Council Approves the Big Cottonwood Power Lighting Contract.

AN AMENDED GAS FRANCHISE.

The Company Thinks It Should Be Permitted to Make a "Reasonable" Charge for Its Product.

At the meeting of the City Council last evening the street lighting contract with the Big Cottonwood Power Company was adopted. The company is to furnish 275 or more 2,000 candle power arc lamps at $5.50 each per month on a moonlight schedule. Mulvey, a member of the committee to which the matter was referred, objected to two features of the contract viz: term of two years and the number of lights fixed at 275 or more.

On motion of O'Meara the section providing for an inspector of lights was changed so as to impose the duties of inspection upon the fire chief. After a little further discussion the contract was accepted by a 10 to 3 vote the latter being LeProhon, Hayward and Mulvey.

The sprinkling committee presented bids for street sprinkling in districts 1, 2, 3 and [illegible]:

J. H. Griffin, one year, $1,775 per month; two years, [illegible] per month; three years, [illegible] per month; where blocks of regular width, $2.45 per block per week.

R. F. Redmond, one year (twelve months), $11,[illegible] per year; two years, [illegible] per year; three years, $18,[illegible] per year; extra work in proportion.

Frank Harrigan, six months in 1896, [illegible] per month; seven months in 1897, [illegible] per month; seven months in 1898, [illegible] per month; extra work on streets of regular width, $1.[illegible] per block per week; over five rods in width, $2.[illegible] per block per week; sprinkling and [illegible] by the day, $5.[illegible].

Referred to the committee of the whole to be considered at the next meeting.

The majority of the committee on finance reported in favor of allowing the city attorney a stenographer and typewriter at $50 per month. Here a lengthy debate followed but the report was adopted by the following vote:

Ayes—Dale, Diehl, Elliott, LeProhon, Mulvey, Stewart, Wiscomb, Newell—8.

Noes— Allen, Buckle, Hayward, Morris, O'Meara—5.

WANTS AN AMENDED FRANCHISE.

The following communication was then read from the New American Gas & Fuel company and referred to the committee on improvements:

Gentlemen—We respectfully ask that the franchise granted to the New American Gas and Fuel company November 22, 1894, under which natural gas is sold to consumers in Salt Lake City at the present time, at the price stipulated therein, viz: Fifty cents per thousand cubic feet, be amended, and that we be allowed to charge consumers 30 cents for any amount of gas used during the month which their meter shows to have been 1,000 feet or less; $1 for over 1,000 feet, and not over 2,000 feet, and $1.50 for over 2,000 feet and not over 3,000 feet; and at the rate of 50 cents per 1,000 feet for any amount used over 3,000 feet.

Our reasons for asking this amendment are as follows:

First—It is impossible for us to supply our consumer with natural gas for one month, at a profit, for less than 50 cents.

Second—The cost of producing gas at the wells in the present time has greatly exceeded the amount received for the same. This is due to the limited consumption of gas, to a leakage of about 30 per cent between meters to the wells and consumers' meters in the city, and to the short life of the wells. Twenty-four wells have been sunk and but four are now furnishing gas. There is no decrease of gas in the fields, as has been reported, but the pressure of the wells is so great that wells are continually filling up and caving in, compelling the company to keep at work sinking new wells.

Third—We invite your attention to the following statement taken from our [illegible] that of the bills rendered [illegible] and [illegible] 50 cents; [illegible] around 50 cents and 50 did not exceed 75 cents. We have talked with many of our customers, and nearly all express a willingness to pay 30 cents for any fractional part of 1,000 feet of gas used up to 1,000 feet.

Considering the amount of capital we have invested in developing the gas fields of Davis county, and the benefits they promise to Salt Lake City, we believe we should be permitted to make a reasonable charge for gas sold in small quantities until such time as we can produce and furnish gas at a profit.

The committee on waterworks reported in favor of the following extensions of water mains which were adopted: On Third West street between First and Second South; on Palm avenue between Eighth and Ninth East; on Third street between [illegible].

The petition for an extension on Seventh and L streets was not granted for the reason that not enough was realized from rates to pay 6 per cent on cost of material and work.

The resolution offered by Morris, calling on the city auditor to lay before the Council the cost of maintaining scavenger district No. 1 passed by a vote of 10 to 3.

Le Prohon and Wiscomb offered the following which was adopted:

Resolved, That the attention of the committee on fire and police be and is hereby called to the condition of engine house No. 1, as to its safety, it having been condemned over two years ago, and report to the Council at its next regular meeting.

Henry Goddard of 755 east Third South petitioned to have the Jordan canal flumed for the length that it passed through his property. Referred to the committee on Jordan canal.

A communication was received from George F. Gibbs, secretary, thanking the Council in the name of President Woodruff for granting the sprinkling privileges on the Temple block.

Diehl offered a resolution instructing the city attorney to furnish the councilmen with copies of all contracts or other important documents that require action by the Council. Adopted.

George H. S. Gartell, 74 years of age, asked for a free license to peddle milk.

H. B. Buchwalter asked for a free license to peddle fruit.

George W. Nephew asked a free license as fresh meat dealer.

Francis Simpson asked for employment by the city. All these petitions were referred to the committee on license.

D. S. Whitehorne, attorney for Thomas Welch, asked for an appropriation of $62.10, claimed to be due Welch as balance of salary for former services in the fire department. Referred to the city attorney.

George W. Willis of 232 Center street, asked to be appointed deputy assessor for water tax in the Third precinct and that he be not deprived of water for delinquency for water tax for 1896. Waterworks committee.

The Council then adjourned for one week without passing the appropriation list, which amounted to $137.[illegible].

Dancing Exhibition.

On Friday and Saturday evenings and Saturday matinee, the 22nd and 23rd inst., the teachers of the Christensen dancing academy will give the closing entertainments of the season at their hall, and the event promises to be one of the finest and most interesting ever given in the West. Thirty-five of their leading pupils take part in the exhibition. Following are the special features: English minuet, as danced by Queen Victoria and court at a reception given in honor of her majesty's return to Windsor Castle for her annual visit, in 1844, in which twenty boys and girls participate. The skipping rope dance by Miss Katie Worster; skirt dance by Catherine Paris and Elma Jacobs; Minuet de la Cour by little Stella Delavidge and Lawrence McDonald, as first danced by Louis XIV at Fulleau, France, in 1653; the fan dance by Edith Muler and Lulu Keyting; gavotte by twelve young ladies and gentlemen; hornpipe by Sidney Beatie and Dan James; burlesque skirt dance by Anton Christensen and Sidney Beatie. Aside from these special fancy dances, two hours during each exhibition will be devoted to dancing in which all present will be invited to participate.

YOUNG FAMILY REUNION.

The Young Family association will hold its Annual Reunion by having a feast meeting in the late President Brigham Young's old school house near the Eagle Gate, Salt Lake City, at 10 a. m. on June 1st, 1896.

All the living descendants of Father John Young, father of President Brigham Young, are invited to attend.

It is desired that those who can, will bring with them all genealogies of their own families, or genealogical family records, which they may have in their possession, so that same can be added to the general Young Family record.

The intention is to meet at the old school house and hold a family fast meeting, then proceed to President Young's private cemetery and decorate his grave. Those who can bring flowers for this purpose are invited to do so.

On Tuesday, June 2nd, it is the desire, if possible, to have baptisms for the dead performed in the Temple by as many persons as are willing to take hold of the work, and on Wednesday, June 3rd, complete the Temple work for as many names as can be arranged for. It must be understood by those intending to do this work that it will be necessary to bring with them proper recommends before entering the Temple, so that no delay will be caused.

By order of the executive committee,
W. B. DOUGALL,
Secretary Young Family Association.

Cleanse your blood with Godbe-Pitt's Compound Sarsaparilla. Has no equal.

Pulmonary consumption, in its early stages, may be checked by the use of Ayer's Cherry Pectoral. It stops the distressing cough, soothes irritation of the throat and lungs, and induces much-needed repose. Hundreds have testified to the remarkable virtues of this preparation.

It is a fortunate day for a man when he first discovers the value of Ayer's Sarsaparilla as a blood-purifier. With this medicine, he knows he has found a remedy upon which he may rely, and that his life-long malady is at last conquered. Has cured others, will cure you.

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by druggists.

While in [illegible], Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. He chanced to meet Dr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief and I can vouch for its having cured me." For sale by druggists.

Anyone who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 729 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by druggists.
