REPORT ON N. Y. LIFE INS. AFFAIRS

Special Committee Appointed by Board of Trustees Renders Account.

IT HELD SIXTY MEETINGS.

General Administration Well Organized—Management Sound—Business Methods Effective.

New York, July 2.—The special committee of the board of trustees of the New York Life Insurance company appointed Dec. 13, 1905, to consider the evidence submitted to the legislative committee and the report of the five commissioners of state insurance who were then examining the company's affairs, made its final report to the board of trustees today.

The report, which is a comprehensive one, deals with the financial condition of the company, the work of the finance committee, the general method of conducting the business, departmental work, expenses, foreign business, deferred dividend policies and various miscellaneous matters, under separate heads. It is signed by Thomas P. Fowler, Norman B. Ream, Hiram R. Steele, A. O. Paine and Clarence H. Mackay.

After reciting that the special committee held 60 meetings and availed itself of every source of information concerning the affairs of the company, the report says:

"It therefore feels that it has left nothing undone to enable it to determine how the business of the company in all its departments has been conducted and to speak authoritatively on that subject."

The report then submits the balance sheet of the expert accountants, which in part says:

"We have verified all the assets of the company, and after providing sufficient reserves for possible losses, find that on Dec. 31, 1905, the total assets amounted to $438,788,015, and are fully worth that sum.

"We have tested the clerical accuracy of the insurance reserve as certified by the actuary of the company, which amounts to $379,151,063 and exceeds that required by the insurance department of the state of New York by the sum of $7,201,720, and, having made a provision of $5,559,575 for all other liabilities, we find that there was on Dec. 31, 1905, a balance of $54,047,176 available for dividends on participating policies (including deferred dividend policies at the end of their several accumulation periods), and for contingencies. This balance exceeds that claimed by the company in its annual report for 1905.

"The general administration of the company is well organized, its management is sound, its business methods and system of paying premiums are effective and economical and its books and records are well and accurately kept."

The report reviews the work of the finance committee of the New York Life Insurance company, now composed of John Claflin, Edmund D. Randolph, Woodbury Langdon, George A. Morrison, Alexander E. Orr and D. P. Kingsley. This committee, the report says, meets twice a week and a subcommittee every day, and upon them, it adds, "is imposed the task of supervising and directing the investment of from $300,000,000 to $400,000,000."

From the statement prepared by the treasury department it appears that in five years, 1901 to 1905, both inclusive, the purchases of securities amounted to $291,052,704, the sales to $101,587,319, beside redemption of maturing securities. "We find also," continues the report, "that the profits realized from sales and syndicates were $8,642,695, after deducting losses on sales of securities during the same period of $702,679, not including any loss that may be ultimately sustained on the United Collieries first 5 per cents. As far back as 1892," says the report, "the policy of erecting office buildings was discontinued, and the real estate holdings of the company, out of its total assets of over $400,000,000, amount to less than $14,000,000, of which amount $12,000,000 is represented in the home office building in this city and domestic and foreign office buildings. Its investments since 1899 have been principally confined to bonds of the various kinds mentioned, of which there was on hand on Dec. 31, 1905, a total of $323,844,150.

"No member of the finance committee has, directly or indirectly, pecuniarily participated in or profited by the transactions of the committee."

The committee reports that in 1905 the company wrote $296,640,854 new insurance and that its total income from all sources during that year was $103,432,590. The total payments to policyholders in 1905 amounted to $40,262,039, and the total number of outstanding policies was $1,001,269.

The report says the total expenses in conducting the business for 1905, after deducting the amount paid for insurance, taxes and investment expenses, were 19.95 per cent of the premium income for the year. The committee's conclusions are strongly in favor of maintaining the foreign business as a general policy.

INDICTMENTS NOLLED.

Columbus, Ohio, July 2.—Attorneys for Thomas D. Fuller of Columbus and John S. Jones of Prescott, Ariz., who were indicted on the charge of using the United States mails to defraud in connection with the sale of stock of an Arizona mine, were notified today that the indictments have been nolled prossed by Judge Thompson at the request of United States Dist. Atty. McPherson.

CHAMPION NOT GUILTY.

Chicago, July 2.—John Campion, former head of the fire department of Chicago, who was removed from office several weeks ago by Mayor Dunne because of alleged discrimination in the letting of contracts, will not be reinstated in his old position, despite the fact that the committee appointed by the city council to investigate the charges found the former fire marshal not guilty. The report of this committee, which was submitted to the council tonight, contained a request that Campion be reinstated, but when the report was submitted to the aldermen for a vote Mayor Dunne's action was sustained by a vote of 49 to 22.

THERE'S NOTHING LIKE HOSTETTERS

for toning and soothing the digestive organs, to restore the appetite, to open up the clogged bowels or to induce sound, refreshing sleep. Thousands have so testified during the past 52 years.

HOSTETTERS' STOMACH BITTERS

will always cure and prevent Flatulency, Heartburn, Vomiting, Cramps, Dyspepsia, Diarrhoea, Indigestion, Headache, Female Ills or Malarial Fever.

WILD WITH ITCHING HUMOR

Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only $1.25 and Now

THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad., I sent to you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. Your friend forever, Claude N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905."

ITCH! ITCH! ITCH!

SCRATCH! SCRATCH! SCRATCH! This is the condition of thousands of skin-tortured men, women, and children, who may be instantly relieved and speedily cured by warm baths with Cuticura Soap and gentle applications of Cuticura Ointment, the great Skin Cure, and mild doses of Cuticura Resolvent Pills, when physicians and all else fail.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

"Mailed Free, "All About the Skin, Scalp, and Hair."

DENVER ELECTION INVESTIGATION ENDED.

Denver, July 2.—Decisions announced by the supreme court today in matters arising from the election in Denver on May 15 last, put an end to the investigations begun in the district court of the alleged issuance of bogus tax receipts and other methods declared by the Municipal Ownership league to be illegal, by means of which small majorities were secured for the new 20-year franchises sought by the Denver City Tramway company and the Denver Gas & Electric company.

As the supreme court granted a writ of supersedeas which prevents the removal of the district attorney and sheriff by Dist. Judge John I. Mullins, in calling a special grand jury, the attorneys for the Municipal Ownership league and the League for Honest Elections announced that they would take no further action relative to a grand jury investigation. Civil suits to invalidate the franchises, however, will be carried on.

The opinion in the election cases was written by Chief Justice William H. Gabbert. A dissenting opinion was given by Justice Robert W. Steele and Julius C. Gunter. Before reading this opinion, Justice Steele said that he had not received the majority opinion until last Friday, and so he had not had sufficient time to prepare the extended opinion. When Justice Steele finished reading the dissenting opinion, Chief Justice Gabbert said that no conference had been held from which Justices Steele and Gunter were absent and that they received the opinion written by him as soon as it was given to other members of the court.

WATCHMAN BURNED TO DEATH.

Portland, Or., July 2.—The report that Night Watchman Leonard D. Jaqua was killed in the oil tank explosion at St. Johns Saturday night was substantiated today when the bones of the unfortunate man were discovered in the tank. The fire is still so hot that the bones cannot be removed.

WIFE KILLS HUSBAND.

Sacramento, Cal. July 2.—Mrs. Winnie Spillman shot and instantly killed her husband, William Spillman, shortly after 6 o'clock this evening.

The neighbors declare that Spillman came home and began to beat his wife and her father, when his wife took a pistol from a bureau and shot him.

ACCIDENTALLY KILLED.

Boise, Ida., July 2.—Jess Farley, aged 22, son of J. H. Farley, an Ontario merchant, was accidentally killed last evening near Arcadia. He was about to take a boat ride. While he was untying the boat a pistol fell from his pocket and was discharged. The ball struck him just over the heart, causing instant death.

INSPECTORS' EXAMINATION.

Washington, July 2.—To carry into effect the meat inspection law recently enacted by Congress the civil service commission today announced an examination of inspectors to be held on the 21st instant. The regulations under which the examinations are to be held do not require that the inspectors be veterinarians, but they must be qualified to determine whether or not meat is sound, wholesome and fit for human food. The entrance salary is $1,000 per annum.

TRAMPLED TO DEATH.

East St. Louis, Ill., July 2.—Edward Shaw a spectator, was trampled upon and killed by horses attached to a chariot driven by a woman at a performance of a circus here tonight. Shaw attempted to cross the course during the race.

NATAL REVOLT CONTINUES.

Durban, Natal, July 2.—The Natal revolt continues to be serious. A heavy engagement occurred Sunday outside Noodziberg, a small force of Natal volunteers being temporarily in a difficult position and disaster being averted only by the timely arrival of the main body of the volunteers. The rebels were finally dispersed with a loss of 400 killed.

CARDINAL GIBBONS WITHDRAWS

Baltimore, July 2.—It was authoritatively stated here today that his eminence Cardinal Gibbons has written a letter to the secretary of the international policyholders' committee, New York, withdrawing his consent to serve as a member of that committee. It is said that the cardinal realizes that on account of his many other duties he would not have time to attend the committee meetings, and besides he does not feel qualified to pass upon the various questions and financial matters that would come before the committee, as his thoughts and occupation have been directed toward a different field of labor.

PAVLOFF CAUSES A GREAT UPROAR

Attempted to Defend War Minister Rudifier. Greeted With Outburst of Cries.

"MURDERER" AND "ASSASSIN!"

Members of House Pounded Desks, Shouted, Whistled, Raised Regular Bedlam.

St. Petersburg, July 2.—The afternoon sitting of the lower house of parliament today, which was devoted to the discussion of the law providing for the abolition of the death penalty, broke up in utter disorder when Gen. Pavloff, the military procurator, attempted to address the house in behalf of War Minister Rudiger. His appearance in the tribune was the signal for an outburst of cries of "Murderer!" "Assassin!" "Organizer of Jewish massacres!" from the members of the Group of Toil, in which the Left joined. The members of the house pounded their desks, shouted, whistled and resorted to every violent means of showing their displeasure.

Gen. Pavloff, after listening to the storm for several minutes, turned to President Mouromtseff, bowed, half smiling, signified his acceptance of the situation, and left the tribune.

M. Mouromtseff, who appeared to be thoroughly angered at the demonstration, endeavored to quell it with his voice and the violent ringing of the bell used in calling the house to order, but he abandoned his fruitless task and left the chair, signifying that the session was adjourned. Later, word was passed among the members that an attempt would be made to resume the session at the expiration of an hour.

Gen. Pavloff, who remained in the house, said he was willing to make another effort to deliver his speech in case M. Mouromtseff so desired. The appearance of Pavloff was preceded by a long speech from Prof. Kusmin Karavieff introducing the bill providing for the abolition of the death penalty.

Immediately after the session had been broken up, the Group of Toil and the Constitutional Democrats called caucuses of their respective parties.

The Group of Toil decided to make a noisy demonstration every time Pavloff reappeared, holding that it is better to drive out one man than have the whole party go out, as they cannot listen to the words of a murderer.

The Constitutional Democrats resolved to try to dissuade the Group of Toil from their decision and endeavor to persuade them, if they cannot listen to Pavloff, to leave the house.

FAIRBANKS IN INDIANAPOLIS.

Indianapolis, Ind., July 2.—Vice President and Mrs. Fairbanks arrived here today and were met at the station by a number of friends. They will spend the summer here and at their country place in Illinois.

NEW YORK'S ASSESSMENT.

New York, July 2.—The total assessed valuation in this city was reported by the tax department today as $6,305,794,185. This is an increase of $392,649,958, as compared with the valuation reported one year ago.

PITTSBURG BANK FAILS.

Pittsburg, July 2.—The foreign bank of M. Kazomir & Co. at Homestead, Pa., failed to open its doors today, and nearly 200 excited foreigners gathered in front of the bank clamoring for their money. The crowd finally became so boisterous that it was necessary to summon the police. The alleged disappearance of the cashier and a reported shortage of from $7,000 to $12,000 are given as the causes of the suspension.

WAGES RAISED.

Boston, July 2.—Upwards of 30,000 cotton mill operatives in New England are working today under an increase in wages which places them on a schedule like that which prevailed prior to July 1, 1903, when a general reduction of 12½ per cent was imposed.

DON'T GET IT INTO YOUR HEAD COUNTRY IS ROTTEN.

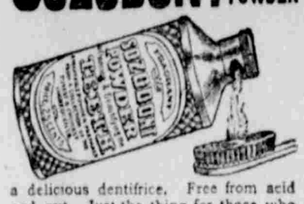
Chicago, July 3.—"Don't you get it into your heads when you read what is said in some American publications that this country is rotten," said David R. Morgan, president of the Chicago Commercial association, at the banquet of the Business Science club at the Auditorium last night.

"If this country were rotten, the country would not remain. It is because the heart of the country is honest that graft is being found out. You can only destroy the country by destroying its credit, and you can only destroy its credit by destroying the great mass of honest business men, which I believe is in control of the affairs of this nation."

The principal address at the banquet was made by Congressman D. E. McKinlay of California, who was a member of Secy. Taft's party in the Philippines and Japan. Mr. McKinlay spoke on "Oriental Trade Conditions."

"They pay no royalty in Japan," he said. "They buy one machine or piece of apparatus in America, take it to a Japanese factory, pull it to pieces and build 50 like it. And they capitalize their plant at one-fifth of the European or American amount. That's the kind of competition you must deal with in Japan."

SOZODONT TOOTH POWDER



a delicious dentifrice. Free from acid and grit. Just the thing for those who have an inclination for the niceties of every-day life. Ask your dentist.

MRS. TANNER'S DEATH.

Due to Defect in Highway and Carelessness of Chauffeur.

Helena, Mont., July 3.—The jury which has been investigating the death of Mrs. James Tanner, who was killed here in an automobile accident last Friday, was in session all day, and early this morning brought in the following verdict:

"We find that Mrs. James Tanner came to her death June 29, 1906, while riding in an automobile running at a high rate of speed and due to a defect in the public highway, carelessness and poor judgment on the part of the chauffeur, J. P. Zoler, in trying to pass a team on too small a margin."

THE SMILE

that won't come off, appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face, if you keep this medicine on hand, you will never see any thing else but smiles on his face. Mrs. S——, Blackwell, Okla., writes:

"My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since. Sold By Z. C. M. I. Drug Dept., 112-114 Main St. B
