FRAGMENTS.

THE City Council will meet in regular session tonight.

NOW that the frost is getting out of the ground, mains are being laid in anticipation of a wide use in the coming months.

LIEUTENANT WEIDIG lectured before the University Institute at three o'clock today upon the subjects, Vicksburg and Chancellorsville.

PROF. W. M. STEWART will deliver an address upon Thoreau in Edinburgh, before a regular meeting of the teachers in the city schools, on Saturday, March 17. The exercises will commence at 9:30 o'clock.

FRANK E. MCGUIRE, new official stenographer of the Third district court, has removed his office from the Dooly building to the ground floor of the Union National Bank block, corner Main street.

A MEETING of the County Teachers' association will be held at the University building on Saturday, March 17, the exercises to begin at 11:15 o'clock. Miss M. Adelaide Hixson will present a paper upon Numbered Work.

PRUNING trees and clearing yards is getting to be the order of the day, preparatory to the spring garden work. There are a good many shade and fruit trees in this city that would be far better off through more thorough trimming than the owners seem disposed to give them.

MAYOR BARRITT is the happy possessor of a very fine cane which was recently presented to him. It is made of a choice piece of orange wood, uniquely and handsomely carved by a Mexican artist. His honor was admiring the stick in transits last night and is very proud of it.

THE Utah Democratic club at its meeting last night endorsed its president and secretary to sign the affidavit of not association of Democrats in distribution making it a misdemeanor in the grand council. The Pioneer society meets on a similar purpose tonight, while the Tariffites and Sound Money clubs will consider the question at their next meetings.

PEOPLE residing near the corner of Fifth south and Third West streets were aroused shortly before two o'clock this morning by a number of pistol shots. A few minutes after the shooting no one who engaged in it could be noted in the vicinity. As there were no other results to be probably from such outbreaks as this it had been thought best to let the matter rest without being off the place merely to scare people from their slumbers.

BOOKER WHITAKER, of Baltimore, and a representative of the Firemen's Insurance company here on the way to the coast for the first time, is in the city and is being shown about by Mr. C. O. Irvin. Mr. Whitaker was a caller at the NEWS office this morning. He appears to be a very pleasant gentleman and expressed himself as being greatly pleased with Salt Lake City. From California he will return home by the way of Mexico.

Working in Chambers.

Judge Zabriskie has not held court since his return from Beaver, but is occupied in chambers preparing opinions to be handed down at the opening session of the territorial supreme court.
