CLARK ON TRIAL FOR HIS LIFE

Jurymen Selected to Hear Evidence on the Murder of Lewis Jones.

SUGAR FACTORY'S PAY DAY.

Attempt to Hold Up Hot Springs Motorman—Runaway Disaster—Ministers After Gamblers.

Ogden, Nov. 12.—The life of Claude C. Clark is to be placed in the hands of the following jury, who were secured and sworn in yesterday afternoon to hear the evidence: R. C. Lundy, Frank J. Smyth, David M. Pingree, Wm. Doyle, William Dick, James R. Boatwright, Wm. Bennett, L. C. Ashton, Claud M. Dee, Henry D. Moore, J. T. Flinders and Wm. Buck.

The prosecution is represented by Dist.-Atty. Halverson, and the defendant by Atty. J. C. Davis. The defense will endeavor to prove that the killing of Lewis Jones, by Clark, was purely accidental. The two, together with Samuel Cowden, also colored, had been gambling at the Assembly club, Sept. 14, and Clark and Cowden quarreled over the game. Clark pulled a loaded revolver and struck Cowden with it. The weapon discharged and the bullet passed through Jones' heart, resulting in almost instant death.

The taking of testimony may be completed so the case can be submitted to the jury tomorrow night, Judge Howell entered an entirely new rule governing the jury in a murder trial, permitting the jury to have freedom during all recesses while the case is on trial.

ATTEMPTED HOLDUP.

Hot Springs Street Car Object of Highwayman's Amateur Job.

Ogden, Nov. 12.—An attempt to hold up the Hot Springs street car was made shortly before 8:30 last night at a point a short distance this side of the springs. The motorman observed the man by the side of the track and slowed up the car for him, but the would-be robber instead of boarding the car, made a grab at the motorman, who took in the situation and jumped to one side. He turned on the power, and the car shot forward. The robber was observed to take a short cut through the fields to the west, but he was soon lost sight of. As quickly as possible Sheriff Sebring was notified by telephone. He responded, taking a car out, but was unable to locate the man.

FUNERAL SERVICES.

All that was mortal of the late Sarah Ann Alvord, who died last Friday, was consigned to rest in the family burial plot in the North Ogden cemetery yesterday. The services were held at the North Ogden meetinghouse, which was crowded with sympathizing friends. Appropriate musical numbers were furnished by the ward choir. The speakers were President C. F. Middleton, Bishop Ward, Elders Nathaniel Montgomery and John Seaman, who portrayed the many virtues and noble traits of character possessed by the deceased.

RUNAWAY DISASTER.

A team attached to a heavy wagon belonging to Niels Wangsgaard of Huntsville ran away yesterday afternoon, partially demolishing the wagon and endangering the life of John Field who was digging sewer trench. He was at work in the trench when the team ran down Twenty-third street. When the horses came to the trench one of them fell in near Field and would have come on top of him had it not been for two young men pulling him out. After considerable work the horse was got out of the trench with but slight injuries.

SUGAR FACTORY PAY DAY.

Nearly Half a Million to be Paid Out Friday.

Ogden, Nov. 12.—The Amalgamated Sugar company will, on Friday, Nov. 15, make its first payment to the farmers for sugar beets this year. On that date the sum of nearly $450,000 will be paid out through the First National bank to the beet growers of Weber, Davis, Boxelder and Cache counties, for beets delivered at the Ogden, Logan and Lewiston factories.

Claims and payrolls aggregating $4,503.59 were allowed.

Much time was spent in discussing matters pertaining to the grading of the approaches to the new bridge over the Ogden river near the canyon. The matter was referred to the engineer, the attorney and the street committee. Bids for this work were opened. Of the three bidders the Wheelwright Construction company was the lowest, its bid being 48 cents per cubic yard. The other bidders were Thomas W. Jones and J. E. Gale.

The report of the sanitary inspector showed the prevalence of the following contagious diseases: Scarlet fever, 4; diphtheria, 5; smallpox, 2; chicken pox, 2; typhoid, 2, and pneumonia, 1. Cases in quarantine are as follows: Scarlet, 11; diphtheria, 1; measles, 1; chicken pox, 1. Deaths resulting from all causes are: Males, 14; females, 10, and non-residents, 4.

WANT GAMBLING STOPPED.

Once more the Ministerial association of Ogden has taken upon itself the duty to call upon Dist. Atty. Halverson to enforce the law against gambling in Ogden at once, and the chief of police and sheriff will be asked to perform their sworn duty in that respect. The ministers are in earnest in the move and will put forth every effort to have the law lived up to.

Yesterday this request was renewed by E. A. Stratford, president of the county board of education. The commissioners denied the request, and the sheriff was called upon to do the work as a part of the duties of that office.

DEATH OF PIONEER.

A. P. Colvin Closes Eventful Career At Seventy-Seven.

Ogden, Nov. 12.—Another of Utah first settlers has gone to his rest after a strenuous career of 77 years. A. P. Colvin, of 1640 Washington avenue, died at his home early yesterday morning, survived by his wife and nine children. He came to Utah in early days and served in the Black Hawk Indian war under Capt. Miles Mead.

LOAD OF HAY STOLEN.

A peculiar theft occurred here yesterday, when a load of hay was taken from the tabernacle square.

Gus Olsen, a farmer living at Roy, came to Ogden on Saturday with a load of hay. Not finding a buyer, the wagon containing the hay was left standing on the tabernacle square. Yesterday James Maloney secured a team, attached it to the wagon, drove off and sold the hay, returning the empty wagon to its former location. Some time later Olsen discovered the theft and reported his loss to Chief of Police Browning. Maloney's arrest soon followed and before being locked up he confessed.

RAILROADERS INJURED.

Three railroad men were injured yesterday, two in this city and one at Montello.

G. A. Johns, foreman of the wheel department of the Southern Pacific shops in this city, had one of his feet badly crushed yesterday by having two 33-inch car wheels fall upon it. Luckily, no bones were broken. Johns was taken to the hospital for treatment.

Ben Walters, a motive power employe of the Southern Pacific, was brought to Ogden yesterday from Montello, where, in the discharge of his duties, he had a leg fractured.

Mrs. Retta G. Beers, wife of the late Dr. Earl S. Beers, who is alleged to have been murdered about two months ago by Fred C. Walker and Ed Lawrence, denies the report published in a Salt Lake paper to the effect that she announced at a banquet given by her Saturday night to a party of newspaper men of Ogden, that she would soon become the wife of William M. Hughes, a member of the staff of the Utah State Journal and would leave in a day or two for the northwest. Mr. Hughes also denies that the announcement was made at the banquet. Mr. Hughes, however, admitts the truth of the engagement, but says that they will not get married until after the conclusion of the trial of Walker for the alleged murder of Dr. Beers.

Beckstrom-Allred Nuptials—Retiring S. S. Superintendency Honored.

Special Correspondence.

Mt. Pleasant, Nov. 11.—Mr. Lester Allred and Myrtle Beckstrom sprung a surprise on their friends by going to the courthouse at Manti, on Wednesday and getting married. Both are from Spring City.

One day recently some parties made an attempt to destroy the creamery owned by the Miner Brothers, situated between this place and Fairview. Kindling wood had been so placed that when ignited the flames would set the building ablaze. But luckily their calculations went wrong and no damage was done. The manager, A. U. Miner, has an idea who the guilty parties are and is doing all that he can to bring them to justice.

Dr. Frederick Clark of Salt Lake, state sanitary inspector, was in town Saturday looking over conditions. He visited the public school building, and ordered the fumigating of the rooms occupied by the primary grades. He also visited the local creamery and ordered it cleaned up or the state board may have it declared a nuisance.

DO NOT KNOW WHAT CAUSES SICKNESS

Modern People Have Many Names for Same Diseases, According to New Belief

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.

Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or to be trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is all run down or tired all are time, or no appetite."

"I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Mighty few people can be sick with a sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."

Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject:

"I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed.

"I had a very irregular appetite, and was trouble with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine, but nothing ever helped me.

"I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."

It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities.

I was practically helpless and bed-ridden for many years from a double rupture. I wore innumerable different kinds of trusses and appliances. Some of them were tortures, some positively dangerous, and none would hold the rupture in its proper place. The doctors told me I could not expect to have it entirely healed unless I would consent to a surgical operation. I found them all, however, and cured myself completely and permanently by a simple method which I discovered. Anyone can use it, and I will gladly send the cure free by mail to anyone who writes for it. Fill out the coupon below and mail it to me today. I will send the cure by return mail, postpaid.
