THE REQUEST IS DENIED.

Answer of the Utah Commission to the Republicans' Application.

Say Cannot Have a Certified Copy of the Registration List Just Now.

The answer of the Utah Commission to the request of certain representatives of the Republican party for a certified copy of the registration lists, which Registrar Cohn declined to furnish, was given last evening. A copy of the request in writing, together with the Commission's reply, is given below:

THE APPLICATION.

SALT LAKE CITY, Utah, Sept. 18.

Hon. J. R. Letcher, Chairman of the Utah Commission, and members of the Utah Commission:

Gentlemen, and to you, Mr. Chairman, if there is not a quorum present—The undersigned have been appointed at a committee of the Republican party and by the Republican committee, to attempt to see that a honest and fair registration is had, and with a view to that end and for the purpose of securing a full and complete and honest registration, we ask of the registrar of Salt Lake county, a copy of the registration as it has proceeded to this date. He has referred us to you and at present refuses to give us this. Of course we expect to pay for it whatever the reasonable and proper charges may be. We appeal to you to direct him to give us such certified copy upon payment of the fees. These records are taken and run to taken only for the public and by the public. The registration list is a part of the machinery of carrying out the electoral will. Every step the registrar takes is a part of the machinery of the election and the expression of the right of the public. In every sense his records are public. His refusal is great. It is as we regard as a violation of the right due to every person. We think that he can be compelled by law to do it, but the delays of the law might render the need it inoperative. In fairness, we ask of you and demand of you to take such action as shall compel Mr. Joseph M. Cohen to give us a certified copy of the registration, upon payment of fees, the statutes and laws require him to do it and there is no court under Christendom that would not compel him, but the delay of the law would take the use away. Therefore we appeal to you Commission, and to you, Mr. Letcher, in the absence of a quorum, to see that justice is done in this way. Whether you may be able to compel him by direct order or not is immaterial here; you can compel him by saying it is his duty to do it and we ask you to do so.

ARTHUR BROWN,
C. W. BENNETT,
HEBER M. WELLS,
W. S. MCCORMICK,
GEORGE M. CANNON,
W. F. JAMES,
County Chairman.

WHAT THE COMMISSION SAYS.

September 18, 1894.

To Arthur Brown, Heber M. Wells, C. W. Bennett, W. S. McCormick, G. M. Cannon and W. F. James, Committee, etc.:

Dear Sirs—Your communication of the 18th inst., wherein you state that you have been appointed a committee on behalf of the Republican party, to attempt to see that an honest and fair registration is had, etc., and with a view to that end you had asked the registrar of Salt Lake county for a copy of the registration lists as it has proceeded to this date, and that he had refused the same, and referred you to this board for action in the matter, is at hand.

In consequence of such refusal on the part of the registrar you now ask this board to take such action as shall compel him to give you a certified copy of the registration, upon payment of fees, or to declare that it is his duty so to do, for the reason that you have not a sufficiently speedy remedy at law to secure the end sought.

In reply I am directed by the board to say that the powers and duties of this board in matters pertaining to the question in hand were fully considered by the Supreme Court of the United States in the case of Murphy vs. Ramsey (114 U. S.), wherein Mr. Justice Matthews, in delivering the opinion, among other things said: "An examination of the ninth section of the act of March 12th, 1882 (Sess. 2, page 112, vol. 1, comp. laws of Utah, 1888), providing for the appointment and prescribing the duties and powers of that board, shows that they have no jurisdiction whatever in respect to the registration of voters, except the appointment of officers in place of those previously authorized, whose offices are by that section of the law declared to be vacant and the persons appointed to succeed them are not subject to the direction and control of the board, but are required until other provision be made by the Legislative Assembly of the Territory, to perform all the duties relating to the registration of voters, under the existing laws of the United States and of said Territory."

In view of the foregoing, this board does not consider that it has any authority to act in the premises.

Very respectfully,
JERROLD R. LETCHER,
Chairman.

I concur in the foregoing.
A. G. NORSWORTHY,
Commissioner.

Commissioner Hoyt Sherman filed a separate opinion, as follows:

I concur in the above to the extent that we have no power to compel the county registrar of Salt Lake county to furnish this list, but to the above answer I do not think we have gone far enough. This commission has, in rulemaking, asked us to outline the duties of the county registrar, that he may clearly know what and it is proper or not to comply with this. This request we have disregarded. In view of the records of this Commission I believe that it has often been contrary to which instructions or rules by the registrar to use and that the law may be administered in a manner so as all persons. Again believe, in the six months from July 20, 1894, issued by Mr. L. Godfrey, stationery in keeping with this precedent, I am of the opinion that it is right and proper for us as a board in registration to suggest to the county registrar what we consider to be right in the premises. It is a matter of general public that the county registrar has heretofore furnished the list upon application to the respective committees of either of the parties, and while I do not think we have the power to compel the service, I see no objection to its performance and certainly have no objection to saying so. HOYT SHERMAN JR., Commissioner.
