THE EXTRA SESSION.

Debaters on the Silver Question, Democrats and Republicans.

DEMOCRATS ARE FOR CRISP.

Ex-Speaker Reed Nominated by His Party.—No Populist Ticket for Officers.

WASHINGTON, Aug. 6.—For the twelfth time in the history of the United States Congress will be convened in extraordinary session.

While the Senate will have the great advantage of being guided and controlled by experienced leaders and debaters on both sides of the chamber, it will also contain many members entirely new to its proceedings.

The state of California will have two new men in the Senate to look after her interests, White and Perkins.

Kansas has joined to her Populist senator, Peffer, another new man from the Populist ranks, Martin.

Kentucky has a new senator, Lindsay.

The other new senators are Caffery of Louisiana, Lodge of Massachusetts, Allen of Nebraska (in place of Paddock), Smith of New Jersey, Murphy of New York, Roach of North Dakota, Camden of West Virginia and Mitchell of Wisconsin.

When the silver question comes up the foremost debater on the Republican side will be Sherman, who will be supported in whatever position he takes by such able adjutants as Allison, Aldrich, Frye, Hoar and Morrill, and there will be as only antagonized by such Republicans as Jones of Nevada, Teller, Wolcott and Stewart. The leaders of Democrats are Senators Gorman, Gray, George, Harris, Morgan, Pugh, Vest, Vance and Voorhees, who will range themselves not on party lines, but on their individual and state views of the financial policy.

THE HOUSE.

As soon as notice is received from the House that it has organized a committee will be appointed to wait upon the President and notify him that Congress is ready to receive any communication he may care to make. This will be a call for the message.

The House will be called to order by Clerk Kerr. When he calls the roll he will look upon nearly a hundred new and untried men and find many familiar faces absent, among them Cable of Illinois.

There will probably be little done in the House the first week, owing to the nonexistence of committees. The organization of the House tomorrow will take but a short time, and the program for the remainder of the day will concern the message from the White House.

CRISP FOR SPEAKER.

The hall of the House of Representatives was well filled with Democratic members Saturday night. When Holman, chairman of the caucus committee, called it to order, it was known that Crisp's re-nomination as speaker was secured, and that there would be no contest over the doorkeepership.

After a short speech by Holman, Turner of Georgia nominated Crisp for re-election, after which Crisp was nominated by acclamation amid applause.

At the close of Speaker Crisp's speech, Kerr of Pennsylvania was renominated clerk by acclamation.

The caucus then proceeded to the election of a sergeant-at-arms, the leading candidates being the present incumbent, Yoder of Ohio, and Snow of Illinois. The contest was a most heated one.

When the first ballot was announced it was found to be a tie, each candidate receiving ninety-three votes. The second ballot resulted in ninety-six votes for Snow to ninety-five for Yoder, the former being declared the caucus nominee.

The other officers nominated were: N. G. Lycurgus Dalton of Indiana, for postmaster; A. H. Hurt of Tennessee, doorkeeper; Rev. S. W. Hathaway of Maryland, Methodist, for chaplain. Adjourned.

REPUBLICAN CAUCUS.

A Republican caucus were held in the rooms of the committee on judiciary tonight to nominate candidates for officers for the Fifty-third Congress. Henderson of Illinois, presided, and Hooker of New York acted as secretary. When it came to nominating the ticket that is to be defeated Monday, General Henderson nominated ex-Speaker Reed, saying that he would name a man whose record and whose hold on the popular heart would make a more eloquent appeal than anything he might be able to say.

The remainder of the ticket nominated were as follows: Clerk, E. D. McPherson, Pa.; sergeant-at-arms, A. J. Holmes, Ia.; doorkeeper, F. L. Hathaway, Mont.; chaplain, Rev. Byron Green of New York.

Recommendation was also made to the Democratic caucus to retain upon the rolls Captain Currier of Iowa as page.

POPULIST CAUCUS.

Thirteen members attended the Populist caucus at the National hotel tonight. They decided to vote as a unit to maintain the present rolls of force be gold at 16 to 1. No ticket for officers of the House was nominated.

A POPULIST PLAN.

To Secure Prosperity by the Government Buying the Railroads.

CHICAGO, Aug. 6.—Since the close of the silver convention George F. Washburn of Boston, chairman of the Eastern division of the national committee of the People's party, and Colonel A. C. Fisk of Denver, Colo., president of the Pan-American Bimetallic association, together with the prominent Populists of the West, have been in consultation with miners, capitalists and railroad men of the West, devising a gigantic railroad scheme of government ownership, which, they think, will afford financial relief to the country and make at first an issue of two or four per cents of their platform. J. H. Davis of Texas, who was the Populist candidate for attorney-general a year ago, is the legal counsel for the Populists.

The plan proposed is for the national government to issue bonds for all legal and just indebtedness, being governed by the same tenure and contract which now exists, the amount of which is estimated to be about two-thirds of the value of the railroads, and the issuance of legal tender treasury notes or silver certificates for the remaining one-third. Objection was raised to the Populists' plan to pay one-third in treasury notes, which would greatly increase the price of products in the country, but it is claimed that this issuance of treasury notes would afford immediate financial relief and inaugurate a period of prosperity unparalleled in the history of the world. Populists do not propose that the government buy all the railroads at once, but so gradually that no stock will be left in the money market.

In Regard to Hawaii.

WASHINGTON, Aug. 5.—It is stated that the President will send a special message to Congress at its extra session in regard to the Hawaiian question. Blount's reports are being carefully prepared at the state department in the form of abstracts and extracts for the President's perusal. The situation in the island is admittedly critical and a prompt indication of some definite line of policy on the part of the United States is called for. The President, it is said, will wait Blount's expected arrival on or about August 20th and his verbal report of the condition of affairs before definitely making up his mind what course to recommend to Congress.

Senator Stewart's Bill.

WASHINGTON, D. C., Aug. 5.—Senator Stewart of Nevada, who has just arrived from Chicago, where he attended the silver conference, has already prepared a bill "to secure the right of seinage," which he will introduce at the earliest opportunity, tomorrow, if possible. The first section reads as follows:

"Be it enacted, etc., that the fourteenth section of the act of January 18, 1837, be and same is hereby repealed, which reads as follows: 'That gold and silver bullion brought to the mint for coinage shall be received and coined by the proper officers for the benefit of the depositor, provided it shall be lawful to refuse at the mint any deposit of less value than $100, and any bullion so base as to be unsuitable for the operations of the mint; and provided, also, that when gold and silver are combined, if either of these metals be in such small proportion that it cannot be separated advantageously, no allowance shall be made to the depositor for the value of the metal.'"

The second section repeals the silver purchase clause of the Sherman law of 1890.

National Bank Notes.

WASHINGTON, D. C., Aug. 5.—Acting Secretary Curtis has ordered the force of the bureau of engraving and printing to work an extra hour each day until further orders in printing national bank notes, for which the demand now is very great. The demand is occasioned by the fact that the national banks are expanding their circulation.

CRIMES AND ACCIDENTS.

Would-be Robbers Killed by Their Intended Victims.

COVINGTON, Ind., Aug. 6.—Last night about 1 o'clock Boone township, this county was made the scene of a horrible shooting affair. A large crowd of men went to the home of William and Ed. Cantral for the purpose of lynching them. The Cantrals armed themselves with shotguns and revolvers and fired into the crowd killing John Timberlake, Wm. Wiesman, Edward Houston and Isaac Howe. William May was fatally shot. The Cantrals escaped.

WATER RESERVOIR BURSTS.

PORTLAND, Me., Aug. 6.—The great reservoir of the Portland Water company on the eastern promenade burst this morning, letting loose 20,000,000 gallons of water in the space of about fifteen minutes. The immense mass of water suddenly loosed dashed with mighty power upon two houses, occupied by the families of Michael Lappen and Dennis M. Conley. The buildings were crushed as if of cardboard, and four persons lost their lives.

TRAINS REPORTED KILLED.

DANVILLE, Ill., Aug. 6.—Between 11 and 12 o'clock last night freight train No 92 ran into No. 82 on the bridge over Vermilion river, four miles west of here, and two spans eighty feet high collapsed, precipitating No. 82 and five cars of No. 92 into the river. All the trainmen except one brakeman jumped and saved themselves. Seventeen tramps are reported to have been killed, but until the wreck is cleared up this cannot be confirmed.

A TERRIBLE WRECK.

FREMONT, Ohio, Aug. 6.—A terrible wreck occurred late last night on the Lake Shore & Michigan Southern railroad at Lindsey. Three people were killed outright, several fatally and a large number seriously injured.

QUITE AN EXCITEMENT.

The Board of Lady Managers Have Another Row.

CHICAGO, Aug. 5.—The board of lady managers indulged in another decidedly unpleasant wrangle today.

Mrs. Hall of Delaware, secretary of the committee on awards, made a long complaint against Mrs. Meredith, chairman of the committee. Among other things, she charged that when Mrs. Meredith was unable to attend the sessions of the committee, she sent her sister to act as overseer, when her sister had no right to a seat in the committee.

At frequent intervals during Mrs. Hall's remarks there were loud exclamations of surprise from the audience, but the sensation came when, in closing, she characterized Mrs. Meredith as an "arrogant, malicious, ungenerous, vindictive woman." Before she had finished, half the women in the house were on their feet, many shrieking wildly, while others hissed and stamped their feet.

Mrs. Palmer used her gavel vigorously and called in vain for order, but the excited women paid no attention.

"Take that back," yelled one large woman. "Put her out," screamed another, amid oh, oh, and pandemonium reigned supreme.

During all the uproar Mrs. Hall stood perfectly calm, smiling serenely. When at length order was restored she repeated the sentence. Then the uproar was renewed and continued for some time.

Mrs. Hall finally took her seat and in an instant Mrs. Meredith was on her feet. "So far as any difference that exists between Mrs. Hall and myself is concerned," said she, "we can settle it ourselves, but when she says I sent my sister to preside over the committee, she tells that which is absolutely false."

Here Mrs. Meredith broke down and began to sob hysterically.

CONFESSION AND A RETRACTION.

Then came another scene of wild confusion. Everybody wanted to talk at once. Motions were made by the dozens, but nothing was done until Mrs. Palmer, who was pale with excitement, succeeded in restoring order. Then Mrs. Hall got the floor again, and said she would retract the word "malicious." There was loud applause at this, and on motion of one of the ladies the entire proceedings were expunged from the records. The meeting then adjourned.

The Pension Frauds.

LOS ANGELES, Cal., Aug. 5.—Commander-in-Chief Weissert of the G. A. R. arrived here today. Asked about pension matters, he said:

"My position as commander of the whole Grand Army is summed up in the brief order that I issued after my election in September. That order was that every member of the G. A. R., having been engaged to encourage honor and purity in public affairs, is requested, in case he knows of any one receiving a pension fraudulently to report the case promptly to the commissioner at Washington."

The Fair Yesterday.

CHICAGO, Aug. 6.—The gates of the World's Fair were thrown open today, but the attendance was light. The buildings were opened, but a majority of the exhibits were hidden beneath stretches of canvas. Midway Plaisance was open, and here the larger portion of the crowd congregated.

Work Resumed.

PITTSBURG, Aug. 6.—The extensive iron and steel plant of Jones & Laughlin, Brown & Co.'s steel and hammer mills and the Carnegie company's wire and nail mills will resume operations Monday, giving employment to 5000.

A Millionaire Embarrassed.

LEBANON, Pa., Aug. 6.—Robert P. Coleman of Lebanon valley, a millionaire several times over, has confessed judgments aggregating $300,500, which, together with other loss, swells the aggregate to $2,924,000.

THE FINANCIAL SITUATION.

George Gould Talks About the Causes of It.

NEW YORK, Aug. 6.—George Gould was a passenger in the American line, New York, which arrived today. When asked regarding the financial situation, he said: "The situation of affairs is very much generalized. The main cause is the unsettled condition due to the silver question. There is another cause, however, that the public is not so well aware of, and that is the hostile attitude assumed by the legislators of the country towards great corporations. Instead of trying to build them up, the policy of the state and general governments is to pull them down and make them worthless. The people forget that the country cannot be prosperous unless the great transportation corporations are prosperous. Business has never been more stagnant in the South and West than at the present time, and I look for no change unless there is something done at Washington. A repeal of the Sherman law will bring us all back to prosperous times, but we hope for nothing until Congress acts and in just that way."

M'KINLEY'S VIEWS.

SANDUSKY, O., Aug. 5.—Governor McKinley addressed an audience of 10,000 people this afternoon at the annual harvest picnic of the Erie County Agricultural Society at Lonwood Park, Vermilion. His speech dealt largely with the present financial and business conditions.

He said whatever influence the Sherman law may have upon the present condition, it is by no means the chief cause of the trouble. He charged that uncertainty to regard to the tariff changes was the principal cause of the present financial disturbance. The manufacturers are not going to produce for the future and pay protective tariff wages when their products may have to compete with the products under free trade wages. Let Congress, when it meets next Monday, he said, make an authoritative declaration, approved by the President, that the threatened changes will not take place, that they have discovered that they were wrong. If they will do that next Monday, the fears of the business world will be quieted and business will resume its normal condition.

[Traffic in Money.

NEW YORK, Aug. 5.—The demand for small bills and coin was not lessened today. The money brokers continue to buy gold and silver and currency at premiums of one-half to three-fourths of one per cent and send the money so obtained by the baskets all over the country. The larger importing houses denied that they had sold their gold, although they admit that offers for it had been made to them.

WASHINGTON, Aug. 5.—The officials of the treasury department are at a loss to account for the scarcity of currency throughout the country. At Boston and Philadelphia money brokers are selling small bills at a premium of from 1 to 2 per cent, and in New York the condition of affairs is even worse, the premium there being 3 per cent for $1 and $2 bills.

Assistant Treasurer Meline stated that the government was powerless. The same condition of affairs never before existed. Possibly, he added, certain banks were taking advantage of the present stringency and have been hoarding the small bills for speculative purposes. The statement issued today shows an unusually large amount of small bills in circulation.

Notes from Pleasant Grove.

Correspondence of the NEWS.

PLEASANT GROVE, Aug. 6th, 1893.—Jens C. Christensen, the unfortunate man who was run over, as previously announced through the NEWS, died this morning from his injuries. Mr. Christensen has been quite a prominent individual, having occupied the position of city councilman a number of terms. He enjoyed the confidence of his neighbors. He leaves a wife and several grown children.

The Scandinavians in this part of Utah county are holding a conference here today.

Frank M. Driggs returned from the World's Fair Friday, having enjoyed his trip east very much visiting relatives in several states, spending a few days in Kansas City, Mo., and Denver, Col., on his return trip.

GENERAL FOREIGN NEWS.

The Russo-German Tariff War Likely to Come to an End Soon.

The Norwegian Revolutionary Movement.—Russian Finances.—Cholera.—Siam and France.

BERLIN, Aug. 5.—Though the Russo-German tariff law has only been in active operation five days there are already signs of abatement in the spirit of hostility on both sides. Several St. Petersburg papers, inspired by the Russian foreign office, attack the policy of aggression upon German commerce, as initiated by M. Witte, Russian finance minister, without the full sanction of the imperial council, though with the knowledge of certain of the Czar's advisers. Minister Witte is charged with underestimating Germany's strength in facing the customs war.

The *North German Gazette*, commenting upon Russia's abrupt change of front from negotiating a treaty to hostile action dangerous to Russia's interests, published a table showing the former and existing duties, and comparing them with the German tariff on Russian goods. The figures prove that the German tariff amounted on an average to only 25 per cent of the value of the goods imported, and were raised in some instances to 50 per cent, whereas the Russian duties, before the war began, averaged 100 per cent, and were now raised to an impracticable height.

Emperor William is timed to arrive at the Island of Heligoland Monday evening. During his stay he will witness part of the evolutions of the North Sea squadrons.

A NORWEGIAN REVOLT.

The Russian *Grashdanin* asserts that the government expects a revolution in Norway and a declaration of a republic. The radicals, says the *Grashdanin*, are purchasing and importing arms secretly and preparing for an insurrection.

The Situation in India.

LONDON, Aug. 6.—The Calcutta correspondent of the Times says currency matters are slowly but surely settling down and confidence is returning. It is daily becoming more evident that the silver shipped by the banks in June was intended to pay for heavy speculative purchases of rupee paper for London. Had the banks instead the purchases with council drafts instead of silver paper they never would have left the country, as the price of drafts would have made the operations impracticable. The superfluous silver retarded the establishment of the gold standard for weeks, while the action of the India office in letting council bills go for less than 16 pence, depressed the price of paper in England and caused a reflux of India. There is great satisfaction over the course adopted by the secretary of state for India for not selling under the last rate. It is generally believed that he will not have to wait much longer to realize 16 pence. It is significant that all the efforts to force the exchange below 1/4 have failed.

The Pope Irritated.

LONDON, Aug. 6.—The Italian government has refused officially to recognize the nomination of Carolina Sarton as Patriarch of Venice, on account of the pope's decision not to reestablish the modus vivendi with the quirinal. The *Chronicle's* Rome correspondent says that the pope is greatly irritated and visible his displeasure upon Cardinal Rampolla.

Socialists in Zurich.

ZURICH, Aug. 6.—The international socialist congress opened here today. Delegates are present from sixteen countries.

Cholera Reports.

WASHINGTON, Aug. 5.—Assistant Surgeon Young, at Naples, cables the marine hospital service that cholera is spreading in the suburbs of Naples and that the Italian government has consented to the adoption of measures for complete isolation for five days of immigrants on board vessels before sailing to the United States.

BUCHAREST, Aug. 6.—Cholera has broken out in the garrison at Galatz.

The French in Siam.

BANGKOK, Aug. 6.—Ratifications of the Franco-Siamese agreement were exchanged on Friday. M. Pavie, the French minister, will resume his post here Monday. The French flag has been hauled down at Koh Chang and the Siamese officials been allowed to return.
