Mr. Chas. W. Thompson, Member 2 of Congress, Fifth Alabama District, writes from Washington, D. C.; "My cashier has used your Pe-

runa for indigestion with the most unexampled and beneficial results, and I cannot too highly or earnestly recommend its general use." Chas. W. Thompson.

......................... Indigestion is most always followed by catarrh of the stomach.

There is no use of taking remedies to calliate indigestion.

There is no use calling it dyspepsia, and then taking pepsin and other reme-

lies to produce artificial digestion. The only rational procedure is to cure the catarrh of the stomach. The catarrh once cured indigestion disappears, and there is no more dyspepsia. Taking artificial digestants is simply temporizing with the difficulty. In this way valable time is lost while the catarrh is fastening itself stronger and stronger upon the mucous membrane of the tomach.

A very short course of treatment with Peruna is sufficient to cure these cases. Peruna is recommended by the highest unthorities and the most conspicuous people in the land.

The Ladies' Birthday Almanac and the Cardui Book contain letters from cured and healthy women who tell how Wine of Cardui has relieved them of every kind of female suffering.

The world knows little of the suffering and sickness of the women in American homes, and these little books are prepared to go into these darkened homes with their messages of health. From these books 10,000,000 women learn that Wine of Cardul perfectly regulates the menstrual flow, cures bearing-down pains, ovarian troubles, leucorrhoea, barrenness, and relieves the distressful suffering during motherhood, and are enabled to treat themselves in the privacy of their own homes.

What can be more fascinating to any woman than the true life story of scores of prominent women who tell the details of their restoration to health?

Chicago, Ill., October 2, 1901.

As a specific for female troubles, Wine of Cardul is certainly a superior medicine. I suffered for eight years with ulceration of the womb, and although my family physician prescribed different remedies, and I used a number of douches and washes, only to get worse, and finally gave up in despair, and decided that health would never be mine again.

Fortunately, this spring one of your little Cardui books was left at my door. As I read how other sick women had been cured by using Wine of Cardui, new hope sprang up in my heart and I tried it. I was very pleased to find that health came very soon, and at my next menstrual period the pains were greatly lessened, and within seven weeks I was well. Mrs. CLEMENTINE RICHMOND.

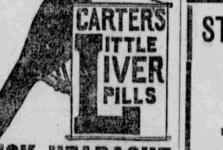

Grove, I. T., January 20, 1902.

I had a miscarriage in February. I flooded almost to death, and the doctors and neighbors gave me up ie. I got along so I could walk to my garden and back. I read in your Ladies' Birthday Almanac about your great medicine, Wine of Cardui.

I have used one bottle and now I am able to do all of my work. I can't recommend Wine of Cardui too highly. Thanks for all the good Wine of Cardui has done for me. Mrs. LOTTIE GEORGE.

Every druggist should have a supply of the Ladies' Birthday Almanacs and Cardui books, which you can secure without cost. If your druggist does not have them, send the names of your suffering lady friends to the Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn., and the books will be sent them or you free of charge.
