

STERLING YOUNG MAN PASSES AWAY

George Albert Lyman Goes to Rest After Long and Hard Fight for Life.

WILL BE BURIED IN TOOELE.

Went There to Live With His Parents While a Child and Grew to Manhood in That Place.

Relatives and friends of the Lyman family all over the west will learn with regret of the demise of one of its members this morning. Ten weeks ago today, George Albert Lyman, son of President Francis M. and Clara C. Callister Lyman, heroically submitted to a trying ordeal, in the form of an operation of exploration, as the doctors termed it, so that it might be determined with what ailment he was afflicted.

GEORGE ALBERT LYMAN, A Young and Prominent Man Who Died at the Hospital Today.

Trouble was diagnosed as cancer of the stomach. The operation proved the diagnosis to be correct, and it was quickly discovered that the terrible malady was present in the form of a malignant growth, so wide-spread that to attempt was made to remove it. The surgeons said, recovery was impossible, and that the only thing that could be done was to relieve his pain and make him comfortable for the remainder of his brief sojourn in mortality. This was done day and night from the time that the nature of his affliction was made known until death came to his rescue at 4 o'clock this morning. Loving hands of wife and sisters and angels of mercy in the form of gentle nurses ministered constantly to his wants, while father, brothers and physicians also cheered and cared for him in the last days of his life.

The deceased was born in Fillmore, Feb. 14, 1873, and was therefore 33 years old. He leaves a wife and three children, one girl and two boys. The widow, before her marriage, was Miss Mae King, daughter of Volney King, at one time a resident of Pangulitch, Utah, but who now lives in the Big Horn country, Wyoming. When but five years of age Elder Lyman removed with his parents to Tooele, and there he grew to manhood. He went from the employ of the Z. C. M. L. to fill a mission in the Southern States for three years, beginning in 1897, his labors in the mission field were very successful and during the last two years of his labors he baptized 9 people. The last year of his work in the south was spent as a counselor to President Ben R. Hich. He was an able and eloquent exponent of the faith, magnetic and intellectual, and divided the distinction, with President Platte D. Lyman, also deceased, of being "the most eloquent member of the Lyman family." He was many times referred to as a "natural missionary." On his return,

TOBACCO KILLS

There's nothing in that can be said in favor of the tobacco habit. It's expensive, filthy, injurious to health, a deadly poison, the thousands of deaths from tobacco heart, tobacco cancer, from diseases of stomach, liver, kidneys, that had their start in tobacco poison.

Tobacco-Specific is a positive, absolute cure for the tobacco and cigarette habit. It is a vegetable remedy, and can be given secretly in food or drink. It is harmless, no reaction or bad effects, and people taking the treatment feel better.

For people who say "show me," we have a free sample treatment, which is sent to you. It costs forty cents—just this little free sample.

After using tobacco forty-five years, your free sample package of Tobacco-Specific cured me entirely. I feel very thankful to you for the remedy.

COMMITTEE MEETING.

That of Wool Growers Discussed Plans For Big Convention.

The executive committee of the National Woolgrowers' association met yesterday afternoon at the Commercial club to discuss plans for the coming convention and fat stock show. Manager Fisher Harris of the club pointed out the prospects and the needs. Several thousand are expected here to participate in the convention and the state and city will join hands to do credit to the occasion. Another meeting is being held today and a committee will be authorized to arrange the final details. The session of the convention will be held in Armory Hall and the Kenyon will probably be the headquarters of the delegates while in the city.

INES NOW BEING SHARPLY DRAWN

In Campaign for the School Election Next Month.

NON-PARTISAN MEETINGS.

Efforts to Block Kearns Political Machine—Rousing and Earnest Convention in 20th Ward Hall.

The lines on which the campaign for the coming school election will be fought out, are now being more or less sharply drawn. The entire "American" party ticket is in the field, on a platform aiming a direct blow at the participation of any Mormon in school affairs.

The attempt to keep the schools from being a part and parcel of the Kearns political machine, whose principal attribute is a lust for office at any cost, has resulted in non-partisan conventions in all the wards, except the First and Third, which have still to meet.

The citizens of Salt Lake, meeting in a non-partisan movement, have selected the following ticket so far:

First Precinct—A. E. Payne, Second Precinct—Thomas Jones, Third Precinct—Samuel M. Barlow, Fourth Precinct—William H. Tibbals, Fifth Precinct—Judge H. P. Henderson.

NON-PARTISAN TICKET.

The citizens of Salt Lake, meeting in a non-partisan movement, have selected the following ticket so far:

First Precinct—A. E. Payne, Second Precinct—Thomas Jones, Third Precinct—Samuel M. Barlow, Fourth Precinct—William H. Tibbals, Fifth Precinct—Judge H. P. Henderson.

TWO MORE CONVENTIONS.

The non-partisan mass meetings held last night were in the Second and Fourth wards, while the "Americans" met in every ward of the city.

The remaining two citizen mass meetings will be held, in the First precinct tonight, at the Second ward meeting-house, and in the Third precinct, Monday night at the High school building.

The "American" party in the First ward nominated Allen E. Payne, at a convention to which delegates only were permitted to vote. About 100 were present. Louis Berrett presided over the meeting, which was held in Judge Hancock's court room, and Geo. R. Hancock acted as secretary. Mr. Payne was nominated by acclamation on a speech made by Geo. M. Sullivan, followed by another from Mrs. E. Z. Shepard.

As a campaign committee Mr. Payne named C. J. Crabtree, chairman; A. G. Sawyer, Jr., secretary; H. S. Heath, John B. Maxwell, Geo. B. Hancock, Geo. M. Sullivan, and F. W. Oswald.

The chairman and secretary were instructed to petition the board of education to establish at least five polling places within the Second precinct.

SECOND WARD.

The "Americans" of the Second ward met in the Pullman hotel under the leadership of Thomas Homer, acting for Jos. Lippman, assistant barrel keeper for T. K. Theron Geddes was picked out for the nomination and it was handed to him by acclamation, without opposition.

GEDDES ACCEPTS.

In a letter of acceptance Mr. Geddes said that school matters had always

had much interest for him, and that if he was elected he would perform the duties without partisanship and without religious prejudice.

A campaign committee was selected, with T. S. Atkins as chairman, and P. R. Christensen, secretary. Henry Cartwright was chosen campaign manager, and a finance committee consisting of E. G. O. Dennell, B. F. Redmond, Thomas Homer, Ben Heywood, and Sharr Walker was chosen.

IN THE THIRD.

The Third ward "American" convention was held at the home of S. M. Barlow, and the host was honored with the nomination in recognition of his hospitality. F. M. Mathews was chairman, and C. O. Johnson was secretary. R. E. Sleater made the nominating speech, and as Mr. Barlow is a brother-in-law of Mayor Thompson, he could not well refuse the empty honor. He is now a member of the board of public works, and is fairly familiar with the latest methods of feeding at the public crib.

The Fourth, the "Americans" gathered at Knott's hall, 875 First street. A. J. Weber, late candidate for county attorney, was chairman of the gathering, and Harvey J. Jones was secretary. William H. Tibbals was the unanimous choice for the nomination.

NON-PARTISAN MEETINGS.

The non-partisan convention in the Second precinct was held at the Sixth ward meeting-house. A. J. Chasman of that precinct was chosen for nomination by acclamation, there being no opposition to him. J. H. Reece was chairman of the meeting and S. E. Haines secretary. A working committee of the following was chosen: Twelfth, J. E. Woolley; Thirteenth, F. E. Jenkins; Fourteenth, Alexander Buchanan; Fifteenth and Sixteenth, to be filled; Seventeenth, E. J. Eardley; Eighteenth, Dave Mart; Nineteenth, Mrs. Ella King; Twentieth, L. S. Baugartner; Twenty-first, H. J. Gulver; Twenty-second, to be filled; at large, Thomas W. Greene.

Finance Committee—George Smith, E. E. Jenkins, O. E. Bridwell, D. Rich, and J. J. Green. Thomas W. Greene was elected chairman, and will call the committee together at once.

AN EARNEST MEETING.

There was an earnest meeting of citizens in the Twentieth ward amusement hall last night in response to the call for a non-partisan school convention. John Clark was elected chairman, and John Q. Critchlow secretary of the meeting. Several names were placed in nomination as members of the board of education from the Fourth precinct. The first was that of Capt. M. Wedgwood, who was nominated by acclamation. Capt. Wedgwood, while in favor of the non-partisan idea in school affairs, confessed to a sympathy with the "American" party in part. Thereupon his nomination was withdrawn. Atty. W. A. Lee was placed in nomination. Secy. Critchlow was deputized to wait on him, but he could not be found. Mr. Critchlow and others, however, vouched for his being an opponent of the school affairs party administration in school affairs. He was then nominated by acclamation, and though he tried to decline, the meeting insisted on his taking the place. He finally accepted in a firm, but modest speech, announcing that he stood for a square deal in the schools, with efficiency as the only test, adding that he was elected (shouts of "You will be") he would show no favor to Republicans, Democrats, or "Americans," but treat all citizens alike. A big number of those present made subscriptions to aid the campaign.

The following committee was appointed to conduct the campaign and to fill any vacancy that might occur: Ashby Snow, Sidney B. Clawson, O. D. Romney, H. A. McMillan, Jas. Maxwell, Mr. Green, E. P. Brown, A. S. Highman, Nepht Schofield, and Mrs. C. Larson.

The following letter is so interesting and contains so much good hard sense about the coffee question, we publish it for our readers:

"I laughed at the idea that coffee injured me, notwithstanding the trembling hands, sallow, muddy complexion, the tired, listless feeling and aversion to mental or physical effort. Al-when my heart would palpitate so violently that it seemed each moment it would wear itself out and become forever still."

"When I married, my coffee days came to an end—my good wife refused to serve it to me, placing Postum on the table instead."

"I say to such, 'hell it! hell it! till it has a dark, rich color and then you will have a beverage that will win and hold you.' Name given by Postum Co., Battle Creek, Mich. Read the famous little book, 'The Road to Wellville,' in pkgs. 'There's a reason.'

L. M. SULLIVAN REACHES SALT LAKE

Principal Owner of a Big Trust Company at Goldfield Re-visits Boyhood Home.

BELIEVES IN ADVERTISING.

Says Salt Lake Has Great Future, But Goldfield is Good Enough for Him—Everybody Has Money.

There is perhaps no better known man in the state of Nevada than L. M. Sullivan, president of the L. M. Sullivan Trust company of Goldfield.

Mr. Sullivan passed through the city yesterday afternoon on route from his old home in Portland to the present field of action to the west. He was accompanied by Peter Grant, treasurer of the company whose former home was also in Portland.

The L. M. Sullivan Trust company is generally known as one of the strongest financial institutions of the kind in the west, and is directly responsible for the development of more properties and the successful flotation of more mines than any other company in the state. L. M. Sullivan is a manager of men and affairs. He knows men as he knows mines and the mistakes he makes in either are few and far between.

He is a great believer in newspaper advertising, and his bills for advertising alone run into the thousands. Thousands are merely so many ciphers to a concern like the Sullivan Trust company however, whose bills for telegraph service alone frequently run \$20,000 a month.

Mr. Sullivan possesses to an enormous degree the ability to draw into his service men of brains. This trait of disposition has been understood and appreciated for years, but it is men he has ever reached the development it has with Mr. Sullivan. It has made and unmade empires before him.

"Salt Lake is a great place," said Mr. Sullivan yesterday afternoon, "and I feel certain that it is destined to be a city of broad range importance. So thoroughly convinced of that have I become during the few hours since my arrival that I have decided to buy some real estate here and the deal or deals will, I hope, be closed previous to my return to Goldfield on Saturday."

Mr. Grant was just as favorably impressed with what was told him concerning the city and its prospects as was Mr. Sullivan and he regretted that his time would not allow him to stay over and become better acquainted. Regarding the controversy that the Sullivan Trust company has been having with the Union Securities company and certain interests identified with the Bullfinch Trust company, Mr. Grant frankly said:

"When we first took hold of the Bullfinch Trust company we were full of favorable reports from high-class engineers and the early development of the ground seemed to justify every prediction made for it. We spent a great deal of money on the property and sold considerable stock in the corporation. When it became evident that the values encountered were not holding out with depth and it looked as though the enterprise would result in failure, we took immediate steps to protect those of our clients who had invested their money in it, by offering them value received in any one of the other companies being handled by us. When another company undertook to deceive people with respect to the merits of the property, in justice to ourselves, Gov. John Sparks and the other reputable men who had been identified with the proposition, the Sullivan Trust company declared itself. We did not propose that the reputation of the Sullivan Trust company for fair and honest dealing, the men innocent of any identification with the Bullfinch should be unjustly assailed. That is all there is to the matter."
