LOCAL BRIEFS.

Eric G. Carlson was committed to the State Mental hospital at Provo yesterday afternoon by Judge Armstrong. The man is 35 years of age, and has the hallucination that he can converse with departed spirits.

The Utah commission for the Portland fair has just issued an illustrated and valuable booklet on Utah, containing a condensed description of the state's history, geography, climate and natural resources. The booklet contains 62 pages, and 10,000 copies have been printed.

Because he expectorated on the sidewalk, Ed. McGowan, an aged laborer, was fined $3 by Judge Diehl yesterday. His case was stated to be an aggravated one. The spectators in the court room expressed the wish that the police department would bring more of this class of offenders before the court, probably resulting in sidewalks that would be more sanitary at least, not to mention their appearance.

Messrs. Webb Greene of Mt. Pleasant, F. W. Fishburn of Brigham City, and Rudolph Kuchler of Ogden, Utah commissioners at the Portland fair, and Secy. M. F. Cunningham left this morning for Portland. Messrs. Greene, Fishburn and Cunningham are accompanied by their wives. Senator W. K. Walton will follow later. The irrigating model showing the Bear River valley system, and the concentrator are attracting a good deal of attention at the Utah building.

Mrs. Edward Lakin has just received news of the death of her brother, Horace W. Pitcher, who passed away on the 16th of July at South Shields, England, of consumption. Deceased was the brother of Edward R. Pitcher who died in this city last May, and a son of Robert Pitcher, fish merchant of Lowestoft, England. He had many old friends in this city who will be pained to hear of his demise. He was 46 years of age, and leaves a wife and a large family.

CROWDS GOING TO THE CELEBRATION.

Oregon Short Line Expects Big Business to Twin Falls Tonight.

OPENING OF THE NEW BRANCH

Railroad Jollification the Occasion of Special Rates With Ten-Day Time Limit for Homeseekers.

Indications are that the Oregon Short Line will have a banner excursion to Twin Falls. A rate of one fare for the round trip from all points on the Short Line between Salt Lake and Huntington, Or., is effective today and tomorrow good for 10 days, so as to give the vistors a chance of not only taking part in the big celebration on Monday, but of remaining over to investigate the country and take up farms if so inclined.

Special trains will leave Minidoka early on Monday morning, connecting with the main line trains and run to Twin Falls. Close connections will also prevail on the return trip.

From Twin Falls comes word that two fat Hereford steers fresh from the range and fat Southdown wethers from the flocks of President Fred W. Gooding of the Idaho Wool Growers' association will be roasted whole to feed the guests of Twin Falls on railroad day, Aug. 7. One thousand loaves of bread will be baked, 100 quarts of coffee will be brewed and the committee has determined to secure enough tin cups to go around if it has to wreck the trust. Everything from roast beef to red lemonade will be free as air. The entertainment committee is planning to serve a feast which the guest of Twin Falls will never forget. The Pocatello band, and two orchestras have been engaged and two free dances will be given in the evening. The field sports include everything from steer roping to sage brush grubbing contests.

The excursion train is expected to arrive about 11 o'clock in the morning. Immediately afterwards the multitude will be fed. At the conclusion of the feast United States Senator Heyburn will discourse upon Idaho, Congressman French will deliver an address on irrigation, Gov. Gooding will speak upon the future industrial developments of Twin Falls, Major Fred Reed of Burley will furnish a word picture of the glorious future of the largest irrigation tract in the United States and Ed Critchlow will tell how the mammoth project was carried to success. S. T. Hamilton will deliver the address of welcome on behalf of the citizens; then will follow the program of field sports, the dances and fireworks.

Vehicles will be provided for those who wish to visit the experimental farm, Shoshone Falls, Twin Falls or Blue lakes. Outside money will not be current; everybody will be welcome. Such in brief is the outline of the celebration at Twin Falls. It will be the first opening the citizens have had to show their ability as entertainers and they propose to set a high mark. The Short Line has a special rate of one fare for the round trip good for three days and a large crowd is expected.

FIRST SUIT ENTERED.

Western Pacific Wants Right-of-Way Condemned in California.

The first condemnation proceedings brought by the Western Pacific has been decided at Quincy, Plumas county, where it has been on trial for several days, says the Reno Gazette. The defendant in the suit was Emilio Ramelli, an Italian rancher, who asked for heavy damages for the road passing through his land on the ground that it would divide his ranch and so seriously injure it. He was awarded $540 by the jury which was less than the amount demanded.

W. B. Craig was one of the attorneys in the proceedings representing Ramelli.

The Western Pacific made a determined fight against the claims of the rancher as it wished to discourage as much as possible any other persons that may want heavy damages for land that is taken.

WESTERN PACIFIC.

Utah Construction Company Engages Rooms at Wells, Nev.

From Elko, Nev., comes word that representatives of the Utah Construction company have been at Wells engaging rooms and looking over the surveyed line of the Western Pacific. They said that they were sure of getting the contract of building the new road from Elko to Silver Zone, a distance of 131 miles. They engaged 12 rooms of Mr. Drake, the landlord, and authorized him to purchase all the workhorses he could for them.

The contractors said that Wells would be the headquarters of the construction company, and that they would work both ways from there. It is reported that the Western Pacific surveyors who are now at Wells will survey a route from Wells to Ely, and after their return they will be in charge of the construction work on the Western Pacific. Mr. Drake is confident that work in Nevada will begin within the next 60 days.

SAN PEDRO DEAL.

Freight Traffic Manager Sproule Makes An Official Announcement.

San Francisco, Aug. 4.—Freight Traffic Manager William Sproule made the following official announcement today with reference to the arrangement that has been entered into between the San Pedro, Los Angeles and Salt Lake line and the Southern Pacific. It reads as follows:

"Commencing on Monday next the Southern Pacific will accept freight from the San Pedro, Los Angels and Salt Lake Railroad company destined to points on its lines in southern California and in like manner the San Pedro company will accept from the Southern Pacific freight originating on lines of the latter in southern California destined to Utah common points and points beyond. This will be pursuant to an arrangement which is satisfactory to both companies, the Southern Pacific having like privileges with respect to points reached by the rails of the San Pedro company."

SPIKE AND RAIL.

Assistant General Freight Agent S. V. Derrah of the Rio Grande returns from a business trip to Chicago tomorrow.

General Livestock Agent Ben Nevins of the Rio Grande is back from a trip to Denver.

The Uintah railroad has taken off the automobiles that have been running from the terminus of the line at Dragon and has gone back to the old stages again.

J. Tremble, a switchman at Kemmerer, was yesterday caught with his foot between a guard rail and the track, and before a string of cars could be stopped, the first set of wheels pased up his leg to the hip and also badly mangled his arm. But slight hopes for recovery are entertained.
