THE FUSION BROKEN.

Idaho Democrats Released From Their Agreement With Populists.

WILL NOW WORK FOR DUBOIS.

Address Issued by Secretary Walsh of the Democratic National Committee—Good Silver Move.

Special to the NEWS.

Boise, Ida., Sept. 26.—Secretary Walsh of the Democratic National committee, who has been in Idaho for several days past, endeavoring to pour oil upon troubled political waters here, left for the east tonight. While many of the most prominent members of that party were willing and anxious to follow the advice of their national party in giving recognition to Senator Dubois, the Populists still demanded fulfillment of the pledge given at the state convention in supporting a Populist for the United States Senate instead of Dubois.

Secretary Walsh before leaving issued an address which releases the Democrats from their combination with the Populists. Democrats are pleased with the secretary's action and tomorrow the silver Republicans will go into convention and take down the names of all Populists, substituting the names of Democrats. Democrats here say that the entire ticket will be elected and Democrats will support the Dubois legislative ticket. The secretary's address is as follows:

Boise, Sept. 25, 1896.—To the Democratic voters of Idaho:

The conspicuous service of Senator Dubois of your state to the cause of silver has made him one of the central figures in the great fight for bimetallism now being waged in the United States. To the action of the silver Republicans in their ever-persistent effort to force the free silver issue to the front in national affairs, in their bold and patriotic stand at St. Louis, when the national Republican convention endorsed the single gold standard, is to be attributed largely the issue between the single and double standard now being waged throughout the country. Senator Dubois was a recognized leader in all these great movements. He severed his connection with his own party for patriotic reasons and to advocate the cause which you have so deeply at heart. A combination of Democrats against him in his own state cannot be justified upon any ground. The return of Senator Teller and Senator Dubois to the United States Senate is essential in this fight for silver. Any attempt on the part of the organized Democracy of this state to prevent his return would injure the success of Mr. Bryan in every state where there are silver Republicans. It is not putting it too strongly to say that the national Democratic committee believes there is no one thing which at the present time would aid the cause of Mr. Bryan more than a clear and distinct understanding throughout the country that the Democrats of Idaho intend to return Mr. Dubois to the Senate.

Voicing the sentiments of the Democratic national committee, they wish it distinctly understood that they repudiate the so-called agreement entered into by Democrats and Populists, in their recent state conventions (as far as Democrats are concerned) in relation to the election of a United States senator in place of Senator Dubois. And further, that the Democrats of Idaho are released by the national committee from a compliance with the terms of said agreement. The national Democratic committee desires his return and also desires most generous recognition on the part of local Democrats of the silver Republicans of Idaho who are associates of Senator Dubois.

(Signed) C. A. WALSH,
Member and secretary of the Democratic national committee.

BIG TABERNACLE CONCERT.

A Rare Musical Treat to Be Given the Public, Monday Night, October 5th.

On Monday night, October 5th, the united musical forces of this city will present an entertainment the like of which is seldom heard in any city west of Chicago, and of which Utahns and Salt Lakers should be particularly proud. The choir itself brings before the home public the singers with which they have won such applause in San Francisco and other western cities and later at the great Eisteddfod in Denver, while under their auspices appear the finest band in the West, having in fair and trying contest won over Butte and Denver within a year. Their prize pieces at both places will be rendered at this concert under the direction of their able conductor Prof. Anton Pedersen. They will also accompany the choir in two numbers, and make us feel as if we were having a visit from home again.

Then the Ladies' Chorus under Madam Amanda Swenson (all members of the Tabernacle choir) fresh from their Denver victory, will for the first time let us hear the two prize choruses which they did so charmingly in Denver as to win glowing comments from the adjudicators there.

The soloists are not a whit behind in interest. The local public for the first time will hear on the great organ, and in one of his own compositions, a young Utah boy of whom much has been heard, Prof. J. J. McClellan, who while studying and teaching in Ann Arbor, Michigan, has reflected much credit upon this community by his remarkable talent.

Another young Utah artist over whom Denver went fairly wild recently is Prof. C. D. Schettler, the guitar virtuoso of whom the [illegible] have no superior in America. This will be his first appearance also in the Tabernacle. Nor, Prof. Stephens, always alert to [illegible] and bring [illegible] has discovered among Prof. [illegible]'s pupils a remarkably talented young lady violinist, Miss Romania Grant. This young lady will make her debut in the beautiful and soulful [illegible] Roll. This was the Denver contest piece for violinists. Two contestants selected to play. It is claimed by those who have heard Miss Grant that she plays it better than either of them, though the Denverite received thunders of applause for his playing. Mrs. Lizzie Edwards is the vocal soloist, and though not new, is one of the best if not the best, of whom we are so justly proud. She will be heard with the choir in Rossini's brilliant "Inflammatus" and also in a separate solo.

This musical treat, although given at conference time, cannot be missed by Salt Lakers, and it is a pleasure to note that Prof. Stephens spreads his choicest gems before the public while our visiting friends are among us to enjoy the same as well as the oftener favored Salt Lakers.

Professor McClellan.

Professor John Jasper McClellan, late instructor of theory, piano and organ at University School of Music, Ann Arbor, Mich., has opened a studio in the Constitution building, this city. He is a Utah boy who has won marked distinction in the East. The Ann Arbor Times says of him and his work:

Mr. John J. McClellan has been a pupil in the School of Music since its beginning four years ago. He studied piano and organ a year before coming to Ann Arbor, since which time he has made the piano his specialty. His work has been phenomenal. In the comparatively short time during which he has been studying he made advancement which warranted his engagement the past year in the school as an instructor in the piano and organ departments as well as having charge of the harmony class. As a pianist his interpretation is artistic and true and his originality showing through it all gives his playing a grace and charm that is missed in the performances of many finished artists. His technique is brilliant and crisp but is combined with a delicacy and strength that gives promise of a bright future. He has written a mass and a number of songs, two of which were sung at the graduation recital given on June 9.

NORRELL AND CHERRY

The Choice of Democrats for Judges of the Third District.

THERE WERE SIX CANDIDATES.

Messrs. Norrell, Hoge, Murphy, Cherry, Powers and Baldwin Voted on by the Convention.

It was ten minutes past 11 when Judge C. C. Dey called the Democratic judicial convention to order and announced that the committee had chosen S. W. Darke for temporary chairman and Miss Annie Lynch for temporary secretary. Mr. Darke took the chair, but Miss Lynch was not present. Mr. J. W. Whitehead Jr. was requested to wield the quill during Miss Lynch's absence.

Temporary Chairman Darke was introduced and said he hoped the convention would be able to transact the business of the temporary organization successfully. It was the duty of the convention to complete the ticket which the party had put in the field. The men who are nominated to fill the positions upon the bench of the judiciary should be of the highest character and he hoped the convention would see to it that only such men would be their choice. The convention became necessary on account of the resignation of two of the judges of the district, the Hons. LeGrande Young and Andrew Howat.

On motion of J. B. Timmony a committee of seven was appointed on credentials, consisting of J. B. Timmony, O. W. Moyle, J. C. Boyle and J. H. Rawlins, Salt Lake county; Geo. R. Hancock and Geo. W. Gee, Summit county; H. J. Cameron, Tooele county.

On motion of Judge Marshal the temporary organization was made permanent and a recess of fifteen minutes was taken to allow the credentials committee to report, the committee to take the published list of delegates for a guide, on account of some delegations being without credentials.

Chairman Timmony of the credentials committee reported its findings on delegate accordingly to the convention and recommended that if there were vacancies in the delegations those present should cast the full vote. Adopted.

Delegate Lyndsey introduced a resolution that the nominees of this convention be, if elected, expected to serve their full terms unless prevented by something unavoidable. Carried.

POPULIST PROPOSITION.

Chairman Darke stated to the convention a proposition from the Populist party for the fusion of itself with the Democratic party in the judicial election, proposing that the name of Geo. F. Goodwin, Populist, be placed upon the Democratic judicial ticket as the condition of the fusion.

PROPOSITION REJECTED.

John E. Hansen moved that, in view of the fact that the Democratic party has already shown extreme liberality in its treatment of the Populist party, the proposition be laid on the table. The motion carried unanimously.

THE NOMINATIONS.

Nominations being declared now in order the following were placed in nomination:

By O. P. Miller, Judge A. G. Norrell.

By Mr. Shields, Judge E. G. Hoge.

By Judge Marshall, Walter Murphy.

By Delegate Stewart, A. N. Cherry.

By O. W. Moyle, C. J. Pence.

By John E. Hansen, Charles Baldwin.

NORRELL AND CHERRY.

All the nominees were numerously seconded and on motion of John Howell, nominations were closed and balloting was commenced. J. Irvine and J. R. Anderson were appointed tellers, J. B. Timmony calling the list of wards and precincts for the vote.

The first ballot resulted as follows:

Norrell	[illegible]
Hoge	[illegible]
Murphy	[illegible]
Cherry	[illegible]
Pence	[illegible]
Baldwin	[illegible]

Chairman Darke announced that Messrs. Norrell and Cherry had received the highest number of votes and sufficient to elect and he therefore declared them the nominees of the convention.

On motion of John E. Hansen the nomination of Messrs. Norrell and Cherry were made unanimous.

JUDICIAL COMMITTEE.

The following judicial committee was elected: Salt Lake county, J. A. Williams, P. J. Daly, Judge Anderson and J. B. Timmony; Summit county, W. W. Cluff Jr. and Henry Shields; Tooele county, John C. DeLamar. The committee was empowered to appoint the campaign committee.

The judicial committee was authorized to fill any vacancy caused by the death or resignation of either of the candidates and the convention adjourned.

THE GREEN BAG.

Judge Street will hold court in Tooele next week.

There was no session of the Supreme court today.

George Newbolt, a native of England, was admitted to citizenship today by Judge Ritchie.

The board of public works has awarded the contract for building the second South street sewer to A. L. Hansen. Ben Hager received the contract for putting down the cement sidewalk on the west side of Second East from South Temple to First South streets.

A committee from the Bank of Salt Lake depositors, consisting of Messrs. Murvey, Treat and Peat, called upon County Attorney Whittemore and made a request for grand jury investigation of the bank's affairs. Judge Ritchie will be consulted.

The City Council met last night in committee of the whole to investigate the charges against City Engineer Kelsey by Contractor L. G. Witkerger, but the complainant's attorney being unprepared to proceed, the investigation was postponed till Wednesday evening next.

Political Pointers.

The Salt Lake county Republican convention will be held in this city on October 7th, beginning at 10 o'clock.

John C. Sharp of Vernon, Tooele county, has been nominated for the Legislature from the Eighth senatorial district, representing the counties of Box Elder and Tooele.

Jesse W. Fox said to a NEWS man today that he was not a candidate for county surveyor on the Republican ticket. On the contrary he added that he was giving his support to J. D. H. McAllister.

Eureka Democrat: The Democratic county convention held here on Monday was one of the most deliberate and harmonious ever held in the county, and the ticket they put up is a sure winner, and don't you forget it.

Ogden Standard: The Independent and McKinley Republicans are not harmonizing. It is difficult to mix oil and water. One stands for a principle, the other is swayed by day-dreams of Federal offices to be obtained. The Bryan Republicans would stultify themselves by consorting with McKinleyites.

MANITOU FURNITURE

In Litigation Upon a Suit Under a Chattel Mortgage.

ORDERS IN JUDGE STREET'S COURT

Equity and Probate Business by Judge Ritchie—Suit Brought on a Note for $688.73.

Mrs. E. F. Wormuth today entered suit in the Third district court against Julius Thompson, Frank W. Ingersoll, A. L. Simonds and Laura D. Smith to recover $2,000 alleged to be due on a promissory note secured by a chattel mortgage upon a large amount of personal property contained in and furnishing the Manitou hotel. The note is alleged to have been made and delivered to the plaintiff on September 11, 1895, and it is claimed that nothing has been paid on either principal or interest. Mrs. Wormuth prays that the defendants be foreclosed and that the property be sold to apply on the note and that a deficiency judgment be granted for the payment of any part of the debt remaining unsatisfied after the sale. Mrs. Smith is made a party to the suit on account of claims she holds against the property in question by reason of a mortgage which is alleged by the plaintiff to be secondary to the one sued upon in this action.

Suit for $688.73.

G. B. Bothwell has entered suit against Azariah H. Maxwell, Nathaniel V. Jones, executor of the last will and testament of Clara L. J. Young, deceased, Stanley H. Clawson, Gertrude Young Hampton and Ella [illegible] Jones. The action is brought to recover $688.73 on a promissory note secured by a realty mortgage, with interest from January 7, 1893.

Civil Business.

Judge Street today made the following orders in the civil division of the Third district court:

Wm. Brooks vs Rio Grande Western Railway company; by consent reset for Oct. 12.

Geo. L. Pomeroy vs Gilbert D. Ames; demurrer to answer and motion to strike out amended complaint submitted.

Geyser Mining company et al vs Bank of Salt Lake et al; intervenor F. H. Clark, praying for an order requiring the receivers to pay petitioner $100, submitted.

Frank Knox vs D. G. Tunnecliff et al; demurrer to complaint and motion that the receivers take possession of the Manitou hotel argued and continued to Saturday next.

Gilbert vs Bacon et al; three days' additional time granted to file an increased bond on attachment.

Frank M. Brown vs John J. Judson; motion to dismiss submitted.

Equity Business.

In the equity division Judge Ritchie transacted the following business:

Colorado Iron and Fuel company vs Western Hardware company et al; receivers ordered to place money in McCornick & Co.'s bank and to pay Mrs. Jennings rent due and to sell goods with full powers.

Tullis vs Bothwell; motion for supplemental decree granted and thirty days' stay granted.

Orrin P. Arnold vs R. M. Jones et al; dismissed by consent and without prejudice.

Probate Business.

The following probate orders were made by Judge Ritchie this morning:

Estate of Joshua Rowe et al; hearing on order to show cause why order of sale of real estate should not be made; two witnesses examined as to contest and hearing not concluded.

Estate of Charles Abbott; W. J. Barrett appointed administrator with $500 bond.

Estate of W. G. Young; hearing on petition for letters of administration continued to October 10, 1896.

Estate and guardianship of R. S. Tiernan et al; Francis Tiernan appointed guardian with $1,500 bond.

Estate of Mary Alice Cutler; order made approving final account and granting petition for final distribution.

Estate of Joseph G. Cutler; same order.

Estate of Wm. Lambourne; hearing on motion for order of resale continued to October 10, 1896.

Odd Mention.

The great value of sorghum for sheep pasture has been demonstrated at the Minnesota experiment station.

There seems to be now a demand for the bacon hog and a tendency to endeavor to produce it.

It is claimed by The Orange Judd Farmer that "alfalfa will sustain life and produce some growth in sheep. It will not make them fat, but it will keep them in condition to make good use of a little extra feed."

Arizona farmers who are interested in apiece culture should apply to the Arizona agriculture experiment station at Tucson for bulletin No. 16.

Professor Williams of the South Dakota station is an advocate of heavy seeding of grasses and deep covering for the soil of that state.

Spokane, Wash., is preparing for holding a fruit fair this fall.

Casper, Wy., is the center of the most important sheep country in the United States.

CANCER CURED

AND A

LIFE SAVED

By the Persistent Use of

Ayer's Sarsaparilla

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.
