BUTTE PUPPY WINS COURSING EVENT

Inaugural Captured at State Fair Grounds by Horace E.

CULLEN STAKES TOMORROW.

Nothing Doing in Racing Line Today As it is an Open Date—Yesterday's Events.

The inaugural stakes for puppies in the big national coursing meet at the state fair grounds was finished last evening and was witnessed by a large crowd. The sport of coursing is drawing better each day and before the week ends additional hundreds will be made familiar with the sport.

The inaugural was captured last evening by a Butte puppy, Horace E., owned by G. Kent. In each round this canine won over his competitors and was all the time a favorite in the betting. The stake was worth $25 and the winner gets $6.

In the finals Horace E. and Day Dawn put up a pretty race. Both got away nicely and it was a case of neck and neck in the run up. Horace E. got the first turn and then put an end to the contest by a meritorious kill.

Although the dogs in yesterday's contests were better than those that participated in Monday's sport, there were less kills yesterday and more bunnies escaped. In the first six courses six rabbits found the escapes before the hounds could do them any harm. The rabbits are rapidly learning where the holes are and quickly take advantage of them. One rabbit ran nearly the entire length of the course, turned back and then got away. In another event a rabbit got a sulky streak and refused to run or be scared. In another event a husky hare outran the dogs and tired them to the extent that the owners took them from the field.

There will be nothing doing in the racing line today as it is an open date, but tomorrow afternoon comes the Cullen Hotel stakes preliminaries. The finals will be run on Saturday afternoon and a large crowd is expected to be on hand for the event.

The results yesterday were as follows:

SECOND ROUND.

NELSON AND GANS.

Many Bouts Being Arranged for by Coffroth.

Jimmy Coffroth has mapped out his winter season of boxing as follows:

Neil-Moran, Oct. 28.

Thomas-Sullivan (Mike), Nov. 10.

Gans vs winner of above fight, on Thanksgiving day.

"Jack Twin" Sullivan vs Jack Johnson, Dec. 16.

Winner of Frayne-Murphy go to meet Summers on Dec. 17.

Jimmy says: "Carpenters and roofers will be put to work immediately and within three weeks my arena will be covered with an iron roof. I will be ready to handle night shows on Oct. 21. I claim my arena is the best ever built to see a boxing contest. A roof will necessitate a row of poles, but these will be small and in no way obstruct the vision from the seats in the rear.

"I am very glad the boycott has been declared off on the street cars. The manager of the United railroads has promised for all fights a two-minute headway, and will line up as many cars as are necessary along Mission street to transport the fans home without delay."

Jimmy was asked who he would have for Gans on Thanksgiving day. His reply was that he hoped to match Ketchel with the colored wonder, but, failing in that, he would match the champion with some one else, propably Nelson, for 45 rounds.

Weak Hearts

Upon the heart action depends not only health, but life. Over-work, worry, great mental effort, sickness, or any unusual strain upon the nervous system, affects the heart, by increasing its labors. In this hustling age it is not surprising that one person in four has a weak heart. Dr. Miles' Heart Cure strengthens the heart nerves and muscles and restores healthy activity.

"I wrote the Miles Medical Co., asking advice as I was suffering with heart trouble and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side without suffering. They advised Dr. Miles' Heart Cure and Nervine, which I took with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it. I took about thirteen bottles of the two medicines and haven't been troubled one bit with my heart since. I recommend it to every one suffering as I did."
MRS. LILLIE THOMAS,
Upper Sandusky, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

LOCAL BOWLERS BEGIN SEASON OF GAMES.

From now on the various bowling alleys hereabouts will present lively scenes as the season has been started by the City league. The first games were played last evening between the Business Men and the Hanes' Colts, the latter taking three straight. Some good scores were made but evening, probably the best individual work being that of A. W. Smith, who made a score above the 200 mark. His total was 624 points, which is considered good for the first games of the season. This evening the Crystals and Z. C. M. I. teams will meet. The scores made last evening were as follows:

HANES' COLTS.

Reedall	148	180	198	526
Stayner	165	194	174	533

COLLEGE FOOTBALL IS A POPULAR SPORT.

According to Myron Townsend four kinds of football are played in the United States. College football, Gaelic soccer or association football, Rugby or English football, are the ones which engage the attention of Americans.

To call "college" football "Rugby" is a misnomer.

"Rugby" football is played in this country at the Universities of California and Stanford. It bears slight resemblance to college football.

Instead of putting the ball in play from a scrimmage, the English players start off with a "scum."

Locking their feet together and whirling round like flying Dervishes, they "heel" the ball out from a hollow circle.

Soccer football and Irish Gaelic football are closely allied.

In these games the players can use their feet only. Advancing the ball with the hands is foul.

In some of the western states where a game of "Rugby" has never been played, writers and spectators confound American football with the English college game.

On Soldiers' Field, Cambridge, Mass., I saw a game of "Rugby." President Eliot of Harvard was one of the spectators.

Among the American sportsmen present it aroused little interest. It is neither spectacular nor thrilling.

College football is the only fall game which is intense and exciting enough to suit the American people.

Neither cricket nor Rugby will ever be popular on this side of the big pond.

In their temperamental characteristics Americans differ from the British.

Cricket and Rugby are too slow.

Americans want more excitement, more action.

Broken bones and bloody noses are only interesting bits of by-play.

It's no fun for an American to see someone boot a ball about with his foot. It's too tame a sport.

Sons of Uncle Sam like the personal conflict, the bitter man-to-man struggle.

That accounts for the popularity of prizefighting.

College football is one of the most thrilling and exciting of sports.

It has all the elements of a great sport—an autumn sport which will hold the interest of Americans forever.

America does not have to import any games from England.

That's why football and baseball are so popular. They are American through and through.

Baseball was originated in this country.

College football was evolved from old English football.

It bears so little resemblance to the original British Rugby that the parent wouldn't recognize its child.

Good old American games are good enough for us. We can do without cricket and Rugby. They may please Englishmen, but they don't please us.

It's because in our sporting proclivities, we are quite unlike the peoples of the old world.

Baseball and college football will always be the favorite fall and summer sports, because Americans originated them, perfected them and "fathered" them.

AUTOMOBILE NOTES.

Some of the recent occurrences in track racing and the "investigations" ensuing, suggest that whitewash brushes should be made double ended, so that committees using them could themselves get the benet of their labors for their frinds.

Full-fledged automobilists, who have learned to recognize the new points of mechanism in cars, will find plenty to interest them at the national show in Madison Square Garden, New York, Nov. 2-9, when the makers of the licensed cars will exhibit. The engineers and designers of the licensed group, working co-operatively, besides having determined several principles of standardization, have worked out various points of excellence with regard to both materials and workmanship, and there will be many refinements show in engines and transmission that will appeal strongly to those able to appreciate.

While the modern motor car has reached a wonderful stage of development, it is still susceptible of much improvement and it will be ultimately the users loss if prices are forced downward before the final word in construction is said. With profits crowded to the narrowest margin, the makers will have no choice but to cling to the reproduction of their established patterns. Improvements will stop abruptly when the problem of the maker becomes not "how good," but "how cheap."

A new indictment filed against the automobile is that it is injuring the business of breeders of carriage dogs. The alternative seems to be for the fanciers to develop a new breed of canin with sufficient speed and staying power to race along with motor cars. The trouble is that an automobile dog to hold the race should be fashioned like a greyhound, while to run beneath the car, after the manner of the carriage dog, he should be built like a dachund.

R. B. Van Dyke, assistant to the vice president of the American Locomotive Automobile company, left New York a few days ago for a vacation trip of two weeks through the Catskills in his 40-horsepower Berliet. In his messages to New York, Mr. Van Dyke suggests that he is being beguiled into strenuous touring by the "go" of the car. On the day he left the city he made 84 miles before breakfast, which was eaten at Newburg, at 8 a. m. This, he admits, is ambitious for pleasure traveling, but he says that the car insures it. His run on the first day was to Stamford, N. Y., a distance of nearly 200 miles.

In four different states of the south and west, state bodies has been organized recently which will join forces with the American Automobile association. This will give the A. A. A. organization in 20 different states and make it a power for any purpose to which it turns its attention.

Coming at a time when track racing is up for investigation, the fatality at Morris Park, N. Y., recently, is apt to militate against those who favor this phase of sport. Should the A. A. A. decline to further sanction track contests, it will be a staggering blow to the promoters of them as well as to the managers of many county fairs.

A race in which a horse, a man and an automobile completed was run on a one-mile circular track at a recent county fair. The event was down on the program as a "one-mile, horse-man-auto handicap." The horse was given 220 yards, the man 440 yards, and the automobile, which looked as if it might have been antique when George B. Selden was a boy, started from the firing line. The automobile finished first, the horse being but a cylinder length behind, while the man was advertised for next morning in the "lost" column of the local paper.

VALUABLE YEARLING COLT.

Herman Duryea Pays $15,000 for Strike Out.

New York, Oct. 15.—Herman Duryea, the wealthy sportsman, has paid $15,000 for the yearling colt, Strike Out, by Griffin-Pilbardex, as the result of a fast trial by the horse at the Sheepshead Bay track last Sunday. The horse went a quarter in 22 2-5 seconds, and several horsemen who saw them trial among them Duryea, asked for a price on the colt. Mr. Duryea, secured the prize.

The colt was purchased by Fred Burlew in the yearling sales of the summer for $[illegible], and gives every promise of being one of the big prizes of the lottery of yearlings sales. His sire, Griffin, has hitherto not attained much prominence in the stud, but he was a good winner in England.

ON THE RACE TRACK.

Sixteen Additional Days Granted Latonia Jockey Club.

Lexington, Ky., Oct. 15.—The state racing commission today granted 16 days additional racing to the Latonia Jockey club, beginning tomorrow, until Nov. 2. These dates were surrendered Saturday by the new Louisville Jockey club, where the meeting was called off because of Sheriff Baill's notification that betting would not be allowed.

The commission in granting the dates, declares that "the association so licensed shall not recognize gambling during the race meeting."

This practically reduces the sport to the eastern system.

AT LATONIA.

Cincinnati, Oct. 15.—The regular fall meeting of the Latonia Jockey club ended today, but racing will continue for 16 days, filling in the dates allotted to Louisville. Results:

First race, six furlongs—Hannibal Bey won; Japanese second; No Quarter, third. Time—1:14 1-5.

Second race, five and a half furlongs—Louise K. won; Cluyne, second; Rebel Queen, third. Time—1:06 4-5.

Third race, one mile—Harting won; Hazel Patch, second; Beau Brummel, third. Time—1:39 3-5.

Fourth race, mile and one-sixteenth—Light Wood won; Lexoline, second; Old Honesty, third. Time—1:45 3-5.

Fifth race, six furlongs—Rustle won; Stanley Fay, second; Lady Martha, third. Time—1:14 3-5.

Sixth race, six furlongs—McCord won; Cutter, second; Fay, third. Time—1:13 3-5.

Seventh race, one mile—Miss Strom won; Belle Scott, second; Electorine, third. Time—1:41 1-5.

AT BELMONT.

New York, Oct. 15.—Belmont park results:

First race, one mile—Lad of Langdon won; Summer Cloud, second; Ramrod, third. Time—1:39.

Second race, steeplechase, about three miles—Jimmie Lane won; Islam, second; Dr. Keith, third. Time—6:14.

Third race, seven furlongs—Fultonville won; Monocle, second; Brother Jonathan, third. Time—1:27 2-5.

Fourth race, the Rancho del Paso, six furlongs—Uncle won; Falcada, second; Jim Guffney, third. Time—1:13.

Fifth race, seven furlongs—Danoscara won; Earl G., second; Don Enrique, third. Time—1:25 2-5.

Sixth race, mile and three-sixteenths—Tameson won; Cairngorm, second; Welborne, third. Time—1:58.

FIRST TRIAL TRIP.

Balloon Psyche Travels 100 Miles in Three Hours.

St. Louis, Oct. 15.—After traveling through the air a distance of almost 100 miles in 3 hours, 10 minutes, J. C. McCoy and Captain C. F. Chandler brought the balloon Psyche down to earth three miles north of Jacksonville, Ill., late this afternoon, ending the first trial trip taken by the aeronauts who are to contest in the international races to be held here Oct. 23. The route of the balloon was almost directly north of St. Louis and Mr. McCoy, who is to pilot the America, said he was well pleased with the performance of the Psyche and with the prospects for a long trip in the America, which is more than twice the size of the balloon used today. By Tuesday night, it is expected, all the contestants will have arrived. L. W. LeBlanc and E. W. Mix, who will handle one of the French entries, arrived tonight, as did two of the German teams, composed of Baron von Abercorn, H. Heidenan, Captain Brandt and Carl Erbslue.

The other French and German teams and Major H. B. Hersey are coming later in the week.

GEERS WINS AGAIN.

Lexington, Ky., Oct. 15.—Ed Geers, driving Jack Leyburn, this afternoon, took the Walnut Hall cup, worth $3,000, and the L. V. Harkness cup, taking the deciding heat in 2:08. Clay Lutus was second, Willbill, third. The Broodlet, fourth.

This is the fourth Walnut Hall cup captured by Geers.

BATTLER IN OGDEN.

Nelson Goes Through Junction City En Route to Red Lodge.

Battling Nelson, the lightweight fighter, passed through Ogden yesterday on his way to Red Lodge, Mont., where he is billed to give an exhibition in the "squared circle." The Durable Dane said he was feeling fine and expects to be kept busy for several months. Nelson admitted that he had discharged Billy Nolan as his manager, and has concluded that he can look after his own interests better than anyone else can. The Battler said he would like to come back to Utah for a fight if a suitable match can be made. He has not forgotten that he got his start in Salt Lake when he defeated Spider Welch at the Salt Palace.

Four Diseases That Wreck Men Cured

We have arranged a system of payment that will allow every man to take advantage of our services. You deposit your money either in small payments or in a lump sum, and it is not ours until after you receive a cure. We do not accept incurable cases, our prices are reasonable, our results are speedy and are lasting. No other specialist offers you what we do, for we have the only certain cure known for all curable cases.

NERVOUS DEBILITY

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back lame? Is your memory failing? Do you have difficulty in concentrating your thoughts? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain so. What you want is to be made strong and vigorous mentally, as nature intended.

WE CURE IT IN 30 TO 60 DAYS.

Quick results, lasting ones.

BLOOD POISON

May be either hereditary or contracted. The former causes eczema, rheumatic pains scrofula, etc. The latter begins with a small pimple, followed by sores in the mouth and throat, which have the appearance of white patches, spots or sores on the body, face or scalp, falling hair and eyebrows, and later on other terrible symptoms, such as paralysis, locomotor ataxia, cancerous growths, decayed bones and flesh.

WE OVERCOME IT IN 90 DAYS.

Symptoms disappear in 1 to 4 Weeks.

VARICOCELE

This is an enlarged condition of the veins (usually more noticeable on the left side), caused by lumps, bicycle riding, etc. In time it saps a man's physical and mental strength if neglected.

WE CURE IT IN 5 DAYS, by absorption, without pain.

OBSTRUCTION

of the Urethral passage causes a partial or complete closure of the canal due to the disease improperly treated, strains and the injudicious use of instruments, such as sounds.

WE CURE IT IN 15 DAYS, by absorption. No pain, no operation.
