TELEGRAPHIC.

THE WOOL MARKET.

The Sales Show Considerable Increase in Domestic

AND DECREASE IN FOREIGN.

European Markets Report a General Advance of Five per Cent in the Price.

BOSTON, Mass., June 30.—The Commercial Bulletin says today: The wool sales for the week aggregate 2,167,000 pounds domestic and 935,000 pounds foreign, against 1,680,000 pound domestic last week, and 928,500 pounds domestic and 400,000 pounds foreign for the same week last year. The sales to date show an increase of 835,170 pounds domestic and a decrease of 1,852,400 pounds foreign. The receipts to date show a shortage of 1,561 bags domestic and 72,801 bales foreign. For the first time the sales of domestic wool show an increase over 1893, May and June of 1893 being exceptionally dull months. The heavy decrease also in the foreign wool movements this year has concentrated all attention upon domestic wool. The general demand is still very sluggish but there have been three large purchases which have realized the sales. A million pounds of new spring Texas, eight months, was sold on a basis of 32½ cents. Three hundred thousand pounds of Ohio new unwashed and unmerchantable was sold on a basis of 31 cents clean. One lot of 604,000 pounds of carpet arrived from Boston.

European markets cable a general advance of 5 per cent on wool and tops.

Will Employ 400 Men.

ANDERSON, Ind., June 30.—Chicago capitalists have organized the Indiana Clothing and Shoe company, with a capital stock of $200,000. Forty acres of land and $10,000 bonus secured the plant for Anderson. Employment will be given to 400 men.

A Serious Fire Raging.

GUNNISON, Colo., June 30.—A serious fire has been raging in the mountains north of here for two days. In the path of the fire is a forest of good saw timber one mile wide and five miles long that seems to be doomed. The fire was started on Mount Carbon by lumbers.

Women Suffragists.

DENVER, Colo., June 30.—The Woman Suffragists' association of Colorado met in this city yesterday. Mrs. Routt, wife of ex-Governor Routt, presided. The morning session was devoted to routine matters and addresses by Mrs. Routt and Mr. Henry Blackwell, editor of the *Woman's Journal*.

The afternoon session was a memorial meeting in honor of Lucy Stone. The evening session was given up to miscellaneous addresses.

Throws Out of Work.

ANDERSON, Ind., June 30.—The American Wire Rod and Wire Nail mills shut down this morning. Eight hundred operatives were thrown out of work. It is thought that the company will refuse to treat with the Amalgamated association in the settlement of wage scales. The blow is a serious one to labor unions in the gas belt.

SERVED THEM RIGHT.

Two Green Men Swindled by Green Goods Sharpers.

NEW YORK, June 30.—Ex-chief of the U. S. secret service, A. L. Drummond, is sazed to look for green goods men who had swindled two church deacons from Yarmouth, Maine, to this city. Mr. Drummond says there are many new features in the methods of the swindlers, one of the most important of which is that no more telegrams are passed between the victim and the green goods operators. In the circulars and letters sent to J. D. Reed and James Morgan, of Yarmouth, the two latest victims, the green goods men told them to be careful and not send any telegrams as the telegraph companies were handed against them now.

The U. S. authorities, Mr. Drummond said, can better reach the green goods men when the mails were used altogether in the swindle.

The deacons who applied to ex-chief of the secret service for aid in the capturing of the men who had swindled them and they had received a brick in a box instead of a box of money they were expecting. They called on A. M. Henry, on Sixth avenue, at her instructions in the circular and gave the code word "Frank." After being victimized once the green goods men offered them $10,000 in green goods for $1,000 if they would come in again which they agreed to do, and now they want revenge.

JACK THE HUGGER.

An Italian Barber's Fondness for the Fair Sex Gets Him Into Trouble.

JAMAICA, June 30.—Michael Fara, an Italian barber of this village, is under arrest on the charge of attempted assault preferred by Miss Fannie Bennett, a young woman employed in a store in this village.

For the past six weeks numerous complaints have been made by young women who have been out at night that they had been accosted by a man who would spring upon them and kiss them. The man became known as "Jack the Hugger."

Local vigilance committees were formed by the young women of Jamaica for their protection. The young women were sent out as decoys by the committee and were followed at a short distance by several men, but the several men were apprehended.

About 10 o'clock last night Miss Bennett was on her way from work with her three brothers a short distance behind her. While crossing the railroad tracks she was attacked by the man. Miss Bennett screamed and her three brothers were soon at her side. They grappled with the man and gave him a severe beating. They then took him to the town hall. Many young women have signified their intention of appearing against the hugger.

A Fatal Fire.

BROOKLYN, June 30.—Shortly after 4 o'clock a celestorian fire broke out in Woodruff's stores on Furman street. The firemen were enabled to prevent the flames from communicating to adjoining stores and the Union Ferry company's buildings. The storehouse and contained the most valuable portion of merchandise. At 5 o'clock the evening, when the firemen were in hopes that the fire was under control, the flames burst forth with greater force, and it is now beyond evident that buildings K and H were doomed.

It was about 3 o'clock when the south wall of warehouse K was seen to bulge out, and a moment later it fell with a terrific crash. There were four men, employes of the ferry company, who were on a trolley work which runs through the yard. Three of them were caught beneath the falling walls, while the fourth jumped and escaped.

A rescue party was formed, which succeeded in bringing their bodies out of the debris. Two of them had been killed, while the third received injuries which will probably result in his death.

The Closing of the Mints.

LONDON, June 30.—During a discussion on the closing of the Indian mints in the House of Lords this evening the Marquis of Lansdowne said the situation was now much better than in 1893, when it was known the United States government was about to repeal the legislation which maintained the price of silver.

The closing of the mints probably averted a catastrophe, beside which the disturbance of the Indian trade in China and Japan sank into insignificance.

Lord Kay, in behalf of the government, declared it was determined not to reopen the mints until the present policy had received a full and fair trial.

The Gold Reserve.

WASHINGTON, June 30.—The cash balance in the treasury today was $110,287,820, of which $66,088,815 was gold reserve. The withdrawals for the subtreasury at New York today aggregated $1,475,000, of which $250,000 was shipped to Canada. This leaves the true amount as reserve $64,838,815.

Prendergast Insane, They Say.

CHICAGO, June 30.—The proceedings in the Prendergast trial were interrupted several times today by the sickness of the prisoner, and finally, the court was compelled to send him back to his cell. Several witnesses were called by the state, and testified that they considered Prendergast insane.

Defending the Government.

PHILADELPHIA, June 30.—M. H. Hickey, president, Frederick Ball, superintendent, and J. L. Anderson, of the Pennsylvania Steel Casting and Machine company, were arrested by Deputy United States Marshal Myers today, charged with conspiracy in perpetrating fraud upon the United States government in furnishing steel gun castings.

The affidavit upon which the arrest was made charges that on or about May 15, 1894, the defendants conspired to defraud the United States by duplicating the official stamp of the inspector of ordnance, and in delivering to the United States castings of a quality inferior to the specimens of cast quality required by the contract of said company with the United States.

VICTORIA'S LETTER.

Sympathetic Words for the Widow of President Carnot.

LONDON, June 29.—The following is a translation of the Queen's letter of sympathy to Mme. Carnot:

"WINDSOR, June 27, 1894: —Madame:—Although I have not the pleasure of knowing you personally, I cannot refrain from writing to you and attempting to express the deep and sincere sympathy I feel for you at this terrible moment.

"I cannot find words to tell you how my widowed heart bleeds for you and what horror and dismay I feel for the crime that has robbed you of a beloved husband, and the whole of France of its most worthy and respected president.

"If universal sympathy can in any measure assuage your intense grief, be assured it is yours.

"May God give you strength and courage, as well as the resignation necessary to enable you to bear such affliction.

"Je me die, Madame, votre bien sincerieusi, "VICTORIA."

Charges Against Ezeta.

NEW YORK, June 29.—The *Herald's* La Libertad dispatch says: A Santa Ana judge has just issued a warrant for the arrest of General Antonio Ezeta and his three compatriots, who are still on board the United States steamer Bennington. They are charged with eighteen assassinations, the burning of 300 houses and numerous thefts and assaults.

MEMORIAL SERVICES

In Honor of the Memory of President Carnot.

NEW YORK, June 30.—M. Thibaut, French consul in this city, has been instructed by his government to organize a memorial service in honor of the president of the French republic and has accordingly issued to federal, state and city authorities, the consular body and the members of the French colony, an invitation to be present. The funeral being celebrated in Paris, at the cathedral of Notre Dame on Sunday, July 1, it is the wish of the government to have all similar ceremonies celebrated in foreign countries on the same day. The ceremony will take place at the cathedral (Fifth avenue and Fifteenth street) on Sunday at 2 p. m. An invitation has been sent to Hon. Whitelaw Reid, ex-minister to France, and it is expected that he will attend the memorial service.

Receiver Appointed.

NEW YORK, June 29.—Judge Lacombe has appointed Amos R. Eaton temporary receiver of the Harlem Peak Tin Mining, Milling & Manufacturing company. The complaint accompanying the application for a receiver charges fraud against the trustees of the defendant company, Louis May, James Flanagan, William M. Ivins, William Nelson, George Fisher, Charles D. Draper, Herman Rustad, Louis D. Wyler, W. L. Flanagan, the estate of Frederick W. Foote, the estate of Henry Clausen Jr., the estate of Daniel S. Appleton, Samuel Underwriter and the Farmers' Loan & Trust company.

The complainants in the suit are Charles Fleischer, Henry L. Maud, Charles E. Denny, Edward M. Denny and John S. Fallon.

THE CONFLICT FOR WAGES.

Estimate of the Number of Railroad Men Now on Strike.

Both Sides are in the Fight with a Determination to Win.—No Compromise.

CHICAGO, June 30.—John M. Egan, representing the General Managers' association, furnished this evening an estimate of the number of men who had struck on the Chicago lines within the terminal limits, and also an estimate of the number striking on all the systems involved. Mr. Egan gave the following to show the extent of the strike at the present time, and the number of men who have struck in so far as the whole country, on the best information obtainable:

Northwestern, switchmen and shopmen, 1,400; Illinois Central, 3,000; Eastern Illinois, 350; Santa Fe, 10,000; Chicago & Northern Pacific, 75; Wisconsin Central, 50; Great Western, 400; Baltimore & Ohio, 400; Pennsylvania, 2,500; Western Indiana, 200. Total, 17,875.

Mr. Egan said: "I anticipate before the close of the strike serious trouble. A large number of men have struck without understanding what they have struck for, and when they find their places being taken by new men they are bound to grow desperate. I do not look for any easy termination of the strike, but we will certainly be prepared hereafter to secure all the new men we hire, and to bring about as early a termination of the strike as possible. We are in the fight to stay, and there will be no compromise nor give up."

After the meeting of the General Managers' association, General Manager Kring of the Chicago, Milwaukee & St. Paul said that they proposed to pursue an aggressive policy. "It was determined at the outset," said Mr. Kring, "that we would have to fight this strike. All the roads represented were committed to secure men to take the places of those who have struck. New men are being employed now, and they will be put in work under ample protection.

"The Rock Island road, which is about the only one in Chicago to have escaped thus far, will be, by tomorrow morning and up, it is said. An order to that effect was issued today by President Dole.

President Dole has issued an address to the railway men of America, setting forth the cause and objects of the present strike. He says: "The struggle with the Pullman company has developed into a contest between the producing classes and the money power of the country. This was what Lincoln predicted at the close of the war, and it was this reflection that gave the great emancipator his gloomiest forebodings. We stand upon the ground that the working men are entitled to a just proportion of the proceeds of their labor. This Pullman denies them."

General Manager Robinson, of the Santa Fe, said to an Associated Press reporter today that his road was determined to move its trains regularly and on time. "We have sent a lot of switchmen, with forty deputy marshals as a guard," said Mr. Robinson, "and we intend to see that our trains suffer no further delays. No arrests will be made unless our men are interfered with, but any interference will be promptly met by the deputies."

Many of the commission houses at the stockyards regard the situation as serious, and have notified the clients in Iowa, Nebraska, Missouri, Texas and other states not to ship stock unless the railroad agree to deliver the shipments and to be responsible for the long delays, or responsible for any losses on account of delays. The result is that the shipments have been stopped in many instances, and the price of meat is expected to take a rapid jump upward before long.

Nominated by Populists.

OSKALOOSA, Iowa, June 30.—Rev. John M. Haugh, pastor of the Presbyterian church, Oskaloosa, has been nominated by the Populists of the fourth district for Congress. He accepts.

PALPITATION OF THE HEART.

Shortness of Breath, Swelling of Legs and Feet.

"For about four years I was troubled with palpitation of the heart, shortness of breath and swelling of the legs and feet. At times I would faint. I was treated by the best physicians in Sandusky, Ohio, with no relief. I then tried various patent medicines without benefit. Finally I read

Dr. Miles' Heart Cure

and his Nerve and Liver Pills. My husband is now a free man." I continued taking them and I am now in better health than for many years. Since my recovery I have gained fifty pounds in weight. I have little stories regarding my cure of value to some poor sufferer."

E. R. STUTES, Nape Station, Ohio.

To Miles' Remedies is sold on a positive guarantee that the first bottle will benefit. All druggists sell it, 6 bottles for $5, or it will be sent prepaid, for price, by the Dr. Miles Medical Co., Elkhart, Ind.

Sold by all Druggists.

BOILS, TUMORS, ULCERS.

Means impure blood, and overwork or the needle steals on stein and body. The only way to cure is to feed the nerves on pure blood. Thousands of people certify that the best blood purifier, the best nerve tonic and strength builder is Hood's Sarsaparilla. What it has done for others it will also do for you. Hood's cures.

Hood's Pills cure constipation by restoring peristaltic action of the alimentary canal.

EVIDENCE OF TODAY.

People you Know Testify to the Success of Drs. Shores & Shores' New Treatment. Saturday the Last Day of Drs. Shores & Shores' Grand Free Treatment Offer.

I wish to state that I took Drs. Shores & Shores' treatment and can say I am greatly improved.

I had pain in the head, hawking in the nasal passages, hawking and spitting, dryness in the throat, hearing bad, tired feeling upon arising in the morning, no appetite, pains in the back and shoulder blades, and rheumatism affected my eyes, and after three days of Drs. Shores & Shores' new treatment I can say I am improved and feel very thankful.

RALPH BOYDON,
