### A TERRIBLE DISCOVERY.

**An Old Woman in Ogden Found Starving to Death.**

Word was received at the city hall last night that the house on the southwest corner of Twenty-fourth and Van Buren was being occupied by tramps. Officers Silvey and McMannis were immediately dispatched to the place to investigate. On their arrival everything seemed quiet, and when the officers knocked they were invited in by the voice of a female. On entering they found to their surprise instead of tramps an old lady lying in a bed in the center of a large room with a cup of water and a few crusts at her side—all she had had to live on for the last five days. She stated to the officers, with tears in her eyes, that she had been visited by one of the neighbors occasionally—but otherwise no one saw her little boy and his playmate had witnessed her suffering.

The house was suspected of being occupied by tramps on account of the destitute appearance it has, quilts being nailed to windows to serve as shutters.

### Fourth District Court.

In the case of the People vs Byrom Brown, the jury yesterday returned, after being out a few minutes, with a verdict of not guilty, and the defendant was discharged. This is the last of the criminal cases for the term.

In the case of the People vs H. Farrell, time of judgment and sentence postponed until the 19th inst.

The May criminal term commences on Monday next, the 7th inst.

### County Court.

A special session was held by the county court to investigate the charges brought against C. H. Child, road supervisor for Ben Lomond district, by residents of Riverdale. After examining a number of witnesses, the court exonerated Mr. Child.

### Notes.

A train of Utah wool and two cars of California oranges went east over the U. P. yesterday.

Real estate transfers amounted to $2,500 yesterday.

## PROVO.

PROVO, UTAH, - MAY 5, 1894.

### LEGAL MATTERS.

**Mining and Irrigation Suits.—For Injuries on the Railroad.**

The American Eagle Mining Co. and Otto Mears have commenced a suit against V. F. Clegg, A. S. Halcomb, James T. Wall and John Sullivan. Plaintiffs ask for $2,000 damages from defendants for ore taken out of the Mammoth mining claim, owned by plaintiffs, through the workings of the Phoenix and Champion mining claims, also that a perpetual injunction be issued restraining the defendants from taking any more ore from plaintiff's claim.

Jacob Johnson has commenced an action against Petres Jorgensen to set aside a sale of 10 shares of stock in the Fountain Green Irrigation Ditch company made by A. M. Berentsen to Petres Jorgensen. Plaintiff claims that he has a judgment against James Jorgensen and A. M. Berentsen for $98.84 and that after contracting the debt upon which said judgment was recovered Berentsen assigned and transferred the said property to the defendant for the purpose of defrauding his creditors and especially the plaintiff.

Edwin S. Rich has commenced suit against the R. G. W. Railway Co. and the Salt Lake City Railway Company, for damages in the sum of $10,000 for injuries sustained on the 20th of November, 1893, through a collision between the Salt Lake City Railroad company's car and the Rio Grande Western Railway company's cars at the intersection of Fifth West and South Temple street in Salt Lake City, while he was a passenger on the Salt Lake City Railroad company's car. He charges that the collision could have been avoided had it not been for carelessness of employes of the two companies, who were able to see the approaching danger, but took no steps to prevent it.

The case of S. M. Brown vs Lorenzo Hatch was decided in favor of plaintiff. Mr. Brown brought an action for foreclosure of a $1,000 mortgage. Tanner, Hoyes & Co. and Marshall, Pike & Co. held judgments of about $1,000 each against Mr. Hatch, both judgments were given before the mortgage was given to Mr. Brown, and the two Mesdames Hatch prior lien on the mortgaged property by reason of these judgments, and interested in protect the foreclosure of the mortgage. Judge Smith held that as the mortgage was given on property enough from execution this homestead of Mr. Hatch; that the mortgage was the prior lien and so decided.

The case of Richard Bevinton, receiver of the Iron Foundry & Machine Co., vs W. N. Dusenberry et al is now being heard by Judge Smith. Mr. Bevinton is suing Mr. Dusenberry and other stockholders in the Iron Foundry & Machine Co. for stock subscribed by them, but not paid up, amounting to about $4,000. Other suits against subscribers to unpaid stock amounting to about $5,000 will be brought by the receiver. Sharp & Richards are attorneys for the receiver, and Wilkinson & John and Ira W. Howard represented the defendants.

### Notes.

Eliason, the Salt Lake wizard, will give a seance in the opera house on the 11th.

The Y. M. M. I. associations are holding their conference here today; it will be continued tomorrow. There are many young people attending.

The children of the public schools held a May day picnic at Manderfield's springs east on the river yesterday, and enjoyed the occasion immensely.

Dr. J. M. Ross has been secured to deliver a lecture on scientific housing before the Utah County Teachers' association, in the B. Y. Academy, on Saturday, May 12.

J. C. Edwards, representing E. C. M. I., is in the city with a fine line of shoes. He has been south, and reports an increased demand for moderate-priced goods.

The Mutual Improvement associations of Utah county gave a very entertaining concert at the Provo tabernacle last evening; another was given today at 2 o'clock and one will be given this evening. The concerts are under the musical direction of Prof. Giles, and reflect great credit upon all concerned. The entertainment has also a very practical act in inviting all persons over 50 years of age to attend free of charge.

C. E. Lotze, who is interested in mining property in Tintic, calls a beautiful home here last summer. The hard times affected him, however, and a short time ago his place was sold to satisfy a mechanic's claim. The shipment of a large amount of valuable ore once again placed Mr. Lotze on a sound financial basis, and enabled him to redeem his property, which he is now spending a great deal of money on to further beautify it.

Five lady students of the esthetic class in the B. Y. academy have challenged five gentlemen students to enter an esthetical contest. The challenge has been accepted and the contest would have occurred Tuesday evening. There was a large audience in attendance, but the electric light went out on account of some defect in the wires. This made it necessary to adjourn, and the contest was postponed for one week.

## SUNOL!

ROBERT BONNER

Superintending the running of Sunol with the Pullman Hall.

Portland, Oregon, Nov. 2, 1891.

PUTNAM NAIL CO., Boston, Mass.

Gentlemen: Enclosed please find order for 1,000 Putnam Nails. Our Mr. Bonner, President of the Portland Street Railway Co., is a great lover of a good horse, and has had a good deal to say about Putnam Nails. Sunol, the famous pacer, is shod with Putnam Nails, and Mr. Bonner says they are the best nails he ever used. Yours respectfully,

E. L. Morrow, Supt.

The Putnam Nail is the only exclusively Hot-Forged and Hammer-Pointed nail.

Look in your smith's shoeing box. If the nails have smooth edges for the whole length they are the PUTNAM, for they are Hammer-Pointed and are not sheared.

The above picture, from a photo representing Mr. Bonner's famous pacer, Sunol, shod with Putnam Nails, is a trademark. Other manufacturers use the Sunol name and picture to advertise their nails, which, with little exception, do not resemble in form the Sunol shoe. Ask for Sunol Shoe Nails and see that you get the genuine.

READ THE EXPERIENCE

Of Mrs. Mary A. Rowan, Wife of Robert Rowan.

Who Has Been Connected with the Z. C. M. I., as a Trusted Employee for the Past Twenty-one Years.

In asking her testimonial for publication she speaks as follows:

MRS. MARY A. ROWAN, OF SOUTH BEND, SALT LAKE.

"It was recently in the form that she had suffered from a severe attack of Kidney Trouble, in the DANGER of the Company Hospital Department. She was confined to her bed and had to call a Physician, who pronounced her very sick, and gave her medicine to be taken at intervals, which she did, but without any good effect, as she was worse instead of better. Her sister, who was staying with her at the time, urged her to try Dr. Chase's Kidney Pills, which she had used herself with good results. She was so sick and weak that she could not leave her room, but she managed to get up and go to the store and buy a box of Dr. Chase's Kidney Pills, which she took, with little expectation of any good result. Within two days she was able to sit up, and in a week she was able to walk. In fact, she felt so much better that she thought she could do a little work, and she did so, and has been able to do her work ever since. She says she is not the same person she was before taking Dr. Chase's Kidney Pills, and she feels that they have saved her life. She is now able to do her work, and feels as well as she ever did in her life. She says she is willing to testify to the above at any time, and she does so of her own free will, and without any solicitation. Her address is 1 Ellen Street, Salt Lake City, Utah."

THE PRICE OF IT.

Ah, there is the rub in these hard times. But consider what you save in so many ways. How can expenditure of money be expected or afford to be made with little loss of time that might otherwise be neglected. Think of the times you have gone home and been met by the wife of your bosom with the demand to know why you had not sent up the meat, and you recalled how, when you thought of it you put it off thinking to have more time later on, and then began it entirely until the money came, and your heart went to your boots. How if you had had that very morning, light and graceful "Stearns" Yellow Fellow—that prime article of bicycle construction—that errand could not, nay, would have been attended to in a jiffy. Wonder!
