MUNICIPAL MATTERS.

Cohn and Noble Named as Fire and Police Commissioners.

CUTTING DOWN THE POLICE FORCE

Proposition to Sell Apparatus from the Fire Department and Reduce the Number of Men.

The City Council met in regular session last night, and promptly at 7:30 was called to order by President Newell.

W. P. Noble and Louis Cohn were elected members of the fire and police board, to serve for the next two years.

The election was brought up under the head of miscellaneous business by Wilcomb, who named Samuel Paul, ex-chief of police, for the position. Then Romney presented the name of Louis Cohn.

President Newell named W. P. Noble and Allen James W. Ure.

The voting resulted as follows:

Allen—Cohn and Ure.
Backie—Cohn and Noble.
Calloway—Cohn and Ure.
Dale—Cohn and Noble.
Dahl—Cohn and Noble.
Elliott—Paul and Noble.
Hayward—Paul and Ure.
La Fosheu—Paul and Noble.
Morris—Cohn and Ure.
Stewart—Paul and Noble.
Wilcomb—Paul and Noble.
Newell—Paul and Noble.
Roselle—Noble, 10; Cohn, 8; Paul, 7; Ure, 5.

President Newell then declared Messrs. Noble and Cohn the choice of the Council for the positions named.

TO CUT DOWN THE POLICE FORCE.

The following ordinance was passed reducing the number of men on the police force.

It is ordained by the City Council of Salt Lake City, State of Utah, that the police department of Salt Lake City shall consist of a board of police and five commissioners, a chief and captain of police, two desk sergeants and twenty-eight additional officers and men.

That it shall be the duty of the board of fire and police commissioners immediately on the approval of this ordinance to dismiss from the said police department, a sufficient number of officers and men to reduce the force of said department to the number designated by section 1 of this ordinance.

All the members voted in favor of it with exception of O'Meara.

ENGINEERING HELP.

A communication was received from City Engineer Young, asking permission to employ the following assistants to work by the day at such times only as their services may be absolutely necessary: One transitman (who will furnish his own instrument) to have charge of field party and to assist in office in copying notes, making computations, estimates, at the rate of $3.50 per day, one rodman to receive $2.25 per day, two laymen to receive $2.25 each per day; team and wagon when needed at $1. Two laboring men with one team to flush lateral sewers, and to look after gravity outlet sewer at $1.75 each and $1 for the team per day.

Referred to the committee on finance.

WATERWORKS EXPENSES.

J. B. Dailey of the waterworks department filed a statement of pay rolls during the month of January to the amount of $2,989.01. Filed.

SEWER INSPECTOR.

The board of public works asked permission to employ an inspector at $75 per month to inspect sewer work. Referred to the committee on finance with power to act.

FIRE DEPARTMENT SLASH.

The following communication was received from the Mayor:

Gentlemen—I recommend dispensing with and, if possible, selling the aerial truck now in use at the fire department; also the three horses used in connection therewith. This truck was purchased in 1890 and, as I am informed, has never been used at any fire in this city. If we dispense with the truck and horses, as suggested, we can also dispense with the services of three firemen at the city hall, also two men at the West Side engine house, without impairing the efficiency of the service.

Committee on fire and police.

PETITIONS AND COMMUNICATIONS.

Petitions and communications were disposed of as follows:

A petition was received from H. W. Gaylor asking that he be employed to repaint and varnish the entrance doors of the city and county building. Joint building committee.

A communication was received signed by M. M. Donovan and twenty-three others asking that the Council reconsider its action in relation to salaries of employes of the fire department. Committee on fire and police.

An invitation was extended to the council to attend the opening of the Mutual Improvement Leagues this evening. Accepted with thanks.

A petition was received from E. T. Rice company, butchers, asking for a refund of license fees amounting to $29.55. Committee on license.

The committee on revision recommended that the rules of the old council be used for the present with the exception of rule 16 which provides that all rules may be changed by a majority vote after one week's notice or by two-thirds majority vote of one week's notice or by a two-thirds vote of the members present. Adopted.

The council decided to postpone action on the report for one week.

THE NUMBER OF MEN.

The committee on fire and police submitted an ordinance fixing the number of officers and men of which the police department shall consist. It is as follows:

Section 1. Be it ordained by the City Council that the police department shall consist of a board of police and five commissioners, a chief and captain of police, two desk sergeants, and 28 additional officers and men.

The bill was read the third time and passed without a single.

O'Meara then offered the following:

Whereas, It is the custom among the heads and employes of the several departments to buy their supplies wherever they wished from and wherever they desired, and,

Whereas, It is impossible for the auditor or the committee of the several departments to certify to the correctness of said bills and as this is a thing that would not be allowed by any corporation, and as this is one of the extravagances alleged to by his honor, the Mayor, therefore be it

Resolved, That in the future no head of department or city official shall purchase any supplies whatever, without first making requisition for the same and obtaining an order from the Mayor authorizing the purchasing of the same and the Mayor shall keep a copy of such order. The auditor is hereby instructed before any bills are sent to the Council for payment they shall be compared with the duplicate in the Mayor's office and no bill shall be allowed unless the Mayor has issued an order for the purchasing of same.

Backie proposed to amend it by striking out the word "mayor" and inserting in it stead "the chairman of the proper committee." But the resolution failed of adoption, O'Meara being the only member who voted for it.

TRIED IT AGAIN.

He then offered the following:

Whereas, As the former Council adopted a resolution that all laborers should be paid at the rate of $1.75 per day, and

Whereas, As this Council has also adopted the same rate, and

Whereas, Many of the following named persons, John Aird, N. Benson, E. Bingley, J. D. Calder, E. Dunquet, Chas. Tenley, Geo. Price, Andrew Johnson, Wm. Murray, Isaac Martin, N. Malmsta, B. Marcott, C. Gurney, Wm. Rooker and Hugh Ward, appear on the pay roll of the street department for the month ending January 31st, 1896, and were paid at the rate of one dollar per day, which was unauthorized by this Council; therefore, be it

Resolved, That the auditor is hereby instructed to draw a warrant upon the treasurer for the amount of the difference between one dollar per day and $1.75, and the treasurer is hereby instructed to pay to the above named persons the several amounts due them.

The Council finally disposed of the resolution by adopting it by 10 to 9 yeas and nays as follows:

Yeas—Backie, Dahl, Elliott, Hayward, Morris, Stewart, Wilcomb, Newell, Roselle—10.

Nays—Allen, Calloway, Dale, Paul, La Fosheu, Ure, Cohn, Noble, Morris, Stewart, Wilcomb, Newell—10.

President Newell then declared Messrs. Noble and Cohn the choice of the Council for the positions named.

TO CUT DOWN THE POLICE FORCE.

The following ordinance was passed reducing the number of men on the police force.

It is ordained by the City Council of Salt Lake City, State of Utah, that the police department of Salt Lake City shall consist of a board of police and five commissioners, a chief and captain of police, two desk sergeants and twenty-eight additional officers and men.

That it shall be the duty of the board of fire and police commissioners immediately on the approval of this ordinance to dismiss from the said police department, a sufficient number of officers and men to reduce the force of said department to the number designated by section 1 of this ordinance.

All the members voted in favor of it with exception of O'Meara.

ENGINEERING HELP.

A communication was received from City Engineer Young, asking permission to employ the following assistants to work by the day at such times only as their services may be absolutely necessary: One transitman (who will furnish his own instrument) to have charge of field party and to assist in office in copying notes, making computations, estimates, at the rate of $3.50 per day, one rodman to receive $2.25 per day, two laymen to receive $2.25 each per day; team and wagon when needed at $1. Two laboring men with one team to flush lateral sewers, and to look after gravity outlet sewer at $1.75 each and $1 for the team per day.

Referred to the committee on finance.

WATERWORKS EXPENSES.

J. B. Dailey of the waterworks department filed a statement of pay rolls during the month of January to the amount of $2,989.01. Filed.

SEWER INSPECTOR.

The board of public works asked permission to employ an inspector at $75 per month to inspect sewer work. Referred to the committee on finance with power to act.

FIRE DEPARTMENT SLASH.

Office No. 110-8, Main Street. W. J. Montgomery, Agent. Tel. No. 144.

Cheap Money.
At 6 and 7 per cent interest. Improved City Realty. Wicks, 70 Main.

WITH A PIECE OF GLASS.

Brain Burton Attempts Self-Destruction by Sawing a Gash in His Neck.

About 8 o'clock last evening Hosea Burton was locked up in the city jail at the solicitation of friends, who asked that he be placed there for a time at least, that he might sober up and be kept from further indulgence in the flowing bowl.

About 12 o'clock a female inmate of the jail was aroused by cries of "help" emanating from Burton's cell. Upon going to the door to inquire wherein the help was needed, Burton replied that he had cut his throat and would expire before long if medical aid was not forthcoming.

The woman gave the alarm and City Physician Dally was soon on the scene, only to find that the man had attempted self-destruction by sawing a gash in the right side of his neck with a piece of glass which he had broken from his cell window. Dr. Dalby made a hurried examination, after which the injured man was sent to St. Mark's hospital, where his wounds were dressed and he was placed on a fair way to recovery.

MORMONS IN CALIFORNIA.

Press Notices of Meetings in San Francisco and Sacramento.

The San Francisco Chronicle of Monday last contains the following regarding Elder Heber J. Grant's remarks at the Latter-day Saints' meeting place in San Francisco on Sunday evening:

There was a gathering at Pythian hall last night to listen to a sermon by Heber J. Grant, the Mormon apostle of Salt Lake. Grant said it was the first time he had ever spoken to a congregation not composed exclusively of Mormons. He reviewed the history of the finding of the tablets and the development of the church and doctrine by Joseph Smith, proved the claims of the Mormon Church, expounded the theory of vicarious atonement, and said that the chief work of those that labored in the temples was to "officiate vicariously for the souls of those who had died without a knowledge of the Gospel or who had been denied the privilege of baptism." He said that "those who labored in the temples have had personal visitations from those who died without a knowledge of the Gospel."

He claimed that many of Smith's prophecies had been fulfilled and cited note to prove Smith's inspiration. For himself he claimed to have personal "witness of the Spirit that Joseph Smith was a true prophet of God." The speaker had performed cures by the laying on of hands.

The Sacramento Record-Union of Monday contains the notice of the Saints' meeting on Sunday evening:

At the Latter-day Saints' meeting last evening the following points (replicy, offered by the Mormon Prophet, was used as a text, as it proceeds to trial outline the theory and subsequent growth of the Church. The prediction was made at Montrose, Iowa, August, 1842, and states that "the Saints would continue to suffer mean affliction, and would finally be driven to the Rocky mountains. Many would apostatize; others would be put to death by their persecutors or lose their lives in consequence of their exile, and many of those who labored to him would live to assist in building cities, and to see the Saints become a mighty people in the midst of the Rocky mountains."

It was claimed that in fulfillment the Saints did continue to suffer affliction in the state of Illinois, in consequence of which they were forced to leave their homes in the year of 1846. Brigham Young, whose right it was by virtue of his office as President of the Church, led the Church after the Prophet's death. By permission from the governor of Iowa they located temporarily in the wonderful part of that state, preparing for the greater march beyond them. Towns sprung up as by magic in the midst of which could be found churches and schools that the religion of the people and education of their children might not be neglected. While living there the nation whose hatred was so bitter towards them, the "disputed West" called upon them for 500 men to fight for their country in the war with Mexico. Loyalty was shown by the readiness with which the 500 men, known as the Mormon Battalion, volunteered, and they, under the leadership of a United States officer, marched two thousand miles through the most barren part of the American continent. They marched from Council Bluffs, Iowa, to San Diego, Cal., making a record which the speaker said has no parallel on the pages of history. They were among the discoverers of gold in this state.

The main body of the Church moved westward, reaching Salt Lake valley in the summer of 1847. There, said the speaker, after much privation and trouble, they have turned the barren desert of years gone by into a fruitful field. There they have built cities and become a mighty people, and are enjoying the fruits of a productive soil and the rich mineral treasures of the mountains of the new state. Above all, they claim to be enjoying the blessings of the restored gospel of Christ, with peace and good will toward all men.

Protection Free Rabbits.

A simple way of protecting trees from rabbits and similar pests is to take a wire screen, such as is used to keep out mosquitoes, cut into strips about 9 inches wide, roll the long way around a broom handle. Then, when trees are set, spring these rolls around the tree, settle well into the earth, and make the lap on the south side. According to The Irrigation Age, these will fit tightly and remain until the tree is three inches in diameter. No need to tie the netting; it will keep its position if it has been properly rolled.

It is estimated that there were 125,000 acres of alfalfa in Kansas last year.

A Household Treasure.
D. W. Fuller, of Champlainville, New York, says: "I will be always keep Dr. King's New Discovery in the house, and his family has always found the very best results follow its use; that he would not be without it, if procurable." G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Z. C. M. I. Drug Department. Regular size 50c and $1.00.

40 YEARS THE STANDARD.

HOME DYES THAT ARE FAST.

Easy to Make Beautiful Colors With the Reliable Diamond Dyes.

Scores of women in Salt Lake City are today wearing dresses of fashionable colors that would have been thought only a long ago had it not been for Diamond Dyes. With a ten cent package of these simple home dyes, even the novice can dye a fast and beautiful color equal to the work of the professional dye-houses.

Cloaks, capes and clowns are readily dyed, so that a faded garment will look as though it was right from the shop.

One of the 10 different kinds of Diamond Dyes, 12 are special for silks for cotton and mixed goods, that will not scorch or fade, even when washed in cotton suspends. These dyes are made from a peculiar combination of dyestuffs, and cannot be had except in the Diamond.

For over twenty years Diamond Dyes have been the standard home dyes, and have taken the place of crude dyestuffs and unreliable package dyes in all parts of the world. This extension shows has naturally stimulated more or less worthless imitations, and in the trade at a low price, and which a few unscrupulous dealers urge upon their customers. The only way to insure success in dyeing is to see that you get the Diamond, the strongest, fastest, and most successful of all dyes.

Miller & Miller Screened Coal.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

E. K. BASSETT,
Calder's Music Palace.

A Recommendation from Los Angeles.
612 Castelar St., Los Angeles, Cal.—After having suffered for a long time from acute rheumatism without obtaining relief, I used Chamberlain's Pain Balm and was almost immediately relieved. I highly recommend this as the best medicine for rheum. D. M. HAMILTON. For sale by druggists.

In a recent editorial the Salem, Oregon Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a family provided with nostrums, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by druggists.

The exposure to all sorts and conditions of weather that a lumberman is called upon to endure in the camps often produces severe colds which, if not promptly checked, result in congestion or pneumonia. Mr. J. O. Dewsnapt, ex-manager of the Fort Bragg Redwood Co., an immense institution at Fort Bragg, Cal., says they sell large quantities of Chamberlain's Cough Remedy at the company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This medicine prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by druggists.

You Can Believe
The testimonials published in behalf of Hood's Sarsaparilla. They are written by honest people, who have actually found in Hood's Sarsaparilla that Hood's Sarsaparilla purifies the blood, creates an appetite, strengthens the system and absolutely and permanently cures all disease caused by impure or deficient blood.

Hood's Pills for the liver and bowels, act promptly, easily and effectively. 2

Any tendency to premature baldness may be promptly checked by the use of Ayer's Hair Vigor. Do not wait till the scalp is bare and the hair-roots destroyed. If you would realize the best results, begin at once with this invaluable preparation.

A young man in Lowell, Mass., troubled for years with a constant succession of boils on his neck, was completely cured by taking only three bottles of Ayer's Sarsaparilla. Another result of the treatment was greatly improved digestion with increased vivacity.

To make the hair grow a natural color, prevent baldness, and keep the scalp healthy, Hall's Hair Renewer was invented and has proved itself successful.

ANOTHER RAMBLER DAY.
The Rambler boys made a great showing in the Ogden races. The first event of the day was a one mile race for which McCunahey finished third, taking third prize and third time prize. The mile race for teach Ogden Joe Dell taking second in the novice, Fowler first, Weiler second, and Thatcher third in the mile scratch, Joe Dell taking second prize. In the half mile class A, Dry took second, Orton third. Half mile, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow suit lost his lead and fell, Thatcher and Weiler being immediately behind him, the result was a spill for these parties and the race left to Evans. The five mile, class A, was another Rambler event, Day taking first, Joe Dell second and McCunahey third. Twenty prizes in one day is glory enough for any one.
People may laugh and people may cry,
But it's Rambler for me, I know why.
Just Rambler's win racer whatever they go,
Regardless of how others too.
