AUTOMOBILE ACCIDENTS.

Little Boy Run Over and Elliot W. Kennedy Seriously Bruised.

M. I. A. STAKE CONFERENCE.

Karl Rolapp's Funeral on Sunday—Turner-Philpott Nuptials—Junction City News Briefs.

Ogden, Utah, May 18, 1905. Two quite serious automobile accidents occurred yesterday afternoon resulting in serious bruises to Elliot W. Kennedy the well known insurance man and a small boy whose name could not be learned.

Mr. Kennedy met with his accident shortly before 3 o'clock. In company with Ben Chadwick of Slateville, he was driving a spirited team eastward on Sixteenth street. When near Glenwood park, an automobile came towards them and one came behind them, traveling at rapid speed. As they came up they made considerable noise, frightening the horses, which became unmanageable and ran away. They hashed up the street for a short distance when the buggy collided with a pole in the road, throwing both men to the ground with considerable force. Mr. Kennedy was thrown against the Glenwood Park board fence, terribly bruising the left side of his face and cutting several gashes in his head. He was picked up and given medical attention. Mr. Chadwick escaped with only slight bruises. Mr. Kennedy declares the accident might have been avoided had the drivers of the autos been more careful and traveled at less speed. The team with the buggy continued on up the street for a considerable distance almost entirely demolishing the vehicle and harness. A suit for damages may be brought against the automobile drivers for careless driving.

The second accident occurred about 5:30 o'clock last evening when a little boy named Wheeler was ran over near the intersection of Washington and Twenty-fifth street by an automobile being run by R. T. Harris. The boy was crossing the street when Mr. Harris came along at a good clip, striking the boy, knocking him down and the wheels of the auto passed right over him. The quickness with which the accident occurred and the rubber tires being soft saved the boy from any injury excepting bruises and a cut on the head. He was picked up, but would not go to a doctor's office, and walked home.

The driving of automobiles along the streets at very high speed has been done a great deal recently, endangering the lives of people; many times serious accidents have been averted by citizens running out of the way. Unless more care is exercised by the owners of the machines in the future someone is bound to be killed by their recklessness.

USEFUL INVENTION.

Jesse Giles, of Fillmore, has received from the Provo Fundry & Machine company, for the use of his agents, 500 vertical swath dividers, invented and patented by Mr. Giles. GARDEN CITY NEWS NOTES.

The Postal Telegraph company expects soon to enter Provo for business. Its wire will be strung on the Telluride Power company's poles from Salt Lake.

Plaintiff in the case of W. M. Jarvis vs John B. Thomas has appealed from the decision of Justice Finch's court of Goshen, which was in favor of defendant, no cause of action. Plaintiff sued for $150 for the loss of a horse, while being pastured by defendant.

Mr. and Mrs. Olaf Pedersen and four children have arrived from Christiania, Norway, and will make their home here. Thirty years ago Mrs. Caroline Pederson of the First ward, her son C. A. Pederson, the grocer, and her daughter, now Mrs. Jacob Westfall, came to Utah, leaving her eldest son (Olof), who did not wish to accompany the family. He has now decided to join them, and it is needless to say the reunion was a happy one for the aged mother.

The remains of Grant, the nine-months-old son of S. Lowe of Sunshine, were brought here last evening for burial, which took place today.

A Payson boy by the name of Francom fired a 22-caliber rifle at some boys and men, yesterday, at Payson, and struck a man by the name of Amos. The ball was stopped in its course by a suspender buckle, and therefore did no further damage than to produce a large swelling on Mr. Amos' body. The boy will probably be sent to the Industrial school.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." GRADUATING EXERCISES

Of Utah County School—315 Graduate From Eighth Grade.

Special Correspondence.

Payson, Utah, May 16.—The graduating exercises of the public schools of Utah county were held here today in the pavilion.

A special train came over the D. & R. G. from the north this morning bearing over 300 graduates and visitors and those from nearby towns came in buggies. The pavilion was amply seated and the graduating classes grouped according to their respective districts. The exercises were held at 10 a. m. and 2 p. m., with County Supt. L. E. Eggertsen in charge. Each class was represented during the day by a number or members of their respective classes.

Mayor J. A. Loveless welcomed the visitors in an opening speech and during the day the graduates were addressed by State Supt. A. C. Nelson, President J. T. Kingsbury of the University of Utah, and President G. H. Brimhall of the B. Y. U.

The awarding of diplomas was conducted by Supt. Eggertsen, assisted by the various principals and teachers. A total of 315 were given certificates of graduation which is as large or possibly a larger number than ever before, each district having a good representation. A banquet was given the visitors in the Wightman hotel by the Payson graduating class and a baseball game between the north and south ends of the county came off in the afternoon, resulting in a victory for the north.

A ball in the evening concluded the ceremonies of the day, all of which were highly successful and entertaining.

GOLDEN WEDDING FESTIVAL

Fine Example of Energy and Determination—Missionary Farewell.

Special Correspondence.

Fairview, Sanpete Co., May 16.—Our little city has had a variety of festivals here of late. On the 6th inst. Warren P. Brady and wife, Rachel Cox Brady, celebrated their golden wedding. They are among the pioneer settlers of this town, coming here in the fall of 1859. They helped to locate this townsite, have resided here ever since, and are most repected citizens. Mr. Brady has a numerous posterity, which numbers 140, as follows: 15 children, 96 grandchildren, and 29 great grandchildren.

The guests at the wedding numbered hundreds, and some had come from Salt Lake, Utah and Emery counties, and Idaho. A very enjoyable time was had, and as both the groom and bride are active for their age, they both took part in the dance at night. One feature was particularly noticed, that the four living Brady brothers were all dancing in one set, two of them hold the office of Patriarch in the church. Many of the visiting relatives remained here about a week visiting among their folks.

HAPPY HOME-COMING.

On the 10th inst. the parents and relatives of Elder O. K. Hanson were made glad when he and family returned from the east. Elder Hansen has spent the last three years at a medical college in Missouri, where he was recently graduated, and received his diploma as D. D. S. He has the honor of being the first Fairview boy to receive a college education, although another one will follow in a few month.

Dr. Hansen's success is an object lesson to other young men, as it has been accomplished in the face of great difficulties through force of will and determination. In June, 1900, he returned from a two and one-half years' mission to the northern states, the latter part of which he presided over the Iowa conference. On his return he was considerably embarrassed financially, but being naturally industrious, he determinedly set to work, with the result stated, and is now prepared to settle down to a permanent vocation.

On the 10th inst. a farewell party was given in honor of Elder Fred Christensen, who is about to leave his family the fourth time to fill a mission. In 1865 he was first called to go, and settle the southern part of Dixie, where he remained till honorably released. Though 68 years of age he is now going to fill his third mission to Denmark, as a translator for the Star. Elder Christensen is a highly respected citizen of this ward, and leaves with the hearty good wishes of all his friends for a safe return.

Not a cent wanted, unless you are cured. If you are sick and ailing, take Hollister's Rocky Mountain Tea. A great blessing to the human family. Makes you well—keeps you well. 35 cents, Tea or Tablets. Ask your druggist.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by F. J. Hill Drug Co.

Cedar Fort, Utah Co., May 15.—The school at Cedar Fort closed May 12, after a very successful year's work. The prospects for crops this year are bright.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." KINGSTON.

MISSIONARY FAREWELL.

Horace E. Zabriskie Severely Hurt in a Mine—People's Store.

Special Correspondence.

Kingston, Piute Co., May 15.—Last Friday, while working in a mine just east of here, Horace E. Zabriskie was severely hurt while attempting to dig out a blast which failed to go off, the rocks shattered one wrist and tearing one side of his face. Not until today have they been able to get a doctor.

The first missionary that this ward has been able to furnish in some years is Elder R. Albern Allen, who left for the Eastern States mission last Monday. He was greatly surprised and pleased in the manner he was assisted by the people just before leaving, and the tendering of a farewell supper and ball by the ladies of the ward.

The rock store building, 23x45 feet, built by the people here, is nearing completion and we will be saved many a trip to our neighboring towns when the store starts up.

Louis A. Willis and family have left us and gone to Idaho.

SCROFULA A Disease We Inherit

The tainted blood of ancestors lays upon the shoulders of innocent offspring untold suffering by transmitting to them, through the blood, that blighting disease, Scrofula; for in nearly every instance the disease can be traced to some family blood trouble, or blood-kin marriage which is contrary to the laws of nature. Swelling, ulcerating glands of the neck, catarrh, weak eyes, sores, abscesses, skin eruptions, white swelling, hip disease and other deformities, with a wasting of the natural strength and vitality, are some of the ways this miserable disease manifests itself. The poison transmitted through the blood pollutes and weakens that health-sustaining fluid and in place of its nutritive qualities fills the circulation with scrofulous matter and tubercular deposits, often resulting in consumption. A disease which has been in the family blood for generations, perhaps, or at least since the birth of the sufferer, requires constitutional treatment. S. S. S. is the remedy best fitted for this. It cleanses the blood of all scrofulous and tuberculous poisons, makes it rich and pure and under the tonic effects of this great blood medicine the general health improves, the symptoms all pass away, there is a sure return to health, the disease is cured permanently while posterity is protected. Book on the blood and any advice wished, furnished by our physicians, without charge.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body. The disease next attacked the eyes and we feared she would lose her sight. It was then that we decided to try S. S. S. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.
