SAN FRANCISCO, 3.—The sales of the San Francisco stock board, last week, aggregate two millions, being two hundred thousand less than the week previous.

The amount of money in the city treasury on the 1st inst. was $351,658.

There are 305 inmates in the alms house.

The schooner *Sovereign*, hence to Russian River, was wrecked during a calm last Tuesday; she was a total loss.

George Rox, J. Williams and W. Clark have been held in default of $3,000 bail, on a charge of jail breaking.

The vexed question between the wholesale wood dealers and the harbor commissioners was settled this afternoon. The wood dealers agree to pay $700 a month, subject to the rules and regulations of the board.

James Blakely and Fred Coffin, two boys, were fully committed for examination, charged with committing an unnatural crime, in default of $1,000 bail.

The conveyance of the Southern California mail by the Pacific Mail Steamship Company will be discontinued on the 10th inst., and it will hereafter go daily overland *via* Bakersfield.

The Twin Consolidated Mining Company was incorporated to-day. Its location is Ophir Canyon, Nye Co., Nev.; stock six million dollars.

One grain merchant in this city is reported having eighty-five ships on the way hither, to carry grain to Liverpool. Fifteen are now due.

The Pioneer Flume Co., Shirt Tail Canyon, Placer County, was incorporated to-day, with a capital of $240,000.

The tide of Chinese immigration is turning; the steamer *Cyphrenes* took five hundred back to Hong Kong at noon to-day.

VISALIA, 3.—Frank Reid, a fireman who was run over by the cars at Tulare station, is dead.

Two children of Mr. Hasler, living about fifteen miles east of here, were yesterday bit by a rattlesnake. One died in about six hours, the other is not yet affected by the poison.

A bull and bear fight are among the advertised amusements for to-morrow.

PALISADE, 3.—This morning a stranger, named Lewis Ballinger, committed suicide by drowning himself in the river at this place. He seemed determined to die, as he laid himself across the railroad track, so that the 11 o'clock train might run over him, but he was pulled off in time to save him. They have not succeeded in recovering his body yet.

YREKA, Cal., 3.—Hon. A. R. Meacham passed through this a.m. for Fort Klamath, to testify before the military committee.

EUROPEAN.

ROME.—The crisis in the ministry continues. Minghitte has failed to form a cabinet, and the King has summoned the Count D. E. Combray Digny to undertake the task.

LONDON.—A grand banquet was given last evening at Trinity House, to the Czarowitch, the Prince of Wales and the Duke of Edinburgh.

The American residents of London will celebrate the 4th by a banquet at Langham House.

MADRID.—In consequence of the passage of the bill abolishing constitutional guarantees the irreconcilable deputies have withdrawn from the Cortes, which action has served to restore quiet in Madrid. Troops are yet posted at various points throughout the city, and precautions have been taken by the authorities for the suppression of disturbances.

MADRID, 3.—The draft of the new constitution was submitted to the Cortes to-day by the committee which was appointed to draw up the measure. It provides that the President of the republic must have been born in Spanish territory, and be twenty-five years of age. The country is divided into cantons, like the Swiss republic. The assembly of each canton is to consist of senators and deputies, to be elected by universal suffrage. Cuba and Porto Rico are to be assimilated with the cantons of Spain, and the central power is authorized to suspend constitutional guarantees and to order levies for troops without first consulting the authorities of the cantons.

FLORENCE.—A dispatch from Bellano, fifty miles north of Venice, says a shock of earthquake was felt in that city and adjacent country this a.m.

A volcano near Farra, ten miles from Bellano, which has been quiet for some time, has commenced an eruption, and the water of the lake in the vicinity is boiling.

LONDON, 3.—Dispatches from New York, regarding the reduction in the public debt, are to the effect that the receipts from internal revenue for the fiscal year were several millions in excess of the estimates, caused a better feeling in the market for American securities.

FLORENCE.—The report that an earthquake in the north-eastern section of Italy, this a.m., had caused an eruption of a volcano near Farra, is contradicted.

Organ Contest!

An Account of the Contest of Organs from Mr. C. Sansome, Secretary for the Committee:

FIREMAN'S HALL, Salt Lake City, June 2nd, 1873.

Messrs. Daynes & Son:

I am authorized by the committee chosen by the Fire Brigade to test the various Organs placed in the Firemen's Hall for competition, to inform you that in the recent test or trial on the following points of excellence, namely:

1st—*Greatest Volume of Tone.*
2nd—*Softest and Sweetest Tone.*
3rd—*Variety of Effects.*
4th—*Durability of Workmanship and its non-liability to get out of order.*

That after a fair and impartial trial, conducted on the most approved plan, it was decided that the

Prince Organ carried all of the above points!

And on a final vote being taken of the whole it was UNANIMOUS IN FAVOR OF THE PRINCE ORGAN, *with only one dissenting vote.* The committee consisted of thirteen men, including a chairman and secretary; the whole of them musicians of more or less pretensions. The performer on the instruments at the trial was a lady music teacher, chosen on account of her being free from prejudice in relation to either of the instruments.

Signed on behalf of the committee,

JAMES R. HIGGS, Chairman.
CHAS. SANSOME, Secretary.

☞ The Organs tested were:

PRINCE STYLE, 14, price	$170.00
MASON & HAMLIN, 21, "	182.50
ESTEY STYLE, 17, "	185.00

Showing that the PRINCE ORGANS are not only the best, but are much lower in price.

Mrs. Fanny Thatcher, being duly sworn on her oath says, she resides in Salt Lake City; that for eighteen months previous to Sept. 1st, 1872, she had been suffering from granulated lids and a felon over the ball of one eye, so that during that period affiant was unable to use her eyes, and could hardly see. Affiant's eyes were pronounced by the doctors whom she consulted, incurable; that about Sept. 1st, 1872, affiant commenced treatment under Mrs. M. J. Clay, doctress, and continued the same with great relief to affiant for eight weeks. In the course of three months affiant's eyesight was so fully restored as to enable her to read coarse print, and her eyes have been continually gaining strength, and she is now able to read fine print. Affiant has since Sept. 1st, 1872, been following Mrs. Clay's directions in the treatment of her eyes.
