THE DISTRICT COURT.

Sentences Passed Upon Prisoners Today by Judge Bartch.

PETIT JURORS WANTED ON MONDAY

The Biggest Congregation of Aliens for Naturalization This Season: A Busy Time.

Both judges of the Third district court took a hand at the naturalization mill this morning and were kept actively employed grinding out new citizens for quite a long time. Chief Justice Merritt started in with his class of were on the opening of his court and did nothing else until 11:30; Associate Justice Barten began his day by passing sentence upon several prisoners who had plead guilty, and otherwise giving attention to matters criminal. At 10:40 he commenced his task of naturalizing aliens, and got through with the detachment in his division shortly after 11 o'clock.

SENTENCES AND PLEAS.

Wm. Henry, arraigned yesterday on a charge of larceny, now plead not guilty and the case was set for trial on Friday, the 28th inst.

Jas. Hanlsey, colored, arraigned yesterday for assault with intent to murder, now plead not guilty and his trial was also set for the 28th. The court appointed Attorney Fred H. McDurfee to defend the prisoner. This case was likewise set for the same date.

A. C. Gilberg, who previously plead guilty to burglary, now withdrew his former plea and said not guilty. His trial is set for the 28th of Sept.

W. S. Gitswell, 24, who had plead guilty to a charge of grand larceny, the offense consisting of the theft of a gold nugget ring, with diamond settings, value $400, the property of James Sampson, appeared for sentence.

The statement made to the court by Gitswell, in his defense, was substantially that he and the brother of the man from whose house he took the article were "partners." He could not get from him a share of money which he owed him, and so got hold of these articles of jewelry.

Assistant Dist. Attorney Richards, in answer to the court, said the articles in question appeared to have been taken from a box in a bureau in the house. Detective had access to the dwelling at all times. The ring was sold to a pawnbroker for $4.

The court passed sentence of one year in the penitentiary.

Edward Hall son, a respectably attired young man of color, who has previously plead guilty to a charge of unlawfully entering a certain building at the residence of Dr. Plummer and stealing various articles of jewelry belonging to Walter P. Dowell, next came up to receive sentence. He stated that he was a soldier in the U. S. army for a period of fifteen years, and this was the first time he had ever been in trouble. He had lived in Utah Territory since ten year 1888.

According to the statement of the prosecuting attorney the defendant went to the residence of Dr. Plummer to see a friend of his who was working there, and then took the jewelry from the pocket of Dowell's jacket, which was hanging up in the wash-house.

Sentence, nine months in the penitentiary.

PARK CITY

PARK CITY, UTAH, SEPT. 22, 1894.

Weather and Fall Work.

Indian summer has started in very nicely, and if the present state of the weather continues for about three weeks longer, all the outside work in this county will be well prepared for winter.

Nearly the entire main trenches for the new water works system are completed, and next week will see the laying of the pipes. A thorough test of the pipes will be made before the trenches are filled in, so that should any defects be discovered, they can be made good without causing much trouble or delay.

The surrounding mountains have commenced to take on their annual brilliant hue, and leaf-gathering parties have been numerous during the past week.

Nuisance.

The fumes from the Marsac mill have been stronger than usual during the past week and the citizens are trying to convince the mill management that something must be done to abate the nuisance, or it is considered to be a detriment to the health of the people.

The Schools.

The public schools are now under full headway, with large attendance in every school room. Prof. Stout tells us that he is experimenting to put in use the time saved on the school in Ontario and he is being ably seconded by special assistants.

For Salt Lake Paving.

The M. S. Asphalum Gravelite company commenced this week the shipment of paving blocks to Salt Lake City over the Utah Central road. They are making some blocks for experimental purposes, and if the V. M. I. A. on Sunday school, When the Lord was first organized in Salt Lake City and was carried by Brother Lorenzo Snow, and carried by Brother Joseph F. Smith and he is being ably seconded by special assistants.

Fall Coal.

Both the Republicans and Democrats have held meetings in this county during the week, and from now on politics will be warm. Up in close examination nothing can be discovered of the Populist party, who had an organization here some time ago.

Mr. Chambers's Residence.

Mr. R. C. Chambers, superintendent of the Ontario and Daly mines, has until this year toiled upon Salt Lake as his home, but this year he has registered for the coming session in Park City. Knowing one can claim this as his office is to break into the solid Republican delegation to the Constitutional Convention, and be a representative of the Democratic party in the convention from Summit county. Knowing one also claim that he will hardly succeed in that undertaking.

The Comstock's Strike.

Foreman Griffiths of the Comstock mine was down from the mines today, and when seen upon the street, broad smiles covered his face. Upon inquiry it was learned that last night the workmen struck the lodge of ore for which they have been looking for the three months, and the strike is a wonderfully rich one. It will not be very long now until the Comstock will be amongst the mines's regular ore-shippers. Foreman Griffiths was looking for several more miners to take up in the mine today to assist in more fully developing the strike which was made.

Other Mining News.

Rumors were circulated during the week around town that David Keith, manager of the Anchor and silver King mines, had decided to resign the position as manager of the Anchor, so as to devote his entire time to the silver King property. The writer is glad to say that the Anchor company appreciates the work of Mr. Keith too highly to allow him to leave that company, and Mr. Keith will still continue as the manager of the Anchor.

News from the Ontario drain tunnel is of a very encouraging nature. Work is now in good ground, and is being rapidly pushed ahead. Only about 200 feet remains of work to be done to tap the Ontario vein, and it will be only a few days before connections will be made at the mineral.

Work is expected to be commenced again soon at the Alliance mine. The company is waiting for a renewal of the water wheel to operate the fans for air at the tunnel, and just as soon as the wheel arrives and is put in place active work will be commenced again.

Personal.

A large number of people from here, including society of members of the A. O. U. W., went over to Kamas yesterday to give an entertainment and dance, and incidentally to visit the good people of that town in understanding of the efforts of the latter. A splendid time has been reported as having been had.

After a lingering illness, the wife of Union Pacific Agent C. F. Street died Thursday, and her funeral yesterday was attended by a large concourse of friends and relatives.

Judge Bartch, of Salt Lake, spent Thursday in town looking around and getting valuable information of private character. WILL.

OBITUARY NOTE.

OLIVER F. LEMMON.

Oliver F. Lemmon, of Mill Creek, whose accidental death on Wednesday was reported in the NEWS columns on Thursday, was the son of Washington Lemmon and Tamer Simpson Lemmon, and was born September 29th, 1843, at Nauvoo, Illinois. He married Miss Caroline Heim and raised a family of seven sons and three daughters, two of them having died in infancy. Deceased came to this place in 1866, where he lived and worked in mines much before long, when he commenced farming, and made it a good one, for he was energetic in every good work in hand; he followed, especially the Church, and today presents the V. M. M. I. A. on the Sunday school. When the Lord was first organized in Salt Lake City and was carried by Brother Lorenzo Snow, and carried by Brother Joseph F. Smith and he is being ably seconded by special assistants.

Brother Lemmon was a member of the ward in which he lived, and was the second oldest present and took the lead in all affairs of the ward.

On the occasion of his funeral, on the 20th inst., the usual hymns were sung, the Sunday school children sang the hymn, "Tis over the Lord," and prayer was offered by Elder Benjamin Brown. Elder H. Hill and Charles Gilman, of the presidency of the ward, first quorum of Seventies, also E. H. Williams, Joseph A. Caldwell, a dream superintendent of Sunday school, Bishop David Brimhall, of Cottonwood ward, Counselors James H. Stone and Peter Clark, and Bishop Andrew Kimball, of Mill Creek ward, Counselors Joseph H. Stone and Jos. Kimball, acquainted with the deceased, proved his faithfulness and energy, and show that he would be missed and mourned by the whole ward. Bishop J. C. Hamilton bore testimony to the remarks, he said, and concluded by saying that as an officer in the ward, it made no difference where he was placed, he worked in it with a will, and he was done. Bishop Kimball explained to the assembly the nature of the accident that resulted in the death of deceased, and the body was carried from the sign down, when caused his speedy death, he bore the pain without a murmur, and he was conscious to the last. After further remarks by Bishop John Neff of East Mill Creek ward, the remains were taken to the grave, J. E. Taylor, of the Salt Lake Saints' choir, officiating. The deceased leaves a wife and six children, and the sympathy of the community goes out with them in their bereavement.

MRS. MARY A. NEWSON, 22 GOVERNMENT, SALT LAKE.

I was seriously ill for about two and one-half years, and was confined to my bed for a period of nine months. Doctors failed to do me any good, and I was given up by my friends. I consulted many doctors, but all to no purpose. I was pronounced by the doctors to be a confirmed case, with results most painfully apparent, so now I am a well woman.

My friends, people in this city, who knew my condition, are astonished at my recovery, and many have inquired what I used to regain my health. I tell them that I used Dr. Williams' Pink Pills for Pale People, and that I believe they saved my life.

My friends, people in this city, who knew my condition, are astonished at my recovery, and many have inquired what I used to regain my health. I tell them that I used Dr. Williams' Pink Pills for Pale People, and that I believe they saved my life.

I feel so well now I have forgotten my sufferings, and will be glad to answer any and all who may be interested for themselves or friends. Words more than my feeble language can express—All wishes with the compliment—And be sure right and be helped the wrong, are my sincere wishes. Myself and family extend our few words in praise of the skill of a physician, let alone the fact that we love the Doctor. In conclusion will say I am fifty-nine years of age, and have lived in this state more remarkable, in my estimation.
