been violated, must accept accomplished facts and maintain toleration.

A thousand troops embarked today at Cadiz, for Cuba; fifteen hundred more sail on Wednesday next.

RIO JANEIRO, 10.—The session of the Brazilian parliament was closed by the emperor, who, in his speech, declared that the relations of Brazil with foreign powers were satisfactory, and the amnesty granted to bishops would restore harmony with the Holy See.

LONDON, 11.—The English steamer *Biscay*, belonging to Newcastle, was stranded off Jutland, while on the voyage from Cronstadt to Bremerhaven; eleven persons were drowned. The *Biscay* was an iron steamer, built in 1872, and was owned in London.

The *Daily Telegraph* has a special, stating that Servia and Turkey have mutually agreed to withdraw troops from the frontier.

The Prince of Wales departs from London, on his visit to India, this evening. He will be accompanied as far as Calais by the Princess Alexandra.

Jno. Sergia Gallatta, a merchant of this city, has failed; liabilities $750,000.
