Trading Not Over-Brisk on the Stock Exchange.

SALES OF MERCUR AND SUNSHINE.

Cars Also Taken Part in the Day's Business—The Futian Rock—Talbot's Weekly Review.

Trading in the pit of the exchange today was not over-brisk, as only three stocks took active part in the day's business. Mercur, Sunshine and the cars the selling stocks, a board lot of each changing hands. The former sold at $6 and was freely bid for at the same figure, but bidders demanded $6.50 for further transfers of the stock. Sunshine again experienced sluggish trading and the stock gave way to a bid of $1.55. The Alice stock maintained a very firm position in the selling, bidders demanding no less than $1 per share, while 81 cents was the best bid.

Natural Gas revived an eighth of a cent at today's call and sold at one-half. Swansea was on offering at $2.75, with $2.40 bid, while South Swansea received numerous bids of $1, but was forced at no less than $1.10. Northern Light stood at 42½ cents asked, with 42 bid, while Sunbeam would have been bought at 22½ cents and was bid for at 12.

The closing figures were as follows:
