The NEWS is requested to publish the following:

STATISTICS OF UTAH COUNTY.

They Show a Population of Nearly Thirty Thousand and Much Material Wealth.

Chief Territorial Statistician Hardy has received the statistical returns from Utah county as made by the enumerators of that district. They show that the population of the county approaches very closely to thirty thousand, the exact figure being 29,228.

In 1894 the county produced 299,942 bushels of wheat, 144,200 bushels of oats, 75,909 bushels of corn, 73,004 tons of hay, 156,800 bushels of potatoes, 85,112 tons of sugar beets, the latter valued at $128,080.56, 147,520 bushels of apples, and other products in proportion.

The county has 7,419 cows, 19,510 cattle, 11,077 horses, 90 mules, 25[illegible] 179,142 sheep, 9 goats and 4,373 swine. [illegible] 49 industrial concerns employing 461 persons, to whom $145,015 was paid in wages during the year. There are also 160 farms, employing 285 persons, the wages paid during the year being $111,830, the capital invested, $1,042,[illegible]50 and the sales $1,294,097.

There are 347 farms mortgaged for a total of $291,925, and 2,384 farms that are entirely free from mortgage or other obligations.

Will Represent Salt Lake.

This evening's eastbound train will carry on its way Glen Miller, who will go to Philadelphia to represent the Salt Lake Press club at the annual meeting of the International League of Press clubs, which convenes in that city next week.

It makes the lightest, sweetest and most wholesome food, Dr. Price's Baking Powder.

IRRIGATION ASSOCIATION.

List of Officers and Committees as Far as the Latter Have Been Chosen.

The Utah State Irrigation Association is preparing for a vigorous campaign. Committees are announced as follows for general work, with the statement that county, town and village committees will be named later on:

Executive committee—Judge L. W. Shurtliff, chairman; Hon. George Q. Cannon, Colonel F. H. Holloway, W. H. Rowe, C. E. Westland.

Finance committee—T. G. Webber, treasurer; Gill S. Peyton, Francis Armstrong, Fred H. Auerbach, John Q. Cannon, M. H. Walker.

President—Ex-officio, His Excellency the Governor, Caleb W. West.

Vice-presidents — Hon. Wilford Woodruff, ex-Governor Arthur L. Thomas, Judge L. W. Shurtliff.

Secretary—C. L. Stewart, office, 59 West Second South street, Salt Lake City.

A glance at the personnel of the officers and committees is a sufficient guarantee that what is done will be done well. It would be extremely difficult if indeed not impossible to improve upon the selections made.

Fire and Police Board.

The fire and police commissioners held a special or rather an informal session last night at which the case of Sergeant Ford was considered at length, as was also the question of the dispute and misunderstanding arising out of the check presented in the department by the Stars Paint & Glass company and the services rendered by the firemen at the time of the fire in the building of that firm. The members were given to understand that a better job would be made of it next time. There was also some discussion over the number of firemen employed and the City Council will be asked upon to support more men and more of them efficiently.

Elder Christensen's Report.

MAYFIELD, Sanpete County,
May 30, 1895.

Editor Deseret News:

My last report to you as a home missionary to the Church included my labors in the Stakes of Zion north of Salt Lake, in Utah. I have just finished my labors in the Salt Lake Stake. With the exception of the Tenth, Twelfth and Twenty-second city wards, which were unable to get their people together as reported, I have visited all the wards and branches of the Church in the Salt Lake Stake and addressed the Saints. I have visited some of the wards and branches twice where there are numbers of the Scandinavian people and talked to them in their own language. The presiding authorities and the people have treated me with the most kindness wherever I have been. I discover that a good feeling prevails among the Saints, every one striving to perform his or her duty faithfully as officers and members in the Church, as I fully believe. There are some members perhaps who are not doing as well as they should do, but the Priesthood are constantly laboring to get them to do right.

Having received permission to return home and spend a few days with my family before commencing my labors again, I left Salt Lake City yesterday, the 29th, and arrived here at 8:45 p.m. Upon inquiry and from observation I find that everything in Mayfield and surrounding villages is in a prosperous condition. Peace, quiet and contentment prevail, the wants of the people are good, and as a rule all are endeavoring to live their religion and be right by each other.

Your Brother,
PETER C. CHRISTENSEN.

It is of genuine goodness and gives perfect satisfaction, Price's Baking Powder.

During the storm disturbance of yesterday afternoon the residence of the Rev. G. C. Waynick, on Fifth East street, was struck by lightning. Fortunately none of the inmates of the house were injured and the damage to the building was confined principally to the knocking to pieces of one of the chimneys.

A Good Record.

Derangements of the kidneys and liver lead to impoverishment of the blood, from which spring more troublesome maladies than "never yet will of themselves." If you have any such afflictions you cannot too speedily seek the aid of Dr. Kennedy's Favorite Remedy. Its efficacy has been demonstrated for thousands of cases performed in the practice of its discovery long before it was put forth as a proprietary medicine. No more universally popular medicine was ever offered to the public and none has achieved, by its merit, greater popularity.
