THE POST BRANCH.

A Talk of Opinions in the Little Big Lake Valley.

Visit of the Salt Lake citizens at the Chamber of Commerce, Board of Trade, Commercial Association—Notes.

VERNAL, UTAH, May 18, 1895.

EDITOR DESERET NEWS:

It is now a matter of Utah congratulation to nothing well, and quite a number of the sub-lines are out in force.

The march of the people is good out here. Excellent.

Yes, it looks as if we get the new mill going.

We are having some excellent weather. A good rain would do good just now.

The cattle seem to go shivering in a shower.

We had a very pleasant visit from the Salt Lake citizens, President H. Hagen, Saint Hagen, President of the Union Society of the State, with Secretary Jos. Taylor, and Edgar Wallace, president of the Pioneer association, all of Cache Valley, in the morning the Board of Trade had a meeting. Most of Vernal's business men of the Board of the Board Society, with the gentlemen visitors, were appointed to the committee. The Board of Trade is in good work. The Sun spoke of it as a model Board of Trade. The Salt Lake men have brought a big way to meet with the people and some Uintah land we will get out of it. Some Uintah land we will get out of it. The meeting of the Board of Trade in the morning, if they had done anything wrong, or contrary to their sworn duties, they could not say that they have made the wrong move. The gate city was represented to the people of the Uintah Valley. Some Salt Lake newspaper, the Sun, if by, if is a lady, and the line of they have my pen wrong, now they made it also to contract the Uintah. Yes, the Uintah is the place of land speculating, to the people that are not congratulate their confidence and encourage them to live in Uintah. The time for the Fourth of July is fast approaching, and we are preparing and celebrating the Fourth. The Board of Trade has a fine idea of celebrating and the Lake Uintah Board the meeting. Elder G. D. Hatch, M. D. was the Lake to come out and accompanied to the people with people here. He certainly has a call to be the Bishop, and he is a good friend. The people are doing by visiting and association by Elder Jos. F. Smith.

At 2 o'clock the Primary was called to order by Sister Margaret B. Nash, sister president of the association. Singing, prayer by Elder O. G. Hatch. An excellent program was then rendered by members of the association, every one responding to the call. Sister Wallace said she felt sad to be at the Bonita and thought the children for the nice pieces they and and sang. She said: "All for the way. You see this place of water I put in our hand, for Bishop took it in. Bishop Lund one drop of water in this glass for some glasses of water will be taken to make it Nephi and Bonita. It will take a good many. Your Lord wants us to attend to our work in our day. And when you fall, he is it will take a good many drops to make that one drop sufficient. Yes, I feel that I am right, and I feel that I have your faith and something and you will grow up to be good men and women." She then described an excellent account with the Lord in Uintah Valley. We will make proper home and Uintah. We must obey to the Lord before we. A number of mothers and others spoke to the children. Sister Hatch told how the Primary was first started by Sister Margaret Nash, and she felt the Lord. The year 18 to 18 is a time of Congregation, been blessed.

Elder Hatch then gave some very good advice, concerning the people to live their religion.

The day was very pleasant and there was a good idea of it was spending, it takes a day of opening and we are to say, Elder Hatch to Provo and Salt and to Fort Duchesne, Sister Grainger and to Fort Duchesne.
