PROVO, UTAH, May 10, 1894.

FIRST DISTRICT COURT.

J. E. Lee vs The Continental Insurance Company—A $20,000 Damage Suit.

The case of J. E. Lee vs the Continental Insurance company came up for trial in the First district court yesterday, Chief Justice Merritt, judge. The reason for this is that O. M. Greenwood, counsel for plaintiff, is a brother-in-law of Judge Merritt, which caused the latter to request that Judge Merritt try the case.

Plaintiff sues the insurance company for $1,875 due him for services as agent for the company from September, 1891, to March, 1893. A special jury was summoned to try the case. The claim is denied by defendant corporation on the ground that no fees were to be paid on bills taken by agents which were not paid in sixty days after becoming due. Plaintiff, as defendants claim, took many such notes, and according to the books of the company the plaintiff is in debt to the company.

NEW CASES FILED.

Ben Argyle, of Spanish Fork, has filed complaint in a suit against the Strawberry Cattle company, Preston Nutter, Tom Jones and Wm. Bowen. He asks for 2,000 head of cattle or for $20,000 and $1,200 damages. Hawkins & Critchlow are his attorneys. There are fourteen causes of action in the complaint, each is for cattle alleged to have been taken by defendants from plaintiff and others, who have assigned their claims to him. The cattle are said to have been taken in December, 1893, and April, 1894, from Wasatch county.

The First National Bank of Provo has commenced suit against S. F. Kershaw and E. A. Wilson to collect a promissory note of $501 which, with unpaid interest amounts to $1,012, and costs.

GRAND JURORS.

The following names have been drawn from the jury box to attend as grand jurors at Nephi on the 14th inst, the same number having been excused from the panel drawn some time ago: Charles Haynes, Nephi; Joseph Bryan, Nephi; John G. Davis, Vernal; John H. Shaefer, Moab, and George Brown, Heber City.

The "Industrial Army."

Superintendent Welby, of the B. C. W., was in Provo yesterday for the purpose of keeping an eye on the movements of Carter's army, should they attempt to capture a train.

Several men who claim to be members of the "army" reached the city yesterday.

Marshal Knight made a visit to the industrial army at Lehi yesterday. In an interview with General Carter he was informed that the army would move to American Fork this morning; from there they would move to Pleasant Grove and then to Provo. The "general" said he believed he now had 250 men. He was in hopes of getting transportation, but thought it possible he would have to break up his men in companies of fifty to do so.

Notes.

The people of Price will hold a public celebration this evening to express their satisfaction with the outcome of the late election which gave them the county seat of Carbon county.

Chief Justice Merritt visited the territorial insane asylum yesterday afternoon in company with Clerk Peery.

Alfred G. Hendricksen and Mary E. Hadfield, both of Provo, have taken out a marriage license.

TRADING & SHIPPING MILLS & TIMBER CO.
PORTLAND, WASHINGTON, FEB. 15, 1894.
PUTNAM NAIL CO., Boston, Mass.
GENTLEMEN—Shipping Clerk Robert Conner, who is now with the Trading & Shipping Mills & Timber Co., at Sunol, Cal., writes that I have used the Putnam Nail and others, but in the shape of the point which has come down to us it is the best nail we have had to be used when the Putnam Non-Forged Nail is not procurable. With these only to recommend a good, I have established my name and reputation upon it.
Very respectfully yours,
C. H. Marvin

The Putnam Nail is the only exclusively Not-Forged and Hammer-Pointed nail.

Look in your smith's shoeing box. If the nails have smooth edges for the whole length they are the PUTNAM, for they are Hammer-Pointed and are not sheared.

The above picture, from a photo recently taken by Bonner in the act of shoeing Charlie, a Putnam nail, while superintending the shoeing of Sunol, will be seen in the form of a half tone, size, 5x7, on thick, white paper, with wide margin, on receipt of 2 cent postage, etc.

THE PRICE OF IT.

Ah, there is the rub in these hard times. But consider what you save in so many ways. How you expedite your business, do speedily an errand or attend to some duty with little loss of time that might otherwise be neglected. Think of the times you have gone home and been met by the wife of your bosom with the demand to know why you had not sent up the meat, and you recalled how, when you thought of it you put it off thinking to have more time later on, and then forgot it entirely until the inquiry came, and your heart sank to your boots. How if you had had that easy running, light and graceful "Stearns" Yellow Fellow—that arose and climes of bicycle construction—that errand could, say, would have been attended to in a jiffy. Result: Conscience easy; money saved; wife smiling and affectionate; life filled with happiness and contentment.
