MORE COMPANIES START AT TINTIC

Two Corporations Getting Ready For Business in Juab County.

ZUMA MINE TO BEGIN WORK.

Rumor Has It That the Gemini Mine Will Shortly Change Hands.

(Special to the "News")

Eureka, April 5.—Since the option on the control of the Zuma was taken over last week by Fred Kruzer of Wallace, Idaho, preparations have been under way for the resumption of work at the property. Rasmus Nelson is in charge of the property, and he states that operations will begin early this week. Connections have been made with the Telluride Power company line and the hoisting apparatus at the Zuma will be operated by electricity.

Work is soon to start extending the drift in the Eagle and Blue Bell mine, from the 500 level, over into the King William ground. All of the material for the extension of this drift is at hand.

L. C. Peterson was out from Salt Lake last Thursday and Friday. He stated that the newly organized company, which will operate the Selma of North Tintic, will begin work at once. The treasury has amply money to carry on a vigorous campaign of development work.

The past week has witnessed the launching of several new mining companies in Tintic. The Schwab company filed articles of incorporation, The Tintic Delamar company, of Provo, whose property is in this district, is another new organization. The claims embraced in the holdings of this company are located in the eastern part of the district.

Two more mining companies are being formed for the development of ground in that same locality. They are the Eureka Mining company and the Gray Rock company, both owning group of claims over near the Iron Hat. The first set of officers for the Eureka Mining company are Robert Brown, president; George A. Udall, vice president; R. A. Badger, secretary; James Chipman, treasurer, all of whom with the addition of J. L. Smith constitute the board of directors. The first allotment of 106,000 shares of stock in this company has been sold which will furnish funds for the immediate development of the ground. The officers of the Gray Rock company are to be named within the next week.

NAME DIRECTORS.

At a meeting of the Great Eastern Mining company, held in this city last Wednesday, the following new directors were elected. Dr. L. E. Pierce, Charles Gryger, C. E. Hulsh, J. A. O'Neil and B. N. C. Stott. These directors will elect new officers at once, and preparations will be made to resume operations on the company's claims which are located in North Tintic.

A general "clean-up" of the copper ore at the Tintic smelter is being made and when this is done it is understood that the smelting company will commence receiving copper ore from some of the local mines, among them the Grand Central and Victoria, which have been waiting some time now for this news. It will mean the employment of many more men in that part of the district.

Another rumor regarding the sale of the Gemini mine has been circulated, but as near as can be learned there is no truth to the story. It is believed that the mine is about to change hands, but nothing of a definite nature has as yet been given out.

Frank Thornberg of Silver City states that the wagon roads are getting good in the south end of the district, he expects to commence the shipment of ore from the North Cliff property near Diamond. The ore will most likely be hauled by team to the Tintic smelter.

E. C. Higginson, who has a lease on the old La Clede mine, also in the south end of the district, is preparing to send a shipment of ore out from his lease within the next two weeks.

STOCKS HAVE BETTER MARKET.

Business Shows Improvement on Local Mining Exchange.

Business on the local stock exchange showed a decided improvement this morning and the volume of business transacted exceeded anything last week. Stocks seemed to be fairly well in demand and buyers were equally as numerous.

The star performer of the market this morning was Columbus Consolidated, which achieved the new high record of $2.50. Although it came down to $2.45 at the close, it was still selling strong.

Colorado seemed to be suffering under a bear market and sold as low as $2.95. Iron Blossom came back for a whirlwind finish today and closed at $2.45, buyer 60 days. Mason Valley, which has been showing great activity of late, was not as strong as usual this morning.

The number of shares of stock which changed hands this morning was 77,265 and the amount represented was $61,733.70.

Quite a number of sales were registered on the curb market this morning. Uintah Treasure Hill was disposed of at 22½ cents and 23 cents. Copper Glance brought 10 cents and Bingham Copper sold for 9 cents.
