OPENING OF THE STATE FAIR.

The Big Event Will Occur on Tuesday Afternoon, at 2 o'clock.

EVERYTHING IS AUSPICIOUS

Acting Governor Hammond Will Deliver the Opening Address—First Day's Program.

Next Tuesday will witness the opening of the first State fair held in Utah. Everything into felicitous to make it a most auspicious occasion.

In the absence of Governor Wells, Acting Governor Hammond will deliver the opening address. On that day the portals of the city will be opened to the masses of Utah's citizens, who will gather at the capital to see the display of the State's products and resources.

There will be a large departure from the method of conducting the fair employed in past years. Children who weary at hearing at things they do not understand, will find delight in exposures that have been engaged for the week. The big Ferris wheel, the merry go, makers, and black faced jokers, will make this fair the most popular ever held in the West.

The opening of a school for exposition exercises will be mightily diminished. The opening program for Tuesday afternoon at 2 o'clock is as follows:

Music by Hoff's band.

Prayer by the Right Rev. Bishop Scanlan.

Music by Hoff's band.

Address, Hon. James T. Hammond, Acting Governor of Utah.

Music by Hoff's band.

Closing remarks, introducing the Fair open to the public, President John H. Winder.

ENTERTAINMENT ON THE GROUNDS.

Milne-Aiton Combination, in their specialties, 1:30 p. m.

Harry Holmes, in his specialties, 2 p. m.

Billy and Annie Young, in their specialties, 2:30 p. m.

Loop of "The Dwelf" from 20 ft. inflated, 3 p. m.

Milne-Aiton Combination, in their specialties, 3:30 p. m.

Harry Holmes, in his specialties, 4:30 p. m.

Billy and Annie Young, in their specialties, 5 p. m.

This being the first State Fair held in Utah, the Governor will be very glad to see all the State, county and municipal officers in opening exercises, and members of the Third State Legislature of Utah and all the life members that are in the city. This will be the opening from all appearances of the greatest Fair ever held in Utah. Our citizens from Logan to St. George are taking great interest in this event.

A MAMMOTH DISTRIBUTION

Where and How Next Saturday's News Will be Circulated.

Arrangements Made with Hotels, Libraries and Chamber of Commerce in 75 Towns.

The great special issue of next Saturday's "News," the Fair and Conference edition, is to have a mammoth circulation in place where a Salt Lake paper is rarely if ever seen. Arrangements have been made with the main hotels, the libraries and the chambers of commerce in seventy-five of the leading cities of the nation to distribute this issue, each one taking from twenty-five to fifty copies on guarantee to give them circulation.

The issue will contain the most comprehensive and complete narrative of the industries, resources and surroundings of Salt Lake and Utah ever prepared, the object being not to boost the whole field, but to do it in bold new style, in a form convenient for reference and information, without burdening the reader with a mass of dry statistics or voluminous tables. Following is a list of the places through which the edition will be distributed. Of course, subscribers throughout the world obtain their regular copies.

Little Rock, Ark.—Board of Trade.

Birmingham, Ala.—The Commercial Club.

Denver, Colo.—The Albany, Public Library, Chamber of Commerce, Hotel Broadway, Hotel Belmont.

Hartford, Conn.—Board of Trade, The Allen House.

Seattle, Wash.—Hotel Seattle, Chamber of Commerce.

Norfolk, Va.—Smithcutts Hotel, Board of Trade, and Business Men's Exchange.

Richmond, Va.—Murphey's Hotel.

PUBLIC OFFICERS TALK 800 MILES.

Prominent Salt Lakers Converse With Officials of Other States.

THE TELEPHONE'S TRIUMPH.

Distance Almost Annihilated — Messages of Greeting Exchanged Over Mountains, Valleys and Plains.

This afternoon at 4 o'clock the Mayor of Salt Lake and other prominent city and state officials together with a number of business men, gathered at the public telephone station on Main street, and conversed with the mayors of Ogden, Butte, Helena and Anaconda, and with the state officials of Montana and Idaho.

It was a pleasant party, and the talking between Butte and Salt Lake was so distinct that it was impossible to realize that they were talking to people over 800 miles away. Yesterday afternoon, through the courtesy of President George T. Wallace, representatives of the Salt Lake press were granted the privilege of telling the new line to Montana.

President Wallace explained that there are 913.20 square miles of territory covered by the Rocky Mountain Bell Telephone company. In the State of Utah, Montana, Idaho and Wyoming 700 offices and towns are connected. In Utah every town of 300 or more in Sanpete has telephonic connection, circuit twice, and within a few years there will only be two towns in the state of no inhabitants that will not be connected by telephone. At the census in Idaho of 300 population cities four, and in two years every Mormon town of 500 inhabitants except one, will have been reached.

The proposed line in Utah will reach from Salt Lake to St. George, also on to Pioche, Nevada. A line proposed westward from Ogden to Brigham will open up part of the long distance system between Salt Lake and Denver, via Cheyenne, and a branch will run through Rich county to the towns in Bear Lake valley, Idaho.

In two years more than thirty people in Salt Lake will be able to talk to Omaha and San Francisco, which could be done now over the latter line, but for the fact that a few miles wire must be put in to reach the line to the coast clear, all the way through.

INDUSTRIAL BUREAU

Presiding Bishop's Office, Salt Lake City.

Elderly lady wanted to make her home in family and write in her spare time. Small wages will be given. Apply at this office.

Money would be loaned to worthy Parties knowing an opening of this character will confer a favor by reporting to this office.

Good farmer wanted, with small family, to cultivate 200 acres of land 700 miles north of city. Plenty of water. Apply this office.

Farmer boy wanted on farm, seven miles south of city. Wages paid. Apply at this office.

Men 18 years of age would like to get employment. Men not used to farm work. Apply this office.

For rent, 40 acres of excellent land in West Jordan, suitable to dry farming. Will rent cheap for a bushel of wheat per acre. Apply this office.

Immigrant wants work. A brother from Holland, with wife and two children, desires to obtain employment. Willing to do any kind of honest work, are accustomed to farming. Has good references.

Farm for rent. Large fruit farm on Fruit Dwelf, good farm house, necessary buildings, machinery, etc. Man with family of boys preferred. Apply at this office.

For sales, quart or pint, for office use. News, books, stationery, legal blanks.

L. T. HAMMAL,
6 West Second South Street.

HEBER CITY'S GALA DAY.

Opening of the Western's Branch is Celebrated in Royal Style.

SPEECHES AND DANCING.

The Special Train Has Very Smooth Run From Provo to the Scene of Festivities for Fear of Accidents.

(SPECIAL TO THE "NEWS.")

Heber City, Sept. 30.—Yesterday was one of the gala days in the history of Heber. It was one of continued festivities up until a late hour last night.

It was the celebration of the opening of the Rio Grande Western branch here, and right nobly did the citizens of Heber City celebrate the coming iron horse with the auspicious event.

From Salt Lake and Provo came train loads of friends. Among the visitors were Acting Governor Hammond, State Treasurer and Mrs. Chipman, Secretary Thomas of the State board of equalization, Hon. Joseph Jennings and wife, of the railway officials there were General Freight Agent S. J. Hunt, Traveling Passenger Agent W. J. Hull and Traveling Freight Agent O. H. Strong of the Rio Grande Western.

The special consisting of seven cars, left Provo at noon and made a slow and careful run here, arriving about 2:30. Owing to the newness of the track and for fear of some accident, the trainmen were extremely cautious. Two engines were needed to pull the passenger, one at the Provo power house and the other at Charleston.

There were an estimated 1,500 people here. The school children sang a chorus and "America."

Heber helped the holiday. There was speech making and dancing, and at night a grand ball was the closing feature of the good time. Mayor Clyde of Heber City was the genial host. He met the train at the station and invited all on board to proceed to the town square for further festivities.

There was a great display of flags, bunting and floral decorations. Prominent among the speakers on the day were Mayor Clyde of Heber City, President Hatch of Heber Stake, Mayor Jones of Provo, Acting Governor Hammond, Treasurer Chipman, Auditor Edwards and Fuel Board of Public. The remarks of the speakers were all along the same line. The benefits of the iron horse, the happiness and prosperity that followed in its wake were dwelt upon. After dancing at Turner's hall the visitors boarded the special and returned to Heber's neighbor, the Garden City, arriving there about 12:30.

R. & G. WS BIG ENGINES.

They Give Satisfaction and Show a Saving of 15 per cent in Fuel.

The Baltimore and Ohio Southwestern railroad placed in service several months ago two large ten-wheel compound passenger engines for use on the Union between Cincinnati and St. Louis. The performance of these engines has been eminently satisfactory and up to the highest expectations.

The same has been true in service of consolidation compound freight engines which develop ample power for the entire line in addition to what was already in use. The compound engines were an experiment, but hard service has proved that they are entirely successful and show a saving of 15 per cent in fuel as compared with simple locomotives of the same type. Enhanced orders were made with both the simple and compound locomotive builders for orders for the same to be placed with the result vastly in favor of the compound locomotives.

TO PUSH THE CONSTRUCTION.

Report that C. P. Huntington is Interested in Mexican International Road.

A City of Mexico dispatch today says: It is persistently rumored that C. P. Huntington will push the construction of the Mexican International road from Durango to Mazatlan and put on a line of steamships from that port to Honolulu, which would greatly shorten the distance between Atlantic coast cities and Australia. The Mexican Pacific and Transcontinental railroads, to be completed on to Zihuatanejo, on the Pacific coast, would then be an admirable harbor, which is described in the United States hydrographic survey reports. The state of Guerrero, which the road has opened up, grows more and more in importance that had been supposed, abounding in gold and other deposits, including cinnabar and coal. Many Americans are taking up properties in that state.

OFFICIALS LEFT TODAY.

Were Given a Luncheon Yesterday Afternoon and an Oregon Special This Morning.

The visiting railroad officials changed their minds yesterday about leaving the city, and instead of a special left today.

They were the guests of General Traffic Manager Kenny of the Oregon Short Line, and yesterday afternoon an excellent luncheon was served at the Alta club.

The following officials were Mr. Bancroft, general manager; John M. Williams, general manager of the Chicago & Northwestern; H. Dudley, general manager of the Union Pacific; E. E. D. McCormick, passenger traffic manager of the Southern Pacific; W. H. Kelleher, general passenger and ticket agent of the Chicago & Northwestern; E. L. Lomax, general passenger and ticket agent of the Union Pacific; W. H. Hurlburt, general passenger agent of the Oregon Short Line; E. Dickinson, general manager of the Southern Pacific Company; Lucien Shepard, general passenger agent of the Union Pacific; H. W. Hitchcock, general agent of the Union Pacific; H. Rockhill, superintendent of transportation, and General Manager Dickinson of the Union Pacific left for or East this morning.

At 11:30 today the Southern Pacific officials and H. W. Hitchcock, representative of the Union Pacific at San Francisco, boarded the Los Angeles Western train for the coast.

THE RECORD IS BROKEN.

Union Pacific Makes a Run of Seventy-six Miles in Eighty Minutes.

From Evanston, Wyo., to Ogden, a distance of seventy-six miles, ran in 80 minutes. That is what was accomplished by the Union Pacific yesterday. This breaks the local record for fast runs. It was the late Overland Limited of nine cars. What makes it the more remarkable, eleven miles of the distance was on a steep grade.

RAILROAD NOTES.

Tomorrow regular trains will begin to run to Heber City.

W. H. Comer of the Oregon Short Line is from Salt Lake.

H. F. Sterling, general agent of the Denver & Rio Grande has returned.

On Nos. 1 and 2 of the new Texas, continental trains, no passes of any kind will be used.

General Passenger Agent Lomax of the Union Pacific will remain in the city for several days.

FEDERAL COURT MATTERS.

The motion and demurrer calendar of the Federal court, which begins next Monday, is as follows:

Crown Point Mining company vs Oneida River Mining company.

Golden State Mine company vs Pioneer Electric Power company et al.

Sycamore Valley Cattle company vs Cummings.

In re E. Gudberg, bankrupt.

Salt Lake Hardware company vs New Philadelphia Iron and Steel company.

Riley Skidmer vs John M. Howard et al.

William Lowy vs A. W. McCune.

D. D. Ferris vs Salt Lake county.

J. M. Jarvis et al. vs Deer River Irrigation and Ogden Waterworks company.

In re H. L. Steed, bankrupt.

William Adamson et al. vs Henry Seegen.

REAL ESTATE SUIT.

Lovice M. Wager is suing Thomas Harmston in the Third district court to recover the sum of $600, alleged to be due plaintiff on a certain real estate transaction. The complaint alleges that the plaintiff conveyed the defendant some real property in this city on that Harmston agreed with it for $600. The defendant appeared in the land on $1,200, subject to a mortgage of $600 to secure payment, plaintiff alleges, should hands. It is true and not that Harmston disposed of the property to Christian Zanger for $1,100, and that after paying off the mortgage and the expenses, the sum of $600 was left over, which, it is alleged, should have been paid over to plaintiff but was not.

BROKE HIS RIGHT LEG.

Charles Robinson, a Mill Creek farmer, had the misfortune to break his right leg while on the way home from the city late last night. He was coming of the team he was driving, at a point between Eleventh and Twelfth South on State street. The man was into a telephone pole outside the county infirmary throwing Robinson out of the wagon.

BRAIN WORKERS

will find an excellent restorative for the fatigue of mental pursuits in

Horsford's Acid Phosphate

Genuine bears name Horsford's on wrapper.

We Assert Our Supremacy

By continually offering unapproachable values. We name prices that appeal to household and personal economy. Countless money-saving opportunities abound here this week in every department. We especially invite your attention to the Wonderful Inducements Offered in Bedroom Suits.

MADSEN'S FURNITURE STORE

51, 53, 55 EAST FIRST SOUTH.

It is Incontrovertible!

The Editor of the "Christian Million," under the heading of General Notes, is reported to say, which is—

"A good article will stand upon its own merits, and we may rely upon it that nothing will continue long which does not, in a more or less degree, commission with the statements which are published concerning it.

Mr. Hall Caine,

Author of "The Deemster," "The Manxman," "The Christian," etc., when speaking on "Genius," said:

"When a thing that is circulated greatly is good it goes out into permanently; when it is bad, it only goes for a while; the public finds it out."

The Proprietor of

BEECHAM'S PILLS

has not over and over again said:

"It is a fallacy to imagine that anything will not become it is advertised. Some medicines have been marketed with great and exalted out in gloom! The fact is, a man is not merely guilty of a mental error every dissatisfied purchaser does ten times more harm. Such are selected than good. Consequently the sale of more than 6,000,000 boxes of BEECHAM'S PILLS per annum, after a public trial of half-a-century, is conclusive testimony of their popularity, superiority and proprietary merits."

Beecham's Pills are for sale at every Low Establishment throughout the English speaking world. Full directions with each box. Price 25 cents. To insure the genuine, see that the name of Beecham is on the wrapper.
