SUNDAY BALL ENDS IN RIOT.

Free for All Fight at New Rochelle, N. Y., Over Country Championship.

CLUBS AND BOTTLES IN PLAY.

Umpire, as Usual, Was the Storm Center—One Thousand Spectators Join In.

New York, July 18.—A game of baseball between a New Rochelle team and one from Tuckahoe for the championship of Westchester county has resulted in a free fight. At least 1,000 spectators joined in the melee, which lasted a quarter of an hour, and several men were quite badly injured.

The game was played near New Rochelle. A big crowd of friends accompanied the Tuckahoe team and betting on the result was heavy. When the score stood 3 to 2 in favor of the New Rochelle team in the eighth inning, a batter accidentally hit the catcher of the visiting team. A fight quickly began and in an instant the Tuckahoe crowd swept the grounds. Clubs and bottles were brought into play and several men had to be taken home in carriages.

The umpire, who was the storm center, was compelled to call the game off to save himself.

GIANTS WILL NOT WIN.

Barney Dreyfus Does Not Believe New York Will Get Pennant.

Barney Dreyfuss, president of the Pittsburg club, and one of the greatest of baseball "dopers," does not believe that New York can win the pennant and he presents a most forcible argument to back up his opinion.

"The Giants have won exactly eight games from the first division team this season, notwithstanding the fact that they have a very good lead in the race today," said he. "They have been playing those weak eastern teams most of the time and I may add too that they have not been compelled to play good ball to beat them. But there are breakers ahead for the Giants. After July 7 the Giants have fifty games with the Western teams out of the fifty-nine, and I know that they are going to take a tumble. When they once start to fall nothing can stop them, and the time is not far off, mark what I tell you.

"It is my opinion that New York will be kept busy finishing second. The schedule was so arranged that the east and west met each other for the first two months of the season most of the time, and as all but the Giants are weak teams in the east, this gave them the best of it and they gained a lead. But the snap is over. From this on New York will have a tough row to hoe and I don't believe they will be able to hold up their end. What if McGinnity should meet with an accident? Where would the Giants be, I'd like to know? It is not a strong team, not near as streng as either Pittsburg, Cincinnati or Chicago, but luck has favored them and a break is sure to come. I have a lot of money to bet that New York will not win the pennant. I have never lost a baseball bet and I won't lose this one. Wait and see if I am not right."

"Who do you think will win the pennant?" was asked.

"Pittsburg, beyond a doubt. We have been coming fast of late, and that with Philippe and Leever out of the game. We haven't had Phillipe for a month and yet we have been winning. Where would New York be today if they had not had McGinnity's services for a month? I feel confident that we will win the pennant again and there is a good chance of either Cincinnati or Chicago beating out New York. This may seem idle talk now, but it's a long way to the finish and I am ready to bet $5,000 that New York will not be leading on Sept. 1."

Salt Lake yesterday went straight up in the air. After giving Boise the worst of the argument during the week Clark's aggregation failed to make good during the double-header event yesterday. Essick and Titus were both touched up in a scandalous manner, the former being slammed for 24 bases in the first game and the latter for 18 in four innings. Tozer, who succeeded Titus in the box managed to put on the brake in the eleventh hour. Saturday's game went to Salt Lake to the tune of 6 to 4. The story of the battles of yesterday, together with the casualty list, is as follows:

"PENNY" GOSSIP.

Ogden defeated the Cleaveland Commission nine of Salt Lake yesterday in a slugging match to the tune of 13 to 8.

Local cricketers are getting ready for a game with Ogden on July 25 at Liberty park.

Now comes Tommy Burns, who declares that he wants to fight Tommy Reilly at 154 pounds. Burns says he will wager $200 of his own money on the result.

There was a good crowd at the swimming races at the Sanitarium last night.

Arthur Copp and F. E. McGurrin finished even in the golf match tourney on the Country club links yesterday.

Fred Hale played in good form on the links yesterday afternoon.

Park City defeated Evanston yesterday afternoon by a score of 17-2.

The Butte News, in sizing up the situation, has the following to say: Things are not looming up especially bright for the Pacific National league just now. The Boise directors are not satisfied with the attendance there and want to transfer the franchise to Helena. But there's the rub. Helena doesn't want the franchise. Now the question is, what will Boise do? Will the directors keep the club in the field as a losing proposition or will they drop the franchise? If the Boise club is dropped the league will have to disband, for there are only four clubs in it now and it certainly couldn't stand on its legs with three. T. A. Marlow, of Helena, who has been largely interested in the Helena team in the past, refuses to purchase a dollar's worth of interest in the Boise team. An effort will be made to get other wealthy Helena citizens interested, but as before remarked, things don't look bright, at all, at all.

The call is addressed not only to Populists, but to "Kansas City platform Democrats and Silver Republicans." The call says:

"Mr. Brayan's surrender to the reorganizers has conclusively proved that there is no hope of relief except through a new party. The People's Party now becomes a 'safe and sane' refuge for all who have loyally sustained Mr. Bryan in his struggle to rescue the Democratic party from the control of the money power, representing, as it does, the principles which he hitherto held fundamental."

RAN ON THE ROCKS.

The Steamship Princess Victoria Meets With a Bad Accident.

Vancouver, B. C., July 17.—The steamship Princess Victoria, from Seattle and Victoria for Vancouver, ran on a rock at Prospect Point, at the entrance of the harbor at 1 lo'clock this morning. Two plates were stove in on her starboard side and two blades of her starboard porpeller were broken. The vessel was brought to her dock and during the afternoon, although her pumps were kept going steadily, she sank two feet by the bow.

Officials of the Canadian Pacific Navigation company explain the accident by the fact that the vessel was traveling at 20 knots against a swift flowing tide, when she suddenly took a sheer to starboard, shot off at a tangent straight into the rocks, and owing to her high speed and the suddenness of the sheer, it was absolutely impossible to reverse the engines or put down the helm hard enough to port to counteract the sheer. The ship struck heavily, just above the place where the Beaver was wrecked. The steamship Danube took her place on the return trip to Victoria and Seattle this afternoon.

The Princess Victoria is the crack ship of the Canadian Pacific fleet. She had been on the run only a short time. It is estimated that the rapair work will occupy a fortnight or more.

DAM BURST.

And 300,000,000 Gallons of Water Went Tearing Down the Valley.

Scottdale, Pa., July 17.—With the roar of Niagara the new reservoir of the Citizens' Water company burst at midnight and more than 300,000,000 gallons of water rushed down the valley, sweeping all before it and inundating crops and wrecking buildings in its path.

It was discovered about 9 o'clock that the dam was in danger of breaking, and messengers were hastily sent through the valley to warn inhabitants. Hundreds of lives were thus saved, for a few hours later the whole valley was under water.

The damage to the machinery and reservoir alone will amount to at least $50,000. When the torrent swept down upon the valley, buildings were torn from their foundations and carried on the crest of the great wave like so many washtubs.

Crops valued at thousands of dollars were completely wiped out. Bridges were carried away.

In the gorge just below the dam huge trees were torn out by the roots weighing tons, and overturned by the flood.

The new pump and engine installed Saturday below the face of the dam to pump the leakage back into the reservoir were wrenched from their foundations, propelled 20 yards from their original positions, and buried under the mass of wreckage from the wall of water.

Russians to Patrol Red Sea.

St. Petertbugs, July 18.—General public satisfaction over the decision of the admiralty to patrol the Red Sea for the purpose of intercepting contraband of war destined for Japan, is expressed. As yet, however, the papers do not discuss the subject.

They require correspondents to pledge themselves, when given leave to proceed to certain points, to travel only by the route indicated; in no circumstances to absent themselves from the regiments ,divisions or corps to which they may be attached; in case of their expulsion to travel by the route indicated to European Russia, and not to attempt to leave Manchuria except through European Russia.

KOSHER BEEF DEALERS.

Agree Not to Buy Beef at Present High Prices.

New York, July 18.—Owing to the agreement among the 3,000 Kosher beef dealers of this city that they buy no more beef until high prices created by the strike shall have again become normal, all but 10 kosher shops are reported closed. Throughout the east side and Harlem watchouts from the Benchmen's union working for the association's of kosher butchers, watched the shops and reported every one that was open. The threat had been made that anyone selling beef would be arrested under the Sunday law. Only one of 10 butchers suspected was arrested. He was discharged because it could not be proven that he sold any meat. He denied having disposed of any. Three wagon loads of fresh meat sent to the east side and offered for 12 cents was spurned by the dealers. The meat was sent back, but the wagons went the rounds a second time, offering it for 11 cents a pound. No one took it. A rate of 6½ cents was all the butchers said they would pay.

This united action of the kosher butchers enforces the most complete meat fast ever known on the east side.

POPOCATAPETL SOLD.

New York Capitalists Buy the Famous Mexican Volcano.

Mexico City, July 17.—The formal transfer of the volcano Popocatapetl to New York capitalists will be completed this week.

The Inter-Oceanic railway will take the sulphur from the volcano to Vera Cruz. It is believed that sulphur can be landed at New York for $48 per ton (gold), which would make the sulphur an effective competitor of the Italian article.

New York Drivers Strike.

New York, July 18.—Considerable delay in the handling of baggage has been caused by the strike of 300 drivers and helpers in the employ of the New York Transfer company. The company has the transfer privilege with several leading railroads and trunks, now being hauled in great numbers to accommodate vacation travelers, have piled up rapidly at some of the terminals. Officials of the company declare the men have made no demand. It is stated that the Teamsters' union did not authorize the strike and will take steps to fill the vacant places if the men do not return to work.

HE MEANT WELL.

Caroline Abbott Stanley, in her new book, "Order No. 11," treating of the deplorable state of affairs in Missouri during the Rebellion, when old friends became enemies and homes were burned and the country desolated, introduces "Uncle Reuben," an old darky preacher, who was coachman and general "Man Friday" for "Mahster Trevilian" and the family. The bishop tells about being down at one of their meetings in Virginia once, and the old preacher, anxious to do his best by them, prayed that God would send down his "sanctum sanctorum" upon them.

Next morning the bishop thought he would get Uncle Reuben's idea of what he meant, and said: "Uncle, I was very much obliged to you for all the good things called down upon me last night, but I want to ask you just what you meant by His "sanctum sanctorum."

The old darky scratched his head a moment, and then said: "Well, master, I don' jes ezac'ly know what dat word mean, but I know what I meant by it."

"Well, what's that?" asked the bishop.

"I meant give 'em de bes' you got!"
