# FIRST MARATHON TOMORROW NIGHT

## Fourteen of Fastest Men in the West Entered for Big Athletic Event.

## DISTANCE 26 MILES 385 YDS.

**Bell, Reynolds, McArthur, Rickard, Stotenberg and Others Will Go Against Utah Champions.**

The biggest local athletic event of the week in this city takes place tomorrow night when the first Marathon race ever run in Utah will be the attraction at the Auditorium roller skating rink. That the race will be fast and exciting is assured by the classy list of entries, some of the fastest skaters in the country having signed contracts to go the distance. Manager O'Mara has gone to great pains to make the event one long to here membered and will bring together the fastest bunch of roller artists seen by Salt Lake roller fans.

CHAMPION WILLIE SCHATZ.

Salt Lake's Fast Roller Skater, Who Will Enter Marathon Race at Auditorium Rink Tomorrow Evening. Salt Lakers Pin Their Hope on Him.

The racew ill be started promptly at 10 o'clock and every effort will be made to break the record made at Butte. The distance will be 26 miles, 385 yards, the contestants to receive 50 per cent of the gate receipts, exclusive of the skate money. They will divide the purse, which will be a big one, as follows: Fifty per cent of said 50 per cent goes to the winner, 30 per cent to second, 15 per cent to third and 5 per cent to fourth.

The Marathon craze has been sweeping over the country since Hayes made his sensational finish ahead of Dorando at the London Olympic games last July, and it is but natural it should strike Salt Lake City. Marathon races on rollers are something new and the two run recently at Butte were most successful. Every effort will be made to beat the Butte time tomorrow night, which was 1 hour and 25 minutes.

Fourteen speedy racers have been entered and Salt Lakers are pinning their faith on Willie Schatz, Utah's champion for one mile, and Fenton Hardy, one of the best long distance boys in the state. The list of entries follows:

Willie Schatz, Fenton Hardy, Charles Scofield, Earl Lamont, Jimmy Mumford and Charles Bowen, all of Salt Lake; Bert McArthur of Denver; W. Reynolds of Butte; W. H. Rickard of Minneapolis; Artie Bell of Los Angeles; Wilfred Stotenberg of Los Angeles, a challenger for the world's championship; Monty Young of Provo; Clyde Green of Logan, and Cliff Morris of Ogden.

They will all be numbered so the scorer will have no trouble in keeping track of the number of miles and laps to the credit of each.

All the men showed up remarkably well and if the U. does not have a crack team in the field it will not be because of lack of good material. The freshmen are working hard and will no doubt make a splendid showing both in class track meets and class baseball series.

S.S.S. CURES CHRONIC ULCERS

Any chronic ulcer shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it, of unhealthy matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the disease germs are located and can never effect a cure. S. S. S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom, and rebuilding broken-down tissue, and supplying healthful, healing qualities to the blood, causes the place to fill in with new, firm flesh, while it steadily but surely effects a permanent cure. The ulcer can not exist when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

## IDAHO BREWERIES.

**They Cannot Have an Interest in More Than One Saloon.**

Boise, Idaho, March 17.—Gov. Brady today signed the bill prohibiting breweries, distilleries and wholesale liquor dealers from owning or having an interest in more than one saloon. The measure is designed to reform the saloon business in counties that do not vote dry. The governor also approved a bill making it a misdemeanor to procure by misrepresentation any statement or instrument affecting property rights. It is intended to prevent special agents of the government practising deceit in collecting evidence as to land matters. Recently Secy. Ballinger vigorously protested by wire against approval of this measure on the ground that it would delay clear listing and patent of land and add to the cost of the settler.

PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draughtsmen, Machinists, Superintendents and Foremen of Shops and Mills, Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to inventors, protect their interests by good patents and strong contracts, assist inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practise for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with $5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the secure-ty of patent, the cost and the manner of proceeding.

Patent Bureau, The Deseret News, Salt Lake City.
