In the Whole History of Medicine

No preparation has ever performed such marvelous cures, or maintained so wide a reputation as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it, never will. From their knowledge of its composition and effects, Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible.

THERE is REASON in all THINGS.

It is reasonable to conclude, that Benson's Capcine Plaster, having gained the highest and only award at the Centennial Exposition, over all other plasters, having received the universal praise of the highest medical authority in the world, must possess unusual merit. Benson's Capcine Porous Plaster was invented to overcome the slow action of the ordinary porous plasters, the only objection ever found to this otherwise popular remedy. They never fail to relieve pain at once, and cure quickly diseases which other plasters will not even relieve. They strengthen weak back, cure rheumatism, spinal and kidney affections, sciatica, lumbago, neuralgia, pains in the back, hips and sides. Persons easily affected by change of weather should wear these constantly during the winter season, as they are a sure preventive of colds. Sold everywhere. Price, 25 cts.

LAME BACK. Immediate relief by use of Benson's Capcine Plaster.

FRAUD-BEWARE! THERE ARE FRAUDULENT and Worthless imitations of Benson's Capcine Porous Plaster in the market. Some of them contain dangerous mineral poisons. Each genuine Benson's Capcine plaster has the word Capcine cut through it. Take no other.

THE scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value.

Thus it is with a valuable medicine: Dr. Aug. Kaiser's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaiser, and has his name blown on every 15 cent bottle. Trial bottle, 25 cents.

EVENING NEWS.

Tuesday, July 8, 1879.

LOCAL AND OTHER MATTERS.

Thermometer.—This afternoon at 3 o'clock, the thermometer noted 93° F. in the shade.

Home Again.—Hon. George Q. Cannon, Utah's Delegate to Congress, returned home Sunday evening, in excellent health and spirits. Mr. William Jennings, Jr., son Hon. Wm. Jennings, returned from the east on Saturday evening.

Water Scarce.—Adamsville has run so short of water that they have to haul it from the river.

Water is being hauled in wagons from Toquerville to Belvue for culinary purposes.—Beaver *Chronicle.*

Narrow Escape.—Last evening's *Dispatch* contains the following:

"Thomas Cunningham stepped from the bathing train at Lake Shore, last evening, as she was backing down the Y, for the purpose of walking to the bath-rooms, and in jumping across the track just in front of the approaching coach, his toe caught against one of the rails, throwing him violently across the track about two yards ahead of the advancing train. He was so stunned by the fall that he has no recollection as to how he got off the rails, but on returning to consciousness, he found himself lying just clear of the track, and the train slowly passing him. Mr. Cunningham received several severe injuries by the fall."

Barrett as Richelieu.—This evening, the eminent American tragedian, Lawrence Barrett, will make his first appearance at the Salt Lake Theatre, in the sublime role of Richelieu. He will be assisted by Miss Ada Gilman, Messrs. Russel Bassett, W. H. Fitzgerald, John Wilson, W. Seymour, from the California Theatre, and a complete dramatic company. The name of Barrett is a card in itself sufficiently strong to insure a crowded house, but with such support, and Bulwer's great historical play of Richelieu, in which Mr. Barrett is celebrated, the attraction constitutes the dramatic event of the season. Secure tickets at once. Prices as usual.

The Duel.—The case of the projected duel between Gus Reinig and Wm. Clays, came up this morning before Justice Pyper. Clays, being declared an incompetent witness as he was a defendant in the case, having accepted the challenge to fight, the charge was dismissed as to him, and he (Clays) was placed upon the witness stand on the trial of Reinig, for giving the challenge. He testified that prior to the 5th inst. (the day of the challenge) Reinig had more than once quarreled with him and drawn a pistol on him several times; for what he did not know. On the evening of July 5th, witness was passing Chislett's corner, coming up town, when Reinig began abusing him with bad language. Witness stopped his buggie and asked what he wanted. Reinig went to draw his pistol. Witness told Reinig he wanted the abuse stopped, that he had stood it long enough. Reinig told witness he had ruined his family. Witness denied it. Reinig then challenged him to meet him one block south next day at 11 o'clock. Arms were not mentioned. Witness said, "I am liable to be there." Clays claimed to have gone to the place next day, but in the mean time Reinig had been arrested and therefore did not meet Clays. Several others testified, but there being insufficient evidence adduced, Reinig was also discharged. Thus ends our latest sensation.

Pioneers' Day.—We understand that the plans are matured for a grand musical entertainment to be given in the Large Tabernacle, Salt Lake City, on the 24th of July. The Sabbath school children of this Stake of Zion will take a leading part in the exercises, and occupy the entire west end of the Tabernacle, right and left of the organ and stand, on newly-erected platforms to the height of the galleries, and also the west ends of the galleries. We are pleased to learn that the young and talented violinist, W. E. Weihe, who has just returned from his educational tour in Europe, has offered his gratuitous services on that interesting occasion, and that Prof. J. J. Daynes will give some of his talented performances on the grand organ. Misses Olsen and Nebeker, Zion's Musical Society, besides many others will kindly aid in making the entertainment the centre of attraction, not only for the citizens of this Stake, but those of Ogden and Provo, and all intermediate settlements. To accommodate visitors from these points, excursion trains will be run at a low figure, thus enabling all to attend the concert. Further particulars can be obtained from the programme, which will be issued in a few days.

Over-doing It.—This morning a man was fined in the Police Court for assault and using threatening language. It appears that some small boys were celebrating Independence Day with firecrackers, and exploded some under his window, when he became angry and pursued them with the drawn weapon. Arriving at the residence of a gentleman in whose house he supposed the boys had taken refuge, he awoke the inmates and brandishing his pistol, demanded in strong language that the boys be given up to him. The gentleman of the house expostulated, telling him that there were no boys there, and that if he did not go away he would have him arrested. As he continued his abusive tone, the officers were summoned, and he was taken off. Justic Pyper adjudged him guilty of the charge made against him, and fined him $5. Persons who seek redress for a piece of mischief so trifling, should should take some other means than those employed in this case to accomplish it. We think Justice Pyper did exactly right.

Personal.—Mr. L. M. McKenney, senior member of the firm of L. M. McKenney & Co., publishers of Directories and Gazetteers for this coast for the past 15 years, called on us yesterday. He and the other members which constitute the firm are engaged here in obtaining material and soliciting subscriptions to a new work they are about publishing—a general directory of the railroads and railroad towns of the west. The book embraces Idaho, Utah, Montana, Wyoming, Colorado and Nebraska, while the leading business houses of Chicago and St. Louis will be represented. It will be the most complete and interesting work of its kind ever published, made so by its sketches and the experience of the firm. The enterprise is encouraged by a large demand from business men in all the eastern cities, a fact that should not remain unnoticed by those interested in the development of our section. The value of the work can hardly be estimated, and the benefit to be derived by our citizens from its publication should be recognized by a liberal patronage.

On the "Twenty-Fourth."—A notice appears elsewhere of the movement under way to give a grand entertainment in the Tabernacle on the 24th inst. In addition to what is written, it is with pleasure that we learn of the intention of the committee to erect a large platform at the west end of the building for the use of the Sunday Schools that take part in the celebration. This has never been done before and will give an imposing sight and effect. Furthermore, it is the design to furnish the schools with refreshments at the close of the entertainment. This is a kind and thoughtful plan and will add much to the general satisfaction.

Firemen's Excursion.—The members of the Salt Lake Fire Brigade who intend participating in the grand excursion to Nephi, will please meet at the Firemen's Hall at six o'clock to-morrow morning. All citizens who intend to go along with the excursion must be at the depot in time to take the seven o'clock morning train.

From the South.—Mr. Alma Dunford, the popular dentist, has returned from the south, and purposes opening a dental office in this city. Success.

Arrived.—Mr. Lawrence Barrett and company arrived in Salt Lake this morning, and are looking around the city this afternoon. They express themselves as well pleased with the place and the people they have met, and hope the public will be as well pleased with them. "Richelieu" will be well received this evening, we are assured.
