MINING, BUSINESS AND STOCKS

BECK TUNNEL'S DEBTS ARE LIGHT

Tintic Property Owes About Six Thousand Dollars at the Present Time.

CAN SOON WIPE IT OUT.

Broker Wile Receives Letter from Secretary R. E. Allen— A Wrong Impression.

The Beck Tunnel Consolidated Mining company is not as bad off financially as some people have been led to suppose. About a week ago, Herbert J. Wile, the broker, went to Provo, presented himself at the offices of the company, and being a shareholder, requested Secy. R. E. Allen to let him see the books, which was gladly and unhesitatingly granted.

Mr. Wile wanted information relative to the present indebtedness of the company and was told that it footed up to something like $24,000. It turns out that in computing the figures, a mistake was made; that one too many ciphers had been added; the correct amount being $2,400 instead of the sum given.

Upon discovering the error, Mr. Allen immediately advised the Salt Lake broker of the fact, and the latter has been doing what he can towards correcting the erroneous impression that had gone out. Counting the April pay roll, the indebtedness of the Beck Tunnel is somewhere around $6,000.

When the mine begins shipping to the new Knight smelter next month, it is figured that the deficit will soon be wiped out.

SIOUX CONSOLIDATED.

This Tintic Stock An Attraction on Mining Exchange Today.

Sioux Consolidated moved upward on the mining exchange today, the stock selling up to 26 cents a share. It sold yesterday at 19 cents. South Swansea was in fairly good demand and changed hands at 30 and 31 cents. Beck Tunnel displayed more strength than it did yesterday, while Colorado closed with 100 shares going at $4.22½.

Among the unlisteds, Uintah Treasure Hill sold from 28½ up to 29½; Silver King Coalition at $3.90 and East Crown Point at 2 cents. The closing quotations and sales were.

MINES IN BUTTE.

Campanies Will Mine Lower Grade Ores Than Heretofore.

(Pollock Special Wire.)

Butte, May 1.—Orders have been issued to nearly all shift bosses of Amalgamated and presumably to North Butte and Butte Coalition to mine less first class ore. In some mines the miners have been taken off first class entirely. The presumption is that the companies find they can make money under present economies on lower grade ore. The production of the district for April is estimated in excess of 25,000,000 pounds copper. North Butte's share was 3,700,000 pounds, Butte Coalition produced from the Rarus mine alone 2,400,000. Anaconda production is in excess of 7,000,000 pounds and Boston & Montana nearly 8,000,00 pounds. March production was about 18,227,000 pounds. So that April will show an increase of nearly 7,000,000 pounds or 35 per cent.

CONSOLIDATION POSSIBLE.

Chicago, May 1.—The long anticipated consolidation of the elevated railroads of Chicago was recognized yesterday as a hopeful possibility. A movement for the settlement of this phase of the traction trouble, having its inception outside the directorates of the companies, was begun quietly a month ago, but received its vital impetus last week when the report of City Traction Expert Weston showed the council committee on local transportation the necessity for immediate unification of the elevated system. The consolidation would involve a total milage of 166 miles, the transportation of 156,000,000 passengers per year, and gross earnings of $7,900,000 annually. The stocks and bonds of the companies now amount to $104,000,000.

DISCOVERER OF SEVEN TROUGHS

William Kavanaugh Sold Seven Troughs Mine to Utahns For Small Sum.

WAS PIONEER AT HORN SILVER

Where He Still Retains Large Interests—Future of Camps Bright.

William Kavanaugh, the discoverer of the Seven Troughs mine, but who sold it to the Utah syndicate headed by Jesse Knight and others for a small sum, has been making an inspection of the district.

"I located the Seven Troughs mine and I sold it for a few thousand dollars," he said in an interview a few days ago, "as I had other ground in that section that looked better to me. I have been busy ever since trying to find as good a proposition, and am conceited enough to believe that I had at least one that I sold for a song that will compare favorably with it. The camp is all right, and it looks to me as though it would turn out to be a big one. Ore is being shipped from half a dozen shafts in the district, even it the wagon haul to Lovelocks is at the rate of $15 a ton."

Mr. Kavanaugh was also a pioneer in the New Horn Silver district, and, with Howard Russell, a former Utah man, made some of the first locations.

"I have been reading stories about the immense showing at Lime Point, which is now known as Horn Silver," said he. "They appeared to be a little overdrawn—just fairy tailes—but my brother Tom tells me that they are all right, and he would not lie to me. Howard Russell and I located the Great Western over three years ago. They say it is a great mine, and after a day or two I will take a run down there to see for myself. I have been told that there is quite a town there already on the spot we spread our blankets, and that many other good things have been opened up that we overlooked. I still hold my interest in the property, and if I can believe half the stories that have been told me in regard to the mine I will be fixed in a financial way for the balance of my life. If they should not be realized I am not going to sit down and cry over it, but will hit the trail with Tom or Howard, or any other good prospector, for virgin fields. I do not believe I will have to, however, as my holdings in Seven Troughs will give me enough money to take life easy."

COPPER OFF TODAY.

(Pollock Special Wire.)

Boston, May 1.—All grades of copper metal were reduced ⅛c in asking price today, making Lake 12⅝@12¾, Electro 12½@12⅝, Casting 12¼@12⅜.

The foreign visible copper supuly today is 26,643 tons, an increase of 2,941 tons within the past two weeks.

COPPER ABROAD.

Suggestion as to What Has Caused Weakness In Metal.

(Pollock Special Wire.)

Boston, May 1.—C. S. Henry & Co. the London representative of the United Metals Selling Co., are offering copper in London for delivery through July at present prices. This selling is believed to be in anticipation of the increased Butte production which will be coming from the refineries the latter part of June or July. This may also account for the apparent weakness of the metal in London. The copper situation, however, is not as weak as would appear on the surface. Leading authorities assert that the consumption of copper in this country has increased from 15,000,000 pounds per month last October or November to 30,000,000. A normal monthly consumption in prosperous times is from 35,000,000 to 50,000,000. Consumers, however, are working on the smallest stocks they have ever carried.

MINES OF PIOCHE.

New Strikes Putting This Old Time Camp in the Limelight.

Special Correspondence.

Pioche, Nev., April 29.—It seemed to be the general impression a short time ago that the Day mine at Jack Rabbit was a huge low grade proposition which it was possible to work only because of its fluxing qualities. Two or three months ago it was rumored that there were some bunches of high grade ore left, from the old time workings, and about the 20th of this month considerable excitement was caused here by a strike of rich ore.

This strike, together with the recent strike in the Prince consolidated and the continuance of the ledge in the Boston-Pioche Yuba East mine is causing even the most highly revered members of the local anvil chorus to admit that there are some mines in Pioche today which may equal those of "ye olden days."

The British Consolidated Mining company is gathering a force of men preparing to begin operations on their property in the Jack Rabbit district about the 1st of the month on a large scale.

HARMONY WILL PREVAIL.

All Danger of Contest at U. S. Meeting Now Over.

Commenting on United States Mining, Hayden, Stone & Company of Boston say: "Happily all danger of a contest at the approaching annual meeting of the stockholders of the United States Smelting company has been averted. We regard the present conditions established and arranged for as of the greatest value to every interest connected with this enterprise. In the past, stockholedrs' interests have undoubtedly suffered in more ways than one through the long-continued lack of harmony in the board of directors. There is every reason now to believe that hereafter there will be a gradual development of an entirely cordial understanding between the different strong personalities in the management.

"We are especially pleased because of the large number of holders of the preferred stock of this company who have come to look upon it as a very safe and desirable form of investment. Every person interested in the management has at all times desired to make this preferred stock as good as any bond. The properties of the company are sufficiently valuable to warrant such an estimate of this preferred stock, and now with the cordial relations established we have no doubt that these preferred shares will stand higher than ever in the estimation of investors."

BOSTON & MONTANA MEETING.

Butte, May 1.—At the annual meeting of the Boston & Montana Consolidated Copper & Silver Mining company stockholders here yesterday, the old board of directors, consisting of Sidney Chase, James Phillips, John D. Ryan, David B. Hennessy and Andrew Graflus, was reelected. No other business was transacted.

ORE AND BULLION.

The ore and bullion settlements reported yesterday by McCornick & Co. were: Crude ore and concentrate, $20,000; base bullion, $60,000. Total, $80,000. The settlements for the month of April amounted to $1,284,000.

LOTS OF GOLD PIECES.

(Special to the "News.").

Goldfield, May 1.—When the Carson and Colorado railroad of Nevada paid a $26,739.02 judgment imposed in a tax suit against the corporation, it paid it to the county clerk of Esmeralda county in $5 gold pieces. There were over 5,347 pieces of gold handled in this payment.

STOCK MARKET LACKED INTEREST

New York, May 1.—Opening prices of stocks today showed mixed changes from last night, but the majority of prominent issues were lower. None of the changes of those actively dealt in was large, but American Car declined 1¼ and Third Avenue 1. Transactions were on a small scale.

Prices moved nervously within the narrow range and got slightly lower than at the opening before the market definitely turned upwards. The recovery was due to a moderate demand for the principal western stocks, particularly St. Paul and Union Pacific. Early losses reached 5 points in Metropitan Street Railway and 1 in American Smelting, National Lead and Tennessee Copper. Souther Pacific advanced a point.

Prices hardened slowly on light dealings until St. Paul had risen 2, Southern Pacific 1¾, Delaware & Hudson, 1¼, Union Pacific and Iowa Central preferred 1, North American 2¼ and Westinghouse Electric 1.

Bonds were irregular.

A quiet accumulation of the standard dividend paying railroad stocks imparted a degree of strength to the entire market, but there was little of interest to speculation. Pennsylvania was marked up 1⅝, to 120⅞, after the announcement of the dividenl reduction. Reading, New York Central, Great Northern preferred, Northern Pacific and Consolidated Gas also gained 1 to 1¼, Union Pacific and Manhattan 1½ and Southern Pacific 2.

St. Paul continued its leadership of the market and extended its advance about 3 points on large purchases.

The demand otherwise was largely confined to the transcontinental group, the inquiry for the specialties being light and improvements unimportant. Southern Pacific, Atlantic Coast Line and Manhattan were lifted 2½. Great Northern preferred 2, Northwestern 1¾, Union Pacific 2¼, Atchison, U. S. Steel and Tennessee Copper 1, Westinghouse Electric first preferred dropped 6.

The market closed strong and active. Gains were extended in St. Paul to 4⅜, Westinghouse Electric 3¾, Northern Pacific 2¼, C. & O. 2¾, New York Central, Missouri Pacific, Reading, B. & O., and National Lead 1½ to 1¾, Norfolk & Western, Kansas & Texas, Wheeling and Lake Erie and Pressed Steel Car 1¼. Union Pacific preferred, Mexican Central, Locomotive 1. Some reaction followed when room traders sold to realize profits. Prices rallied in the late dealings.

LIVESTOCK.

PRODUCE.

CHICAGO.

Chicago, May 1.—The wheat market was irregular at the opening today, the May option being strong while the more distant deliveries were weak. The deliveries on May contracts were only 300,000 bushels. Coverings by shorts sent the price of May up to 100¼. Pit traders and commission houses sold July and September because of the excellent crop prospects. July wheat opened ¼ to ⅜ lower at 88 to 88⅝, sold at 89 and then declined to 88¼.

The corn market was steady because of small receipts. The deliveries on May contracts were 2,500,000. July corn opened a shade to ⅛@¼ lower at 63⅞ to 64, and sold at 53¾@63⅞ and then advanced to 64⅛.

The oats market was steady. The deliveries on May contracts were 67,000,000 bushels. July oats was ⅛ higher at 45⅝ and sold at 45¾.

A decline of 5 cents in the price of live hogs caused an easy market in provisions July pork was 10c lower at 13.10. Lard was 7½c. lower at 8.47½. Ribs were 7½c. lower at 7.20@7.22½.

The feature of the market was the bulge in the May option which sold up to 104. July advanced to 88⅝. The close was easy with July ¼@⅜ higher at 88½@88⅝. May was up 2⅝ at 102

Corn—Prices ruled steady all day. The high point for July was 64½. The close was steady with July ⅛ lower at 63⅞@64.

Close—Wheat—May, 1.02; July, 88½@88⅝; Sept., 84¼@4⅝.

Corn—May, 67⅝@67⅞; July, 63⅞@64; Sept., 62.

Oats—May, old, 53⅝; May, 53; July, old 46⅝; July, 44¼; Sept., 37.

Pork—May 13.02½; Sept., 13.65; July, 13.35.

Lard—May, 8.25; July, 8.42½@8.45; Sept., 8.62½.

Ribs—May, 6.92½; July, 7.20@7.22½; Sept., 7.45@7.47½.

Rye—Cash, 81.

Barley—Cash 66@76.

Timothy—May 4.25.

BUTTER AND EGGS.

Chicago, May 1.—Butter, steady. Creameries, 19@25; dairies, 18@24.

Eggs—Steady. Firsts, 15.

SUGAR AND COFFEE.

New York, May 1.—Sugar, raw, nominal. Fair refining, 3.96; centrifugal, .96 test, 4.48; molasses sugar 3.73.

Refined—Quiet. Crushed 6.20; powdered, 5.60; granulated, 5.50.

Coffee—Quiet. No. 7 Rio, 6; No. 4 Santos, 8⅜@8½.

EVAPORATED FRUIT.

New York, April 30.—The market for evaporated apples continues quiet, but prices seem to be steadily held for the time being. Fancy are quoted at 7¾@9; prime at 7@7½; common to fair at 5⅝@5½.

Prunes are firm in tone, although no improvement is reported in the volume of business. Quotations range from 4 to 14 for California, and from 5¾ to 10 for Oregon fruit.

Apricots are freely offered with the market weak and unsettled. Choice are at 14½@15½; extra choice at 15@16; fancy, 19@21.

Peaches are weak, with choice at 9½; extra cohice, 10; fancy, 10½@10¾; and extra fancy at 11½@12.

Raisins are dull and more or less nominal, with loose muscatels quoted at 5@6¼; seeder, 5@8; London layers, 1.25@1.35.

LIVERPOOL GRAIN.

Liverpool, May 1.—Close—Wheat—May, 7s 2¾d; July 7s 5d; Sept., 7s ⅝d.

ITCHING ECZEMA FIFTY-FIVE YEARS

Suffered Torments from Birth—Boils Formed as Big as Walnuts—In Frightful Condition and Could Hardly Work—Tried All Kinds of Remedies to No Avail—At Last

WHOLLY CURED IN 8 MONTHS BY CUTICURA

"I had an itching, tormenting eczema ever since I came into the world, and I am now a man fifty-five years old. I tried all kinds of medicines I heard of, but found no relief. I was truly in a frightful condition. At last my blood was so bad that I broke out all over with red and white boils, which kept growing until they were as big as walnuts, causing great pain and misery. I thought they would take the skin off my whole body, but I kept from scratching as well as I could. I was so run down that I could hardly do my work. Mr. Nelson R. Burnett recommended the use of Cuticura Remedies, telling me he was confident they would benefit and, in time, cure me. I used the Cuticura Soap, Ointment, Resolvent, and Pills for about eight months, and I can truthfully say I am cured. I cordially recommend Cuticura Remedies to all who are afflicted the same as I was, believing that, if they will use them according to directions, they will find them all they are represented to be. Any one doubting the truth of the above can write to Mr. Burnett, who will cheerfully vouch for my statements.

"Hale Bordwell, R. F. D. 3, Cedar Corners, Tipton, Ia., Aug. 17, 1907."

"I cheerfully endorse the above testimonial. It is the truth. I know Mr. Bordwell and know the condition he was in. He never tires of praising the Cuticura Remedies.

"Nelson R. Burnett, Tipton, Ia."

Gentle anointings with Cuticura, the great Skin Cure, preceded by warm baths with Cuticura Soap, followed in the severer forms, with mild doses of Cuticura Resolvent Pills, afford instant relief, permit rest and sleep, and point to a speedy cure of torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and inflammations, from infancy to age.

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Cuticura Book on Skin Diseases
