Nearly Another Catastrophe.  
WASHINGTON, 25.—During the  
matinee performance to-day of the  
"Two Orphans," a man in the gal-  
lery fell in a fit; somebody raised  
the cry of "a fight," which was un-  
derstood by many to be "a fire." The  
doors were thrown open and a rush  
made for them. Three or four per-  
sons were injured, but none serious-  
ly. The cause of the disturbance  
was soon ascertained and the per-  
formance continued to the close.

Correspondence on those Telegraph

Messages Demanded by the House  
of Representatives.  
NEW YORK, 25.—The following  
correspondence has been furnished  
by the Western Union Telegraph  
Company:

"Executive Office, Western Union  
Telegraph Company,  
New York, Dec. 23, 1876.  
Hon. William L. Morrison, Chair-  
man, Louisiana.

"Sir—Accompanying this, I send  
you a communication made by me  
this day to the Speaker of the  
House of Representatives in respect  
to a paper served upon me, and  
which requires the sergeant-at-  
arms of the House of Representa-  
tives to summon me to appear be-  
fore your committee at New Or-  
leans on the 26th of December. I  
do not suppose it is thought that  
I possess any personal knowledge  
concerning any of the matters to  
be investigated by that committee.  
I am but now recovering from a  
long, serious illness; my health is  
such a state that I could not, without  
great inconvenience and risk, as  
well as unnecessary expense to  
the government, make so long a  
journey as that to New Or-  
leans. I trust, therefore, that I may  
be relieved from personal atten-  
dance, and that such a report as you  
may think proper to make to the  
Speaker of the House may not in-  
volve me in contempt for failure to  
appear personally. I possess no  
knowledge in respect to any matter  
connected to you for investigation,  
or in respect of the papers which  
you seek, which would be of any  
value to you if I were there."  
I am, very respectfully,  
(Signed) WILLIAM ORTON.

"Executive Office, W. U. Tel. Co.,  
New York, Dec. 23, 1876.  
Hon. Saml. J. Randall, Speaker of  
the House of Representatives, Wash-  
ington.

"Sir—On the 19th day of Dec., a  
paper, a copy of which is hereto  
annexed, was handed me at Wash-  
ington, addressed to John G.  
Thompson, Esq., Sergeant-at-  
Arms, or his special messenger, and  
signed by you as Speaker, by  
which paper said Thompson was  
commanded to produce, at New Orleans,  
before the special committee of the  
House of Representatives, of which  
Hon. Wm. B. Morrison is Chairman, all  
the telegrams in his possession, or  
under his control, received or sent  
by Wm. E. Chandler, Zach. Chan-  
dler, Don. Cameron, J. M. Ed-  
munds, Jas. Casey, Wm. Pitt  
Kellogg, L. B. Packard, John F.  
Casey, J. R. Pittkin, Henry C. Bib-  
bell, H. C. Warmouth G. W. Car-  
ter and Gen. Auger, from and at  
New Orleans, La., Washington,  
City, D. C., New York City, N. Y.,  
since the first day of September  
last. Said paper also appears to re-  
quire said Thompson to summon  
me to appear before said select com-  
mittee at the same time and place,  
then and there to testify, touching  
matters of inquiry committed to  
said committee, assuming that  
the said paper is erroneously  
supposed to contain some com-  
mand addressed to me requiring  
me to produce before said  
committee telegrams of like de-  
scription in my possession, or under  
my control. I beg leave respectfully  
to inform you that if any such  
messages ever existed, of which I  
have no knowledge, I have never  
known or personally or officially  
received or sent any possession of  
them. That I never had any control over them

except as an agent of the W. U.  
Telegraph Co., through and by the  
cooperation of subordinate agents.  
That the W. U. Telegraph Co. has,  
without any knowledge or partici-  
pation on my part, taken from me  
all power and control over the  
messages now in possession of the  
company. I beg leave, therefore,  
respectfully to be excused from  
compliance with the above-men-  
tioned requirement, it never hav-  
ing been, at any time since the  
service of the subpoena, and being  
not now, in my power to comply  
with the same.

"Very respectfully, etc.,  
(Signed) Wm. Orton."

The following resolution was  
adopted by the board of directors of  
the W. U. Telegraph Company, at a  
meeting held Dec. 22d, 1876:  
Resolved, That the W. U. Tele-  
graph Company regards itself as  
the confidential agent of such of  
the people of the United States as  
may wish to employ its agencies  
for the transmission of communica-  
tion by telegraph, and are bound to  
resist by every lawful means all  
publication or examination of its  
records.

Resolved, That, excepting such  
messages as may be demanded by the  
Senate to be a part of its public  
records, not exceeding six months,  
the executive committee is hereby  
directed to provide in the future for  
such speedy destruction of all writ-  
ten messages as the necessary keep-  
ing of the accounts between the  
respective offices of the company  
will allow.

Resolved, That the board of di-  
rectors hereby approve the action  
of the executive committee in re-  
moving all the messages now on  
hand from the control or posses-  
sion of any of its officers.

Nearly Another Theatre Calamity  
by a False Alarm of Fire.  
While the play entitled "Around  
the World in Eighty Days," was  
being performed in the Opera  
House, Newark, yesterday after-  
noon, an alarm of fire was given by  
some one in the audience. An in-  
stantaneous panic seized the audi-  
ence, and the result was a stampede  
of the frightened crowd for the  
places of exit. Before the stampede  
had assumed serious proportions,  
however, it was discovered  
that the alarm was a false one, and  
that there was no ground of apprehension.  
Many narrowly escaped being  
trampled underfoot in the first  
rush of the crowd, but no accident  
is reported. The alarm was given  
by a man who had been given by  
mischievous boys in the gallery, of  
whom the police have failed to find  
any trace.

What Senator Morton Thinks.  
The Tribune's Washington special  
says the republicans here are not  
at all worried by the action of the  
Supreme Court of Florida. Mor-  
ton said, to-day, he understood  
that the order of the court for a  
re-canvas of the returns did not  
apply to the vote of Florida, and  
he, however it would make no  
difference, for there was only one  
day upon which the electors could  
meet. They had met upon that  
day, performed their duty, and  
were now functio officio. The  
only effect of making the order for  
a new canvass applicable to electors  
would, in Morton's opinion, be to give  
the electors a second chance for  
argument. He could see in no  
way any color of legal authority  
for the Florida electors at this late  
date.

Cronin and the Oregon Electoral  
Vote.  
The World's Washington special  
reports that the Oregon electors  
will vote for Hayes on Monday  
morning. His delay in handing in

the sealed envelope has been due,  
he said this morning, to his desire  
to await the coming of Kelly, who  
acted as his counsel in the hearing  
before Grover, and who had pre-  
sented him to the Vice President of  
the college. The sealed envelope  
contains the certificates of the three  
members of the electoral college of  
the state, a transcript of the pro-  
ceedings of the college noting the  
absence of two of the electors, and  
the vacancies filled by Cronin and  
the vote of the state. The republi-  
cans were disappointed because they  
reached here. The action which  
Cronin proposes to take, effectually  
disposes of a sensational story that  
he proposed to retain the envelope  
and send it to the Vice President.  
The republican electors from Cronin  
before the chambers in joint session,  
Kelly, who came on Saturday, pro-  
posed to stand upon the Oregon  
question and it came again before  
the Senate. He lays stress upon  
the fact that no counter evidence  
or argument was filed or made  
against the protest, and before  
Grover in regard to the appoint-  
ment of Watts, and holds that this  
prohibited his appointment, and  
left no room for the election of  
Cronin. He says that he has the  
highest number of votes, like all  
who have come from Oregon since  
the meeting of the electoral college  
of the state. He denies the repeat-  
ed stories of Grover's appointment  
on account of his action. Upon  
Grover's arrival his opinion and  
decision in the case will be pub-  
lished.

Trials of convicts.  
VIENNA, 25.—A correspondent

have been in jail seven months, will  
be tried at Moscow in January for  
participation in the Socialist con-  
spiracy.

BEAVER ENTERPRISE, Dec. 21.—  
The new four mill which the  
Beaver Co-operative Company are  
erecting adjacent to the Woolen  
Factory speaks well for the enter-  
prise of the company. When fin-  
ished, it will be the best mill, per-  
haps, in southern Utah. It is the  
purpose of the company to make it  
in every respect, first-class. The  
building is certainly all that is re-  
quired, being a solid, stone struc-  
ture 30x40 feet, and two stories  
high. The material used in its  
construction is as good as can be  
procured, being black or basaltic  
rock laid in strong lime mortar.  
The machinery is all being shipped  
from the East and is the very best.  
One of Lefell's turbine water-  
wheels, together with French  
burs and silk bolting cloths, are  
the chief items and the foundation  
work of every good mill. The  
building is going on under the  
supervision of Bishop Ashworth.

AT WELLSVILLE, COLUMBIA COUNTY, DECEMBER  
18th, 1876, JAMES NICHOL, Sec., aged 30  
years.

Deceased was born in Scotland; was  
among the first to rescue the gospel in  
that country, and ever since remained most  
faithful to its principles. He came to  
America in 1855, and resided in Rhode  
Island until 1860, when he and family came  
to settle at Wellsville, Columbia County,  
the same year, and since that time had  
continuously resided there. He passed  
quietly away surrounded by members of  
his family and many friends.

James Nichol was a most exemplary  
life, and his death, though not altogether  
unexpected, is deeply mourned by the  
whole community. His funeral was very  
largely attended, and sentiments of respect  
for the dead and sympathy for the bereaved  
family were expressed on every hand.  
The deceased was a member of the  
Wellsville Baptist Church, and was  
valued by his true worth, for he was  
justly regarded by all as a faithful and  
humble saint, an industrious and useful  
member of society, a patient and forgiving  
brother, an industrious husband and father,  
and an honest man.—Cot.

Project of Retention.  
A dispatch from Constantinople  
to the News says the project of re-  
forming the constitution of the Porte  
includes the division of Bulgaria into  
two provinces, popular election of  
mayors of towns, the Governor  
General to have complete control  
of the police force, organization of  
law courts to be left in a great mea-  
sure to an international commis-  
sion, foreigners to be eligible for  
legal appointments if the commis-  
sioner should not deem it expedient  
to employ only 30 per cent. of the  
population, the words foreign occu-  
pation are omitted from the project,  
the guaranteeing force is trained  
gen d'arme of foreign troops, and  
is to number only 3,000 or 4,000,  
provisions are made for a Christian  
governor and a collective body, etc.,  
as previously reported.

Our Country Contemporaries.  
Ogden Junction, Dec. 23.—  
Yesterday an accident happened to  
Richard Miller, of this city. He  
is fireman on the U. N. R. R.  
When on the northward trip, the  
train stopped at Elm Grove, and  
Box Elder County, to take in  
water, when Richard, while at-  
tempting to grasp the spout of the  
water tank, slipped and fell from  
the top of the tank. He landed on  
the ground, came in contact with  
some rocks. The back of his head  
was cut, which bled profusely. He  
was also badly bruised between the  
shoulders and on his left side. He  
came to Ogden last night, where he  
received the necessary attention.  
Mayor L. J. Herrick has resigned  
the office of mayor. The reasons  
which have moved Mayor Herrick  
to this step we understand to be a  
real desire to retire from public ser-  
vice. He has been a member of

six years, and has made a  
splendid record.

Inasmuch that that loathsome dis-

will you be so kind as to publish an  
Indian remedy? Possibly it may be  
of benefit to somebody. Old To-  
sewich tells me he knows it will cure  
the small-pox in three or four days  
after it breaks. Take Pe-ah-not-see,  
commonly called Indian Root,  
make a strong tea of it, and drink  
freely, which will drive out the  
demon, and on the left side. He  
came to Ogden last night, where he  
received the necessary attention.

Major L. J. Herrick has resigned  
the office of mayor. The reasons  
which have moved Mayor Herrick  
to this step we understand to be a  
real desire to retire from public ser-  
vice. He has been a member of  
the City Council as councillor, Al-  
derman or Mayor for over seven  
years, filling the latter office for  
six years, and has made a  
splendid record.

We regret to record that Mr.  
George Beebe, proprietor of the Ex-  
celsior mill, Providence, with a very  
sad accident on Friday morning.  
On ascending the slide mill race  
last evening, Mr. Beebe, who was  
he went to see and repair the  
breach, and while walking along,  
he slipped and fell to the ground,  
which resulted in his breaking the  
radius of his left arm and sprain-  
ing his wrist severely. He was  
taken to his residence and Dr. Sim-  
mons was called in, who attended  
to the suffering, setting and bandag-  
ing the limbs skillfully. Mr. Beebe  
is doing as well as possibly can be,  
but in
