REDUCTION OF INTEREST.

Salt Lake City, Utah,
August 3rd, 1898.

The undersigned hereby gives notice that it will, on October 1st, 1898, reduce the interest on savings deposits to four per cent per annum, payable quarter yearly.

ZION'S SAVINGS BANK AND TRUST COMPANY,
1, 3 and 5 Main street, Salt Lak. City, Utah.

HOMES FOR THOUSANDS.

To Latter-day Saints Who Desire Good Places to Make Comfortable Homes. A Good Opportunity to Accumulate Means to Pay for Them Without Incurring the Bondage of Debt.

One hundred thousand dollars in labor wanted.

Fifty miles of the Alberta company's canal to be built, for which half will be paid in cash and balance in excellent prairie land, at $5 an acre, with free water for two years to first settlers on these lands.

Lands are to be settled in hamlet or settlement form, in order to afford settlers the benefit of ward organizations, including day and Sabbath schools.

All labor will be contract work, at ten cents a cubic yard for earth work. Gravel, loose and solid rock to be paid for in proportion.

An industrious, able-bodied man, with team can earn a good farm, town lot and cottage in one year.

Lands to be settled are adjacent to a railway. Plenty of coal for fuel near at hand.

President C. O. Card, writing to the First Presidency under date of September 23rd, says that work has commenced on the canal; that parties in Utah desiring to do work this fall would do well to bring their teams and wagons by railroad. By doing this they could be at work on the canal in less than a week after starting. Speaking about wintering teams, he says that hay, if needed, will not exceed $4 a ton, and besides, it can be cut there as late as a month from the date of his letter; that no hay will be needed on the canal, as for miles in its immediate vicinity grass is farm six to twelve inches high. Where work can not be done on the canal, men can be building homes for themselves. He advises men to come with their teams, leaving their families until the spring, by which time homes may be provided for them. Parties desiring to join the new settlers in making homes, who may not care to do work on the canal, can obtain land through President Card.

For special rates of transportation for passengers, household goods, teams, etc., etc., apply to Wm. C. Spence, Box B, Salt Lake City, or C. O. Card, Cardston, N. W. T., Canada.

Save your money and when you get a Dollar, deposit it with Zion's Savings Bank & Trust Co., 1, 3 & Main St. The Officers and Directors are: Wilford Woodruff, President; George Q. Cannon, Vice President; Heber J. Grant, Cashier; Joseph F. Smith, Lorenzo Snow, T. G. Webber, Heber J. Grant, James Jack, Francis M. Lyman, Angus M. Cannon, Jorgen Hansen, H. B. Clawson, L. John Nuttall.

UNDER CONSTANT FIRE.

Spanish Sharpshooters Pegged at Utah Batteries for More than a Week.

A LETTER FROM LIEUTENANT GIBBS.

Says War is a Dreadful Thing, and That Hereafter He Will Favor Arbitration—His Father's Testament.

Extract from a Manila letter received by Mrs. Gibbs, from her husband, Lieutenant G. W. Gibbs:

Headquarters Battery A, Utah Light Artillery, Camp Dewey, August 8th, 1898.—Since a week ago Sunday, when we had our first engagement with the Spaniards, we have been in the trenches under the fire of the sharpshooters with now and then a cannonade from their heavy guns. We are not allowed to fire back unless they attempt to advance on our works. From our present position we can throw our shells right into Manila, but the idea seems to be that peace will soon be declared, and the commanders are waiting for dispatches to that effect, in order that we may not wantonly destroy the city of Manila. Meanwhile such is not a very pleasant position, for it rains all the time and it is pretty hard to be constantly dodging bullets. We have lost about seventy-five wounded, and there are about forty-five wounded men in our city one man in battery B of the Utah boys has been wounded. It seems the Lord was on our side, for we were in the thickest of the fight.

It was my fortune to be in command of the battery on the night of the 13th, and we all did our duty, and of course the batteries have been credited with the work so nobly done.

If you see Mrs. Young, Dr. Harry Young's mother, you can say this: The officers and men all praise him for the extent efforts he puts forth in looking out for any of us who are sick or injured. He is not required to do this, but takes it upon himself to be in the trenches every night the time the Spaniards do all their fighting, and he is constantly with the boys when we are through and ordered back to the United States.

We fired fifty-seven shots at the Spaniards on the night of the 13th, and killed about 200 of their soldiers. That I feel that we have done enough killing and would be only too glad to have the war come to an early end.

War is a dreadful thing for civilized nations to engage in, and I shall always be in favor of arbitration. I believe that my ancestral comfort was given us in the little Testament my father carried through the Civil War. When one is so near endless death as we are here he is inclined to think of the future.

Lieut. Naylor is well and sometimes says he would like to be on the Ninth East, and I say: "Me too, comrade," and then we chuckle each other.

August 9th—We have received mail twice from home and it is a great comfort to all of us. It is the rainy season here and we are a wet lot of men and tired, too, for we stay in the trenches twenty-four hours at a time. The Spaniards take a shot at anyone who exposes himself, and it is a constant strain on us while we lay here in all kinds of weather.

Yesterday there was a white flag in Manila today and the Spanish general is with our General Merritt "talking up" a settlement of hostilities. Admiral Dewey had his fleet ready to open fire in case the matter cannot be adjusted amicably, and then the bombardment will commence and continue till we have them licked. We do wish we were through but are ready for a fight at any time. Our batteries are the popular command of the camp.

August 11th—Today we are ordered to place four more guns on the line of trenches. It is rumored that Manila will be surrendered tomorrow. Admiral Dewey will fire from the sea front and our lines will fire from the south side of the town.

August 12th—Well, we are in Manila and quartered in the Spanish engineers' barracks, a very roomy and pleasant place for the battery here.

Manila is a very old place; the fortifications were built in 1734 and are very complete in all details. There are 40,000 people and about 100 miles of street cars which are drawn by small horses about the size of shetland ponies.

I am writing this letter on the paper of the insurgent general, who has been obliged to lay down his arms with the rest of the insurgent army. They fought for six years to gain this Manila and it took the boys in blue three hours when we got ready to go in. Write often, as a letter is all this world is one.

G. W. GIBBS.

Priesthood Meeting.

The monthly Priesthood meeting of the Salt Lake Stake was held in the Assembly Hall at 11 a.m. today.

There were present of the Stake presidency, Elders Angus M. Cannon and Joseph E. Taylor, one Patriarch, Elder N. V. Jones of the presidency of the High Priests' quorum, six presidents of Seventy, five home missionaries, representatives of the seventies in the Stake except the Twelfth and Fifteenth city wards, and Sugar House, Forest Dale, Cannon, East Mill Creek, Big Cottonwood, South Cottonwood, Crescent, Draper, Bluff Dale, West Jordan, Granger, Brighton, Hunter and Parleys Stakes of the seventies; a number of the elders of the First, Second, Third, Tenth, Twelfth and Nineteenth quorums of Elders and representatives of the twenty Priesthood from various wards.

On the recommendation of their respective Bishops, thirteen seventies were authorized to be ordained Elders. The speakers were Elder E. T. Sheets who instructed the Elders in their duties, Elder Angus M. Cannon, president of the Stake, and Elder Joseph E. Taylor.

Reports of wards and other organizations were received and filed. Other topics treated were the necessity of faith and energy; laying up food and clothing against the future; the need of immediate payment of amounts of contributions to the Brigham Young and Pioneer monument fund; the necessity of keeping the Word of Wisdom; and the duty of singing instructional hymns, especially of those adding to the Priesthood.

A session will be held on the first Saturday in November at 11 a.m.

PUBLIC SCHOOLS.

The Board of Education recently passed a rule which will require pupils in the other schools who are moved books belonging to the Board to provide other books in which to pay such books to and from their homes. To enable pupils to comply with this rule we have added to our large stock of stationery a complete line of School Bags and Satchels from 10 cts to $1.25 each.
