CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches include Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that modern invention has devised and experience proved valuable, and its practical operation is conducted with a care and method—its discipline strict and exacting. The luxury of its passenger accommodations is unequaled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and—between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily in the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota; the rich wheat fields and pastoral lands of Eastern Dakota are reached via Watertown; a short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly attention.

BEAR LAKE BUDGET.

A Breezy Letter—More Land Jumping, Etc.

PARIS, Idaho, March 12, 1887.

Editor Deseret News:

Spring has arrived and the snow is fast disappearing. During the past week the weather has been warm and pleasant, and we begin already to forget the severe weather we experienced during the months of January and February and farmers are actively engaged preparing for their spring labors.

OUR STAKE TABERNACLE

was not forgotten during the winter, several of the settlements have their quota of lumber on hand to complete the building, and the others expect to have it ready by the time labor will be commenced on it, and the lumber needed. Teams have been busily engaged during the present week hauling the red sand stone, to complete the gable ends of the building, and we expect the building closed in, so that we can hold our August Conference in it.

LAND JUMPING

has again commenced with the opening of spring, and a severe fracas occurred last Wednesday, on the disputed ground, which is situated about a mile west from the Montpelier depot, and close to the county road running to Ovid. The affair is about as follows:

J. M. Davis, of Montpelier, has claimed the land for several years, and it being outside of the government survey and included in what is known on the map as swamp land, he has been unable to enter it; and it is also claimed he has not made the necessary improvements on the land which the Territorial law requires in order to hold unsurveyed land, hence the dispute. On the above day Soren Larsen, Tom Larsen (brothers) and Peter Petersen, from Ovid, were engaged putting up a house on the land, which had previously been jumped by Soren Larsen, when J. M. Davis, his son Jeff Davis, T. Astle and another man suddenly appeared on the ground and

THE ROW COMMENCED,

J. M. Davis closing with T. Larsen, and his son Jeff Davis attacking Soren Larsen with a hatchet; none of the complainants were seriously injured, except Soren Larsen, who was struck on the head six times with the hatchet, and one of the blows is said to have penetrated the skull. Yesterday he was delirious part of the day and grave doubts were entertained of his recovery, but the last reports were more favorable. The sheriff arrested both parties, and they were immediately taken before the justice of the peace at Montpelier, when J. M. Davis was fined $25 and costs, and his son Jeff. Davis was bound over in the sum of $500 to await the action of the grand jury. The other parties were acquitted.

THE DISTRICT COURT

will sit here Monday next, which is said to be quite a disappointment to the "loyal" anti-Mormons in Montpelier, who have made strenuous efforts to have the Hon. Judge vacate our new Court House—which has been erected and furnished at a cost of $10,000 and hold court in the old L. D. S. meeting house, but the Judge wisely and consistently refused to meet their wishes.

THE IDAHO TEST OATH

will be tested at this term of court, and Judge Hayes will likely have the matter squarely before him, as that eminent and able lawyer, A. J. Johnson, of Boise City, has the case in hand. It is said all men have an opportunity once in their lives, and your correspondent considers this Judge Hayes' great opportunity! He will have the privilege of declaring unconstitutional this legislative monstrosity which every lawyer and well informed person knows it to be, and which its originators never expected would remain on the statute book as long as it has—or he has the privilege through his anti-Mormon proclivities, of continuing as a law this unjust, oppressive and unconstitutional measure which the United States Supreme Court will wipe out of existence in a hurry, should it ever reach them.

Yours respectfully,

RUSTIC.

LABORS IN THE SOUTH.

WILLARD CITY, BOX ELDER CO., Utah, March 11, 1887.

Editor Deseret News:

Not having time to report my labors as a missionary at the office, I now take the privilege of writing you and trust you can spare space for a brief account of the same.

I left home April 13th, 1886, and on my arrival in Chattanooga was appointed to labor in South Carolina; before beginning my labors I, in company with three other Elders, visited the World's Exposition at New Orleans and, as one of the Elders remarked, saw the world in a nutshell.

From here I proceeded to South Carolina and was initiated into business by a friendly visit from 25 so-called Christians, requesting myself and companion to leave the country at once, but as we felt that our labors had but just commenced, instead of being compelled, we declined to comply with their request. An account of this visit was published at the time of its occurrence.

It would occupy too much space to detail the events of twenty-three months in the south, so I will abbreviate.

I labored with eight different companions, assisted in opening three new fields of labor, traveled in Spartanburg, Greenville, Pickens, Oconee and York counties, S. C., and Cleveland and Polk counties, N. C., baptized twenty persons, held 148 meetings, married five couples, slept in the world's hotel (the woods) seven nights, have seen the power of God manifested in various ways, viz., devils cast out, sick restored to health instantly, warned of dangers, etc.

It has fallen to my lot to meet several divines (?), and can testify in soberness that their wisdom has perished, and their understanding has been hid when brought to bear against divine truths, how forcibly has the Apostle Paul's declaration "God hath chosen the foolish things of this world to confound the wise," been brought to my mind.

In February, 1887, I was appointed to preside over the South Carolina Conference, which position I held until my release.

I feel truly thankful for the privilege granted me of declaring the principles of eternal life to those yet in darkness and have endeavored to acquit myself credibly of the important trust reposed in me; have warned the sinner, comforted the faithful whenever opportunity afforded, and sincerely trust that my labors were acceptable to God and that none of the blood of those in transgression will be required at my hands for negligence while a watchman. I have a clear conscience in relation to this matter and feel like Paul did when he declared, "I have fought a good fight."

Ever a lover of the cause of truth,

HEBER WRIGHT.

Park Notes.—From the Park City Gail of March 5th:

Robert Mayers, working on the 600 foot level at the Ontario, had the little finger on his right hand severely injured Tuesday morning while turning an ore car on a turn-table. In swinging the car around he caught his hand between it and another standing by. His entire hand was more or less injured, but the small finger went off pretty badly. He is laying off to nurse the injured member.

Judge Snyder is very low and has been so for the past week. Wednesday evening he was not expected to survive until midnight. He still lingers though his life is despaired of.

Frank, the young son of S. S. Cronin, had his right ankle badly sprained Monday last by getting it caught in Timm's water wheel. The boys were fooling with the wheel and in some manner it was started, catching young Cronin by the left foot and twisting the heavy sole off his boot, straining the ankle in a serious manner. Had the sole not given way, there chances are that the limb would have been broken.

On the 6th inst. a skeleton of a man, with clothing and other articles was reported found a short distance from Alpine in the Sierra Ancha Mountains in Mexico. Parties identified the remains as those of a gentleman who was missed at Benson, Arizona, about two years ago, at which time it was generally believed he was murdered. A man named Lazar was arrested as being a party to the crime. The murdered gentleman owned a ranch near Lazar, to which he was going when killed.

A Brief Particular Star—Red Star Cough Cure. No opiates. No poisons. 25 cents.

PUTNAM'S

HOT FORGED NAIL

Every Putnam Nail

is drawn down to a point from the rod, thus; receiving over sixty quick, successive sharp blows, at a welding heat. They are then scalded by the water process.

NO ACIDS

being used, and afterwards

HAMMER POINTED.

Our nails, therefore, are to all intents and purposes the same as the old fashioned hand and hammer pointed.

Some other manufacturers claim to make a Hot Forged Nail, but you will observe on all such a Sheared Edge near the point.
