Have You a Home?

If not it will pay you to investigate the advantages of Forest Dale before buying elsewhere. We have our own water system; water piped in most durable cast iron pipes, and the ownership of the water, including the extension of the pipes past your door costs purchasers in Forest Dale little if any more than laying the mains in most cities. The advantage this affords will be readily seen, for the water belongs to the residents (each purchaser of a lot being allowed his proportion of the capital stock of the Forest Dale Water Company) and it rests with them to fix the water rates charged. The expense of running the system is very small, and after the first expense of laying the mains is paid the rates need not be more than one-tenth those charged by Salt Lake City.

Have You Saved Anything?

Some people have been waiting for years for land to reach bottom prices. In the meantime they have paid rent, and if they have made any improvements or done any work on their residences, the improvements have been made, or the work done, for their landlord. Many other people have built homes, and while these first mentioned have been "waiting for something to turn up," have paid for their property and now own the home that shelters them.

Don't Get in Debt

unless you feel assured you can get out again. But if you have money saved, buy a home. If you have an income, buy a home. It pays to have an object in view, and there is no more worthy object than procuring a home for those dependent upon you.

My clerks, at room 332 Constitution Building, will give you prices and show you the property.

DESERET EVENING NEWS.
Wednesday, June 13, 1894.

DIDN'T REACH DAILEY

The Committee's Report in the Matter Was Laid Over for One Week.

HOGE AND BOREMAN REAPPOINTED

Sensible as to Placing Bond Money Where it Might Be Made to Earn Interest for the City.

The City Council met last night with all of the members present except Hardy. President McCornick was in the chair and a considerable amount of business was transacted. The sensational feature which the public had looked for and which had drawn a large crowd to the Council chamber—the report of the committee on waterworks against the confirmation of Dailey's appointment as head of that department—did not come before the meeting, as an adjournment was taken before that order of business was reached.

E. D. Hoge was reappointed city attorney by the Mayor. Confirmed. The appointment by the Mayor of A. F. Doremus as chairman of the board of public works was confirmed.

It was decided to employ a chief inspector on gravity sewer work at $100 a month, and subordinate inspectors at $75.

It was voted to pay the gravity sewer contractors $10,000 of the $25,000 recently placed to their credit.

In answer to the question by the Council as to what authority and to what capacity the police served in during the Industrial disturbance at the Davis county line the commissioners replied: On authority of law and as deputy sheriffs all of the members of the police force taking the oath as such. In regard to the employment of men the board notified the Council that it had a perfect right to do so and that the Council had no right to interfere in the matter. Consult the ordinances on municipal law.

O'Meara offered the following resolution:

Whereas the New York Life Insurance Company has expressed its willingness to take up the remaining $50,000 bonds, be it

Resolved, That the treasurer is hereby instructed to express the $50,000 bonds to the New York Security & Trust company at once and make a sight draft or draftsmen thereof for the amount, and as soon as the same is paid the auditor is hereby instructed to issue a warrant on the treasurer in favor of Heber J. Grant for the sum of $1000.

Clawson offered as a substitute the following, which he urged at the previous meeting: "That it be the sense of the Council that the treasurer deposit the surplus funds of the city with responsible banks or institutions who will allow the greatest amount of interest on a basis of thirty days' notice or withdrawal." In support of the foregoing Mr. Clawson stated that the National Park bank of New York offered 1½ per cent per annum, the United States Mortgage company of New York 2 per cent, the Western National Bank of New York 1½ per cent, the New York Guaranty & Indemnity company 1½ per cent if called within sixty days and 2 per cent if allowed to remain eight months, the Bank of the Republic, New York, 1 per cent.

Mr. Clawson read a letter from Mr. Dales, the treasurer, in which the latter represented that he had given a bond in the sum of $200,000, and that as the responsibility for the safekeeping of the funds was cast upon him alone it must have been misapplied that he should be free from any action which might against his judgment impell the funds and render him liable. He did not believe it to be to the best interest of Salt Lake City to accept any of the offers from New York banks with the daily funds of the city, because that the bonds should be so tied up as to be unavailable. Again, he did not feel that in the exercise of powers of the city authority to loan money and he did not feel justified in taking the risk that the loan would entail.

Notwithstanding the manner in which the case had been represented by the treasurer, Clawson maintained that the money should be placed where it could be made to earn something. The disbursements of the city were constantly in excess of the receipts as shown in the following statement of the operating expenses, for the five months ending May 31st last:

	For Five Months	Monthly Average
Streets	$ [illegible]	$ [illegible]
Waterworks	[illegible]	[illegible]
Fire department	[illegible]	[illegible]
Police department	[illegible]	[illegible]
Gas department	[illegible]	[illegible]
Cemetery department	[illegible]	[illegible]
Contingent expenses	[illegible]	[illegible]
Engineering department	[illegible]	[illegible]
Treasury department	[illegible]	[illegible]
Health department	[illegible]	[illegible]
Library fund	[illegible]	[illegible]
Total	$[illegible]	$[illegible]

In addition the following Mayor and Councilmen's salaries per month: $ [illegible]
Interest payable without interest in the city and county building: $ [illegible]
Total: $[illegible]

The income of the city was but $25,000 a month and he maintained it was the duty of the treasurer to allow the surplus money to earn interest.

Clawson's substitute was rejected as were other amendments. A good deal of discussion followed and finally O'Meara's resolution with the clause referring to H. J. Grant & Company, urban cut was adopted. The order was then issue that Grant & Company be allowed the $1,000 when the bond deal had been entirely closed up.

The treasurer was notified to negotiate with the Salt Lake banks and see if they would pay interest on the city's surplus cash, and if so, how much.

Routine business was transacted as follows:

PETITIONS.

The board of education asked that a permanent sidewalk grade be established at the Wasatch school along South Temple and B streets. City engineer.

H. L. Kyler asked a refund of milk license of $1. Committee on license.

D. H. Young asked that he be permitted to redeem a part of lot 10, block 19, in five acre plat A. City attorney.

The Culmer-Jennings paving company, in pursuance of a stipulation in their contract with the city that the 10 per cent retained from the final estimate upon work done, be invested in 7 per cent first mortgage bonds of the Wasatch Asphaltum company. Finance committee.

Mrs. C. Hill asked that she be given a free license as a storekeeper. Committee on license.

John H. Bailey asked a quit claim deed for C. H. and H. Milnes, to part of lot 7, block 15, plat A. City attorney.

John H. Bailey asked for a refund of $10, paid by him for the extension of watermains in plat J, the mains having never been laid. City attorney and waterworks committee.

Bells & Redfrew asked for an additional license to exhibit in Salt Lake on June 16 for $50, stating that the floods in the northwest had rendered it necessary to show here earlier than they originally intended. Granted.

A communication was received from the Salt Lake Fruit company and sixty-one others asking the adoption of a resolution establishing the boundary line for peddlers and hawkers one block further each way and fixing their license at $2 a day or $10 a week. Committee on license.

James H. Brown and others asked to have Eighth South street graded. Committee on streets.

R. B. Anderson asked that the amount of overcharge to him on sidewalk tax be refunded. A similar petition was received from the Deseret National bank. Board of public works.

REPORTS.

The committee on Jordan canal and irrigation reported having examined into the complaint filed up by D. Hoyt against the damming of the Jordan river and recommended that they be allowed to avail themselves of the remedy offered at law. The committee on finance recommended that the appointment of T. C. Harrison as deputy city auditor be confirmed. Both recommendations were adopted.

Licenses were granted W. H. Gallister, S. B. Newman, H. Sadler, M. Livingstone, John Ali, Louis Hobson, James Stevenson, John Tonnon, T. C. M. L. Parson & Hastings, G. S. Holmes.

The recommendation of the committee on sanitary rules and regulations, the resolution adopted on May 23rd, instructing the committee to advertise for bids for the collection of garbage, was rescinded. The committee stated that to let the work by contract would be less effective and not less expensive and that the men now employed are in need of employment.

Adjourned for one week.

The Suspended Patrolmen.

The case of the suspended police officers, Lemon and Leavitt, occupied the attention of the fire and police commissioners last night in a hearing which took place in Chairman Salisbury's private office. A large number of witnesses were examined but nothing new was elicited. The matter was taken under advisement by the board who are expected to report at the next meeting.

THE CITY'S CASH.

Receipts and Disbursements for the Past Month.

The following statement of the city's finances for the month of May was sent to the Council by Auditor Reybould last night:

Salt Lake Academy.

An unusually large audience assembled at the First Congregational church last evening, to listen to the thirteenth annual commencement exercises of the Salt Lake Academy. The stand was beautifully decorated with flowers and presented a handsome appearance. In front of the large organ was the motto of the class of 1894, "Esse quam Videri," the letters of which were artistically arranged with roses, while upon the floor was the year "'94" designed on a patch of flowers. The class of 1894 consisted of Miss Bessie B. Grant and Miss Ethel M. March, the former choosing for her subject "The Woman of the Past," and the latter, "The Woman of the Future." The thought expressed in their essays placed a high value and dignity upon the sphere of woman, soothing to her high achievements in the past and also assigning to her an honorable part in future history.

Both were handsomely remembered with the choicest flowers that nature affords, upon the rendition of their productions, the performances of which was splendid.

The class of 1894 were assisted by members of the class of 1893, who here their assigned parts creditably. The members were: Walter B. Hawkes, who rendered "The Eloquence of O'Connell;" Miss Lily E. Potter, who recited "A Summer Lesson;" Miss Ella Wisemeb, who chose as her production, "The Perfect Wife;" and Miss Maud A. Potter, who recited "Zenobia." All were recipients of handsome bouquets.

The invocation was delivered by Rev. Clarence T. Brown, and the musical part of the program consisted of a grand march by Prof. Hatcribe, a vocal selection by H. S. Knight and a solo by Mrs. O. F. Davis. The two soloists seemed to be at their best, and responded to nearly encores.

Republican Silver Badges.

Messrs. Kenyon, Brown and Sherman, committee to select a badge for Utah delegates to the Republican convention of Leagues clubs to be held at Denver on the 26th, have reported a very neat design, and in a few days the badges will be ready for those entitled to wear them. On the upper bar appears the word "Utah" and on the lower one "H. L. U. S., Denver, Col., June 26th, 1894."

GOOD ADVICE
Fire Insurance in Hard Times.
During periods of depression, the property of insurance companies, which are based on the premiums received from the people, is liable to be impaired, and in the event of a large number of losses occurring at such time, the companies are liable to be crippled, and unable to pay the full amount of their policies. In such a case, the insurance company is not to blame, but the insured who has taken a policy in a company which is not able to pay its losses, is the sufferer. The wisest way is to insure in a company which is able to pay its losses in full, and the strongest company is the safest one to insure in. The following are the names of the strongest companies represented by the undersigned:
THE NIAGARA,
THE HARTFORD,
THE PENNSYLVANIA,
THE AMERICAN,
Continental Assurance Over $10,000,000.
