ALL OVER THE WEST.

A Trainman Murdered in Cold Blood by a Tramp,

WHO IS SHOT DOWN BY A FELLOW BRAKEMAN.

Trade Troubles in Butte.—Wonderful Frog Shower Story.—Bright Prospects in Cassia County.

Butte Journal—At a meeting of the Trades and Labor assembly last Saturday night a committee was appointed to wait upon the city council and demand that travelling vags and other prisoners be not allowed to work on the streets. Their ostensible reason for this singular action is that some of the "professional" workingmen who run the organization are anxious for the job of cleaning the crossings and gutters, in order that people may see them at work, hoping thereby to gain a reputation as real workers, and thus retain their hold on the fat offices of the labor organizations.

S. F. Chronicle—John F. Sterling, who committed suicide by taking chloral hydrate on Thursday, came to this country from Missouri in 1849. He was a Methodist preacher by profession, but after his arrival on this coast he engaged in various pursuits. He was a passenger of the San Francisco *Herald* in 1856, when it was crushed by the vigilance committee, afterward became a teacher in the public schools and in 1857-58 taught a night school in the basement of St. Mary's cathedral. Then he obtained a position in the United States mint in the accounting department. Mr. Sterling was of Scotch descent, and, though a Southerner by birth, was an uncompromising Unionist and Republican. He was a man of great liberality and a profound scholar, and of late years had become a strong believer in spiritualism. He often gave way to fits of despondency and hinted of his great inclination to commit suicide, particularly when under the influence of drink, in which he occasionally indulged to excess.

Idaho Independent.—Another daring attempt to escape was made on Tuesday night by R. C. West. He burned a hole in the door of his cell in the court house but becoming scared extinguished the fire and was found next morning by Deputy Davis. He is now chained with fetters in the jail.

Burbank Press.—All settlers on unsurveyed lands in Idaho can now have them surveyed at once, without other charge or trouble than by writing to Colonel Pettit, the surveyor general of Idaho, at Boise, for blank requests for survey.

Cheyenne Leader—The passengers and trainmen of the Denver train reaching here at 2:10 yesterday afternoon, brought news of a double killing at Eaton, Colorado, a station a few miles this side of Greeley. John Dillon, a brakeman coming to Cheyenne on the second section of freight train No. 11, was murdered in cold blood by a tramp who was trying to steal a ride. Dillon's death was avenged in the course of a short while by a fellow brakeman on the train who killed the tramp who committed the cowardly murder.

Butte Journal—On Monday a burly tramp walked into the *Mining Journal* office and asked for 50 cents to get something to eat. It was not his first visit of the kind by any means, and he is a member of the Butte Workingmen's union we thought he might prefer to earn his bread rather than beg for it. So, in the usual philanthropic spirit peculiar to editors, we offered him 50 cents for an hour's work. He cheerfully accepted our offer, and was set to work kicking the trouble of a job press. Hopping into the editorial room for a few minutes, we immediately heard a shout of derisive laughter in the press room, and a tack and head not just in front of us gave a glimpse of his coat tail as the honest workingman made a hurried escape through the front door.

Idaho Falls Register.—On Friday evening last such thieves broke into Anderson Brothers' store by breaking the window at the rear of the store, and carried off the cash register. Taking it down on the bank by the river, they broke it open and secured about $20. The cash register was damaged more than that amount. No clue to the perpetrators has been discovered.

Idaho Herald.—Since the wonderful phenomena, a shower of turtles in Indiana, lately, wonderful showers in Texas, and the shower line have taken place. The Mahad *Enterprise*, of last week, describes a shower of frogs, as witnessed by a party of young men while out rusticating in the vicinity, the story of which has caused the fish shower man to go off and hide and the incredulous world to flap their wings and crow. However, a certain young man of this city, who cannot tell a lie, was recently fishing at a point about seven miles below town, observed a dark cloud approaching, which, when directly over him, seemed to literally burst and discharge a mass of serpents, which came wriggling and twisting about him, until the ground was covered to the depth of about eleven inches. It seems that the young man dodged beneath a projecting limestone and thus saved himself from the writhing, slimy mass, and by a liberal dressing of his lower extremities with a certain snake-like beauty with which he was supplied, passed out through them unscathed.

Cassia County Times—The general outlook for Cassia county is better for sowing year than for many years past. An immense crop of farm produce is anticipated, and if the proposed railroad is under construction good prices will be realized. Major Stokes will cut over 1000 tons of hay this year, and many ranchers will cut way up in the hundreds. We would advise outside settlers to bring their wives into this country in the fall, and we can feed thousands of them out before spring, prime beef, and this can be done at very moderate prices.

A Suggestion.

If you are troubled with rheumatism or a lame back, allow us to suggest that you try the following simple remedy: Take a piece of flannel the size of the two hands, saturate it with Chamberlain's Pain Balm and bind it on over the seat of pain. It will produce a pleasant warmth and relieve you of all pain. Many severe cases have been cured in this way. The Pain Balm can be obtained from Z. C. M. I. Drug Dept. 4

Pneumonia Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hunt, of Ontario, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my savior, determined if I could not stay with my friends on earth I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it cured me and thank God I am now a well and hearty woman."
