THE TRIBUNE IS DENOUNCED.

Centerville Citizens Protest Against Campaign of Misrepresentation.

FALSE CHARGES REFUTED.

Not the Slightest Truth in Either the Naming of New Birth Secret—An Emphatic Denial.

The misrepresentation to which the people of Centerville have been subjected by the Salt Lake Tribune has called forth a local but emphatic protest in the Tribune of that place who could need to where the offensive compliment of by the Tribune is able to have been conferred. It will be readily recalled that after being convicted of absolute unconfirmed rumors, the Tribune, in a conspicuous paragraph headed by "Gone Back Again," is trying another "sensation," claiming that one of its lady honors who visited Centerville was interrogated and subjected to an inquiry as to old and young who indulged at the dance and who danced with the married and who danced with the married women. In the following column, without reference to that or other, forwarded the assumed source of information, the Tribune said that for the amusement of every person in Centerville could have been secured for it.

VIGILANCE OF CITIZENS.

"We do understand citizens of Centerville are now perfecting arrangements for official and certificated efforts on the part of the Salt Lake Tribune to convince such people of the depravity of their neighborhood. We nothing to treat, and, if possible, without discovery has been made of the fact that the Tribune, or any other person, actually has collected disgusting stuff which was published in the above named paper. It was founded by the correspondent of the Tribune, who was sent to Centerville for the purpose of finding the depravity of the people of the place.

"A Cheerful Look Makes a Dish a Feast."

"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "dish is a feast," for the reason that the vitalizing elements do not reach the proper cent. A step in the right direction is to purify the body by the use of a natural remedy. Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and reduces the cost of the disease in brain, stomach, liver or kidneys, the purifying powers of this medicine is readily seen and appreciated.

Pain in Back—"Some years the myself have taken to back, and kidney trouble. Now I look Hood's Sarsaparilla I am all right and I recommend it." W. F. Moore, Brownwood, Texas.

Broken Down—"I was broken down and in poor health for two years. Hood's Sarsaparilla made me in better health than for years. Have no rheumatism." A. C. Montgomery, Hourgville, Miss.

Two Members of Theatrical Company Have Had Enough.

Two people landed in Tuesday to the "Grand" Other Day" company, which was playing at the Heald theater this week.

"SURPLUS FUND QUESTION."

Proposition Made to Give It to the Red Cross Society.

The executive committee of the Salvation Army adjourned yesterday after a session of about two hours, at which it was decided to make a proposition to the Red Cross Society, which is a transformation of society, carried on by the Salvation Army, to the effect that the surplus fund, which is now in the hands of the Salvation Army, be given to the Red Cross society, to be used in the same way as the Salvation Army would use it, if it should be found that the Salvation Army is not able to carry on the work.

The Salvation Army has been in the city for some time, and has been doing a great deal of good work, and it is thought that the Red Cross society will be able to carry on the work in the same way as the Salvation Army would have done it, if it should be found that the Salvation Army is not able to carry on the work.
