ANARCHY AND LABOR

A Woman Trying to Incite New York Workmen to Violence.

THOUSANDS NEARING STARVATION.

Black Flags in Newark.—A Demonstration in the World's Fair City.

New York, Aug. 21.—Emma Goldman returned from Newark this afternoon in time to make a rabid speech at a meeting of anarchists on the East Side. She said the black flag, the symbol of destitution and hunger, had once more been trodden under foot. This had reference to the patriotic utterance of the mayor of Newark that no procession should march without the stars and stripes.

Emma told the crowd that the mayor tore the black flag down; that he is a beast, and his time of retribution is nigh. She told her hearers that they must go to the Union Square meeting tonight armed if they wished to accomplish anything.

"Let clubs, stones and other weapons be opposed to the clubs and revolvers of the police!" she shrieked. "For unless this is done your cause will not progress one iota."

The attendance at Union Square tonight was about 5000. There was no disorder, and the speakers were permitted to shout to their hearts' content. Emma was there again, and told the men she was ashamed of America, because it made the rich very rich and the poor very poor. Kings and presidents were all alike, as far as oppressing the poor went. She told the people they must get bread, get it how they would.

Other speakers in German declared that if the people didn't get bread the scenes of Paris would be repeated in New York.

THEY DEMAND WORK.

The committee appointed Sunday at the meeting of the Organized Labor conference today formulated an address to the people of the United States, declaring that 100,000 men, women and children are nearing the verge of starvation in this rich metropolis of these free United States. Hundreds and thousands of others are within a short distance from want and its attendant suffering, misery and crime.

It calls on the New York aldermen to convene in special session and devise ways and means for the employment of unemployed, directly, and calls upon all to contribute funds for the unemployed, who seek work in vain. It charges that those who control the industries and finances of the United States are responsible, "and we demand of them immediate relief for the victims of a system inherited from the ages of wrong with which the past have been oppressed."

BLACK FLAGS WAVING.

Newark, N. J., Aug. 21.—Unemployed workingmen held a large parade today. At the head of the line marched a man with a large black flag, upon which, in large white letters, were the words:

SIGNS OF THE TIMES.
I AM STARVING BECAUSE HE IS FAT.

Beneath was a picture of a large, well fed man, with a high hat, and a starving workman beside him. Another black flag with an inscription of similar import was carried in the center.

At the city hall Mayor Haynes, who was on the steps, ordered the black flag taken down, adding: "No man can march through these streets unless the Stars and Stripes are carried."

The flags were then kept out of sight for awhile, but hoisted again after the center of the city was passed. A meeting later was addressed by Emma Goldman, an anarchist from New York, who made a characteristic address. None of the men in the procession presented any appearance of starving.

"WE WANT BREAD."

Chicago, Aug. 21.—About fifty men gathered together and marched through the down-town streets this afternoon, shouting "We want bread!" After marching a few squares they halted in front of the city hall, where their arrival created some excitement. Mayor Harrison and other officers gazed out upon the crowd, whereupon the men shouted, "We want work or bread." The crowd, however, soon melted away without further incident.

Springer Surprised.

Washington, D. C., Aug. 21.—When asked for a statement as to the reasons which impelled the Speaker to depose him from the chairmanship of the ways and means committee, Springer said:

"To say I am surprised at my deposition from the chairmanship of the ways and means committee and appointment as chairman of the committee on banking and currency is only a feeble expression of the truth. I had no intimation from the speaker whatever as to his failure to reappoint, or as to his intention to make me chairman of the other committee. I go from work to which I have given the best study of my life to a committee the business of which I have given but little attention heretofore. I know nothing of the motives of the speaker or the object he had in view. He has assured me that he desired to do that which he thought was best for the country and the Democratic party. I hope he is not mistaken, but opinions may differ. I do not care to make a further statement at this time."

A Swindler Disappears.

Kansas City, Aug. 21.—Henry Wollman, attorney for Special Bank Examiner Latimer, acting as agent for the First National Bank of Marion, Kan., filed attachment today against Geo. D. Galbraith, special bank examiner in charge of the National Bank of Kansas City, the National Bank of Commerce and the American National bank, by E. M. Donaldson, president of First National Bank of Marion, Kan.

It is charged that Donaldson secured loans from the bank of which he is president for personal use without adequate security. He has since disappeared, and the bank is short $12,132.

Joseph Doughty of Sioux City swore out a warrant for Donaldson's arrest, alleging embezzlement, misappropriation and forgery. Donaldson besides owning a majority of the stock of the First National bank of Marion, Kan., controlled two state banks. His transactions through them were not successful, and in 1889 he closed out two small banks, and securing considerable money from the Marion bank, started the Union Trust company of Sioux City, Ia. As feeders for it he established a chain of banks in Iowa, eleven in number. The ventures, however, did not develop according to expectations, and from subsequent events it became apparent that he determined to realize what cash he could and leave the country. Accordingly last winter he opened a branch office here and disposed of a large amount of the securities and assets of the Iowa concerns. The Union Trust company was among the first financial concerns to go under when the financial difficulties began last spring. With it went down the eleven Iowa banks.

Doughty says an examination of that company's affairs shows a deficit of at least $500,000.

Charged With Embezzlement.

Indianapolis, Aug. 21.—This afternoon Theodore P. Haughey, president of the wrecked Indianapolis National bank, was arrested at his home near this city, on a warrant charging him with embezzlement and misapplication of the funds and credits of the bank. The Federal authorities also arrested his son, Schuyler C. Haughey, president of the Indianapolis Curled Hair works and Indianapolis Glue works, and Francis A. Coffin, president of the Indianapolis Cabinet company; Percival Coffin, vice-president of the company, and Albert T. Reed secretary of the same. Young Haughey, Coffin and Reed are charged with having aided and abetted the elder Haughey in the embezzlement and misappropriation of credits charged against him.

Looking for a Demon.

Oakland, Ills., Aug. 21.—A large crowd of men are out hunting for Louis Myers who is wanted for a diabolical crime. Last Friday he went to the house of a neighbor and assaulted Mrs. Will, seriously injuring her. Shortly after he met his eleven-year-old niece on the road and assaulted her and afterwards hanging her to a tree. She was found and cut down before life was extinct, but is not expected to live. After this deed Myers returned home, beat his wife and one of his children severely and then took to the woods, carrying with him a rifle and revolvers.

Work for Thousands.

Pittsburg, Aug. 21.—Employment was given today to between 12,000 and 15,000 idle men in this vicinity by resumption of operations in iron and steel plants. Among the mills resuming are the Black Diamond steel works, portions of Jones & Laughlin's iron and steel plant, and the National Tube works.

Mascot's Last Race.

Buffalo, N. Y., Aug. 21.—It is feared that Mascot, the champion pacer, has run his last race. At Fort Wayne on Saturday the gelding was withdrawn from the race because his condition was totally unfit to finish. An examination by a veterinary surgeon disclosed the fact that Mascot had been foundered. Mascot paced the fastest mile on record in 2:04.

DR. PETERS AND STANLEY.

The Former Says Some Hard Things of the Latter.

New York, Aug. 21.—Dr. Carl Peters, the African explorer, talking today about Stanley, made some severe comments on that gentleman's way of treating his fellow travelers. "Stanley lived on good food himself," said Peters, "and allowed his men to live as the negroes did. French missionaries told me they visited Stanley's camp at Unmoriter and saw Stanley sitting at the head of the table eating European diet and drinking claret while Emin Pasha and other members of his party ate negro diet and drank water. Some of the white men of Stanley's party had to abandon their tents and sleep in the open air so that Stanley's wine could be taken along.

"I am also told by one of the missionaries that when one of Stanley's companions had a fever and was not able to go on, Stanley took a horse whip and flogged him, saying, 'If any white men fall down what will the negroes do.'" Peters had much more to say in the same vein. He inclines to the belief that Emin Pasha is still living.

HOUSE COMMITTEES.

Radical Changes in the Personnel in Some Instances.

A list of the chairmen of the committees and also the membership of the coinage, weights and measures, and the ways and means committees was published in last evening's News. The following are members of other important committees:

A. Stone, Pennsylvania; Updegraff, Iowa; Childs, Illinois.

Mr. Rawlins, Utah's delegate, is a member of the committees on coinage, weights and measures, private land claims and mines and mining.

Negro Democrats.

Washington, D. C., Aug. 21.—The first general conference of negro Democrats was held in this city today, and was characterized by great harmony. About fifty delegates were present, the object of the conference being to take steps towards effecting a negro Democratic league by organizing subordinate state leagues.

Double Murder and Suicide.

Dallas, Texas, Aug. 21.—Word has been received from Pais Pinto of a horrible tragedy last evening. James Illy and his Beatty, returning from church together, were met by E. Nalos, a rejected suitor of the young lady. Without a word he shot Illy through the heart. He then knocked Miss Beatty from her horse with the butt of his gun, and placing the muzzle to her temple blew her brains out. Nalos finished the awful crime by sending a bullet through his own skull.

Short in His Accounts.

Denver, Col., Aug. 21.—An evening paper says William H. Perry, ex-clerk of the county court, and a well known politician, is short $62,000 in his accounts as trustee for various estates.

ALFRED NELSON WANTED.

An Alleged Embezzler Leaves Ogden.

Ogden, Utah, Aug. 21.—Today a warrant was issued for the arrest of Alfred H. Nelson, formerly secretary and manager of the Building & Savings association of this city, for the embezzlement of the funds of the company. The estimated shortage is about $15,000. Nelson and family left for parts unknown early this summer.

Bimetallists Will Meet.

New York, Aug. 21.—A meeting of the New York delegates to the Chicago bimetallic convention was held this afternoon. It brought together the supporters of bimetallism to complete arrangements for a general mass meeting at Cooper Union next Thursday evening. Among the speakers will be Congressmen Bland, Bryan, Bailey and General A. J. Warner.

Children Burned to Death.

Boise, Ida., Aug. 21.—At Caldwell today the house of a family named Brookshire, lately from Missouri, burned. Two children, aged four and two years, were burned to death.

The "Quadrant Case."

Portland, Or., Aug. 21.—United States District Judge Bellinger today rendered a decision in the case of the United States vs. the Oregon & California and Oregon Central Railroad companies, commonly known as the "Quadrant case." The decision is adverse to the railroad companies and decrees the lands in the quadrant forfeited to the government. About 200,000 acres of land are involved.

GENERAL FOREIGN NEWS.

The Cholera in Hungary Worse than Reported by the Government.

Germany's Emperor Said to Have Expressed His Sympathy for King Humbert.

London, Aug. 21.—The *Daily News* sent a medical commissioner to Hungary to investigate the cholera. He reports that in the short valley beck of Theiss 200 persons were seized, of whom nearly died since the 11th. At the town of Delityn, in Nadworna, sixteen were seized on the 15th and all died. The inhabitants believe the doctor poisoned his patients in order to stop the infection. The commissioner concludes that there is no doubt that the government has concealed the existence of cholera in Hungary for commercial reasons.

Other reports state that 2,000 Italian navvies working on the railway in Lemberg are panic stricken owing to the death of seventeen comrades from cholera.

Anti-French Demonstrations.

Rome, Aug. 21.—In Genoa anti-French demonstrations were in progress throughout the evening. The rioters caused an omnibus and many street booths.

In Naples several collisions between the police and anti-French agitators have taken place this evening. The people were marching in the streets at 10 o'clock shouting for vengeance on France.

THE ITALIAN MINISTER'S REGRETS.

Paris, Aug. 21.—Signor Ressmann, Italian minister, called upon Premier Dupuy and informed him of the feeling aroused in Italy by the Aigues Mortes affair. At the same time he expressed regret that such bitter anti-French manifestoes were issued in Italy, and that the French consulate at Messina had been attacked and injured by rioters.

Just Like William.

Berlin, Aug. 21.—A report is current that Emperor William has charged Prince Henry of Prussia to express to King Humbert of Italy his sympathy in connection with the Aigues Mortes affair. The report has not been confirmed.

A Statue of Lincoln.

Edinburgh, Aug. 21.—A statue of Abraham Lincoln, erected as a memorial to the Scottish-American soldiers in the American civil war, was unveiled here today in the presence of the municipal authorities, many distinguished guests, a number of Americans and a large crowd of residents of Edinburg, including most of the elite of the town and people from the surrounding country. The statue, which is of bronze, stands upon a base of polished red granite. Upon the surface sits a freed slave in bronze, his face turned up to Lincoln, who holds in his right hand the emancipation proclamation. Several battle flags, also in bronze lie beneath the outstretched left hand of the slave.

The monument was erected in a cemetery set apart for the burial of Scotch-American soldiers. The ceremony of unveiling was imposing and of an international character, the presence of a large detachment of Argyle and Sutherland Highlanders (Princess Louise's regiment) lending a striking feature to the scene.

In the Commons.

London, Aug. 21.—Gladstone moved the adoption of the resolution, notice of which was given Friday last, to apply the closure to the report stage of the home rule bill on Friday next.

Joseph Chamberlain, unionist leader, then submitted his amendment, declaring the government's proposal calculated to degrade the house into a voting machine, depriving the British majority of its constitutional rights, and ought therefore to be withdrawn.

After some discussion the house rejected the amendment by a vote of 299 to 168.

Applies the Lash to Free Coinage Senators.

Such a severe pressure being brought to bear on our Senators, by his Royal Highness, makes the silver question of free coinage more uncertain; so we must prepare for the worst in case we get no relief on silver. Therefore, we have decided to cut mistaken prices on all merchandise throughout our entire mammoth store lower than ever throughout the balance of August and give the Capitalist Banker, Professional Man, and last but not least the Laboring Men a chance to make the few dollars they have go as far as possible these hard times. This shall be our motto and we shall strictly adhere to it.
